Montreal Live Stock. MONTREAL, March 29.—(Special.)—At the Montreal Stock Yards West End Market the receipts of live stock for the week ending March 27 were 2250 cattle, 107 sheep and lambs, 2040 hogs and 1330 calves, while the supply on the market this morning for local consumption was 1100 cattle, 50 sheep and lambs, 1250 hogs and 100 calves.

A feature of the market was the decided improvement in the quality of the lot offered, there being principally all well-finished steers, heifers and bulls from Ontario points, which in many cases were suitable for the coming Easter trade.

The supply, also larger than a week ago, was not excessive, and in consequence a stronger feeling prevailed in the market and prices were at a good 1/4c per pound higher. There was a large attendance of buyers and the demand was pointed; consequently trade on the whole was more active than it has been of late.

Among the offerings there were some extra choice, stall-fed steers, of which Messrs. Johnston, Evesner and Langlois, wholesale dealers of this city, bought three steers, weighing 1460 pounds, at 7 1/2c; one bull, weighing 1355 lbs., at 5 1/2c per lb. This stock was raised and fed by J. Steno of Saintfield, Ont. Another lot of ten steers, weighing 14,000 pounds, was bought by a local butcher at 5 1/2c per pound, and Messrs. Drolet & Fils of Quebec bought one bull from L. Delorme which weighed 2700 pounds, at 6c per pound, and \$12 over.

In addition they also bought a large number of other heavy bulls at 5c, 5 1/2c and 5 3/4c, and steers at 5 1/2c to 5 3/4c per pound. Altho prices were higher and sellers firm in their views, local butchers showed more disposition to operate, and bought a few more than usual on account of the fact that they anticipate higher prices later on in the week for Easter stock, if supplies do not increase materially. Choice steers sold at 5 1/2c to 6c; good at 5 1/4c to 5 1/2c; fair at 5c to 5 1/2c; medium at 4 1/2c to 5c; and 4 1/2c to 5 1/2c; and common stock at 3c to 4c per pound. Supplies of sheep and lambs were very small, and trade in consequence was quiet, but the market to the market was stronger, and prices had an upward tendency. The demand for good to what little stock was offered, and sales of yearling lambs were made at 6 1/2c to 6 3/4c per pound, and sheep were higher, at 5c to 5 1/2c per pound. A few spring lambs sold at \$1 to \$3 each. The offerings of calves were also small. An extra choice one, weighing 440 pounds, sold at 8 1/2c per pound, and the range of prices for the others was from \$2 to \$3 each, as to quality.

A strong feeling continues to prevail in the market for hogs, and prices are steadily inclining towards a higher level. They having scored a further advance of 5c to 10c per 100 pounds since this day week, on account of the limited supplies available forward and the keen demand for the same from packers. Sales of selected lots were made at \$7.50 to \$8, and straight lots at \$7.25 to \$7.50 per 100 pounds, weighed 210 cwt.

EAST BUFFALO, March 29.—Cattle.—Receipts, 3000 head; fairly active and 10c to 15c lower; prime steers, \$6.35 to \$6.75; shipping, \$5.60 to \$6.25; wethers, \$5 to \$6.15; heifers, \$4.25 to \$6; cows and bulls, \$3.50 to \$5.25; stockers and feeders, \$4 to \$5; stock heifers, \$3.50 to \$4.25; fresh cows and springers in good condition and \$2 to \$3 higher, \$25 to \$50.

Veals.—Receipts, 2000 head; active, \$7 to \$9.50.

Hogs.—Receipts, 14,000 head; active; pigs steady; others 5c to 10c higher; heavy, \$7.35 to \$7.40; mixed, \$7.25 to \$7.40; yorkers, \$6.75 to \$7.25; pigs, \$5.40 to \$6.00; roughs, \$4 to \$5.25; stags, \$4.50 to \$5.25; dairies, \$6.75 to \$7.25.

ESTIMATES PASSED

Expenditure Lists For 1910 Put Through Legislature.

AN INCREASE IN SALARIES

Total Rise in Pay of Civil Servants Goes Up \$13,625.55, as Shown in Supplementary Estimates—Kenora Gets Fine Court House—Hamilton Asylum May Be Moved to Some Other Town.

Toronto, March 30.—Swift progress was made by Hon. A. J. Matheson yesterday afternoon when the main estimates for the year ending Oct. 31, 1910, and the supplementaries for the ten months ending Oct. 31, 1909, were passed and concurred in.

The only protesting voice came from Allan Studholme in connection with the immigration votes. The estimates for 1910 in detail practically duplicate those for 1909, allowing for the extra two months of the newly-arranged fiscal year.

A general boost in salaries is one of the main features of the supplementary estimates. Under civil government these increases with a few other small items amount to \$13,625.55. The Department of Justice calls for \$6,189. The heavy items that go to make up the total of \$417,917.06, are under education, agriculture, public buildings, crown lands, Technical education at Hamilton gets \$3,000, and at Sault Ste. Marie \$5,000. The agricultural departments in high schools get \$3,600. The mining school, Kingston, get \$20,000, the first of five annual grants. The agricultural items include \$4,000 for field crop competitions, \$3,000 for special grants to societies in the districts. The King Edward Sanitarium for consumptives is given \$4,000. In public buildings, Government House requires \$4,021 for renewal of the green house and other improvements. The Central prison is debited with \$150,000 for purchase of land and erection of buildings. About thirty sites have been offered.

Hon. W. J. Hanna announced that the consideration was being given the removal of criminal insane from Hamilton Asylum, to some place more remote from a crowded population.

The Kenora court house, \$25,000, is the most important among other building items totalling \$186,573. The road from Charlton to Gowganda is allowed \$50,000 out of \$58,310 given for colonization roads.

Crown lands charges are for fire ranging, \$35,000 and \$10,000 for forest reserves. Additional mining recorders get \$3,000. A conditional grant towards the Hawkesbury bridge amounts to \$15,000.

G. C. Wilson (North Wentworth) has a bill before the Legislature to amend the public health act, by which a person who is unsatisfied with the action of the local board of health, may appeal to the provincial board. The power of attending physicians in smallpox, diphtheria, scarlet fever and typhoid cases will be restricted. Mr. Wilson and Allan Studholme accompanied a deputation from Hamilton and Dundas, which interview Dr. Hodgetts in relation to the bill.

Had Horror of Profanity. Utica, N.Y., March 30.—Elli Christian, an aged man, was found dead sitting in his chair in his home some distance south of Mohawk yesterday. He lived alone.

All his life Mr. Christian has abhorred profanity and he held himself aloof from people because to hear profanity gave him so much pain, he requested long ago that when he died he should be borne to the grave by men who never used profanity, and he selected those who should act as his bearers.

They are alive and Mr. Christian will be buried as he desired.

Police Stop Protest Meeting. St. Petersburg, March 30.—A public meeting held in this city yesterday to discuss the Balkan question, at which Prof. Paul Milukoff, leader of the Constitutional Democrats, and Fedor Redichoff, member of the Douma from St. Petersburg, were the principal speakers, was stopped by the police on account of M. Milukoff's violent attack upon the policy of Foreign Minister Iswolsky.

Quashes Indictment. Montreal, March 30.—Judge Lavorgne, in the Court of King's Bench, yesterday, quashed the indictment preferred against W. G. Eczema, Salt Rheum.

Eczema or Salt Rheum, as it is often called, is one of the most agonizing of skin diseases. It manifests itself in little round blisters, which contain an extremely irritating fluid. These break and subsequently a crust or scale is formed.

The intense burning, itching and smarting, especially at night or when the part is exposed to any strong heat, are almost unbearable.

The pre-eminent success which Burdock Blood Bitters has met with in permanently curing a disease of such severity is due to its wonderful blood cleansing and purifying properties.

No other remedy has done, or can do, so much for those who are almost driven to distraction with the terrible torture, as our thousands of signed testimonials can testify to.

Mrs. John O'Connor, Burlington, N.S., writes:—"For years I suffered with Salt Rheum. I tried a dozen different medicines, but most of them only made it worse. I was advised to try Burdock Blood Bitters. I got a bottle and before I had taken half a dozen doses I could see a change so I continued its use and now I am completely cured. I cannot say too much for your wonderful medicine."

Girl Takes Poison. St. Thomas, March 26.—Minnie Patterson, aged 30, daughter of Daniel Patterson, farmer, near Dutton, committed suicide yesterday by taking carbolic acid. After taking it she went to the barn and told her father what she had done.

Gift Gets Two Years. Toronto, March 30.—For bringing a quantity of the vilest postcards, pictures and literature and the plates from which more might be printed in this country from Buffalo and for exposing them for sale, Martin T. Graf, alias Muir, was yesterday sent to the Central Prison for 23 months, by Magistrate Denison.

Graf burst into tears. "I have an old gray-haired mother, who is thinking of me. She brought me up to be a Christian and I have never done anything wrong," he whimpered.

Berlin's Degradation. Berlin, Ont., March 30.—Rev. S. E. Marshall, in Trinity Methodist Church Sunday night, before his sermon, but out from the shoulder regarding Sunday drinking.

On his way to church he had been jostled by a drunken man.
