A PRIVATE HOSPITAL

Organization of One on an Extensive Scale is Projected ---May Lease the DeBnry Property.

A meeting to organize a private hospital for the city on an extensive scale was held yesterday afternoon at the office of L. P. D. Tilley, Prince William street. A. H. Chipman, who is organizing the movement, laid before a number of medical men a proposition to lease the De Bury property at the corner of Douglas avenue and Main street.

The meeting was attended by Dr. T. E. Bishop, Dr. G. G. Corbett, Dr. L. M. Curren, Dr. C. H. L. Johnston, Dr. J. R. McIntosh, Dr. M. L. Macfarland, Dr. W. F Roberts and Dr. J. Boyle Travers, A. H. Chipman and L. P. D. Tilley. It is understood that a large number of medical men who were unable to be present gave the proposal their cordial support.

The proposition is in the nature of a joint stock company. The general opinion as expressed at yesterday's meeting was that there was room for such a venture in this city without interfering with the work of the other hospitals already established. It was urged that the North End is badly in need of a hospital. If, as formerly, it were a separate city there would be no institution of the kind within its limits, and, taking the outlying districts of Fairville, Milford, Randolph and Millidgeville, the population thus unprovided for would number more than 30,000 people.

It is proposed to lease the De Bury residence with the option of ultimately buying the property. The house would have to be remodelled at an expense of $2,500 or $3,000. The promoters say it is not intended to make the institution in any sense a money making concern, the hope being simply that it will pay its own way.

A special feature of the new institution would be the treatment of patients by their own physicians, and any duly qualified doctor would be permitted to attend at the hospital for that purpose.

The proposed private hospital was suggested some time ago to the medical men of this city. It was pointed out that joint stock companies were being organized for every conceivable project and the question Why would a hospital organized along these lines not succeed, was asked.

While nothing definite was done at yesterday's meeting, which was of a preliminary nature, the promoters say that there will be no difficulty in carrying the project through. It is said that organization will take place in the near future and as soon as that is completed another meeting will be called in the same offices. Tilley & Smith are the solicitors for the proposed company.

BIG CHEW LANDS HIM IN HOSPITAL

Daniel Sullivan Swallowed a Piece of Tobacco and Was Taken Ill.

The next time Daniel W. Sullivan takes a 'chaw" he will be careful not to let anything jar him so that he swallows it, unless there is a stomach pump handy. Daniel was found last night on a bench in the Common, apparently in the last throes. He was taken to the relief station, where his case was diagnosed as one of nicotine poisoning.

When he had been pumped out he admitted he had bitten off a little more than he could chew. Hence his trouble. After a thorough internal cleansing Sullivan was sent to his home at 251 Bunker Hill street, Charlestown.—Boston Journal.

A regular conference of the clergy of the diocese of St. John was held in St. John yesterday. Among those in attendance from outside was Rev. C. P. Carleton, of Petersville.

There were in all $2,234,685 paid by the dominion government in bounties for the year ended June 30 last. Of this amount $1,540,203 was paid on iron and steel, compared with $908,962 last year. There were paid $330,645 on lead, $13,789 on binder twine and $350,047 on petroleum.

Eczema Known by Intense Itching

IF NOT CURED IT SPREADS AND BECOMES CHRONIC—WHAT TO EXPECT FROM

DR. CHASE'S OINTMENT

The stages of eczema are marked by redness of the skin — heat and inflammation — swelling — watery discharge — formation of a crust or scale — and almost constant itching, varying from that which is simply annoying to that which is positively beyond human endurance.

The beginning is often neglected chafing and skin irritation, or a small pimple or sore which has been poisoned by the clothing.

Too frequent washing is to be avoided, but the afflicted parts should be thoroughly cleansed with Packer's Tar Soap and tepid water. After careful drying (not rubbing) with a soft towel, apply Dr. Chase's Ointment plentifully.

The ointment may seem a little severe at first, but this is necessary to a thorough cleansing of the sores, for relief from the dreadful itching will come after the first few applications, and thorough cure will be the reward of persistent treatment.

One thing you may be certain of, and that is that you are not experimenting when you use Dr. Chase's Ointment as a cure for eczema, salt rheum, psorasis, tetter, and similar skin diseases. It has acquired its world-wide reputation by the positive cure of these very diseases, and while using it you can see that gradually and certainly it is allaying the inflammation and healing up the annoying and distressing sores.

Mr. C. Clerke, 17 Sydney street, St. John (N.B.), like most people, experimented with many remedies before he found the pearl of great price — Dr. Chase's Ointment.

Mr. Clerke writes: "I have been blessed with a good constitution, but some time ago a rash broke out over my body and developed into eczema, or, as some call it, salt rheum. The itching and burning sensations were actually torturing. One box of Dr. Chase's Ointment put an end to misery and completely cured me."

Dr. Chase's Ointment, 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author are on every box.
