SPOKE ON CHINA

Rev. James Neave Delivered
An Interesting Missionary
Sermon in Portland Street
Methodist Church Yesterday

An interesting address on missionary
work in China was given by Rev. James
Neave, a returned missionary, in Portland
Methodist church last evening. He
Methodist church last evening. He spoke
at some length on the religion of ancestors
in China, and the various customs and
superstitions attached to it.

Referring to the churches, Mr. Neave
said that in one place in Nova Scotia
there are thirteen churches for 1500 peo-
ple, but in China there are but two
churches for 10,000,000, and in all only
32 missionaries. He spoke also of educa-
tion in China, and said there was danger
of China becoming "Japanized."

He declared the Chinese religion was
superstition, error, ignorance and death.

Frederick Lucas was sworn in a member
of the city police force Saturday morning
and went on duty. The new man stands
five feet eleven inches and weighs 175
pounds.

OBITUARY

Alex. McDonald

Halifax, Nov. 12.—(Special)—Alex. Mc-
Donald, a well known liquor dealer, dropped
dead at his home, 39 Cunard street,
Saturday night. He had been ailing about
three weeks from heart trouble and about
6.30 Saturday took a walk out, returning
home about 8 o'clock. He had just got in
when he sank to the floor and expired. He
leaves a widow and three children.

Mrs. M. S. Hocken

Chatham, N. B., Nov. 12.—(Special)—
Mrs. Michael S. Hocken, died suddenly of
paralysis of the brain on Saturday. She
was apparently in her usual health and
was preparing to go up town when taken
ill and passed away within an hour.
The deceased was a daughter of the late
Arthur Wright, of St. John. Her
mother, brother and Miss Peters, of St.
John, and Richard Hocken, of Moncton,
arrived this morning. The body will be
taken to St. John Tuesday morning for
burial.

William Cotter

William Cotter, one of the best known
residents of the city, died at his residence,
Prince William street, Saturday evening.
His funeral will be at 2.30 o'clock Tues-
day afternoon from the residence of his
son-in-law, F. J. Power, 20 Richmond
street. Mr. Cotter was seventy-eight years
of age and one of the oldest, if not the
oldest, butchers in this city. For years he
conducted a business in Prince William
street. He was burned out during the
great fire of 1877 and then took a stall in
the market, where he carried on a meat
business. He retired about five years ago,
since which time he had taken little part
in active business. He was a native of
Ireland but had lived in St. John prac-
tically all his life. He was of a retiring
disposition and was much esteemed for
his uprightness. Among those who had
business connections with him Mr. Cotter
was looked on as a model of fair dealing.
He had been in the enjoyment of excellent
health for a number of his years till Sat-
urday morning. He was taken at that time
with faintness and seemed to recover, but
towards evening he was taken again and
did not rally.

He is survived by his wife, who was
Miss Margaret Cotter, two sons and two
daughters. The children are Richard J.
of North End, Thomas, at home; Mrs.
F. E. Smith, in Boston, and Mrs. F. J.
Power, of Richmond street.

James Vincent Hogan

The death of James Vincent Hogan oc-
curred at a late hour last night. The de-
ceased, who died at the home of his
brother, Wm. Hogan, 33 Waterloo street,
was 23 years of age and was the son of
John Hogan, of Smithtown, Kings county.
He leaves, besides his father and mother,
three brothers and seven sisters. Two
brothers are William, of Washington (D.
C.) and John and Frank, of this city;
and the sisters are Mrs. Frank Pakulskie,
of Reilly (Me.); Mrs. Michael Connors,
of Carleton county; Mrs. James O'Brien,
of Millford; Mrs. Hugh O'Brien, of Hines-
ville, and Mrs. Senema and Letitia, at
home. Mr. Hogan had been ill but a week.
He was proprietor of a boarding house at
the water works extension at Loch Lo-
mond.

Oliver Legere

Moncton, Nov. 12.—(Special)—The death
occurred at Legere's Corner yesterday af-
ternoon, of Oliver Legere, one of the old-
est residents of that place. Deceased was
more than eighty years of age and is sur-
vived by a widow, three daughters, and
two sons. The sons are Alden and
Senor, farmers of Legere's Corner. Mrs.
Thomas LeBlanc, of Moncton, is a daugh-
ter, and the other daughters live home.
Deceased was highly respected in the
community, where he spent all his life.
Old age was the cause of death.

Miss Idora J. Williams

Moncton, Nov. 12.—(Special)—Miss
Idora J. Williams died suddenly and un-
expectedly here this morning at the home
of her brother, Conductor W. H. Wil-
liams. Miss Williams had been spending
some time with her nephew, W. R. Wil-
liams, at Shediac, but came to Moncton
ten days ago to live with her brother for
a time. She had been ailing with a cold,
but was not considered serious. She was
up around the house yesterday and ap-
peared improved, but this morning she
kept her bed and about 10 o'clock she
expired suddenly.

Deceased was a daughter of the late
Robert Williams, of Carleton, St. John.
She is survived by her mother, living with
her son here, three sisters—Mrs. Yail, of
Boston; Mrs. Adams, Worcester (Mass.);
Mrs. Williston, Halifax. The body will
be taken to St. John Tuesday for inter-
ment.

Mrs. Helen M. Moir

Halifax, Nov. 12.—(Special)—The death
occurred here this morning of Mrs. Helen
Moir, widow, relict of Alex. Moir, aged
86. She leaves three sons and four daugh-
ters—William and Alexander, of W. & A.
Moir, are sons; also seventeen grand and
eleven great-grandchildren.

W. E. Stavert came home Saturday
from Montreal.

A RIGHT WAY and A WRONG WAY

Many people have many ways to bring
about the same result. Most of them are
mistaken ways, but this is not known until
the test of time points plainly to the error.
Practically there are but two ways to ac-
complish anything: a right way and a
wrong way. Take, for instance, a man
with a bad back, there are lots of them,
and of various kinds, some with stitches
and twinges, others with cricks and
twinges; then there's the dull, heavy con-
tinuous kind that lasts all day and doesn't
sleep at night. They're all bad enough,
they're all hard enough to get rid of.
Some people rub the back with liniment,
others cover it with plaster, either or
both means often bring relief, but the pain
comes back—it's the wrong way to cure
the trouble.

DOAN'S KIDNEY PILLS

have a way to cure backache, a way that's
all their own—the right way. They're
made for the kidneys only. When the
kidneys fail in their work of filtering the
blood the back aches because they are sit-
uated in the small of the back; backache is
the kidney's warning of trouble, and every
day you let the warning go it brings you
nearer to urinary disorders, Diabetes,
Bright's Disease, etc.
Doan's Kidney Pills cure every form of
kidney ills and that's why they bring such
quick relief from backache. Mr. Fred
Gray, Good Corner, N.B., writes: "I was
greatly troubled with backache many years.
I procured a box of Doan's Kidney Pills,
and received so much benefit from them
that I consider them the best remedy for
kidney trouble there is. I would not be
without them in my house."
Price 50 cents per box or three boxes for
\$1.25, all dealers or The Doan Kidney Pill
Co., Toronto, Ont.

WAR AMONG ASSYRIANS

Several Arrests Made in the
Assyrian Colony on Satur-
day.

Mrs. John Sullivan, the belle of the
Assyrian colony, was the indirect cause
of a battle royal on Erin street on Sat-
urday.

Mrs. Sullivan left her home some time
ago, and her husband, accompanied by
Charles Thomas, left for the States to
bring the runaway back to her own fireside.
It is understood that Thomas was to have
his travelling expenses paid by Sullivan.
The "dod" was not handed over to Thomas
and the latter had Sullivan placed in jail.
Sullivan had friends, however, in the
brothers Moses, and they secured his re-
lease, a procedure which angered Thomas.
The latter, it is alleged, became so in-
furiated that he delivered a telling blow upon
the anatomy of Salem Moses, who is
blind. George Moses, however, was near
at hand at the time of the alleged assault
and an encounter between him and
Thomas ensued. After a little skirmish-
ing about the different yards in the
Syrian colony the battle became general,
and stones, clubs and implements of dif-
ferent kinds came into play.

The residents of that vicinity becom-
ing alarmed, telephoned for the police,
and Sergeant Caples, assisted by Officers
Rankine and Perry, arrested Charles
Thomas, Salem, Louis and George Moses.
When Thomas was arrested he claimed
to be the victim of a general assault, and
as a result of his charges Lewis Simon,
Mary Salem and Annie Randon were
placed behind the bars.

THEORIES ABOUT FOOD

Also a Few Facts on the Same Subject.

We hear much nowadays about health
foods and hygienic living, about vegetar-
ianism, and many other fads along the
same line.

Restaurants may be found in the larger
cities where no meat, poultry or coffee is
served and the food crumb is in his glory,
and arguments and theories galore ad-
vanced to prove that meat was never in-
vented for human stomachs, and almost
made believe that our sturdy ancestors
who lived four-score years in robust
health on roast beef, pork and mutton
must have been grossly ignorant of the
laws of health.

Our forefathers had other things to do
than formulate theories about the food
they ate. A warm welcome was extended
to any kind, from bacon to acorns.
A healthy appetite and common sense
are excellent guides to follow in matters
of diet, and a mixed diet of grains, fruits
and meats is undoubtedly the best.

As compared with grains and vegetables
meat furnishes the most nutrient in a
highly concentrated form and is digested
and assimilated more quickly than vege-
tables or grains.

Dr. Julius Remmon, on this subject,
says: "Nervous persons, people run down
in health and of low vitality should eat
meat and plenty of it. If the digestion
is too feeble at first it may be easily cor-
rected by the regular use of Stuart's Dys-
pepsia Tablets after each meal. Two of
these excellent tablets taken after dinner
will digest several thousand grains of
meat, eggs or other animal food in a few
hours, and no matter how weak the
stomach may be, no trouble will be ex-
perienced if a regular practice is made of
using Stuart's Dyspepsia Tablets, because
they supply the pepsin, and diastase nec-
essary for perfect digestion, and every
form of indigestion will be overcome by
their use."

That large class of people who come
under the head of nervous dyspeptics
should eat plenty of meat and insure its
proper digestion by the daily use of a safe,
harmless digestive medicine like Stuart's
Dyspepsia Tablets, composed of the nat-
ural digestive principles, pepsin, diastase,
fruit acids and salts, which actually per-
form the work of digestion. Cheap cathar-
tic medicines, masquerading under the
name of dyspepsia cures, are useless for
indigestion, as they have absolutely no
effect upon the actual digestion of food.

Dyspepsia in all its many forms is
simply a failure of the stomach to digest
food, and the sensible way to solve the
trouble and cure the dyspepsia is to make
daily use at meal time of a preparation
like Stuart's Dyspepsia Tablets, which is
endorsed by the medical profession and
known to contain active digestive prin-
ciples.
