THE MONGTON BUDGET.

Young Man Slugged by Vaudeville Actress-- Diamond Rings for Hockey Players.

MONCTON, May 17.—(Special) — With the rise in the cost of Ontario flour comes an increase in the price of bread per loaf, for now instead of paying seven cents per loaf, Moncton citizens will have to pay one cent more at two of the local bakeries.

One baker, however, will stick to the old price. Others have also taken off their night shift and start work earlier in the morning.

An exciting pugilistic encounter happened at the I. C. R. depot here on Sunday morning, when a vaudeville actress, who was here during the past week, hit a well known local young man, two well aimed blows on the face.

According to the young man's friends he had done nothing to merit such a reception, but was merely walking through the waiting room, when the young woman jumped up and struck him twice.

The members of the champion Victoria hockey team, will at last get their diamond rings. A subscription to this end was started several weeks ago, but the final hundred dollars necessary could not be secured. Finally hockey players decided to pay the amount themselves, and on Saturday each contributed fourteen dollars to make up the necessary amount.

ADMIT ALL RACES.

Rev. Dr. Johnston Advocates Open Door Immigration Policy for Canada.

ST. JOHN, May 17.—(Special) — Rev. Dr. Johnston, addressing Evangelical alliance this morning advocated an open door immigration policy for Canada.

He declared that Christianity demands that we allow all races, including Asiatics to enter freely. He predicted a fusion of races in the future.

The Alliance also discussed the plan of having Thanksgiving day fixed, and retain Thursday to correspond with the United States holiday.

Saturday evening five year old Gordon Haley was rescued from drowning by Frank McCafferty, aged seven, when the former fell into deep water in Carleton Mill pond.

WAS SECRETLY MARRIED.

Young Man Who Died Recently in Boston Was Husband of Pretty N. B. Girl Whose Parents Live Here.

(Boston Globe.)

Harry Estabrooks, formerly of Canada, passed away Sunday in the City Hospital after a short illness of appendicitis. He was removed from the Beacon Side Pharmacy, where he had recently been employed as a drug clerk, and it was not until then that it was learned by his friends that he was secretly married nearly two years ago to a pretty Kent Co., N. B., girl, when she hurried to his bedside only to find her young husband in a critical condition, who later was placed on the dangerous list, and soon passed away after a few hours suffering. His bride was Miss Mabel Cail, formerly of Kent Co., youngest daughter of Mr. and Mrs. Geo. Cail, of Trout Brook, but who now live in Fredericton. Mr. Estabrooks was born in St. John and was a graduate of S. Kerr & Son's Business College at that place, and also a friend of the bride's brother, who attended the same college. He later came to Boston with his mother and entered Holy Cross, in Worcester, Mass., where he first met his bride, when she was on her way to Canada to visit her parents. Soon after her return they were married in Providence and agreed to keep it a secret from their friends until he had finished his education in Worcester.

His young wife was known by their friends as a pretty sale's girl in the concern of R. H. White Co., where she secured a position soon after, and it has been a secret until it was told by the sad news of death. The bride is prostrated and will return to her mother in Canada for a short time.

DECORATION DAY.

South African Veterans Will Decorate Graves of Departed Heroes on Sunday Next.

The South African veterans will decorate the graves of their departed comrades on Sunday next and will afterwards attend service at the Cathedral where Rev. E. B. Hooper, of St. John will preach an appropriate sermon. The Veterans will form in line at the barracks square at 1:30 o'clock and in company with the Veterans of the Fenian Raid will march to the old burying ground and decorate the graves of the departed Fenian raid men. They will then proceed to the rural cemetery where the graves of Privates Harvey, Redden and Harry McCathrins will be decorated. From the rural cemetery the Veterans will go to the Hermitage and decorate the grave of the late Harry Ryan. They will then return to the barracks square where the Sons of England will join them and both bodies will march to the Cathedral where Rev. Mr. Hooper will preach and the religious part of the ceremony will be carried out.

The Veterans will meet at Mr. Percy Guthrie's office at eight o'clock on Wednesday evening to complete arrangements for the parade.

DEATH ON THE RANGE.

HALIFAX, N. S., May 16.—By the accidental discharge of his rifle, Reginald McKenzie, 16 years of age, a cadet from the Dartmouth High school, was instantly killed on the military range at Bedford, a few miles from Halifax on Saturday afternoon. The lad with a number of friends left the city early in the afternoon for rifle practice. It was McKenzie's first attempt at rifle shooting, and while waiting for his turn to fire he stood leaning on his rifle. The rifle was cocked and the trigger catching his clothing snapped down, the bullet crashing through the lad's brain, killing him instantly.

"Papa," wrote the sweet girl, "I have become infatuated with calisthenics."
"Well, daughter," replied the old man, "if you heart's set on him I haven't a word to say; but I always did hope you'd marry an American."—Houston Post.

Willie, accompanied by his father, was visiting a circus and menagerie. "Oh, papa," the boy exclaimed as they passed before an elephant, "look at the big cow with her horns in her mouth eating hay with her tail."—Christian Register.

THE RIVER AND DRIVES.

Water Falling Fast But Season's Lumber Cut Will Get Out.

The water in the river at this point has been steadily falling since Friday night, having receded about two feet since that time. It has gone down about eighteen inches since Saturday evening. The same condition exists at Woodstock, Perth, Edmundston and other up river points. There is still considerable snow in the woods on the head waters, but unless heavy rains occur soon the river will not again this season approach last week's record.

All of the big lumber drives on the headwaters are reported to be coming along splendidly, and if the river holds up for another week, the entire season's cut should be got out without difficulty.

Mr. John A. Morrison's drive on the Upper St. John for John G. Murchie, came out into the main river last week.

Mr. James Hallet is out of Green river with six millions for Randolph and Baker, and paid off and discharged his crew last week.

Prices' drive on Salmon river, for

John E. Moore, reached safe waters several days ago.

Many new logs belonging to John Kilburn, William J. Noble and others who operate in Quebec and Northern Maine for St. John firms, have been running into the booms for several days, and the supposition is that their drives are coming along all right.

Mr. John S. Scott, contractor for the corporation drive, finished the first running drive to the boom limits on Thursday last. He has also cleaned up the Aroostook from the boundary line to its mouth, and it is his intention to start another drive from Grand Falls early this week.

Mr. Scott has his shear booms all in position, and he has contracted with G. farmers along the route to keep the South West Miramichi are coming along splendidly, and are now in safe waters.

ST. MARY'S HIGHWAY BOARD.

The Parish Divided Into Districts and Commissioners Appointed.

The St. Mary's Highway Board met at Penniac on the 13th day of May, Mr. Peter McLagan, Councilor and Coun. Chairman, N. Goodspeed were present.

The following Highway Districts were established:

District A.—All that part of the parish of St. Marys below the town of Marysville, with William Jaffrey as Commissioner, sub-divided as follows:
No. 1.—From the lower line of the Peabody farm to the upper line of the McKen farm, including the tract road to the line between the parishes of St. Mary's and Douglas, with James Stickle, sr., as surveyor.
