## LOCAL NEWS.

WANTED.—A good traveling agent. Apply at this office.

FAST TIME.—J. P. Morris trotted in 2.21½ at Mystic Park.

THE RIVER.—The water in the river is falling rapidly.

DECLARATION DAY.—To-morrow is Declaration day for both elections.

THE STREETS.—Roadmaster Casey had his street brigade at work on Regent street on Saturday.

SUPREME COURT.—It is expected that the St. John Scott Act election case will be argued to-day.

THE UNIVERSITY.—Oral examinations to-day, Degree examinations to-morrow and Wednesday, Encenia on Thursday.

MADAWASKA.—A private despatch from Edmundston says that a recount in one of the parishes gives Mr. Theriault a majority.

ST. ANN'S ROWING CLUB.—This Club has added a pleasure-boat to their stock, and expect another one next week from St. John.

COAL.—John Richards & Son will receive a cargo of coal to-day. They are having their office painted and otherwise renovated.

NEW GRATING.—The new grating and goosenecks needed for the proper drainage of the basement of the City Hall were put in on Saturday.

NEW APPOINTMENT.—H. B. Rainsford has been appointed Deputy Clerk of the Crown, vice E. L. Wetmore, Q. C., M. P. P., who has resigned.

NISI PRIUS SITTINGS.—The Nisi Prius Sittings will be adjourned from Tuesday until the 24th prox. No cases will be tried until the last named day.

WHAT STRUCK HIM?—The Capital man wants to know "what has struck him." We don't know, but he will think before long that it is a thunderbolt.

A HANDSOME FRONT.—The plate glass windows in J. McDonald's up-town store are a very great improvement. Mr. McDonald's enterprise in opening this branch is highly appreciated by the ladies in their day excursions to the "Sweet buy and buy."

CAPSIZED.—One day last week two members of the Freshman class of the University were out canoeing, and for some cause or other the canoe suddenly capsized. It happened to occur on the Nashwaak, so that they swam ashore without any trouble. Not long since a Methodist minister of this city was upset out of a canoe about the same place.

UP-RIVER COURTS.—To-day week Judge Steadman will leave for Andover to hold County Court, in the absence of Judge Stevens, who is in England. The Court meets to-morrow, but will be adjourned over until Thursday week, when it is expected that the Madawaska Court will be concluded. Judge Watters will take the last named Court. Judge Steadman will preside at the Carleton County Court on the second Tuesday in July.

MRS. M. E. CARLETON, a well-known Artist, residing in Boston, Mass., will spend the Summer months in Marysville, and if a sufficient number of pupils will organize a class to begin upon her arrival, will give instruction in Oil Painting, both Landscape and Flowers, and also China Decoration. Mrs. C. studied under the best English and Boston Artists, and is a teacher of much experience. During a residence of a few years in St. John she had charge of the Art Department at Mrs. Crane's School in that city, and also a class in the Government Building, in Fredericton. For particulars enquire at this office. Mrs. Carleton will arrive in this city probably next week.—4 6ins.

To the Editor of the Herald:—

Sir,—What do you think of the Tax Collector taking his list to the poll booth and using it as a means of getting votes? Well, that is the way they did it out here. When people would complain their taxes were too high the answer would be, "A word will fix it; vote for Fraser and I will receipt your bill." Of course the County don't lose anything; but it seems to me that it is a queer way to use the county tax list, don't you?

VOTER.

New Maryland, 23rd June, 1882.  
Such a course is not only unjustifiable, but is unprecedented. If our correspondent was not a reliable man we should hesitate about publishing his letter; but as it is we think it a duty to make the matter public.—Ed. HERALD.

ST. PAUL'S.—The Rev. Mr. Macdonnell preached an impressive sermon in St. Paul's Church yesterday morning from the text—"I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service."—Rom. xii. 1. As we hope to publish the sermon in *extenso* next Saturday we shall not attempt to summarize it to-day. Many of our readers who have heard of Mr. Macdonnell would perhaps like to know something about his style of preaching. It may be described as simple, yet logical and forcible. His delivery is nervous, with a marked hesitancy in his utterance which, whether unavoidable or assumed, adds a great deal to the force of what he says. He shows in his method of handling his subject a thorough knowledge of his theme, and impressed his listeners with the idea that he is well grounded in the matter of education. There was nothing ornate about his discourse yesterday; but it abounded in noble thoughts of great practical value.

## The Scott Act.

Saturday afternoon being remarkably warm and the Police Magistrate's office being remarkably cool, a HERALD representative found himself induced by mingled motives of curiosity and comfort, to go in search of the Police Magistrate and interrogate him about the Scott Act. He found the P. M. busy at his desk, making out one of those frightfully long documents which the law prescribes to be used in summary convictions, and two of the policemen were on hand evidently full of business.

After the usual salutations and as few as energetic remarks on the state of the weather as the temperature would admit of, the HERALD representative said:

"I suppose you will proceed at once to enforce all convictions under the Scott Act?"

P. M.—Yes; we have already been at work."

H. R.—"Did you have many cases on hand waiting for the decision in England?"

P. M.—"Several. Eight I think altogether, not counting those which are before the Court."

H. R.—"How many are there before the Supreme Court?"

P. M.—"I do not know, and cannot tell without hunting over the records which would take some time?"

H. R.—"When can you get the cases out of the Supreme Court?"

P. M.—"Certainly not before Michaelmas Term, that is October next. You see the time between the receipt of the news, that is Thursday night, and to day the last common motion in this term was too short to allow of a search of the records and the preparation of the affidavits necessary to move the Court to have the rules discharged."

H. R.—"You think then that the fines will be collected in some of the cases now before the Court?"

P. M.—"Yes, in most of them, or else the parties accused will be imprisoned."

H. R.—"You say you have been at work already. What has been done?"

P. M.—"Well the police have arrested Joseph Ashe who was convicted of a first offence. He went to jail for fifty days, being without the necessary amount of funds. David Gillespie has just paid \$50 being the amount of his fine for a first offence, and I am expecting George Lee in every moment to pay \$100 for his daughter, Mrs. Linforth. If he does not come she will be arrested. Martin has also paid \$50."

H. R.—"Anything to report in the three cases?"

P. M.—"No; it is just as well not always to tell what we are going to do."

H. R.—"Have you any new complaints?"

P. M.—"We have a private complaint to-day against George Colwell for a first offence."

H. R.—"Do you observe any difference in the appearance of the streets since the news from England came?"

P. M.—"Well, it is not fair to judge of the enforcement of the law by the events of the last week. A great deal of liquor was given away at election time; but I have reason to believe that the persons who have been selling are alarmed and are closing up their places."

H. R.—"How do your new policemen get along?"

P. M.—"Very well, indeed."

H. R.—"Do you think they can enforce the law?"

P. M.—"They can if they receive the co-operation of the citizens. It is hard for them to do the work all alone; but they will do their best, and if they get help from the public will be able practically to stop the sale."

SUPREME COURT.—Ex parte Parks—Mr. Jordan moves for a rule nisi to quash conviction under the Canada Temperance Act. Rule granted.

Ex parte Sweeney, and ex parte Francis Custance, similar rules were granted on Mr. Jordan's application. These are cases in which rules were granted some time ago to bring up the proceedings, and they will be quashed because the jurisdiction of the Justice was not proved.

Snowball vs. Muirhead. Mr. Jordan moves for a rule to remove taxation of costs. Rule granted.

Ex parte Corbin—Mr. Lugin moves for a rule nisi to quash conviction. Rule granted.

Doe on the demise of the N B & NS Land Co. vs. Taylor et al. Mr. Jordan moves for judgment. Withdrawn.

White vs. Harvey.—Mr. Gregory moves for attachment. Withdrawn.

POLICE COURT.—Howard Nichol, one of the parties who escaped from the Police Station a few days ago, delivered himself up. He paid \$5 as fine for being drunk and \$17 for repairs on Police Station. George Duncan, one of the second lot that escaped, also gave himself up. He was fined \$5 for drunkenness and \$7.50 for repairs on the station.

The decision on the Canada Temperance Act has stirred up affairs in the whiskey circles. The policemen are now looking after the fines that have laid over, pending this decision. Already two parties have been committed to jail.

CHANGE OF TIME TABLE.—On and after Monday next the following time table will be adopted on the Fredericton Railway:—Through express to St John leaves here at 7 a. m., arriving at 9.50 a. m. The Western train leaves here at 10 a. m., to connect with the 9 o'clock train from St John. The Fredericton train leaves the Junction at 11.25, after connecting with the train from St John, arriving at 12.25 p. m. At 1.40 p. m. a train leaves for St John, arriving at 4.55 p. m. The Western train arrives here at 4 p. m. and the St John evening express at 7.10.

## CANADIAN NEWS.

Regular trains are now run on the Manitoba South-western Railway.

The King's County Teachers' Institute meets at Hampton Station on July 6th and 7th.

Portage la Prairie has had a genuine sensation in the way of a suicide of an unfortunate girl.

A mountain of yellow ochre has been found near the Lake Superior terminus of the C. P. Railway.

The Albert Railway bonds, which were put on the English market by the Maritime Bank, are meeting with a rapid sale.

In thirty-three of the seats gained by the Government at the late elections, the majorities are less than 150.

The Bellville school trustees granted the pupils a half holiday to hear Sir John Orate, but refused to let them go to hear Blake.

Sir John Macdonald, it is said, has decided to sit for Lennox, and a rumor says that Sir Alex. Galt will run for the vacant seat in Carleton, Ont.

A recount of the vote in Brockville, Ont., will give the seat to Comstock, a Liberal, it is said. Wood who was returned as elected had only a majority of five.

Hon. W. B. Beveridge, M. L. O., has gone West. He contemplates making a permanent residence there, but has not yet decided just when he will leave.

In the case of the Bank of New Brunswick vs. McLeod, assignee of DeVeber, Judgment has been given by the Privy Council in favor of the defendant. The amount involved is \$46,000, which will go to the benefit of the creditors in general, instead of being absorbed by the Bank.

Pembina, West Lynn, St. Vincent and Emmerson are four towns situated on the international boundary. Pembina is in Dakota and St. Vincent in Minnesota, West Lynn and Emmerson in Manitoba. The towns adjoin each other, have a united population of five thousand and are growing fast.

It is said that the Dundas Cotton Mills will shut down in about two weeks for a period of three months, ostensibly to clean the machinery. During this time the operatives will be thrown upon their own resources. The mills are now filling September orders, and it is probable the term of enforced idleness will be extended to five months.

A Mississippi girl was eloping with the man of her choice, and reached a flag station on the Ohio and Mississippi Railroad, with the old man in full pursuit. The train came apace, but there was no flag with which to signal it, and the heroic maid stepped out of her red petticoat, stopped the train, and the pair got on board just in time to pull out as the irate father sailed into sight.

Mr. James J. Anslow, Newcastle, N. B., writes: "Mrs Anslow was troubled with Lung Disease, and until she took Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda had little or no appetite; but after taking a bottle, or two she gained appetite and had a relish for her food, which was quite a help to her in keeping up against the disease. As we are out of yours, and cannot procure any here she is taking another Emulsion; but as we prefer your preparation to any in the market, will you kindly ship me some at once and oblige."

Mr. R. A. Harrison, Chemist and Druggist, Dunnville, Ont., writes: "I can with confidence recommend Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure for Dyspepsia, Impure Blood, Pimples on the Face, Biliousness and Constipation—such cases having come under my personal observation."

Mr. Peter Vermett, Hochelaga, P. Q., writes: "Dr. Thomas' Electric Oil cured me of Rheumatism after I tried many medicines to no purpose. It is a good medicine. Just think of it—you can relieve the twinges of rheumatism, or the most painful attack of neuralgia—you can check a cough, and heal broken skin, with a bottle of Dr. Thomas' Electric Oil, costing only 25 cents."

If any of the readers of this paper are growing deaf, let them get at once a bottle of Johnson's Anodyne Liniment. Rub well behind the ears and put a little into the ear with a feather.

It would seem that the commonest kind of common sense ought to prevent a man from buying trash, simply because he can get a big pack for 25 cents. Sheridan's Cavalry Condition Powders are strictly pure, and are worth a barrel of such stuff.

# NOTICE TO BUILDERS.

TENDERS are invited for the erection of a Stone Church in Fredericton, until the 30th of June inst., at 4 o'clock, p. m., as follows:

For the excavation, stone work and roof, to be completed by the 1st November next, and for the inside and all other parts of the work, to be completed on or before the 30th of September, 1883. Tenders will be received for the excavation, stone work and roof, and for the inside and other work separately or in one tender.
