THE HANSON CASE.

Judge Wilson has handed down his judgment on the appeal of E. E. Hanson, from a jail sentence imposed by Police Magistrate Marsh for assaulting Mr. O. S. Crockett, M.P. His Honor took the ground that a penalty of thirty days' imprisonment without the option of a fine was altogether too severe for the offence committed, and he reduced it to a fine of \$20. His reasons for modifying the penalty are sound and logical, and cannot fail to appeal to the good sense of the community. It has been a proud boast that under British law all men are equal, and the courts of the land are as wide open to the negro as they are to the scion of nobility. No man because he happens to hold a representative position has a right to claim special privileges so far as the law is concerned. Mr. Crockett has himself preached the doctrine of "equal rights to all and special privileges to none," and should be prepared to live up to it. While Mr. Hanson no doubt had reason to feel aggrieved at reflections cast upon him by Mr. Crockett, he was not justified, as His Honor pointed out, in taking the law in his own hands. Having done this the best thing he can do is how to pay the scolding and look pleasant. The public will not complain if the fast has been heard of this case.

CURRENT COMMENT

"I charge against Mr. Hazen that the office of attorney-general is being used for party purposes and being dragged in the mud for political gain."—Ex-Premier Robinson at St. John last night.

Mr. Hugh Lumsden, chief engineer of the G. T. P. has tendered his resignation to Hon. G. P. Graham, Minister of Railways. It has been known for some time that Mr. Lumsden has found his duties pressing heavily upon him and some time ago he intimated that he would not continue at this post unless his salary was increased, and he was given a leave of absence.

The Liberals of St. John county at a large and enthusiastic convention last evening unanimously nominated Mr. A. F. Bentley, of St. Martins as the party candidate for the vacancy in the Legislature caused by the resignation of Hon. H. A. McKeown. Hon. C. W. Robinson, leader of the opposition, delivered a fighting speech in which he exposed the incompetency of the Hazen administration. The Liberals of the county are in good fighting trim and should have no difficulty in electing Mr. Bentley.

Toronto Globe: The Fredericton Gleazer, which was quite indignant at the criticism of Judge Landry, sees no impropriety in criticizing Sir Francis Langelier. It says: "After all is said and done, Judges, like other men, are only human and are just as likely to be influenced in their decisions by matters of sentiment as anyone else, and to say that their dicta can only be spoken of and commented on with bated breath savors too much of Star Chamber methods to suit the tendencies of the present day." Of course Sir Francis was a Liberal, and in the eyes of the Gleazer that makes all the difference.

THE JULY ROD AND GUN.

"Big Game Shooting in the Yukon Territory," by that veteran sportsman, Mr. C. G. Cowan, opens the exceptionally fine July number of Rod and Gun in Canada, published by W. J. Taylor, Woodstock, Ont. It is clear from the account given that big game is plentiful in the Yukon and provides the sport for those who can afford time and money to travel so far. Mr. Reginald Gourlay predicts a Good Fall for Hares and a consequent relief to the big game of the North from Indian rains. Canadian and American sportsmen should note and govern themselves accordingly. The Bassett Hound for Sport is an article which will interest all dog lovers. These are but samples of a long list in which fishing and hunting topics come in for adequate treatment, while numerous short papers supply variety and enable sportsmen to pick up the magazine at any time, confident of finding much that will give them pleasant reading on topics which appeal to them all the year round even if the force is increased somewhat in the summer weather when the wild is calling in many ways.

Teas may come, and teas may go, but "Salada" goes on slowly, but surely winning its way into the homes of millions of satisfied users.

COW TESTING ASSOCIATIONS.

The proud owner says "this is a high grade Canadian, and this is a pure bred Holstein." The admiring visitor to the cow stable remarks, "what beautiful cows!" The thoughtful student asks "what yield of milk and fat do they give?" The practical man enquires "what does their milk cost?" And the hard business sense of the dairyman leads him to determine cost of production and of milk and fat through the medium of cow testing associations. The high grade may give but a poor weight of milk, the pure bred may test low, while the common grade may possibly be producing milk at the lowest cost. No one knows definitely just what the cost is until some record is kept; milk may cost 92 cents per 100 lbs., fat 25 cents per lb., these cost prices may be up to \$2 per 100 lb milk and 50 cents per pound of fat with some poor cows; or they may be reduced by good economical feeders to 35 cents per 100 and 10 cents per lb.

This all goes to prove that the careful dairyman, and particularly the average and possibly careless farmer, should take immediate steps to find out what profit each cow brings in. Enormous improvement, and largely increased profits have been made by the men who are sufficiently alive to their own interests to weigh and sample each cow's milk regularly and keep a record of feed consumed. Blank forms for milk and feed records are supplied free on application to the Dairy Commissioner, Ottawa. A good record for this month from a herd of 18 cows is an average of 1020 lbs milk, 3.9 test, 39 lbs fat. One grade in the herd gave 1330 lbs milk testing 4.0 per cent. fat.

PURSE FOR PASTOR CRISP.

A pleasant reception was tendered Rev. Jas. Crisp last evening by the members of Zion church in their school room. Mr. Crisp is just entering the fourth year of his pastorate, and the congregation wished to extend a slight token of their appreciation of his services. During the evening Hon. D. J. Purdy presented him with an address, accompanied by a purse of gold, to which Mr. Crisp responded in a most fitting manner.—Sun.

A BRIGHT PUPIL.

Miss Gladys Kitchen, daughter of Mr. Willard Kitchen, made a splendid showing at the recent examination for entrance to the Fredericton High school. She led the entire list of eighty-five candidates, and won the silver medal offered by Lieutenant Tweedie. She is being heartily congratulated by her friends on her great success.

TO BE BANQUETTED.

The friends of Dr. J. R. Inch, who is to retire from the position of Chief Superintendent of Education tomorrow, will tender him a complimentary banquet at the Queen Hotel on Friday evening. Governor Tweedie will preside and covers will be laid for about fifty guests. A committee composed of Judge Wilson, R. B. Wallace and John J. Weddall, are looking after the arrangements.

The heaviest rainstorm of the season set in late last night and continued until nine o'clock this morning. It was a steady downpour and will be of great benefit to growing crops throughout the country. It will also facilitate driving operations along the river.

SEALED TENDERS

addressed to the undersigned, and endorsed "Tender for Extension of Wharf at Moncton, N. B.," will be received at this office until 4.30 P.M., on Thursday, July 22, 1909, for the construction of an extension to the wharf at Moncton, Westmorland County, N. B. Plans, specifications and form of contract may be seen and forms of tender obtained at this Department and at the offices of E. T. P. Shewen, Esq., Resident Engineer, St. John, N. B.; Geoffrey Stead, Esq., Resident Engineer, Chatham, N. B., and on application to the Postmaster at Moncton, N. B.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, with their occupations, and places of residence. In case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

An accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, for two thousand one hundred dollars (\$2,100.00) must accompany each tender. The cheque will be forfeited if the party tendering declines the contract or fails to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order, NAPOLEON TESSIER, Secretary, Department of Public Works, Ottawa, June 23, 1909.

Before and After

When this contrast is applied to a suit that has passed through our hands the wonderful difference is immediately seen. The mused and wrinkled suit assumes a new and stylish shape, and every spot and stain disappears as if by magic. But the "magic" is merely our superior facilities for cleaning and pressing in the modern way—the most satisfactory way to our patrons.
