Boys Soap Track.

New York, July 24.—Mischievous boys soaped an inclined track on the Brooklyn Rapid Transit System in Brooklyn Thursday night, causing a heavily loaded flat car to slide off and crash into a trolley car.

Three persons were so badly injured that they will die, and twenty others were hurt. There was a panic among the passengers, who were on their way from Coney Island. Men, women and children fought their way out of the wreck and it was only by good fortune that the casualties were not greater.

Smith Pleads Guilty.

Guelph, July 24.—Wm. Smith, the harness thief arrested in Toronto recently, charged with the wholesale theft of nearly a score of sets of harness at various points throughout the province, appeared before Judge Chadwick yesterday morning, after pleading guilty before the police magistrate to three charges of stealing in Guelph and vicinity. He again pleaded guilty and was remanded for sentence.

British Grunt Disappears.

London, July 24.—(C.A.P. Cable.)—Commissioner Coombs has completed the details of the organization of a colony in Canada.

He says Canada has an uplifting effect upon all. The degree of comfort, order, respectability and self-respect is higher there. In a year's time you can scarcely tell that English immigrants hail from the old country; even the British grunt dies away.

Liberal Re-elected.

London, July 24.—O. Partington, Liberal, was re-elected by a slightly increased majority in the High Peak (Derbyshire) bye-election Thursday. The vote was: Partington, 5,619; A. Profumo, Conservative, 4,662. The last named majority was 796 for Partington. This bye-election was made necessary by the elevation of Oswald Partington to be a Junior Lord of the Treasury.

Arson the Charge.

London, July 24.—Edward N. Mara, a farmer of McGillivray Township, was arrested Thursday on the charge of burning a barn belonging to Geo. Cater on June 25.

The Attorney-General's Department were notified and Thursday Provincial Detective Rebern and High Constable Hughes went out and arrested Mara. He appeared before Squire Chittick, who remanded him for a week.

Dr. Mills Recovering.

Guelph, July 24.—Dr. Mills of the Dominion Railway Commission has so far recovered from his recent illness as to be able to leave the city. Accompanied by his family yesterday morning he departed for Forest Nook, on the Magnettawan River, Muskoka, where they will spend the remainder of the summer.

Flies Forty Miles an Hour.

Chalons, France, July 24.—Henry Farman, the aeroplanist yesterday, made a cross-country flight from this city to Suippee, at an average height of 150 feet. The distance, which is about forty miles, was covered in one hour, five minutes and thirty seconds.

Nature creates merit; fortune brings it into play.—Rochefoucauld.

WRESTLING WITH TARIFF.

U. S. Senators Are Engaged In a Mighty Struggle.

Washington, July 24.—While no agreement was reached by the tariff conferees yesterday on coal, lumber, hides, oil, iron ore, the cotton schedule or wood pulp and print paper, it was said last night, by the conferees after an adjournment for the day that the prospects of settling these big questions to-day were excellent.

Should the conference complete its work to-day, it would be impossible to report it before Tuesday as the House, which agreed to the conference on the tariff bill and therefore, under rules must receive it before the Senate, adjourned yesterday until Tuesday.

Heroic measures were put into operation yesterday in an effort to compose differences existing between the Senate and the House on the tariff bill and to carry out President Taft's program for a reduction of duties on raw materials.

All except the actual conferees were excluded from the chamber and it was agreed that discussions leading up to a settlement of any of the subjects familiarly termed "national issues," should be regarded as confidential.

As the question of hides is giving the committee more trouble than any other of the schedules that have claimed the attention of the conference, it was discussed first.

After adjournment, Senators Lodge and Crane, and Representative McCall of Massachusetts had a long consultation with Senator Aldrich. It is not known what understanding, if any, was reached, but it would surprise very few outside of the conference chamber if an agreement is reached to-day substantially reducing the duties on hides and all leather goods.

Five Years for Labor Leader.

New York, July 24.—Cornelius P. Shea, the former president of the International Brotherhood of Teamsters, who was found guilty on Wednesday of attempting to murder Alice Walsh, a former Chicago waitress with whom he had lived, was sentenced yesterday to not less than five nor more than twenty-five years in prison.

"Your services for humanity are urged in your behalf," said the court, "because you have been active in the affairs of organized labor. There is a prejudice against organized labor, because such men as you dominate it with your brutal methods and your coarse, offensive personality, and a part of the community has come to look upon organized labor as being composed of brutes and securing their victories by brutal methods. But that is all wrong. I believe I am helping the cause of organized labor by ridding it of one such as you, and sending you to state prison."

Alleged Robbers Arraigned.

Ottawa, July 24.—Howard C. Conrad and Charles A. Wood were arraigned in the Police Court yesterday morning on a charge of stealing a tray of diamonds from MacMillan's store.

They have been positively identified by the clerks as two of the men who were in the store at the time of the robbery.

The third man, James Maward, alias Howard, is still under surveillance in the cells. He has not recovered from his morphine debauch, but has already given out statements which seem to positively identify him as being one of the gang. The fourth man, who escaped, leaving a watermelon behind him on the train, is supposed to have the goods on his person, and every effort will be made to locate him. He is believed to be either in Montreal or Toronto.

Largest Output Since Strike.

Glace Bay, N.S., July 24.—The coal company officials claim that the strike situation is satisfactory from the company's standpoint, and that the company is slowly but surely gaining ground. The output is showing a substantial daily increase, while a considerable number of men are returning to work.

The output Thursday was 9.502 tons, which is the largest of any day since the strike started. The normal output it about 14,000 tons daily.

Connaught Resigns.

London, July 24.—According to The Daily Express, the Duke of Connaught has resigned the inspectorship of the Mediterranean forces on the ground of "the ineffective nature of the work and the useless expense to the nation involved therein."

The Duke of Connaught was appointed in January, 1908, to a command comprising the garrisons at Malta and Gibraltar, and all the British troops in Egypt, the Soudan, Crete and Cypress.

Drowned on His Farm.

Paris, July 24.—Richard Lawson, aged 60, of Falkland, was drowned in the River Nith on his farm yesterday morning. He went out to work in the wheat field at 6.30, and shortly after was missed and was found lying in a foot of water half a mile from the wheat field, in which he was working.

Thieves at Cobalt.

ANDERSON CAUGHT

Young Toronto Bank Clerk Is Captured in Vancouver, B. C.

STAMP IS NOT RECOVERED

Rubber Die Used to Mark Checks "Accepted" Cannot Be Located—Anderson Was Presenting a Big Check When Arrested — He Is Wanted In Several Cities In United States and Canada.

Toronto, July 24.—After a holiday extending from March 9 last, John Alfred Graham Anderson, former ledgerkeeper of the Bank of Montreal, Portland and Queen street branch of this city, was yesterday landed by the police at the Hotel Vancouver, in Vancouver. He was caught while attempting to cash a check for $1,900. The "accepted" stamp of the Bank of Montreal, which was the chief instrument in his forging, has not been found. He is wanted here and in many cities in the United States and Europe for forgeries upon which he secured amounts which run into several thousand dollars. He attempted to pass a check at the hotel in Vancouver and was reported to the bank. Detective Murray will leave immediately to bring him here for trial.

Anderson, who had been employed in the bank for a number of years and was widely and favorably known, being the son of a well-to-do doctor at Newcastle, Ont., left the bank in March, saying that he was tired and wanted a holiday. He said that he intended to travel and was given a send-off by his friends. When he went he took with him the stamp with which he marked checks "accepted." This has been his great asset in his series of swindles. "Accepted" checks upon reputable banks are easy to cash the world over.

Shortly after his disappearance the worthless checks began to arrive, yet it was not for some time that he was suspected. It would appear that he cut down into the States and thence crossed the ocean. In April checks were cashed for $15 at the Dominion Bank, Windsor, and the National Bank, Detroit.

Others come in from the New Denison Hotel, Indianapolis, Ind., April 16, for $35; from J. L. Brandis & Son, Omaha, Neb., for $450; from Chicago, for $200; from Los Angeles, Cal., for $300; from San Francisco, where he made his biggest haul of $750; from Burlington, Va., where he secured $15 from the Y.M.C.A.; in Boston, from the Bank of Nova Scotia, he secured $15. Then from Paris, France, came a check through the Bank of France for $250.

In Canada, he cashed checks at the Royal Bank, Montreal, for $15; at the Quebec Bank, Pembroke, $15; at the Imperial and Commerce Banks, Galt, for $25 and $15 respectively, and also at Gananoque and Toronto.

He is known to have been at Gananoque a few days ago and must have been taken in Vancouver shortly after arriving there.

Big Bank Merger.

London, July 24.—The directors of the London and Westminster Bank, Ltd., and the London and County Banking Co., Ltd., have agreed to amalgamate subject to the consent of the shareholders.

The two concerns have a combined capital of $110,000,000 and their deposits aggregate $360,000,000.

The banks together cover some 106 branches in Greater London, while the London and County Banking Co. maintain nearly 200 branches in the provinces.

Want Roosevelt for Mayor.

Paris, July 24.—John S. Wise, jr., of New York, who is now visiting Paris, says that former President Roosevelt, just prior to his departure from New York on his African hunting expedition, promised him and other Republicans in New York that he would return in time for the mayoralty campaign.

Mr. Wise says he has not given up the hope that Mr. Roosevelt will head the mayoralty ticket in New York this autumn.

Roosevelt's Luck.

Naivasha, British East Africa, July 24.—The entire collection of specimens of the Roosevelt expedition now numbers 2,000, covering mammals and birds of all sizes, from field mice to rhinoceroses and from small shrike to bustards. It also includes several thousand reptiles and insects. Mr. Roosevelt's last bull hippopotamus, which he shot recently in Lake Naivasha, measured fourteen feet.

Gypsy Children Wed.

Ottawa, July 24.—In the Hull Police Court yesterday evidence was given in the case against two gypsies for kidnapping Katrina Miguel, that Katrina, aged 12, was married at the camp in Peterboro on June 20 to Spero Sterrio, a Mexican, who is also 12 years of age. The contract was a verbal one and the parents of Katrina feared it would not hold and complained to the magistrate.

To Dine With King.

London, July 24.—(C.A.P. Cable.)—Hon. L. P. Brodeur, Canadian Minister of Marine, and Sir Frederick Borden, Minister of Militia, will dine with the King at Buckingham Palace to-day.

Gatineau Store Burns.

Ottawa, July 24.—Defective electric wiring early yesterday morning caused the destruction of the general store owned by Wm. Smith at Gatineau Point. The loss is about $15,000, with insurance of only about $5,000.

Storm Destroys Town.

Velasco, Texas, July 24.—The storm practically destroyed this town. Not more than a dozen houses stand. The big hotel on the beach is a mass of debris. The gulf waters were driven inland for nearly three miles.

CHOOSES A CABINET

offered respectively to Gen. Brun and Admiral Roue de la Payrene, and both are expected to accept.

The post of Under-Secretary of Posts and Telegraphs, which was held by M. Simyan, whose resignation was demanded during the recent strike of postmen and telegraphers by the Socialists, will be suppressed. An Under-Secretaryship of Finance will be created and the office given to Rene Renoult. M. Dujardin-Beaumetz will remain as Under Secretary of Public Works, Instruction and Beauxarts.

M. Briand had considerable difficulty in appeasing the appetites aroused by the fall of the Cabinet and only satisfied the Radicals, who charged him with being a Socialist, by the statement, "I intend to complete the work of the Clemenceau Cabinet and carry out the wishes of the President and form a Republican Cabinet committed to Republican policies."

First Crossing Order.

Ottawa, July 24.—The legislation of last session providing for the gradual elimination of level crossings has been put into effect by the Railway Commission in the case of the Raglan street crossing at Renfrew.

The commission orders that it must be protected by gates and by a watchman. Twenty per cent. of the cost of erecting the gates will be paid out of the Federal fund; the balance must be paid by the C.P.R. The watchman is to be paid half by the company and half by the town.

Man's great fault is that he has so many small ones.—Richter.
