LANDED AT CANSO****Canadian and American Author-
ities May Take United Action
to Rid Atlantic Waters of Pest.**

CANSO, Oct. 3.—Although the dog fish
reduction works continue to run night and
day, they cannot keep cleaned up the
swarms of dog fish landed each day by
exultant fishermen. Boat loads continue
to arrive from outlying sections of the
coast, and all the fishermen are pleased
to see so many of their enemies thus de-
stroyed.

Doctor George W. Field and Mr. John
W. Delano of the United States Depart-
ment of Fisheries have spent the past
few days here with Manager Cox, in-
specting the methods employed by the
Canadian Department of Fisheries in deal-
ing with the dog fish. It is contemplated
that some united action may be taken
by the American and Canadian authori-
ties to rid the Atlantic waters of these
destructive fish. These gentlemen pro-
ceeded today to Sydney and Newfound-
land to continue their investigations.

Georgetown (P.E.I.) is petitioning the
government to establish a dog fish re-
duction plant at that port. At a largely at-
tended meeting on Saturday a committee
was appointed to bring the matter to the
attention of the authorities.

The dog fish is becoming a serious nuisance in
these waters, and it is expected that
fishermen all over the Island will unite
to secure some means of ridding them of
this pest.

THE C. P. R.**Twenty-Fourth Annual Meeting
of the Stockholders Held in
Montreal Yesterday.**

Montreal, Oct. 4.—(Special)—At the
twenty-fourth annual meeting of the Cana-
dian Pacific Railway Company, today, the
directors were given authority to build
another bridge at St. John (N. B.) be-
tween the Canadian Pacific terminus at
Quebec and the city of St. John, unless a
more favorable agreement can be made
with the proprietors of the present struc-
ture, the St. John Bridge & Railway Ex-
tension Company. The idea is to abolish
the tolls now paid.

An arrangement has been made that
gives absolute control of the property at
a cost of \$200,000 and the resolution au-
thorizes capital expenditure to that
amount.

The principal item of business was the
resolution authorizing the directors to
spend \$7,500,000 for cars and locomotives.

WEDDINGS**Ramsay-McNutt**

tended by her sister Miss Marion and the
groom supported by his brother Fred Ram-
say. The church was beautifully decorated
for the occasion. The happy couple
left yesterday morning on a tour through
Scotland and Germany.

Cranston-Toller

Ottawa, Oct. 4.—A brilliant society event
occurred this afternoon when Mary Frances
Toller, eldest daughter of Col. Toller, of
Ottawa, controller of the currency, was
married to James Goldie
Cranston, M. D., only son of Dr. James
G. Cranston, of Arnprior (Ont.). The cere-
mony was performed in All Saints' church
by the rector, Rev. A. W. McKay. Dr.
Cranston was supported by Daniel Mc-
Laughlin, of Arnprior, and the brides-
maids were Misses Frances and Vera Tol-
ler and May Beddome, of London. The
gift of the groom was a pearl and dia-
mond sunburst. Among the many guests
were Lady Tiller, aunt of the bride; Mrs.
Geo. E. King, Miss Roma King, Mrs. and
the Misses Fielding, Mr. and Mrs. H. H.
Hansard.

Cowan-Shamey

Robert P. Cowan, son of Robert S.
Cowan, of this city, was married in Phila-
delphia last night to Miss Roberta M.
Shamey. The groom is a popular young
man and is employed in W. H. Thorne &
Co.'s. Mr. and Mrs. Cowan are expected
home a week from Saturday. Many friends
will wish them every happiness.

Mitchell-Clark

At Clark's Hotel last evening the pro-
prietary, Mrs. Eliza A. Clark, was united
in marriage to Capt. Daniel Mitchell, of
Campbell, Rev. O. N. Mott, of Green-
wich Hill, officiating. The ceremony was
witnessed by about sixty invited guests
and the evening was happily spent. Capt.
Mitchell was, until two weeks ago, master
of the big three masted schooner Harold B.
Cousins, sailing out of this port. Now,
however, that he has taken to himself a wife,
he will give up the rolling wave, making
his home at the hotel of which his wife is
proprietress. Capt. and Mrs. Mitchell
will spend a short honeymoon moon in Queens
county.

\$100 REWARD, \$100

The readers of this paper will be pleased
to learn that there is at least one
dreaded disease that science has been able
to cure in all its stages, and that is Cat-
arrh. Hall's Catarrh Cure is the only
positive cure now known to the medical
fraternity. Catarrh being a constitutional
disease, requires a constitutional treat-
ment. Hall's Catarrh Cure is taken exter-
nally, acting directly on the blood and
mucous surfaces of the system, thereby
destroying the foundation of the disease,
and giving the patient strength by build-
ing up the constitution and assisting na-
ture in doing its work. The proprietors
have so much faith in its curative powers
that they offer One Hundred Dollars for
any case that it fails to cure. Send for list
of testimonials.

CONSOLATION

A Fulton, Kan., minister consoled a
bereaved husband as follows: "My bro-
ther, I know that you are compelled to
mourn the loss of this one who was your
companion and partner in life. But I
would console you with the assurance that
there is another who sympathizes with
you and seeks to embrace you in the
arms of unfailing love." To this the be-
reaved man replied by asking, as he gaz-
ed through tears into the minister's face:
"What's her name?"

**FRED. W. FREEZE IS
SHERIFF OF KINGS****He Was Appointed Last Night by
Provincial Government.**

Frederick W. Freeze was appointed
sheriff of Kings county at a meeting of the
provincial government last evening.
His appointment was fore-shadowed in
the Times on Monday. Mr. Freeze,
who succeeds the late sheriff Hat-
field, has been deputy for many years,
both under his father and the last holder
of the office.

The government had under consideration
the proposed agreement with the New
Brunswick Railway Company for the sale
to the province of 50,000 acres of land in
Victoria county for settlement. It was
decided to send a competent surveyor and
land examiner to inspect the proposed
tract with a view to its suitability for
agricultural purposes. It is understood
that purchases will be made from time to
time as required for settlement.

The following five wardens were appoint-
ed: T. J. O'Connor, of St. John; H. D.
Branscombe, Geo. Bryan, H. W. Lunney,
Geo. McKay, S. C. Thorne, Frank R.
Murphy and David Relestone.

The commissioners of the provincial hospi-
tal had under consideration the case of
the Greek Scientist, and it was decided that
he could not be admitted to the institu-
tion as under the regulations none but
residents of the province were eligible, ex-
cept in certain circumstances, which in the
present instance did not apply.

TRAFALGAR DAY**St. George's Society Has Several
Plans Outlined for Its Celebra-
tion.**

St. George's Society of this city will
celebrate Trafalgar day in some worthy
manner. That much is decided, although
what shape the celebration will take will
not be decided till a meeting of the so-
ciety next week. The matter was left in
the hands of a committee and these will
hand in their report at that meeting.

There are three propositions which the
committee have discussed. The first of
these is a ball, the second an English
night to be held in the York Theatre when
a musical and literary programme, having
special reference to Trafalgar and Nelson
would be a feature and be followed by a
supper and dance. The third plan and the
one which is meeting the most favor is to
hold a smoker for the members and their
friends.

The Sons of England will also join in
the celebration of the great naval victory.
Their plans, however, have not yet taken
definite shape. A concert and a dinner at
White's restaurant are mentioned as prob-
able.
