

FOURTH CASUALTIES

First Day's Celebration in U. S.
Costs Nineteen Lives.

THE INJURED NUMBER 427

Daily Tribune of Chicago Shows Big Death List as a Result of Sunday's Fireworks Alone—Former Insurance Agent Killed at Louisville, Ky.—Hotel Porter Holds Cannon Cracker in His Teeth

Chicago, July 6.—Statistics compiled by The Tribune regarding the 4th of July casualties after the first day of celebration are:

Dead, 19.—By fireworks and resulting fires, 3, by cannon 1, by firearms 3, by gunpowder 2, by toy pistols 1. Injured, 427.—By fireworks 166, by cannon 51, by firearms 62, by gunpowder 2, by toy pistols 1.

Fire loss \$69,200.

Hand Shattered, He Dies.

Louisville, Ky., July 6.—The unenviable distinction of having made the most notable sacrifice to patriotism by reason of Independence Day celebration this year will probably fall to Louisville through the death at Seymour early yesterday of Arthur Granville Langham, former president of the Provident Life Assurance Society.

Held Firecracker in Teeth.

Lockport, N.Y., July 6.—John Mulvey, a porter in Sharkey's saloon, yesterday took a dare that he could not hold a big firecracker in his mouth. The explosion blew out his teeth, and lacerated the membrane of his mouth and throat. He was hurried to the hospital, where surgeons put fifteen stitches in his tongue and mouth. Tetanus is feared.

FATALITIES AT WILKES-BARRE.

Wilkes-Barre, Pa., July 6.—An over-charged cannon exploded Sunday night in North Wilkes-Barre and four boys were so badly injured that two of them may not recover. Michael McNulty's left hand was blown off. Thomas Callahan lost an eye and Jas. Dougherty and Anthony Poerkowitz were perhaps fatally burned.

Exploding Firecrackers Set Fire to

the dress of ten-year-old Resa Litauke and she was fatally burned.

Fated to Lose His Life.

Madison, Ill., July 6.—Frank Dixon, 14 years old, son of George Dixon of St. Louis, was drowned in Horse Shoe Lake, near Madison. He was frightened by the explosion of a cannon cracker behind him and fell from the bank, on which he had been doing. The youth and his two brothers had been sent here by their father to avoid the possibility of their being injured by fireworks at St. Louis.

New York Victims.

New York, July 6.—A four-year-old girl was knocked down and her skull fractured by a toy cannon, causing death; while an Italian laborer was shot dead at his bedside by a stray bullet. A ten-year-old boy fell a victim to tetanus from powder from a toy pistol entering a cut in his finger. There were many injured attended at the hospitals.

Bartender Heavily Fined.

Chatham, July 6.—Emma Fraubert, charged with stealing \$9 from John Ophee while the two were out on a good time, was sentenced to two years in the Mercer Reformatory. Fred Cook, found guilty of stealing a gold watch and other jewelry from the home of Thomas Slater, was sentenced to six months in Central Prison.

Augustus Newman, bartender for

John Dunlop of the Merrill House, was convicted of selling beer to a nine-year-old boy, who had presented a forged order. He was fined \$50 and costs.

CATTLE MARKETS.

Cables Steady—Hogs 10c. Higher at Chicago.

Toronto Junction Live Stock.

TORONTO JUNCTION, July 5.—Receipts of live stock at the Union Stock Yards were 122 carloads, consisting of 2,616 cattle, 29 hogs, 133 sheep and 21 calves.

No export steers were reported sold, but

dealers stated that they were worth about the same as last week. B.V.'s sold at from \$4.50 to \$5.25, cows, \$5 to \$5.25.

The best butchers' heifers were being held over for export. Whaley & Morgan sold one load of butchers' heifers, 104 lbs., at \$5.35, and a W. Maybee sold 102 lbs. at \$5.35 each.

There were no picked lots, as drovers were waiting for Tuesday, but prime picked steers and heifers are worth \$5.75 to \$6.50, and cows \$5.25 to \$5.50. Good butchers' sold at from \$5.40 to \$5.65; medium, \$5.15 to \$5.35; common, \$4 to \$4.85; cows, good quality, \$4.25 to \$4.75; common, \$3 to \$4.

Milk and Springers found ready sale at \$3 to \$5 each, and two extra quality Holstein cows brought more money.

Veal Calves. Receipts light; prices firm, but unchanged, at \$3 to \$5 per cwt.

Sheep and Lambs. Export ewes, \$3.50 to \$4 per cwt.; rams, \$3 to \$3.25; lambs, \$7 to \$7.75 per cwt.

Hogs. There were only 29 hogs on sale, which were sold by A. W. Maybee to Whaley & Morgan for the stock for the week ending July 3 were 375 cattle, 550 sheep and lambs, 195 hogs and 150 calves. The supply for local consumption, this morning consisted of 121 cattle, 300 sheep and lambs, 1050 hogs and 500 calves.

The offerings of cattle were 300 head larger than a week ago, but notwithstanding this fact the market was stronger, and prices for good to choice were 1/4c per lb. as supplies of this class were limited, and the lower grades were plentiful and showed no improvement. The attendance of buyers was large, and as the weather was much cooler, they showed a disposition to operate more freely, consequently a fairly active trade was done. The demand was principally for the top grades, while the common stock only met with a fair sale. Owing to the continued strong cable advices coming forward from all the leading foreign markets, which netted a further advance in prices of 3/4c to 1/2c per pound, there is a steady demand for all suitable shipping stock, and this fact no doubt tends to strengthen the market for top grades to some extent. Choice steers sold at 6c to 6 1/2c; good at 5 1/2c to 5 3/4c; fair at 5c to 5 1/2c; common, 4 1/2c to 4 3/4c; and inferior at 2 1/2c to 3 1/2c per pound.

The market for hogs was steady at the close, and prices for the week ending July 3 were 222 cattle and 133 sheep for export account, and 120 cattle, 95 sheep and lambs, 873 hogs and 163 calves for local consumption. The supply for the market this morning consisted of 350 steers, 125 cows, 25 bulls, 150 sheep, 50 lambs, 50 hogs and 200 calves.

There was no important change in the condition of the market for small meats, prices for all lines being about steady, as the supplies coming forward are not in excess of the requirements. The demand for sheep was fair, at 3 1/2c per pound, for local consumption, and as soon as they reach 3 1/2c there will be some demand for export account. Lambs met with a good sale at prices ranging from \$3 to \$6 each, and calves sold at from \$2 to \$3 each, as to quality.

At the Canadian Pacific Live Stock Market receipts for the week ending July 3 were 222 cattle and 133 sheep for export account, and 120 cattle, 95 sheep and lambs, 873 hogs and 163 calves for local consumption. The supply for the market this morning consisted of 350 steers, 125 cows, 25 bulls, 150 sheep, 50 lambs, 50 hogs and 200 calves.

There were no important changes in this market for cattle, owing to the fact that the supply was in excess of the requirements, and trade on the whole was slow. Choice steers sold at 6c to 6 1/2c; good at 5 1/2c to 5 3/4c; fair at 5c to 5 1/2c; common at 4 1/2c to 4 3/4c; and inferior at 2 1/2c to 3 1/2c per pound.

The demand for small meats was good, and a fairly active trade was done in all lines at steady prices. Sheep sold at 3 1/2c per lb.; lambs at 3c per lb., and calves at from \$1 to \$5 each, as to quality. Hogs were a fair sale at \$3.50 per 100 pounds, weighed off cars.

East Buffalo Cattle Market. EAST BUFFALO, July 5.—Cattle—Receipts, 490 head; slow and 15c to 20c lower; prime steers, \$5.50 to \$7; shipping, \$5 to \$6.50; butchers, \$5 to \$6.50; heifers, \$4.25 to \$5.75; cows, \$2.25 to \$3; bulls, \$2.25 to \$3; stockers and feeders, \$3.75 to \$4.50; stock heifers, \$3.25 to \$5.75; fresh cows and springers, \$2.50 to \$5.75; calves, \$2.50 to \$5.75; dairies, \$7.10 to \$8.25.

Sheep and Lambs—Receipts, 320 head; active; lambs, \$4.50 to \$8.50; yearlings, \$3.25 to \$5.25; weathers, \$3 to \$5.25; cows, \$4 to \$4.25; sheep, mixed, \$2 to \$4.75.

Chicago Live Stock. CHICAGO, July 5.—Cattle—Receipts, estimated at 15,000; market steady to 10c lower; beefs, \$5.15 to \$7.20; Texas steers, \$4.75 to \$6; western steers, \$4.80 to \$6.25; stockers and feeders, \$2.50 to \$5.25; cows and heifers, \$2.50 to \$6.40; calves, \$5 to \$7.50.

Hogs—Receipts, estimated at 13,000; market higher; light, \$7.25 to \$8.05; mixed, \$7.55 to \$8.25; heavy, \$7.50 to \$8.25; roughs, \$7.50 to \$8.25; good to choice, heavy, \$7.50 to \$8.25; pigs, \$6.35 to \$7.25; bulk of sales, \$7.85 to \$8.40.

IT WAS REALLY DYSPEPSIA

Though They Thought She Had Heart and Lung Disease.

The case of Mrs. James Russell, of Armstrong's Brook, N.B., is typical of many really suffering from stomach trouble, who think the heart or some other organ is diseased.

She writes:—

"Five years ago I suffered with pain in my heart which would leave me so weak I could scarcely walk; at night I would have to sit up in bed to keep from smothering. I was treated by doctors for heart disease. Then the pain moved to the shoulder and my left arm would be numb at times. Then the doctors treated me for lung disease, but the pain kept getting worse. At last a friend advised me to write Father Morrissey. I did, and the answer I got was I was suffering from dyspepsia. I got medicine, which consisted of a box of tablets. The tablets I took twice, when I was completely cured and have never been troubled since—two years now."

Curing the stomach puts the whole system right, and there is no quicker way to cure Indigestion, Dyspepsia, Heartburn and the other forms of stomach trouble than by taking Father Morrissey's "No. 11" Tablets. See at your dealer's, or from Father Morrissey Medicine Co., Ltd., Chatham, N.B. 48

100 YEARS OF PEACE.

United States and Canada May Erect International Monument.

OTTAWA, July 5.—If any disposition is shown by the United States government to follow up the suggestion made by Hon. W. L. MacKenzie King at Harvard College commencement last week relative to an international celebration of the 100 years of peace between Canada and the United States, the Canadian government will most cordially co-operate.

Hon. Dr. King suggests that the centennial of the signing of the treaty of Ghent would be an opportune time to draw the attention of the whole world to the unique conditions prevailing on this continent as opposed to the wasteful militarism and enormous expenditures on armies and navies in Europe, and he urged the erection of a splendid international peace monument to fittingly mark the occasion.

It is probable that before long joint steps will be taken by the governments at Washington and Ottawa to arrange for the carrying out of the suggestion of the minister of labor.

DO YOU WANT TO KNOW WHAT YOU SWALLOW?

There is a growing sentiment in this country in favor of medicines of known composition. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N.Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients enter into his medicines.

"Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood-purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and outspoken movement on the part of Dr. Pierce, has by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading local writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Prominent Man Found In River.

Niagara Falls, N.Y., July 6.—The body taken from the river at the Maid of the Mist landing Sunday was yesterday identified as that of Albert Porter Schelling, a member of one of the best known families of the city. It is not known whether he was a suicide or met with an accident.

Fire at Grimsby.

Beamsville, July 6.—Fire swept the centre of the Woolworth block at Grimsby yesterday about 9.30 a.m. The building was occupied by the Grimsby Club, Schwab and Maddox, gent's furnishings; Gilmore's barber shop; Culy's harness shop; and a Chinese laundry.

MUNICIPAL COUNCIL.

Remuneration of Members of Highway Board
Fixed at \$10 Each.

Sharp Discussion on Scott Act Matters.

The county council resumed at 2.30 on Tuesday afternoon, with all of the members present, including Couns. Skeen and Green, who reached the city by the noon train.

On motion of Coun. Sterling, Alex. Norrid was added to the list of lumber surveyors for the parish of Stanley.

Councillor Timmons presented the report of the committee on the secretary-treasurer's accounts as follows: Your committee appointed to examine the secretary treasurer's books, beg to submit the following report:

That the net balance on hand November 30, 1908 was \$11,657.54. Total receipts from that date to June, 1909, were \$17,430.42. The total receipts from road tax on June 30, 1909, were \$8,950.72, making total receipts to June 30, 1909, of \$26,381.14.

The payments in that period were parish and county, \$15,339.56; road tax, \$2,342.64, making a total disbursement of \$17,682.20. This leaves a balance of \$8,698.94, to the credit of the county to June 30 last. The amount actually shown by the bank book is \$8,714.69, but four small checks, amounting to \$15.75 are still outstanding, which make the balance as above.

JOHN F. TIMMONS, M. B. McNALLY, ALEX. SKENE, G. FRED POND, B. W. AKERLEY.

Councillor Skene of McAdam Junction, presented the petition of the ratepayers of his parish, asking for a by-law authorizing that parish to collect a license of \$3.00 from the non-residents of New Brunswick being employed one month in the parish. Councillor Skene said that the idea was to tax foreigners, such as Italians, who work at McAdam from five to six months at a time without paying taxes. He found that the county councils had power to pass such a by-law, and it was the only way to get at such people, as they left before the tax list was made up.

The petition was adopted by the council, and a by-law will be prepared along these lines.

MUNICIPALITIES CONVENTION.

Coun. Sterling, who was a delegate to the Municipalities Convention, held at Moncton last winter, made a verbal report. He mentioned the important matters taken up, such as the Road Act, telephone ownership, and the exportation of pulp wood. All resolutions submitted by the York county council were favorably considered.

Warden Hinchey also made some appreciative remarks regarding the convention.

A vote of thanks was passed to the delegates, who so well represented York at the convention.

Coun. Rogers presented the report of the Scott Act committee for the past six months. A number of cases were withdrawn, three were dismissed and eight were convicted, the expenses since June 1st, 1909, were \$181.45.

Inspector McFarlane was requested to explain the report. He said eight convictions had been made, some had paid up, others had not. In some cases promissory notes had been given in payment of fines. He had paid one Scott Act witness \$150, and another \$50, making \$200 in cash out of his own pocket. He did not ask the council to pay one of this back to him. Since Dec. 1st last, \$350 had been paid in fines. He would like to see a provision for the Scott Act committee to pay the constables' fees, so that the inspector would not have to advance the amount out of his own pocket.

The constables' fees amount to \$114.85 for the past six months, and this was what he was asking for, as he had advanced it out of his own pocket. Where parties had been convicted and had gone to jail, or not yet paid up, he had to advance constables' fees.

The Warden stated that if these notes were in payment of fines, it was an illegal act, and the notes were not worth the paper they were written on.

Councillor Cropley moved that the Scott Act inspector be dismissed, but the motion was considered out of order, as the inspector was engaged up to Jan. 1st next.

On motion of Coun. Brewer, the Scott Act committee's report was received and referred to the Scott Act committee.

A lengthy discussion took place regarding the remuneration of councillors in connection with the Highway Act.

Coun. Timmons moved, seconded by Coun. Cropley, that each parish fix its own amount of remuneration to the councillors for their services.

SICK SKIN IN SUMMER.

Summer is the hardest time for the human skin. Its delicate tiny pores, if worked under the best conditions, would have a rough time because of the heat. How when they have to work when impaired or damaged by sunburn and heat spots? No wonder one has rough patches, freckles, etc.

Zam-Buk heals sick skins. When a patch of skin on face, neck, or arms is blistered by the sun, apply Zam-Buk at once. It will cool and soothe beautifully, and new skin will be quickly formed. When you are foot-sore, or have some chafed places, Zam-Buk will give you ease. When the mosquitoes raise lumps on you, Zam-Buk will stop that terrible itching and smarting. Keep Zam-Buk handy, use it freely, and it will be the happiest summer you have ever spent, viewed from the skin health standpoint. All druggists and stores.
