THE MURDER TRIAL.

Witnesses Examined in the Charge against Italians for Killing Pedlar Green.

ANDOVER, N. B., Jan. 1.—The corroborated the statements made by the preceding witness, but could add nothing further.

William McGinnis, was then called. He told of Seymour Tafton and himself taking the trail on Monday afternoon near residency 16 and following it into Elmer Johnson's camp, where the men were captured. He told of the arrest and his leaving Plaster Rock.

Court then adjourned until tomorrow morning at 10 o'clock.

So far the authorities have been unable to secure two witnesses, who nevertheless, if they could be found would be ready and willing to give evidence. They are Jas. Dennison and Wm. Boyd, who were supposed to be the first two men on the trail.

One man is in Fredericton and the other supposed to be in Caribou. Mc. Constable McCrea is endeavoring to get into communication with them, but a postponement may be necessary until they arrive.

The Italians were again in court and appeared quite indifferent as to what went on.

THE FIRST WITNESS

When the case was again up this morning, the first witness called was David Chapman, who had been on the stand when adjournment was made on Thursday evening. Witness told of being on the hunt with Messrs. Boyd and Dennison and of their finding the jewelry box owned by the deceased. All returned to camp residency 16.

J. F. MCKINNON

He was followed by J. F. McKinnon, who testified along the same lines as the preceding witness. He told of the finding of the jewelry box and gloves. Witness also informed the court of the position in which the deceased was found lying when the body was first noticed. He was lying on his back with the coat and vest unbuttoned.

Alongside of the body a wallet was found, in which were a large number of checks or prominent railroad contractors. These included checks of Lyons & MacDonald, Ferguson's and Johnson's, which are supposed to have been given Green by the Italians employed at the different places.

Following Mr. McKinnon's evidence the court adjourned for dinner at 11.30 o'clock.

In the afternoon the first witness called was Coleman Shields. He told of Donald Fraser, Arthur Richwell and Albert Broad and himself starting a searching party. They took the trail of the portage road and went down to the banks of the Wapaski. There they found about 25 or 30 watches, one of the number being identified by the Jew, Parnasky, as the one belonging to Green. In addition a \$2 bill and pipe were also found.

CROSSED THE WAPSKI

The party crossed the Wapaski stream and went along the north side for about a mile and a half. They then crossed on the portage road again. They continued to follow the tracks on this road for some distance but lost them and returned to camp, giving up the hunt for the night.

FINDING OF THE RIFLE

Witness then described the finding of the rifle a few rods from the scene of the murder on Sunday last. He identified the rifle as one produced in court.

Messrs. Richwell, Fraser and Broad

To Polish Copper.

When there is no time to polish the copper in the regular way, an emergency shine may be quickly imparted in the following manner: Mix a cup of flour, a tablespoonful of salt and a cup of vinegar to a smooth paste and after dipping the article to be cleaned in hot water apply the mixture quickly and carefully with a soft cloth. Then wash in hot suds and polish with a dry cloth. Alcohol on a soft cloth is also a quick cleaner of copper.
