

OLD TIMES RECALLED

Glance Into the Local News of Fredericton Twenty-six Years Ago.

(FARMER FILES, FEB. 7, 1883.)

City Treasurer Edwards entertained the members of the council at "Kate's" last night.

Our latest accounts, we are sorry to announce, state that Mr. Alex. Thompson of Nashwaaksis, is very low, and his recovery is considered doubtful.

F. B. Coleman, proprietor of the Barker house, was called away suddenly on Monday, by a despatch, stating that his son, Jack, was dangerously ill at Sackville Academy.

Hon. Messrs. Hannington, Landry and McLeod of the local government, are at Ottawa, with a view, it is said, to pressing the claims of New Brunswick in the Eastern Extension railway and penitentiary matters.

The curlers' ball in the county court house, on last Thursday evening, was a magnificent success. The arrangements, which were on a grand scale, were carried through to perfection, and about 75 couples danced during the evening. We understood the receipts netted about \$100.

Mr. William Edgecombe, of the firm of Edgecombe & Sons, carriage builders, is now on a business trip to New York, in the interests of the firm. Mr. Edgecombe was in Montreal during carnival week, and was obliged to remain there until a few days ago on account of illness, contracted by visiting the dissecting room of McGill College.

The concert given by the Free Baptist Sabbath school on Monday night was a decided success. The gems of the evening were the son by little Dora Anderson and the dialogue entitled "Father Time." The proceeds, \$23.00, will be sent to Miss Hooper in India, towards the support of a native teacher, which the Sabbath school has pledged itself to provide for.

We regret to have to chronicle the death of Miss Mary Coy, eldest daughter of the late John S. Coy, which took place on Saturday afternoon at the family residence, Queen street. The deceased had been ill only a few days, and her untimely death is lamented by a large circle of friends among whom she was a general favorite. The funeral took place yesterday at two o'clock, and was well attended.

His Honor the Lieutenant Governor has been pleased to make the following appointments:

Honorable D. L. Hannington to be a member of the Board of Works.
John E. Perks to be gentleman usher of the Black Rod attending the legislative council, in general assembly, in room of Beverley R. Joubert, deceased.

John B. Grieves to be Sergeant at Arms attending the House of Assembly, in room of Harry Beckwith, resigned.

The Supreme court, en banc, commenced its session for the Hilary term yesterday. There was a large attendance of Barristers. The sitting will be marked in history by the fact that yesterday for the first time Hon. Justice Fraser took his seat on the Supreme Judicial Bench of New Brunswick. Judge Fraser was warmly congratulated by the bar on his accession to this position, of the highest honor in his native province.

Mr. Edward Jack, for so long a time a faithful servant of the Crown

DEAF FOR THIRTEEN YEARS

Mr. Geo. Warner, publisher of The Masonic Register, Toronto, was almost totally deaf in both ears for a number of years. He experimented with a Thousand Different Remedies, and only got Relief by Using Catarrhozone, and it Cured.

Mr. Warner says: "For the past thirteen years my hearing has been badly affected. The streets were as quiet to me as if I lived in the city of the dead. I could neither hear the noise of street cars or sound of horses' feet on the pavement. Before I had used Catarrhozone Inhaler three days I was able to notice a great change in my condition, which gradually improved until now I can hear a whisper across the room. I cannot tell you how much I appreciate Catarrhozone, or of the wonderful results I have derived from using it. Catarrhozone has my strongest endorsement and I am quite willing that you should use it."

Mr. Warner's unsolicited testimonial furnishes abundant proof that deafness can be cured, even in old age, if Catarrhozone is used. This remedy is scientific in its application

Land department of this province, has tendered his resignation and his place has already been filled by the appointment of his brother Mr. R. Melville Jack. While many will be sorry to hear of the retirement of the old incumbent from active service, they will take satisfaction in hoping that they may still have the benefit of his scholarly attainments and zeal in every good cause.

A meeting of the Fredericton curlers was held last evening, when the club was presented with an elegant silver rink medal by John Neill, of Gibson, the founder of the club. Inscribed on the back of the medal are the following names: Robert Fulton, president; John Taylor, W. A. McLean, Robert Thorborn, Alex. McKilligan, James Moore, Barry Phair, and John Neill, and around the margin on the back, "Presented to the Fredericton Curling Club by John Neill, founder of the club, Dec. 24th, 1854." On the face are the words "Fredericton Curling Club," in raised letters. The medal is tastefully decorated with the emblems of Scotland.

The lecture of Mr. Hazen, in the church of England hall on Tuesday evening, was an effort that would be creditable to any young man. He had a large audience and handled "Novels and Novelists" in a manner that was pleasing in the highest degree, taking a retrospective glance at the writers and writings from the time of Richardson and Smollet down to the present day. The works of each author of eminence were made to pass in review before the attentive assembly, and the lecture was interrupted by frequent applause as he proceeded.

The Cookery school opened in Fredericton by Miss Monroe, bids fair to be a success as it is under the best of auspices. The first session was held yesterday afternoon in the Reform Club rooms, which are to be the quarters of the school. Among the ladies present were Mrs. Judge Wetmore, Mrs. Judge Stedman, Mrs. George Bliss, Mrs. T. C. Allen, Mrs. A. W. Edgecombe, Mrs. G. C. Fenwick, Mrs. Dr. Black, Mrs. Dr. Coulthard and Mrs. Kerr.

The annual meeting of the York Co. L. O. L., was held in the Orange hall last evening, and a large attendance was present from every section of the county. There was a large amount of business transacted. The following are the officers for the ensuing year:

- John B. Grieves, W. C. M.
- Alex. G. Robinson, D. C. M.
- Wm. Rosborough, C. C.
- Hewlett S. Carman, C. S.
- Wm. Lipssett, C. T.
- G. H. Parker, I. P. C. M., C. D. of C.
- W. H. Anderson, P. C. M., C. L.
- Wm. H. White, County Proxy.

After the meeting was over the members adjourned to "Kate's," where an oyster supper was awaiting them.

MARRIAGES.

At St. Paul's Manse on the 5th inst., by Rev. A. J. Mowatt, Charles E. Smith to Addie S. Macartney, both of Fredericton.

At Brockway, York Co., on the 11th ult., by the Rev. W. B. Thomas, Mr. John Ruddock, to Miss Mary J. Simpson, of Charlotte Co.

DEATHS.

At Mauderville, Sunbury Co., on the 3rd January, Chas. M. Hoben, aged 74 years.

and meets with the endorsement of prominent ministers and doctors all over Canada. Our best equipped health institutions always keep it on hand, and cases are recorded where it has been used with great success in the government deaf and dumb institutions where other means proved futile.

If your hearing is poor, if you have lead noises or ringing in the ears, be sure and use Catarrhozone, is sure to help you. Complete outfit costs \$1; trial size 50 cents. Sold by all druggists and N. C. Pelson Co., Kingston, Ont.

The wonderful nature-fertilized volcanic soil of the Island of Ceylon imparts to tea a delightful fragrance and delicious flavor. The uniformly excellent quality of "Salada" Tea bears testimony to this fact.

"Those for me?" asked the prima donna as the flowers were handed over the footlights.

"Yes!" replied the usher.

"Take them back to the florist immediately," she thundered absent mindedly, "and tell him I'll not pay for such a wretched bouquet."—Philadelphia Inquirer.

A REMARKABLE TRIP.

Beech Family's Journey in Northern Wilds Was Memorable One.

Many marvellous feats have been performed by travelers in the northern regions of America. Explorers have suffered hardships and performed great deeds of daring and endurance, in trying to solve the mysteries of the North. Most of these daring adventurers have been white men, and it was not until last year that any white woman braved the perils of the north and made a considerable journey through the trackless wilderness. Last winter two women crossed from Hudson Bay to Winnipeg, a distance of some seven hundred miles. Mrs. Ray and her three children, accompanied by a corps of guides and half a dozen dog trains, crossed from York Factory to Lake Winnipeg. A much greater performance was that of Mrs. Beech, who, accompanied only by her husband and son, with two dog trains, crossed from Fort Churchill to Winnipeg. Fort Churchill is farther north, the distance to Winnipeg greater, and there was no corps of trained guides to insure the party's safety. This ninety day trip made by the Beech family must ever be memorable in the annals of Canadian travel.

This performance, by the first white family to travel by dog train from Fort Churchill to Winnipeg through eleven hundred miles of wilderness, is made all the more remarkable when the ages of two members are considered. Mrs. Beech is 56 years of age, and her husband is 60. For a couple so far advanced in years to attempt so great a journey was certainly a hazardous experiment. The Hudson Bay officials believed that the successful accomplishment of the enterprise was exceedingly doubtful, and could provide them with guides only as far as the Nelson river.

The Beech family left their home on the east side of Churchill river on Dec. 10, 1907. It took them seven days to accomplish the journey along the coast from the mouth of the Churchill to the mouth of the Nelson. When they arrived at the latter river they found it free of ice, and as no boats were available they were forced to wait until the ice had formed. The Nelson river is a wonderful river, draining as it does almost the whole of the vast district between Hudson Bay and the Rocky Mountains. Its current is strong and the volume of water passing down is enormous. At its mouth it is fourteen miles wide.

During this wait at the Nelson river, which lasted twenty-three days, the Beech family were located in a rough shanty on the bank of the river, which they shared with five Indian families. They had only such provisions as they brought with them and the food for the dogs had become exhausted. During the whole of this tedious three weeks the dogs had not a bite to eat. When at last the river froze and a crossing was effected, the dogs were scarcely able to draw the loads over the ice. After the crossing, an Indian chanced along with scant provisions and relieved the situation for a few days. He and Mr. Beech started off on a hunting trip which lasted nine days, but not a deer, rabbit or game of any kind was sighted. Eventually, however, the party managed to reach York Factory. Here they fared a little better, but it was not possible to obtain a candle, a can of condensed milk or a bit of butter. All supplies at Fort Churchill and York Factory are controlled by the Hudson Bay Co., and it is not the policy of that great company to encourage the invasion of its territory by independent persons.

CATARRH CANNOT BE CURED

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

F. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

She—Are you good at guessing women's ages?
He—You are not over 25.
She—How do you know?
He—No woman over 25 ever risks that question.

If at first you don't succeed ask them for one of the easy jobs with the high salaries.

COCOA

Sold by Grocers and Storekeepers in 1-lb. and 1/2-lb Tins.

More proof that Lydia E. Pinkham's Vegetable Compound cures sick women.

Miss M. H. Morin, 335 Ontario St., Montreal, writes to Mrs. Pinkham: "I was in very poor health and doctored for months, receiving very little benefit. I had lost all ambition, was nervous, and subject to dizzy spells and painful periods each month."

"A friend suggested Lydia E. Pinkham's Vegetable Compound as the proper medicine for me. I procured a bottle of this remedy and began taking, and before it was finished, I felt so much better that I continued its use and gave it a thorough test, with the result I am to-day well and a much healthier girl than I was three years ago. I have no more painful periods, dizziness or nervous troubles."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

At the Concert.
He—That girl certainly has an admirable voice.
She—Yes, for destroying silence.—Chicago News.

E 10 by Him.
Mrs. Tatum Mr. tarts
And suspected Master Tatum;
Asked him what he took 'em 4.
Frankly he replied, "I 8 'em."
—Catholic Standard and Times.

So He Heard.
"He says he hasn't paid a cent for repairs to his auto."
"So a bill collector told me."—Smart Set.

By a Cynic.
Fair woman's mind is ever clean,
Whichever way she ranges it,
Which is but natural, I ween,
For she so often changes it.
—Browning's Magazine.

A Leading Question.

Superintendent McLaren of San Francisco's system of public parks was inspecting the work of restoring Union square to its former beauty, now that the little St. Francis has been removed. "I'm for heavin' this un out. It's a bum little bush," remarked a gardener with a brogue. "Which one?" inquired McLaren. "You don't mean this beautiful little Scotch heather? All it needs is more water and it will grow as tall as you are." "You're not very tall yourself, Mr. McLaren." "Not extraordinarily so." "I say, Mr. McLaren," reflected the gardener thoughtfully, "did you ever try water yourself?"—San Francisco Chronicle.

Safety For Jewelry Stores.

In view of the increased number of jewelry robberies the Jewelers' Security alliance is urging upon the trade the use of a new and effective thief catching device. The contrivance consists of a lever hidden behind the counter and operated by the foot. By pushing this lever the door of the store is locked through the operation of a bolt at the bottom. The apparatus connects also with a large gong placed outside over the door, which is sure to attract the attention of passers-by to the entrapped thief. A Philadelphia jeweler, says the Jewelers' Circular, used a similar appliance recently with successful results.

Criticises the Aeroplane.

It is declared by the Voisin brothers of Paris that the Wright aeroplane can never have any value for practical purposes. They remark that the Wright aeroplane is the monocyde of aviation. Any one can work a tricycle within half an hour. One can learn to ride a bicycle in a few hours, but to ride a monocyde takes a long time and the native gifts of the acrobat. So the Voisin brothers will never be anything but a "bird for amateurs and sportsmen." The Voisin brothers believe in their "triplanes" on account of their stability.

A Coffin of Matchboxes.

For the last ten years William Bidulph Cross of Crook street, Chester, England, who died recently, was engaged in the construction of his own coffin, made of empty matchboxes. It is of the ordinary shape, and much patience and skill have been bestowed on it. There is, of course, an inner shell of wood, on to which the matchboxes are glued, and as there are some 500 matchboxes on the lid alone the total on the coffin must run into several thousands.—London Times.

EDDY'S

Impervious Sheathing

This is a strong, tough sulphite stock that has captivated the building trade everywhere. Can be painted, oiled, or varnished. May be used inside, outside, or 'tween sides. Try it and test it. All Hardware Dealers handle it.
