Cream Tartar, Pepper or Ginger	per lb.	25c

WON A BANNER.

Former Fredericton Teacher Achieves Success in Moncton.

(Moncton Transcript.)

At the Aberdeen school at ten o'clock this morning all the classes from Grade four up to and including the High school, massed in front of the school building. The official visitors were Trustee J. H. Harris, who was to present the beautiful trophy banner presented to the school for physical culture competition; Mr. J. T. Hawke, chairman, and Secretary F. A. McCully. Mr. F. O. Richards, Physical Culture Instructor, was also present and in charge of the proceedings. Secretary McCully acted as chairman, and spoke briefly of the advantage of physical culture in the schools.

Trustee J. H. Harris, after a neat and appropriate address expressing the gratification he felt in giving the banner mentioned, the fact that though the banner for the month of May went to Miss Nicholson's class, yet Mrs. Lawson's class ran it so close the decision was only given with difficulty.

Chairman J. T. Hawke also briefly spoke and dwelt especially upon the advantage of physical culture to the girls and not merely the boys. He told the story of the arduous journey undertaken by Laura Secord to warn the Canadian troops when the Niagara Peninsula was invaded by the Americans, his aim being to show that the ability for physical endurance of fatigue would enable a girl or woman to render a patriotic service as well as the boy or man to learn to handle a rifle.

The classes then formed in a procession headed by Miss Nicholson's class bearing the trophy banner and paraded around the four sides of the large playground. The procession nearly filled the entire four sides and was quite an attractive and inspiring spectacle.

(The teacher referred to above is Miss Mary Nicholson, formerly of this city. Her friends here will be pleased to hear of her continued success as a teacher.)

NEMO BATISTE CORSETS.

Indispensable This Season for Real Summer Comfort.

Nemo Batiste Corsets are specially made for warm weather. Batiste is as strong and durable as coutil but not nearly as heavy, and it is a good conductor of heat, carries off perspiration, keeps you cool and comfortable.

Remember the name of this corset—Nemo. Price \$3.25 per pair at E. A. O'Brien & Co.

COMMISSIONS NOT ARRIVED.

The Commissions for the new Supreme Court Judges Barry and McKeown have not yet arrived from Ottawa and they will not likely be sworn in at the opening of Trinity term of the Court tomorrow morning.

SUPREME COURT.

Trinity term of the Supreme court opens here tomorrow morning. The indications are that the docket will be a light one.

GOVERNMENT MEETING.

The local government will hold a meeting in this city tomorrow morning at ten o'clock. It is likely that a number of matters of importance will be up for consideration.

Mr. W. W. Hubbard of Sussex is at the Barker today.

Mrs. Wm. Wade of Waas is in the city today.

Banquet Premier Gouin.

Montreal, May 29.—The banquet to be tendered to Sir Lomer Gouin and his colleagues by the Reform Club next Tuesday will be one of the most notable events of the kind ever seen in Montreal.

All the Provincial Ministers will be present, and the Federal Cabinet will be represented by Sir Frederick Borden and by Hon. Messrs. Graham, Lemieux and Murphy.

Murder Theory Abandoned.
Winnipeg, May 29.—A Synnaeve, a young Belgian, who disappeared in St. Boniface after a brawl there on the evening of Victoria Day, and who was believed to have been murdered, is now thought to have met an accidental death by falling from the C.P.R. bridge into the river. The men who were arrested on suspicion, were released yesterday.

Girl Rescued From Drowning.
Hamilton, May 29.—The four-year-old daughter of James Ford fell into Dundas Canal yesterday morning, and was saved by Walter Hewitt. The girl was unconscious when taken out of the water and it was with difficulty that she was revived.

Double Drowning.
Orleansburg, N.Y., May 29.—The finding of an overturned boat and a man's hat in Long Pond, near here, furnishes ground for the belief that Joseph McCormack and Ley Burns, Canadian lumbermen, met death by drowning Thursday.

Nine-Hour Day at Winnipeg.
Winnipeg, May 29.—The street railway operatives will receive a nine-hour day, with a slight increase in pay, according to the award of the Conciliation Board, which arrived at a unanimous finding.

SHRUBB WON EASILY.

Famous Runner Captured Marathon Race at Buffalo.

BUFFALO, N. Y., May 30.—Alfred Shrub, the English distance runner, easily defeated William Sherring, of Hamilton, a winner of the last Athens Marathon, in a fifteen mile race at baseball park this afternoon. The race was run on a six lap track on the turf. Shrub won by over three laps or half mile in 1:25.08.

Sherring finished the first and second miles a yard or two in front of the Englishman, but after that overtook him. There was a game struggle for supremacy in the third mile when Shrub went out to get a lead. Sherring followed him in every sprint, but the feet-footed Englishman steadily drew away, finishing the third mile 200 yards in the lead. The time for this mile, 5 minutes, 3 seconds, was the fastest of the race. Shrub made it a full lap in the third round of the fourth mile and started another in the ninth. In the fourteenth mile he gained a lap and finished with a sprint a little over half a mile ahead of Sherring.

Tried to Blow Up Town.

Pittsburg, May 29.—The model town of Marianna, where more than 100 miners lost their lives seven months ago, escaped destruction when an insane miner planned to blow it from the face of the earth with dynamite.

Because a friend had been sent to jail and another friend had been killed by a fall of slate, Martin Richiliski, a giant miner, became temporarily deranged, and placing dynamite at different points connected it by wire with the intention of exploding it all at once and destroying the town. Something went wrong with the wiring and there were only two small explosions. The police captured Richiliski after a hard fight.

Had the wires not failed, great loss of life would have ensued.

Suspended by His Belt.

Windsor, May 29.—Jos. Pero, an employe of the Windsor lighting plant, had a close call yesterday morning in the vicinity of Pitt and Goyeau streets. Pero and another workman were stretching wires across the trolley wires of the W.E. & L.S. Electric Railway, when the feed wire of the railway company came in contact with one Pero held in his hands. The shock which he received threw him from his position on the cement pole, but his belt fastened to the pole, held him suspended in mid-air more than ten minutes before he could be rescued. His hands and arms were badly burned. He was removed home, and will recover. The feed wires of the railway company carry 6,500 volts.

John Maloney Caught.

London, Ont., May 29.—John Maloney, wanted in this city on three charges of raising postal notes and thereby swindling local merchants, was arrested at Kenora Thursday. Rocco Brocchia, who purchased the notes in the first place at St. Ignace, was also arrested. Maloney, it will be remembered, operated in the city on Saturday night two weeks, after the postoffice was closed. He called on Wray & Co., jewellers, and presented a \$35 money order, and bought a \$15 watch. At the city hotel he had a \$25 order cashed, and at Rowland Hill's shoe store he also presented a \$35 postal note in payment for a \$5 pair of shoes, and received \$31 in change.

HUN & MacDONALD

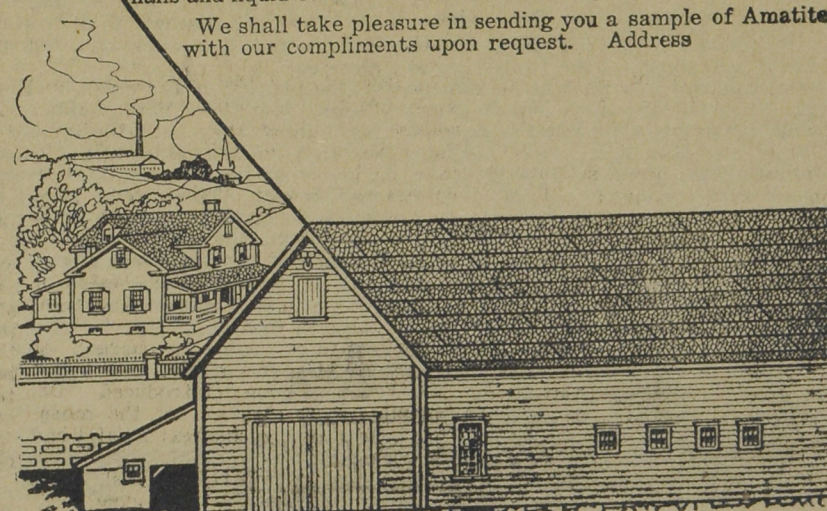

MINERAL SURFACE - NEEDS NO PAINTING

A MATITE roofs need no painting. The owner need never look at them; they take care of themselves. They are "no-trouble" roofs. They present to the weather a real mineral surface against which storm and wind and snow are absolutely powerless. This surface does not require constant painting like the smooth surfaced or so-called "rubber" roofings. The mineral surface is far better than paint.

Of course before Amatite came, the "smooth surfaced" roofings were the best kind to buy. Now that Amatite has been invented and thoroughly tested by years of use, painting a roof is wasteful and unnecessary. The cost of painting a "rubber" roofing from year to year will soon cost more than the roof itself. That is why everybody who knows about roofing is buying Amatite nowadays. It needs no painting.

Amatite is easy to lay. Anyone can do the work. Large headed nails and liquid cement come free with every roll.

We shall take pleasure in sending you a sample of Amatite with our compliments upon request. Address
