ELEVEN MEN DROWN

A Gloucester Fishing Schooner
Sinks Off Halifax.

ONLY FIVE MEN ESCAPED

Disaster to Oronoco Occurs in Fair Weather and Cannot Be Explained—Five Sailors on Deck Get Away, But Others Are Lost—Turned on Her Beam Ends and Sank in Few Minutes.

Halifax, Aug. 20.—Eleven men were carried down in the wreck of the Gloucester schooner Oronoco, which capsized twenty-five miles off Sambri, near Halifax, yesterday morning.

The names of the lost are: William Meuse, Tuskett; William Vanenburg, Argyle; Stephen Delong, Tuskett; Howard Whitehouse, Argyle; Willoughby Vanenburg, Argyle; William Hatfield, Argyle; Charles Shaw, Argyle; John Meuse, Eel Brook; Peter Walsh, and John Walsh, Placentia, Newfoundland.

The Oronoco was six years old, and was built at Essex, Mass. She was a fast sailer and a good sea-boat. She left Gloucester, Mass., on Aug. 3rd, and called at Argyle, N.S., where two men were shipped. On Wednesday morning at 5 o'clock the wind was southeast, blowing a fair breeze. When the 6 o'clock watch was called, and when Stillman Hubbard, James Shaw, James Vanenburg and Ernest Stanley went on deck, Captain Larkin was at the wheel. The first watch was still on deck, and had not gone below. The jib-sheet was off too far, and the captain brought the vessel up into the wind, and she was hauled to windward and caught in the anchor stock. She paid off and commenced going down, turning on her beam ends. When half full of water the Oronoco went down very rapidly, and in three minutes no part of her was to be seen.

Five dories went down with her, and all the survivors, five in number, got into two dories. Both dories rowed to windward to try and pick up some of the other men who were below at the time of the disaster, but saw nobody. They picked up three pairs of oars for each dory, and seats and buckets, and everything was made ready to head for land, which they reached late last night.

They landed this morning, one at Chester Iron Bound, and the other at Little Tanook, reaching Lunenburg at 1 o'clock this afternoon.

The captain is overwhelmed by the loss of the ship and so many of his crew, who went down without a chance for their lives. The accident is one of the most peculiar in the history of marine disasters.

Short Circuit Kills Ten.

Lecco, Italy, Aug. 20.—Through the breaking of a highly charged electric light wire at Oligrate which created a short circuit and set on fire the insulation in all houses supplied with the current, ten persons were killed and twenty seriously injured by ignoring the danger and attempting to extinguish the fires, or cut off at the current with switches.

Passengers Landed in Small Boats.

Halifax, N.S., Aug. 20.—The SS. Margaret, from Halifax for Sheet Harbor and Cape Breton, struck on Thrum Cape Shoal, outside the harbor, at 2 o'clock yesterday morning in a heavy fog. Passengers, 35 in number, were landed on McNab's Island in boats and came up to the city on military transports. The steamer Margaret is owned here.

Not Murdered in Cemetery.

New York, Aug. 20.—With valuable information about the strength and operations of the Black Hand in Italy. Detectives Tony Vachery and John R. Crowley, of the New York Police Department, who went abroad after the assassination of Lieut. Joseph Petrosino, in Palermo, in March, to continue an investigation the latter had begun, arrived here yesterday on the steamer Regina de Italia.

The detectives made a long report to Commissioner Baker, who said that it might lead to the detection of the assassins of Lieut. Petrosino, and that as a result of their visit may be work in agreement with Italy which will be of great benefit in connection with Italian criminals who may in future sail for this country.

Dragged From Train Steps.

St. Thomas, Aug. 20.—Austin Taylor, aged 21, of Inwood, died in the hospital yesterday morning as a result of injuries received by being dragged from an excursion train near Courtwright last night. He was on his way home from Detroit and was seated on the steps of the rear coach swinging his legs. His foot caught in the cattle-guard fence and he was thrown violently to the ground. He was missed at Bridgton, and on backing up the train he was found unconscious beside the track. Taylor was a clerk in a store at Inwood.

Boston, Aug. 20.—Detroit was selected yesterday as the next year's meeting place of the National Fraternal Congress.

Officers were elected as follows: President, Thomas H. Cannon of Chicago; vice-president, John J. Hynes, of Buffalo; secretary and treasurer, C. A. Gower, Lansing, Mich.

The medical section of the congress elected Dr. W. K. Harrison of Chicago, president; George G. O'Connell of Chicago, secretary; and Dr. Elizabeth M. Hooper, treasurer.

Mysterious Aeroplane to Compete.

Rheims, Aug. 20.—It is said that one of the surprises of aviation week will be the appearance of a mysterious aeroplane, built along the lines of the Wright machine, which has been used successfully in a number of secret flights held recently near Paris.

The pilot of this machine abandoned a project to fly from Paris down to Rheims only because of the possibility of damaging his flyer. This aeroplane takes to the air immediately without running over the ground or making use of outside force. It rises aloft by varying the angle of the planes, and the strength of its propellers.

Statement Not Quite Correct.

London, Aug. 19.—C.A.P.—Hon. L. P. Brodeur, interviewed by the Canadian Press re statements contained in the "Lengthy Statement" cables yesterday, said that to take this statement as being a result of the conference would be incorrect, but to a brief extent the statement was correct.

"I have been asked," said Brodeur, "several times to give information re the proceedings of the conference, but I have always declined, as the members of the conference are bound to secrecy, but I can say an official statement will shortly be issued."

Two Northern Accidents.

North Bay, Ont., Aug. 20.—P. LeDuc, laborer, of Sudbury, while walking on the C. P. R. tracks, was struck by the Blind River local express and hurled violently into the ditch, breaking both legs and otherwise injuring him. His condition is critical.

William P. Hall, 20 years of age, who left Toronto this spring with his father, W. H. Hall, to clear a farm near Cochrane, was brought down last night on a stretcher, having smashed three ribs while taking in supplies on a jumper over the improvised roads.

Accidental Death.

Galt, Aug. 20.—Yesterday afternoon the jury empaneled to enquire into the death of John McVicker returned a verdict of accidental death, and attached no blame to any one. The fenders used by the G. P. & H. Railway had been approved by the Railway Commission.

Bye-Election Long Delayed.

Ottawa, Aug. 20.—There is no truth in the report that there will be a federal bye-election in Ottawa during the month of October. Sir Wilfrid Laurier sits for one of the Ottawa seats and Quebec East, but as he cannot elect to sit for Quebec East until after the House meets, there will be no election before December or January. A member of House sitting for two seats can resign for both at any time, but cannot elect to sit for one except when the House is in session.
