The Liberal Candidate

FOR HOUSE OF COMMONS:

John Pickard.

LIBERAL HEADQUARTERS.

The Headquarters of the LIBERAL COMMITTEE is at Mr. Myhrall's Office, next to the Queen Hotel, The Room will be open all day and every evening, and friends of Mr. Pickard either from the town or country INVITED TO CALL.

A DISHONEST CANVASS.

John James Fraser is a lawyer. He has been Attorney General. He is running an election to try and earn a judgeship. He is supposed to have some knowledge of law, and he prides himself upon being a sort of moral phenomenon. Yet in his canvass he is making use of an argument which is contrary both to common law and common honesty. He might be excused for yielding to temptation and going back upon his best friend and his whole record; but for an aspirant to a judicial position to stultify himself on a question involving a knowledge of the constitution of his country and of the difference between right and wrong, is a melancholy spectacle indeed. He has openly declared wherever he has gone that the Government of Canada exercises its functions, not in trust for the benefit of the people at large, but for the aggrandizement of their supporters; and he has declared it to be eminently right and proper that a constituency which does not happen to be in accord with the ruling party has no rights which the majority are bound to respect. This doctrine, we say, is utterly at variance with the principles of responsible government, and as repugnant to the law of honesty as are the excuses which the brigands of Italy give for plundering their victims. This matter surpasses in its importance all the other questions involved in the election. If it is once admitted by the people that the money which is paid in taxes may be used by the party in power solely for the benefit of those who support them, and that such a use of it is legal and constitutional, and Mr. Fraser claims this to be the case, a constitutional government, responsible to the electors, becomes a thing of the past; an oligarchy takes the place of the electorate; and the country steps back two centuries in its progress towards pure democracy and perfect freedom. We must admit that Mr. Fraser has not had the temerity to advance this outrageous doctrine in Fredericton. He has indeed steered clear of a city audience altogether; but he has gone into the country districts and there propounded it. He advocates nothing less than the perpetual disfranchisement of the minority. If he were in power all men who did not give assent to the ideas which he advocated would lose all their rights, but that of paying taxes. If a public work is proposed in any locality the question which he would ask would not be, is it necessary? but do the people in that locality support me? He would have justified the Government if they had refused to carry out Mr. Mackenzie's plans for building the city post office, because between the time the plans were made and the work begun the Government had changed, and York's representative from being a supporter of the administration became an opponent of it. According to him, Mr. Pickard had no right to have a single post office established in the county during the last four years. According to his doctrine, if on Tuesday next he is elected, and the Liberals carry the Dominion, York County for the next five years will not have the right to have a single dollar of public money expended within her boundaries, and he as her representative can with justice be contemptuously ignored by Mr. Blake and his ministry. Against this monstrous doctrine we utter our strongest protest; and we call upon every elector to place on record his condemnation. This canvass made so boldly by Mr. Fraser is Toryism run mad. It was for doing less than this doctrine justifies that the subjects of Charles I., with a sublime indifference to all formerly received acceptance of the term, adjudged him guilty of high treason; and we unhesitatingly impeach John James Fraser of advocating High Treason against the Province which has trusted him so long and the people whom he is seeking to represent. Represent, did we

say? The word is a misnomer if such doctrines as he propounds are to prevail. There can be no representation of a constituency which only receives its share of the public expenditure by the favor of the Government and as a reward for servile support.

TO-MORROW'S VOTE.

In voting to-morrow remember that upon your vote may depend most important interests. A single vote may decide an election and may oust a Government. We do not fear that in the County of York there will be such a close contest, but every man should vote as though upon him the future of the country depended. If the Tories succeed Canada will be handed over to a school of politicians who have reduced corruption to a science:

Made contract brokerage an institution:
Heaped taxes upon the people:
Spent millions in maintaining useless state and departmental machinery:
Given millions to a foreign Syndicate.

A school of politicians which prides itself that it has escaped condemnation for the attempted sale of the country to Sir Hugh Allan.

A party led by a Tory of Tories, who is devoting his great energy and influence to establish in Canada an aristocracy, with all the evils following class distinctions and landlordism.

We look for a victory to-morrow for the Liberals; but if they fail, then the fate of Canada is an unhappy one. The people will for long years be at the mercy of the monopolists.

The farmer will be taxed more heavily. The mechanic will be distressed. The laborer will be ground to the earth.

High as the taxes of the people are now, they will be increased. The Ministers have declared this to be their policy. If \$5,000,000 a year too much is not enough for this young and struggling country to pay, then vote for the Tory candidates and the five millions will soon swell to ten. For these men are bound to tax the people.

They have sold themselves to the monopolists for money with which to buy another lease of power, and if they obtain it, you, the people of Canada, will have to pay to the monopolists one hundred fold the price which they have given for the administration.

The conflict is from freedom from the tyranny of a rich oligarchy, for Provincial rights, for fair play to all industries.

Let the people rally. The cause is their own. The Liberal candidates are their champions.

THURSDAY'S CONTEST.

There is no mistaking the strength of the feeling against the Local Government. The ridiculous combination of which Mr. Hanington is the leader is bound to fall to pieces. From every side we hear that it commands no respect or confidence. Why should it command respect? Mr. Hanington said it was a Westmorland Government.

Mr. Colter on the hustings referred to this and did not deny it.

It has not a strong man in its ranks. It has not a supporter who possesses any large influence.

It is rank Tory in its composition. It is the tool of the Ottawa Government.

It is committed to a policy of extravagance.

It has a record of broken pledges. It has plunged the country in debt. It has wasted the resources of the country.

The members who now control the Executive gained their seats by political treachery.

The local patronage of York will be controlled by the clique of which Julius L. Inches is director, if the Government is sustained.

The canvass which is being made for Mr. Wetmore is that he must be elected to speak for Mr. Colter, and that if Mr. McLeod is defeated Mr. Wetmore will be Attorney General and Mr. Colter will have to step out.

It is time to make the clique who rule this country know that they do not own it.

It is time to clear out the men who have an interest in covering up all the wrongs and scandals which a long lease of power has produced.

It is time to learn where the Province is in financial matters.

It is time to assert our right to govern ourselves and our freedom from the Ottawa Tories.

York County will certainly return Messrs. Blair and Thompson; Sunbury will send Messrs. Sterling and Glasier, and Queens will send Messrs. Hetherington and Palmer.

With this representation the interests of the river Counties will be safe when the new Government is formed.

GIVE THE OPPOSITION CANDIDATES A GRAND MAJORITY.

TO THE ELECTORS OF THE County of York.

GENTLEMEN:

In a few days you will be called upon to elect a person to represent you in the House of Commons. This call has been or will be made one year before the allotted time for the present Parliament to expire. The reasons for it have been kept secret in the breasts of the Government. We will have to judge for ourselves the cause. We will have to deal with the facts just as we find them. I have been solicited again to come forward as a Candidate by a large number of the Electors of the County. Among them I find the rich and the poor. I accept the call of the men of York, and shall appear before you as a Candidate.

I have been honored by your electing me to represent you in Parliament for the last fourteen years, and have endeavored to discharge the duties devolving upon me as your representative in a way that I believed to be for the best interests of the Dominion, and especially of my own County and Province.

During the years I have served you I have been ready at all times to submit my votes in Parliament to the closest examination; but the Tory press of the County has never ventured to attack my votes, but has resorted to violent personal abuse. I know this abuse cannot injure me where the editors and proprietors of these papers are known to me.

True, in Sir John's time, I voted against the building of the Pacific Railroad from ocean to ocean, if it had to include Vancouver Island.

True I voted against the Mackenzie Government when it proposed to carry out the same scheme.

True I proposed the Sir Hugh Allan Pacific Scandal Scheme.

True I voted against the so-called National Policy, which takes the property of one man and gives it to another, giving no value in return, called Protection: Spoilation would be the proper term.

True I voted against the present Government giving a contract to a Syndicate to build the Pacific Railroad, or rather to finish a portion of said road, after the Government had expended over \$50,000,000 on the same, thus creating a gigantic monopoly, by giving to the Syndicate the whole carrying trade of the Northwest and affecting thereby the whole Eastern portion of the Dominion.

True I voted to have the contract opened to competition, offering the terms given to the Syndicate, minus the monopolies.

True I voted to have the whole scheme submitted to you, the people, before accepting the contract or ratifying the same.

True I voted against the Government giving away \$200,000 of the people's money to A. Onderdonk & Co.

True I voted to have the duties taken off flour, meal and coal.

True I voted to reduce the duties on cotton and woollen goods for the benefit of the working class.

True I voted to reduce the duties on iron.

True I voted against that last villainous act of the Government, by which they attempted to annihilate seven of the leading Liberals of Canada under the pretence of equalizing the population of the different electoral districts. A baser fraud, I venture to say, never was undertaken in a free Parliament—a deadly blow at Responsible Government.

I invite the freest criticism of these votes.

The Tory press affirms that York does not get its share of public money, and gives as a reason that your representative opposes the Government. If this be true, is there a man so lost to all that is manly or honorable as to excuse a Government, be it Liberal or Tory, for such an act of injustice. I cannot believe that such a man can be found in York County.

The votes given above are a few of my reasons for not supporting the present Government, and I wish before closing to say if my reasons satisfy you as to my course in Parliament, I again ask your support.

Thanking you for past favors, if elected I will pursue the course I have heretofore—deal with measures presented to Parliament, and not with the men who compose the Government. The time before the election will be too short to see you all personally at your homes, but some of my friends will call, if possible, at places that I will not be able to visit.

Your obedient servant,

JOHN PICKARD.
