

THE DAILY HERALD.

CHARLES H. LUGRIN, EDITOR AND PROPRIETOR.

FREDERICTON, N. B., JUNE 5, 1882.

The Liberal Candidate

FOR HOUSE OF COMMONS:

John Pickard.

LIBERAL HEADQUARTERS.

The Headquarters of the LIBERAL COMMITTEE is at Mr. Myhrall's Office, next to the Queen Hotel. The Room will be open all day and every evening, and friends of Mr. Pickard either from the town or country INVITED TO CALL.

The Rallying Cry.

We were satisfied that the first time Mr. Premier Hanington opened his mouth "he would put his foot in it," and so it has transpired. He made a speech to his constituents the other day, which kept them, or rather such of them as remained to hear him, up until after midnight, and in the course of his remarks called upon the people to rally to the support of the local government because "Westmorland had the preponderating influence in the Executive." The Premier has thus given his supporters their rallying cry; and we hope to see inscribed over every polling booth in the Province, "Vote for the Government in which Westmorland has the preponderating influence." Messrs. Colter, Estabrooks and Wetmore have felt the need of a good election cry. They have it now. "Vote for the Government of the Province by Westmorland." They have pledged themselves in advance to support a man as premier, about whose future course they were as ignorant as unborn babes; and now that he has set the tune they must, if they would be true to their pledges, join in the chorus. Thus we will have the music of the campaign somewhat in this style.

The Premier—"Vote for my ticket and a government of the Province by Westmorland."

Messrs. Colter, Estabrooks and Wetmore, in chorus—"Westmorland."

In days gone by the various counties were content with an equal influence in the Executive of the Province. To-day Westmorland has, and the Premier claims it as its right to have a "preponderating influence." We call upon the electors to vote down a government the Premier of which basis his claim to support upon grounds so utterly at variance with political decency. Will the electors of York rally to the support of men pledged to sustain a "Westmorland" government? Why if the tide should sweep up the bay some day and wipe Westmorland out of existence there are thousands of people in the Province who would never miss it. We admit it is a fine and a prosperous country; but it is essentially local in all its connexions and ideas, and should never have more than one seat in the Executive. To-day it has the preponderating influence, and the Premier boasts of it. We do not deny the truth of this boast; and if we have not already referred to it, the reason was that we did not desire to appear to take any sectional view of the matter. But we are forced to refer to it now; and the electors of York are compelled to give a verdict upon it. In political campaigns it is the invariable rule for the Premier to sound the keynote of his policy when he addresses the people, and if his government is sustained at the polls, that policy is presumed to be endorsed. Mr. Hanington has followed the usual course. He asserts his policy to be the government of New Brunswick by Westmorland influence. If the elections result in his favor, he can claim with propriety that the electorate has declared itself favorable to Westmorland domination.

Will York be content to be ruled by Westmorland? If so, let the people return the candidates pledged to support the local government.

Will Sunbury, which has always had some standing in the councils of the Province, determine to strengthen the hands of the Westmorland dictators? Then let them support Messrs. Perley and White. (We believe Mr. White is a candidate.)

Will Queen's assist in maintaining the claims of Westmorland to a preponderating influence? Then let her electors vote for the nominees of the Tory convention.

Will the people of the Province generally determine to submit to be ruled by

one county? Then they can have their by sending representatives to sustain the premier who claims this right for his county.

Mr. Hanington's position in Westmorland must be desperate indeed when he feels compelled to resort to such a canvass as this, but as he has done so, the people in the other counties must tell him plainly, by their votes, that the only Executive they will tolerate is one so constituted that every section of the Province is equally represented in it.

THAT JUDGESHIP.

Mr. Fraser has promised at a proper time to clear up all that Judgeship matter. How will he do it? He cannot deny that he wanted the seat made vacant by the death of Judge Fisher. He cannot deny that he was told then that he "must bide his time." He cannot deny that he desired to retire from politics. He cannot deny that he was forced into the field against his old friend by pressure from Ottawa. And he cannot deny that he has been promised either the next vacancy on the bench if the Government stands, or something equally as good if the Government is defeated, as a reward for his candidature. We have said that he cannot deny these things. We do not mean that he cannot try to explain them away, but he cannot deny them squarely. Everybody believes they are true. His staunchest friend used to admit, before his name was connected with the contest, that he was using every legitimate means to get upon the bench. It was an open secret that he wanted to get out of politics, and his friends and opponents would have both been glad to have seen him honorably retired.

But if he is not forced out by Ottawa pressure, why does he come? It is idle for him to say that his friends called him out. They did nothing of the kind. The clique which surrounds him, and which has largely lived upon him and the patronage he controlled, simply seconded the Ottawa pressure. But he had other friends besides those who now are clamoring for him, and first among them was John Pickard, the man without whose influence and friendship John James Fraser would have scarcely been known to-day outside of the circle of his clients. To say that Mr. Fraser has entered the field against Mr. Pickard because he has lost confidence in him, is to state what is absurd. To say that he has done so because he disapproves of Mr. Pickard's course, is nonsense; because he has on every possible occasion heretofore approved of that course. No explanation is possible except that which every one believes is the true one, namely, that his appointment to any office in the gift of the Dominion Government has been made conditional on his running this election.

Without desiring to say anything which may cause the friends of the Liberal party to relax their efforts we may state that the most encouraging reports are received from every section of the County. Everything looks as favorable as can be desired; but at the same time we urge upon the Liberals everywhere to keep hard at work. We will win by a magnificent majority if all do their duty; and that all will we have no doubt whatever. Mr. Pickard's meetings in the upper river Parishes have been of a most triumphant character. Mr. Gregory reports most favorably from Cork, Acton and Harvey. From the Nashwaak we get most encouraging news, and the same is true of Bright, Douglas and Southampton. We look for a grand victory. Let the friends of good government work hard and poll a bigger vote than both the Tory candidates combined.

The Capital has had the meanness to insinuate that Mr. John Pickard has appropriated to an improper use \$400 granted to Robert Sutherland, Jr. We simply state the fact, and ask every man in York County, who knows John Pickard, if they believe that he has ever improperly taken a dollar of money which belonged to Robert Sutherland, Jr., or any one else. And it is well to remember that it is the organ of Mr. Fraser which at the hour charges his life-long friend with dishonesty.

The evening Tory sheet of Saturday only devoted ten articles to the Herald. Why did it stop short of a dozen?

TO THE ELECTORS

OF THE

County of York.

GENTLEMEN:

In a few days you will be called upon to elect a person to represent you in the House of Commons. This call has been or will be made one year before the allotted time for the present Parliament to expire. The reasons for it have been kept secret in the breasts of the Government. We will have to judge for ourselves the cause. We will have to deal with the facts just as we find them. I have been solicited again to come forward as a Candidate by a large number of the Electors of the County. Among them I find the rich and the poor. I accept the call of the men of York, and shall appear before you as a Candidate.

I have been honored by your electing me to represent you in Parliament for the last fourteen years, and have endeavored to discharge the duties devolving upon me as your representative in a way that I believed to be for the best interests of the Dominion, and especially of my own County and Province.

During the years I have served you I have been ready at all times to submit my votes in Parliament to the closest examination; but the Tory press of the County has never ventured to attack my votes, but has resorted to violent personal abuse. I know this abuse cannot injure me where the editors and proprietors of these papers are known.

True, in Sir John's time, I voted against the building of the Pacific Railroad from ocean to ocean, if it had to include Vancouver Island.

True I voted against the Mackenzie Government when it proposed to carry out the same scheme.

True I opposed the Sir Hugh Allan Pacific Scandal Scheme.

True I voted against the so-called National Policy, which takes the property of one man and gives it to another, giving no value in return, called Protection: Spoilation would be the proper term.

True I voted against the present Government giving a contract to a Syndicate to build the Pacific Railroad, or rather to finish a portion of said road, after the Government had expended \$50,000,000 on the same, thus creating a gigantic monopoly, by giving to the Syndicate the whole carrying trade of the Northwest and affecting thereby the whole Eastern portion of the Dominion.

True I voted to have the contract opened to competition, offering the terms given to the Syndicate, minus the monopolies.

True I voted to have the whole scheme submitted to you, the people, before accepting the contract or ratifying the same.

True I voted against the Government giving away \$200,000 of the people's money to A. Onderdonk & Co.

True I voted to have the duties taken off flour, meal and coal.

True I voted to reduce the duties on cotton and woolen goods for the benefit of the working class.

True I voted to reduce the duties on iron.

True I voted against that last villainous act of the Government, by which they attempted to annihilate seven of the leading Liberals of Canada under the pretence of equalizing the population of the different electoral districts. A baser fraud, I venture to say, never was undertaken in a free Parliament—a deadly blow at Responsible Government.

I invite the fullest criticism of these votes.

The Tory press affirms that York does not get its share of public money, and gives as a reason that your representative opposes the Government. If this be true, is there a man so lost to all that is manly or honorable as to excuse a Government, be it Liberal or Tory, for such an act of injustice. I cannot believe that such a man can be found in York County.

The votes given above are a few of my reasons for not supporting the present Government, and I wish before closing to say if my reasons satisfy you as to my course in Parliament, I again ask your support.

Thanking you for past favors, if elected I will pursue the course I have heretofore—deal with measures presented to Parliament, and not with the men who compose the Government. The time before the election will be too short to see you all personally at your homes, but some of my friends will call, if possible, at places that I will not be able to visit.

Your obedient servant,

JOHN PICKARD.
