

U. S. Battleship Grounded.
Philadelphia, June 15.—The battleship Michigan, which went aground off Cape Cod last Friday, after completing one of the tests in connection with her official trial, arrived at the yards of the New York Shipbuilding Co. in Camden, N.J., yesterday. It is said the battleship did not sustain any injury of consequence, but a thorough examination of the big ship will be made before the official trial is finished. The officials of the shipbuilding company express themselves as satisfied with the performance of the Michigan in the tests already made, the ship having exceeded the speed of 18.2 knots an hour called for in her contract.

An Alderman's Business.
Brantford, June 15.—That Ald. Moffatt, chairman of the board of works of the City Council, is to the employ of the Westrumite Paving Co., is the charge made by Ald. Ward at the City Council last night.

Considerable street paving is being done here at present, and the Westrumite company is tendering for the contracts.

Ald. Moffatt admitted he was in the service of the company, declaring he thought it all right for a man to work for any company which paid him for it, but explaining that he had not used his position to further interests of the company in securing contracts. Council took no action.

Ottawa College Degrees.
Ottawa, June 15.—The Senate of the University of Ottawa have conferred the degree of doctor of laws on Hon. Charles Maclellan, Speaker of the House, and Judge J. J. Kehoe of Sudbury, Ontario.

They're Hustlers.
Montreal, June 15.—In six days the Y.M.C.A. have raised \$160,850.50 toward the \$800,000 building fund.

A Penalty of Genius.
It seems to be the frequent penalty of genius that it is denied the privilege of perpetuating its name and kind beyond a few generations at most. Thus it is said that there is not now living a single descendant in the male line of Chaucer, Shakespeare, Spenser, Milton, Cowley, Butler, Dryden, Pope, Cowper, Goldsmith, Byron or Moore; not one of Sir Philip Sidney or of Sir Walter Raleigh; not one of Drake, Cromwell, Hampden, Monk, Marlborough, Peterborough or Nelson; not one of Bolingbroke, Walpole, Chatham, Pitt, Fox, Burke, Graham or Channing; not one of Bacon, Locke, Newton or Davy; not one of Hume, Gibbon or Macaulay; not one of Hogarth, Sir Joshua Reynolds or Sir Thomas Lawrence; not one of David Garrick, John Kemble or Edmund Kean.—London Standard.

Raikes' Ragged Regiment.
"Bobby Wild Goose and his ragged regiment" was the name hoisted after Robert Raikes, the first modern Sunday school advocate, and his scholars. The thoroughfare was Sooty alley, and the scholars were the ragged boys who toiled in the pin factories of Gloucester, England. Robert Raikes paid Mrs. Brandon, a poor woman, a shilling each Sunday to teach the boys the Bible. That was in 1780. Four years later there were 250,000 boys and girls attending Sunday school in the kingdom.—Delineator.

Children Brought to Canada.
Children brought from England to Ontario last year numbered 1,948, being 573 girls and 1,365 boys. They were received, from the Barnardo Homes, 943; Catholic Emigration Association, 308; Orphans' Homes, Scotland, 164, who were distributed from Brockville; Macpherson Home, Stratford, 177; Methodist Receiving Home, Hamilton, 103; other agencies, 243.

ONE ON THE DOCTORS.

Madame J. Rioux, St. Moise, Que., says:—"Fruit-a-tives cured me of severe Liver Disease. Neither doctors nor any other remedy did me any good, but Fruit-a-tives promptly cured."

"Fruit-a-tives" always cure Liver Trouble, Biliousness and Constipation because they act directly on the liver, which stimulates the secretion of bile, which decreases the quantity of blood in the liver and thus relieves the Congestion or Biliousness. With plenty of bile to move the bowels, there is an end to the Constipation.

"Fruit-a-tives" are a positive cure for all troubles arising from a disordered liver.

"Fruit-a-tives" are the juices of apples, oranges, figs and prunes—prepared by a newly discovered process, and combined with valuable tonics and antiseptics. They are, without doubt, the most popular remedy in Canada to-day.

50c a box, 6 for \$2.50, or trial box, 25c. If you can't get "Fruit-a-tives" in your neighborhood, these wonderful tablets will be sent postpaid, on receipt of price by addressing Fruit-a-tives Limited, Ottawa.

RAILROAD IS SOLD

Americans Will Take Over Bruce Mines and Algoma Ry.

TO TAP TIMBER AREAS

Boston and New York Capitalists Reported to Have Reorganized Northern Ontario Line With a View to Running It Into the Forests of the North—Charter to Hudson Bay Renewed Last Session.

Boston, Mass., June 15.—Plans are about consummated whereby a syndicate of New York and Boston capitalists are to take over the Bruce Mines and Algoma Railway, with a charter and Government grants, running from the north shore of Lake Huron to Hudson's Bay.

The projectors are heavy lumber producers and will extend the road from its present terminus on into the great timber tracks of Ontario and the Northwest Territories.

Clinton Cowdy of Springfield, Mass., as attorney and agent for the bondholders protective committee of the road, is credited largely with bringing about the reorganization and sale.

At the last session of the Ontario Legislature the expired charter of this railway was restored and a land grant of 1,000 acres per mile for six miles, to carry the line into the lumber country. This railway was originally projected for 20 miles.

A Mild Mutiny.
Ottawa, June 15.—Neither the 42nd (Perth) or 58th (Prescott) regiments went into camp yesterday, and the 56th Regiment (Prescott), ordered into camp on the 22nd, will not train this year. This is owing to the reduction in the camp establishment, and the regiments are declining to go at all as a protest.

Wabash Railway Bonds.
New York, June 15.—Wabash Railway bonds are disappearing from the market. Various rumors include the steel trust and Hill in the negotiations seemingly under way.

You cannot possibly have a better Cocoa than

EPPS'S
A delicious drink and a sustaining food. Fragrant, nutritious and economical. This excellent Cocoa maintains the system in robust health, and enables it to resist winter's extreme cold.

COCOA
Sold by Grocers and Storekeepers in 1-lb. and 1/2-lb. Tins.

Skin Diseases.

A diseased or disfigured skin will always leave its stamp on the mind of the individual. Many people suffering from disfiguring skin diseases avoid society and lose all pride in their personal appearance. When the skin breaks out in eruptions and sores it is due entirely to an impure condition of the blood.

In all such cases Burdock Blood Bitters will quickly purify the blood and drive all the impurities out of the system.

ITCHING RASH CURED.

was the worst on my face and head, had a dry, scaly top, and when I would get warm it would become very itchy. I tried the doctor's medicine but it did me no good, so I then got one bottle of Burdock Blood Bitters and before it was all used the Rash was entirely gone.

SORES ON FACE.

to the doctor about it, but he could do nothing to help me.

"I thought about Burdock Blood Bitters and decided to try a bottle. I cannot recommend B.B.B. enough, as I had not taken all the bottle before my face was cured."

For sale by all druggists and dealers.

MARK TWAIN'S ADVICE.

"Don't Smoke, Don't Drink, Don't Marry; That is, to Excess."

BALTIMORE, June 14.—Mark Twain was the star today at the commencement exercises at St. Timothy's, a young women's school, at Catonsville, a suburb of Baltimore. He was enthusiastically greeted.

Smiling, Mr. Clemens, with his peculiar drawl, gave the girls some advice.

"There is nothing for me to do but to tell you young ladies what not to do. There are three things that you should never do on any occasion."

"First—Don't smoke—that is, not to excess. I am seventy-three, and have always smoked during my seventy-three years to excess."

"Second—Don't drink—that is, to excess."

"Third—Don't marry—that is, to excess."

Now, if you young ladies refrain from all these things you will have all the virtues that any one will honor and respect."

"Another thing I want to say, and this is that honesty is the best policy."

"I remember when I had just written 'Innocents Abroad,' when I and my partner wanted to start a newspaper syndicate. We needed \$3 and did not know where to get it. While we were in a quandary I espied a valuable dog on the street. I picked up the canine and sold him to a man for \$3. Afterward the owner of the dog came along and I got \$3 from him for telling him where the dog was. I sold the man whom I sold it to, and I have lived honestly ever since."

Doctors say the country is full of it. First comes a chill, then cold develops—the inflammation grows—you can't draw a long breath—lungs and sides get sore, and pleurisy sets in. A good home-cure consists in taking twenty drops of Nerviline every four hours. Supplement this by vigorous rubbing the sides and chest with Nerviline, and when warmth and circulation are established, put a Nerviline Porous Plaster over the aching spot. Nerviline Treatment is always successful in colds, neuralgia, and pleurisy. Try it yourself.

DECLINED THE CALL.

Rev. George M. Campbell, D. D., has written to the authorities in Sackville declining the call they recently tendered to him and which was to take effect in 1910. Rev. Dr. Campbell felt that his duties and obligations to the Bible Society, for which he is secretary for the maritime provinces and Newfoundland, compelled him to take this course. The many friends of Rev. Dr. Campbell will be interested in hearing of his decision not to re-enter the ranks of the active ministry at least for the present.

LEND A HELPING HAND.

Assist the ladies of the Methodist Church to raise a sufficient sum to paint the Church, by patronizing their Bazaar, on the lawn of the Church Wednesday and Thursday, June 23rd and 24th. Admission 10 cents, Supper 25 cents.—O.

BRIEFS FROM THE WIRES.

President Penna of Brazil is dead. A rich find of gold and silver is reported near Paynton, Sask.

An association has been organized in Berlin to promote better trade relations with Canada.

The first cabin passengers of the wrecked Canard liner, Slavonia reached Gibraltar yesterday.

Sixty English clergymen were received in audience by the German Emperor at Potsdam yesterday.

The emergency dam at the Soo has been completed, and the repairs to the canal can now be proceeded with.

Lieut. Ernest H. Shackleton, whose expedition recently penetrated to the farthest south, reached London yesterday.

The C.P.R. shops at Montreal are turning out the biggest locomotive ever built in Canada, for use on the mountain sections of the road.

Thomas Flynn, the fireman, was found dead on the sidewalk at Amherburg. It is supposed he walked or fell out of his bedroom window.

The Grand Trunk Pacific train service between Winnipeg and Scott, 560 miles, was inaugurated yesterday. The service will be extended to Edmonton soon.

S. F. Washington, K.C., has notified the City Council of Hamilton that he will move to quash the bylaw giving the street lighting contract to the Cataract Power Co. if the Council decide to take any action on it. He is acting for a ratepayer.

Montrealer Murdered.
Montreal, June 15.—Detectives are seeking the murderers of John Lavoirensky, a Russian, whose body was found floating in the river opposite Dominion Park on Sunday. The body was identified at the morgue last night by a friend, who told the police that Lavoirensky had been killed during a quarrel in a Russian boarding house on Forsythe street ten days ago, and at night his body was carried to the river front and thrown in. Yesterday the autopsy revealed the fact that the man was dead before he went into the water.

Two Russians from the boarding house have been arrested and last night a hunt is being made for the proprietor of the house, who is supposed to be responsible for the tragedy.

Killed in Seattle.
St. Thomas, June 15.—Edward Smith, formerly of Glanworth, Ont., was killed at Seattle, Wash., when his automobile was blown to pieces. Smith became a millionaire in the west by inventing an iron chink used in salmon factories.

A TORY PROTEST.

Claim Registration Court at North Waterloo Improperly Constituted.

Berlin, Ont., June 13.—The Executive of the Conservative Association of North Waterloo has entered a protest against the Registration Court held here last week, in connection with the bye-election to be held on June 28. It is claimed the Court of Registration was not properly constituted, and that proper notice of registration was not given. The court was composed of His Honor Judge Chisholm, Police Magistrate J. J. A. Weir, Registrar of Deeds J. D. Moore and County Clerk H. J. Bowman. The latter was appointed to take the place of Court Clerk E. J. Beaumont, who was unable to act, owing to court duties.

The writ for the bye-election was issued in Ottawa on June 2, and delivered to Crown Attorney Bowby by Mr. James G. Foley, Clerk of the Crown in Chancery, on person last Monday. It was found necessary to

hold a Court of Registration, as the last registration was held last May, previous to the provincial elections. The board was immediately organized, and sittings were held on Wednesday, Thursday and Saturday, but only about fifty registered.

The Conservative Executive has issued a statement complaining bitterly against the bye-election being brought on so soon after the issue of the writ, which did not allow the Conservative party time to organize for registration or election. The statement hints that an effort will be made to postpone the bye-election, to be made to postpone the bye-election, to be made to postpone the bye-election, to be made to postpone the bye-election.

It is unlikely, however, that the rank and file of the Coopers-vative party will support ex-Mayor Allen Huber, who, it is announced, will be a candidate.

COMMON SENSE MAN.
Moderation is a pretty good religion. Extremes are the stock-in-trade of cranks.

Courage has the quality of moderation. The fanatic may be foolhardy, but he is rarely if ever courageous.

Men do not seek the counsel of men who are biased, prejudiced and partial. The man who examines carefully, gives both sides a hearing, weighs all the evidence and bases his conclusions on a careful and impartial view of all the facts, is the man whose opinions have weight.

The man of moderation makes the best judicial timber.

It was his moderation, his cool-headed, fair-minded decisions that made John Marshall a great chief justice.

The man who is extreme in his condemnation of the undesirable habits of other men will generally be found to be extreme in his own indulgence.

A religious man in the truest sense of the term, is one who always commands respect; a religious fanatic is the most offensive of all cranks.

In the business life of today, the valuable men are the men of moderation. They rule best and they serve best. The crank has a very low market value.

Macaulay pictures Savile (Hali) as a model of moderation, who abided by the theory that "everything good grows between extremes."

As long ago as 450 B.C., Euripides remarked, "Moderation is the noblest gift of heaven."

Five hundred years later Epictetus cautioned us: "Be not transported with too great a sense of any outward object's excellence."

SHE WEARS LARGE BOOTS.
Mr. J. H. Woods, of Point Rock, Oneida Co., N. Y., had a hard experience. "A bad attack of Catarrh settled in my forehead and the pain over my eyes was so intense I thought my head would burst. My voice grew very hoarse and I coughed very night, and through the winter could scarcely speak. My voice was one. Two doctors didn't help me at all. The next doctor ordered 'Catarrh'." It cured me and now many others here use it also. My doctor says he doesn't know anything so good for Catarrh and Throat Trouble as "Catarrh." Use it today, you're better tomorrow, 25c. and \$1.80 at all dealers. Try Catarrh.

WHAT THE WORLD THROWS AWAY.
"A Chinaman will live on what a Frenchman throws away; a Frenchman will live on what a German throws away; a German will live on what an Englishman throws away; an Englishman will live on what a Yankee throws away." The Yankees are the most wasteful people in the world. This, says a writer in Success Magazine, is so much the better for those who deal in their waste.

The humble junk business, the trade of unconsidered trifles, has prospered in the United States more than in all other countries. In Boston lives a dealer who has accumulated more than a million dollars; several of his competitors could sign checks in six figures. The leading dealer in Provisions, who handles nothing but vice-regal, is worth half a million.

Philadelphia has two junk millionaires and a cluster of near-millionaires. One of these Philadelphia dealers has half a million invested in buildings and equipment alone. Ground in New York is too costly for many large warehouses or iron yards, and most of them are located in New Jersey. Scattered over that State are a dozen dealers who have made fifty, one hundred, two hundred, five hundred thousand dollars from that which the metropolis has thrown away.

One of these New Jersey dealers recently bought the greatest "lot" of junk ever handled in the world's history—the old iron and refuse which the French abandoned at Panama. The original cost of this material was about twenty million dollars. What was the tune of the mere song he paid for it, nor how much he

OLD AGE.
Old age as it comes in the orderly process of Nature is a healthful and majestic thing. The very shadow of old age is a thing that makes it the more prized. It stands for experience, knowledge, wisdom and counsel. That is old age as it should be. But old age as it so often is means nothing but a second childhood of mind and body. What makes the difference? Very largely the care of the stomach. In youth and the full strength of manhood it doesn't seem to matter how we treat the stomach. We abuse it, overwork it, injure it. We don't suffer from it much. But when age comes the stomach is worn out. It can't prepare and distribute the needed nourishment to the body, and the body, un-nourished, falls into senile decay. Dr. Pierce's Golden Medical Discovery is a wonderful medicine for old people whose stomachs are "weak" and whose digestions are "poor." Its invigorating effects are felt by mind as well as body. It takes the sting from old age, and makes old people strong.

CURED.
Soak the feet in hot water and then apply Putnam's Painless Corn Extractor—it removes the callos quickly. Be sure you get "Putnam's" only.

Scotch Anthracite -- COAL --

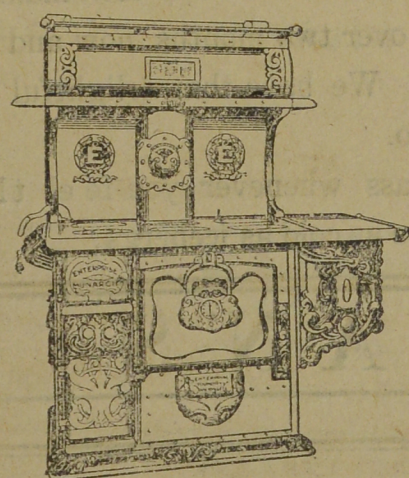

To arrive soon a large quantity of a above Coal. Buy now and get the benefit of the Summer Price.

Also in Stock Manitoba Oats, American Corn, etc. etc. all kinds. Seeds and Fertilizer in season.

F. H. Everett,
