

THE DAILY HERALD.

HARLES H. LUGGIN, EDITOR AND PROPRIETOR.
FREDERICTON, N. B., JULY 18, 1882.

IGNORING THE REPRESENTATIVES.

If we understand the discussion which is going on in the St. John papers, Mr. Colter, in administering the Public Works Department in St. John County, appears to ignore the members from that county, the reason being, we presume, that they are in opposition to the Government. If Mr. Colter is doing this, he is only putting in practice the lesson he learned during the four years in which he was a humble follower of Mr. Fraser; but against such a course it is the duty of every person, who has any respect for the constitutional rights of the people, to raise their loudest protest. In taking the position that the members from a county should be consulted whatever their political opinion may be, with reference to expenditures within their constituency, the Opposition press stand upon ground which cannot be shaken; and in view of the fact that in a few months the party, whose opinions these journals represent, will be in power, it is satisfactory to know that such opinions are entertained by the majority of the peoples' representatives. The doctrine that a member of the Assembly, and the people whom he represents, have no rights unless he supports the Government, is simply monstrous, yet it has been propounded on the hustings and practiced by the public departments. Indeed, we are safe in saying that but for its application to York County the present Chief Commissioner of Public Works would not have been able to secure his re-election.

THAT SNUBBING.

It seems to be taken for granted that the Canadian Parliament received a pretty severe snubbing from the Imperial authorities ament the Irish resolutions; but as the substance of the despatch on the subject is kept locked in the breast of the ministry we can only guess at its contents. The conduct of the Canadian authorities is said to meet with the "emphatic disapproval" of the home government. Really we are in a sad state in this Canada of ours. All Liberals are, according to the Tories, rebels and haters of British connection, and now we find that the Tories themselves, who take all the credit of the Irish resolutions, have merited the "emphatic disapproval" of some Downing street official, who for the present can pen his letters on official paper. It is very sad indeed. You may search through Canada and you will find no one loyal, no not one; at which awful fact we stand appalled. Nevertheless the crops will continue to ripen and the spruce log market will remain much the same.

MR. KELLY'S SEAT IN THE COUNCIL.
The World appears to think it can settle the question, about Mr. Kelly's seat in the Legislative Council, by saying that he has gone to reside in Ontario. True the law says that the seat becomes vacant when the Legislative Council ceases to reside in the Province; but the same law also says that the Legislative Council alone is to decide when a vacancy has taken place for such a reason.

NOTES AND NOTIONS.

—It would be a graceful act for the Dominion authorities to send the "Charlydis" to guard the Suez canal. She never would get back again.

—Speaking of the Costigan manifesto to Charlott County, the Ottawa Free Press says:—

We are at a loss which to admire most—the loftiness of the appeal, the purity of the diction, or the stupendous impertinence of the man who could conceive and write so insulting an epistle.

—Mr. Hanington is spoken of as the probable successor of the late Mr. Seely as President of the Legislative Council. He is perhaps as well qualified by legislative experience for the position as any member of the Council.

The St. John Opera House Company has filed a memorandum of incorporation. The shares are put at \$20 and the capital stock at \$50,000.

Jenima Lorne, a colored girl, endeavored to commit suicide in St. John on Saturday by jumping in the harbor. Two boys rescued her. She appearing to be insane, and has recently been leading an abandoned life.

On Sydney street, St. John, on Sunday night a man named McCarthy asked another named McKay what time it was. McKay took out his watch; McCarthy snatched it, knocked McKay down and ran away. He was afterwards arrested.

WAR IN EGYPT.

July 15.—The Dragomans of the six powers, presented an identical note to the Porte in writing inviting Turkey to send troops to Egypt.

The Observer says the torpedo boats at Devonport have been ordered to prepare for sea. It is believed they will be used for patrolling the Suez Canal. It is intended to send to Egypt the reserve squadron under the Duke of Edinburgh.

It is reported that Arabi Pasha is awaiting reinforcements from Cairo. Firing was heard outside of the town during the night. All the available marines and sailors were sent to the front last evening in the expectation that Arabi Pasha would attempt to enter the city. It is rumored that fighting occurred at three this a. m. outside the gates. The night passed quietly. Orders have been given to send all marauders to head quarters with a written statement of their cases to be flogged. Incendiaries will continue to be shot. Five rebel soldiers captured by the Khedive and will be shot by the loyal Egyptian troops to-day.

The Khedive has dismissed Arabi Pasha from the ministry of war. The fire continues. Whole families of Europeans disappeared. It is believed they were thrown into the flames.

The conditions of the Turkish intervention in Egypt are understood to be as follows: The occupation of Egypt is to be limited to three months, at the expiration of which time the Khedive can demand a prolongation; the cost is to be defrayed by Egypt. No European commissioners are to accompany the Turkish troops. It is believed the Porte will refuse to despatch an expedition. Sandison, Secretary of the British Legation, visited the Porte on Saturday for the first time since the bombardment of Alexandria. He was cordially received.

Word has been received from Alexandria to the effect that Arabi Pasha is still at Rafid war. His force consists of four regiments of infantry, 1,500 irregular troops and one regiment of cavalry with 800 horses, 36 Krupp guns and 12 mitrailleuses. The British have cut the Cairo canal near Lake Mareotis. The Khedive has summoned Arabi Pasha to Alexandria, threatening to treat him as a rebel if he disobeys. Advices from Cairo indicate that everything is quiet there.

A correspondent writing from Alexandria to the Daily News says an engagement between the English and the troops of Arabi is imminent. The English sailors to-day flogged the Arabs guilty of arson, rape and pillage. Five men were publically shot, four for murder and one as a spy. Hundreds of persons are homeless and starving.

The Porte has requested the Ambassadors to attend the Conference to night, the Sultan presiding. The German agent at Cairo telegraphed on the 13th inst. that the city was quiet, and he believed that Arabi Pasha was organising resistance near Alexandria.

ALEXANDRIA, July 17.—On Saturday night in consequence of the reports of an intended attack by Arabi Pasha, Capt. Fisher had mines sunk in front of the gates, doing the work in ostentatious way in order to insure the fact reaching Arabi. Late at night all the posts on the fortifications were strongly reinforced. A Colonel and Lieutenant, deserters from Arabi's army have arrived here. The officers say it is Arabi's intention to cut the fresh water canal which supplies the town. Arabi telegraphed yesterday the Khedive offering to come in with his army to subdue the fire caused by the English guns. Lord Beresford has in consequence of the rumor of Arabi's threat to cut the canal given orders for the filling of all tanks and cisterns.

It is stated that a Pasha is marching on Port Said with fifteen hundred men, and that a large force of Bedouins is apparently following them.

The road to Cario is blocked. The Khedive believes that the people of Cario will not permit Arabi to loot that city.

We understand that a considerable number of shares of the Maritime Bank have changed hands since the disposal of the Albert Railway bonds, the sale of which was lately announced in our columns. As the purchasers are men of means and influence likely to strengthen the proprietary and thus bring at once increased business, and increased confidence in the bank this sale is considered a desirable thing in the Bank's interest. The price is said to have been \$50 per share. Besides the shares taken up in this city, some have been bought by Sackville and Fredericton capitalists. The Bank has decided to open a branch in Fredericton at once, probably on Monday first, indeed, no doubt, to do so by the fact not only that the shareholders there have solicited this but guaranteed to give the

Bank business and make the branch profitable and successful. The banks appear to be opening agencies all over the Province. We trust this step on the part of one of our own Province banks will meet with success.—Globe.

A new dredge for St. John harbor service was launched from J. F. Olive's shipyard on Saturday.

QUEEN STREET PAVEMENT.—The work of laying the Queen street pavement will probably begin to-day.
