"Money Back"

means merit. No house would offer to refund money, unless they were sure you would not want to have it refunded. When a house with a well-earned reputation says, "your money back if you are not satisfied with our goods," you may be sure the goods are right.

We have such implicit confidence in the virtues of

GIN PILLS

that we authorize druggists to refund the money if they fail to cure.

We KNOW they WILL CURE all Kidney Troubles—strengthen weak Kidneys, and relieve pain in the back, dull headaches and all other distressing symptoms of Kidney Disease.

That is why we make this emphatic offer. It's worth 50c to be relieved of the agonizing pains—its worth $1 or even $2.50 to be completely cured. And we refund the price if they fail. You certainly get your money's worth either way. 50c box, 6 for $2.50, at druggists or direct from

ALL THE SEASON'S SPORTS

FOOTBALL A DISGRACE

So Says the Montreal Witness ---A Brutal Exhibition.

The Montreal Witness says:—Thousands of people witnessed a species of organized brutality euphemistically styled as a game—football—on Saturday in Ottawa.

Football, even according to the Quebec Rugby union rules, is scarcely a good game, as it affords too many opportunities and too much encouragement to disgusting unmanliness. It does not seem, in the eyes of the humble humanitarian, exactly sport to foully throw a player to the ground, whilst five or six men men pile on him. Sometimes, by the merest accident, the under man comes out of the muddle unhurt. Very often, too often, when the uppermost men remove themselves, the crushed player lies with an ominous stillness. Sometimes he writhes with agony. His assailants stand idly round as if nothing were happening. The poor fellow slowly recovers, and this glorious fall game continues until another halt is called by another player receiving physical damage. These incidents are inevitable.

Is this sport?

But it is to the despicable and cowardly blows delivered upon unsuspecting contestants that some stop should be put.

The game between Montreal and St. Patrick's, in Ottawa, should have furnished enough instances of disorderly conduct to keep the local recorder busy for one day. One player returned to Montreal a wreck. He had a black eye, his face on the left side was lacerated. He was severely bruised about the body, and was suffering from a ruffianly kick in the groin. The whole team seem to have gone out of their way to maltreat the player. This may or may not have been done in the heat of blood. It is not to be palliated anyway.

The laws are framed to militate against cases of common assault on the streets. Those who indulge in violent behavior to the danger of their fellow-men, those who even attack others in the street are denominated as scoundrels, and they are removed as a danger to society. The character that strikes another behind his back is a low coward, but inside a ball park he is safe.

In Ottawa there were instances where players were deliberately kicked. In one case a man was felled, and a spectator booted the injured man while he was lying on the ground in a state of insensibility. Was ever a case of more callous blackguardism recorded

But is the malefactor punished? He is free, and his immunity from punishment will no doubt act as a splendid encouragement for him to repeat the offence.

In the olden days, they are styled barbarous by these times, men fought fairly and squarely, very often to the death. Now they fight to maim one another unfairly.

The mayor of Ottawa, on a previous occasion, when a riot broke out amongst the players in a match, stepped on to the field and threatened the contestants with the law. It is to be hoped that his indignation will take a more salutary course in the next football match, when the coarse methods of the prize ring are introduced.

In Montreal, the players are immune so long as no protest is made. It wants some referee, who is not afraid of the players, to order two assailants under arrest.

This seems to be the only course open. The executive of the Quebec Rugby Football Union is only a schedule making concern. It will not exercise its power of weeding out the low-minded element.

Shades of the gladiators! How the ancients would relish these gory contests. But, perhaps, even they would be revolted at the base savagery of some of the deeds enacted.

A good example has been set by North Dakota. The state legislature has made football playing illegal.

The game must be treated as prize fighting is in respectable communities. The sooner the eyes of legislators is opened the sooner will this wholesale maiming of promising young men cease.

The game must be cleaned or cleared.

Will not some humanitarian member inquire into the subject? Surely there is need for drastic reform in a game where black eyes, broken noses, and complete prostration happen with frightful regularity, and have long come to be regarded as a matter of course.

The crowning disgrace for lacrosse came when a governor-general had to ask players to behave themselves before English sailors. To the teams' credit it must be said they obeyed.

But lacrosse is a child's game in comparison with the 'strenuous' fall game.

Women leave the grand stand disgusted, and they are becoming conspicuous by their absence. At least somebody finds a reason to avoid such scenes.

THE MONEY STRINGENCY

(New York World).

The mild stringency in the money market so frequently foreshadowed in the financial columns of The World has developed. During the week money rates, after several flurries, have apparently been established on a 6 per cent. basis, and will remain very close to that mark for some time to come. Moreover, there has been a tendency abroad to a higher rate than has prevailed for several years, and in order to draw funds from European centres our own discount rates must be maintained until the season of profitable employment for funds in the agricultural sections has passed and the country banks are constrained to find a market for them in Wall street. In the meantime the metropolitan banks are forced to adjust their reserves to meet this steady demand from the interior, which up to the present time at least has shown no signs of slackening. The relief that is promised from gold imports will be meagre enough, and the remedy itself automatically entails a standard of rates that discourages extensive operations in the stock market.

The best judges of market movements are advising extreme caution for the next fortnight at least. The banks, they say, will be compelled to reduce their loans, and as they are very heavy lenders of time funds in the late summer for periods covering the crop-moving season, their only recourse now is to call in their loans on Stock Exchange collateral. For a time the trust companies relieved them in a measure of this class of loans, but there is a limit at which even these institutions, which maintain no reserve to safeguard their depositors' funds, must halt, and the banks must adopt the only expedient left to enable them to keep within the requirements of the federal statutes. This week will undoubtedly witness heavy retrenchments by the banks in their loan accounts, and the market conditions thus created will be sure to be seized upon by the bears for a raid on stocks. This attack seems to have been foreshadowed by Thomas W. Lawson in his advertisement on Friday last, and Mr. Lawson is believed to get his information direct from a big national bank which has frequently been identified with heavy speculative operations in which it has used its influence on the money market to advantage.

The printers' strike has spread to Dayton (Ohio). The National Cash Register Co. of the same city are threatened with a strike of all their employes unless they reinstate 300 discharged men.

THE BASEBALL CHAMPIONSHIP

Schedule of Games to Be Played for Championship of the World.

CINCINNATI, O., Oct. 3—Chairman August Herman of the National Baseball commission, today gave out the following details which will govern the world's championship series to be played in October, 1905, between the New York National League and the Philadelphia American League clubs. The schedule:

Monday, Oct. 9, in Philadelphia.
Tuesday, Oct. 10, in New York.
Wednesday, Oct. 11, in Philadelphia.
Thursday, Oct. 12, in New York.
Friday, Oct. 13, in Philadelphia.
Saturday, Oct. 14, in New York.

The schedule adopted was determined by lot as proided by the rules.

The following players will be eligible to participate in the games, and none others:

New York—National League club: Ames, Gilbert, Bowerman, Mathewson, Bresnahan, Mertes, Browne, McGann, Clarke, McGinnity, Dahlen, McGraw, Devlin, Strong, Donlin, Taylor, Elliott, Wiltse.

Philadelphia—American League club: Barton, Hoffman, Bender, Knight, Coakley, Lord, Lave Cross, Murphy, Monte Cross, Plank, Davis, Powers, Dygert, Schreckengost, Hartsel, Saybold, Henley, Waddell.

President Pulliam of the National League has selected as umpire from his league Henry O'Day, and President Johnson of the American league has selected John Sheridan.

BASEBALL

The Big Leagues

American League.

At Washington—Chicago, 4; Washington, 3. (10 innings).
At Boston—Boston, 9; Cleveland, 1.
At Philadelphia—Philadelphia, 4; St. Louis, 1.

National League

At Pittsburg—Boston, 1; Pittsburg, 0. (11 innings).

Pennant Winners

The baseball season is over for the big leagues, that is as far as winning of pennants is concerned. There are a few more games to play in both big organizations, but the struggle for first place has ceased, in fact the struggle for places at all in the National is over as the games yet to be played are what can be termed formalities, as the teams' positions are a fixture.

New York, as has been the opinion from the first, has captured the pennant. Her percentage after Wednesday's games was 696, out of 148 games played. To that time the "Giants" had lost but 45, having a grand lead over Pittsburg with a percentage of 651.

In the American, the fight has been more keen, but while there are some games to play the "Phillies" have the pennant won with 622 to yesterday, though the "White Sox" have given them a hard chase with 605. The third position is still in doubt. There are, however, only three teams in the running for this third "bench"—Boston, Cleveland and Detroit.

A BOWLING CONTEST

The Eastport Bowling Club have challenged the Richey Bowling aggregation of this city to contest in candle or large pins, or in both.

Sam Richey, on behalf of the club, yesterday telegraphed an acceptance for the candle pins and possibly the larger ones.

The games will take place on Monday evening, October 16th, and Mr. Richey will take with him among other players, Harry O'Brien, W. Archibald, H. C. Olive, and C. Bowser.

The other members of the team will be chosen next week on the showing made in the local try-outs.

ABE ATTELL OUTCLASSED

PHILADELPHIA, Oct 4—Abe Attell, of California, and Young Erne, of this city, sparred six rounds tonight at the National Athletic Club. Attell was outclassed by Erne.

THE METAL MARKET

The Tendency in Many Lines Seems to Be Toward Higher Prices.

Business in metals and heavy hardware continues very satisfactory for the season and the tendency in many lines seems to be towards higher prices. Zinc has moved up by cable from ¾c to 1c. since yesterday and is now quoted at 7¼c.; in casks, 8½c. and 8¾c. Something like a boom is reported in the iron and steel industries and Glasgow mills that produce steel sheets, plates and structural steel are booked ahead as far as the first of the year. The same state of affairs exists in Germany and the United States whose mills have been working under forced pressure for some time. Antimony is quoted today at about 15c., a fraction easier than last week. The war in the east seems to have been directly responsible for the phenomenal rise in antimony this summer. From 9½c. to 10c., a jump was made in June to 12c., and around July 1 a further rise was made to 16c., and this price still holds, but for the slightly easier feeling reported. Japan uses antimony for ordnance purposes, and some time ago the Japanese output, on account of home consumption, ceased to be a factor in the world's supply, and it is evident, judging by the falling off in shipments, that Japan was able to command a large proportion of the Chinese output as well. There were rumors at one time that the mines in the east were giving out, which might have something to do with the firm tone of the market. Whatever the reason for the rise, antimony seems to have established a new value, and there are no prospects in sight of a return to the old price of 9c. or 10c. per pound.

Sheet iron is firm and advancing, and an advance of about 5c. is announced on last week's prices.

C. P. R. DOUBLE TRACKING

Sir Thomas Shaughnessy, president of the C. P. R., in an interview at Minneapolis, said:—"Plans for double-tracking our line are well under way, the principal work being between Fort William and Winnipeg, but we also have 400 miles laid between Winnipeg and Regina, and the ultimate extension of this improvement to embrace the entire main line will undoubtedly be accomplished as conditions warrant. No westward extension of the Duluth, S. S. and Atlantic is likely in the near future. We will build 500 miles more road next year, however, in Canada to meet conditions as they arise. With larger cars and other improvements we have practically doubled our capacity for handling the crops, but the pressure of business is as heavy as ever."

The St. John Chess and Checker Club was reorganised last night in the offices of W. S. Barker, Palmer's Chambers. The following officers were elected: C. E. Harding, president; E. T. C. Knowles, vice-president; W. S. Barker, treasurer; F. S. Robinson, secretary. It was decided to take rooms in the Climo building. There is a large membership in the club. It is expected that the rooms will be ready for use in a few days, after which they will be open every evening.

TOM JENKINS WAS DEFEATED

Ahmed Madrali, the Turk, Won in Two Straight Falls.

LONDON, Oct, 2.—Ahmed Madrali, the Turk, defeated Tom Jenkins, the American wrestler, in two straight falls here this afternoon. The match, which was catch-as-catch-can style, was for $500 a side and a purse of $750. The Turk, who is both taller and heavier than the American, had all the advantage of the bouts. He secured the first fall in 19 minutes 48 seconds, and the second in 22 minutes 46 seconds.

It is understood that Madrali will challenge George Hackenschmidt, the Russian champion.

Madrali was defeated by Hackenschmidt some two years ago in the Graeco-Roman style at the Olympia. Since then he has been seeking to meet the Russian in a catch-as-catch-can bout.

Fast Time For Sweet Marie

Readville, Mass., Oct. 4—With the exception of a light wind that blew along the track at the east quarter, conditions at Readville were perfect for record time, and at this meet Sweet Marie trotted in 2.04¼. Sweet Marie's performance today was the fastest mile trotted in public this season. Major Delmar has made a mark of 2.04 this summer, but as no admission fee was charged the record does not stand as a public trial.

Audobon Boy broke badly in his first trial, but later he tried again, making the fractional parts of the mile in 31¼, 1.01, 1.31¼, 2.03¼. The only reason assigned for the pacer's poor showing was that he was not in the best physical condition. The horse was driven out at the finish.

Sweet Marie proved to be the particular feature of the day. In an endeavor to break 2.04¾, she trotted her mile in 2.04¼. The fractions of the mile were made in 31½, 1.02, 1.32¼ and 2.04¼, making the middle half with the wind in 1.01¼.

Fastest Four Heat Race

Lexington, Ky., Oct. 4—Lightsome, an outsider, furnished the surprise in the feature event of the second day's trotting meeting here, by winning the two-year-old division of the rich Kentucky futurity in almost record time. Ed. Custer, the favorite, selling in the overnight pools for $100 against $65 for the field, finished outside the money, being last in the second heat. Lightsome was driven by her owner, K. Dodge, of Lexington, who put her nose under the wire first in straight heats. The 2.06 trot this afternoon broke the world's record for the fastest four-heat trotting race. McCoy, driver of Lyddite in the second event, was suspended for one year for pulling. The classic Transylvania, the most coveted of all trotting events, will be run tomorrow.

HYDE WANTS TO HOLD ON

Another Move in the Equitable ---Wants to Sue New York Life.

ALBANY, N. Y., Oct. 3.—Attorney General Mayer today received a copy of a demurrer filed by James H. Hyde, former vice-president of the Equitable Assurance Society, to the blanket suit brought by the state against the old directors of the company to compel restitution of moneys alleged to have been wrongfully converted by the board. The demurrer together with that of Thomas T. Eckert, another defendant, will be considered by the supreme court, first department, at the November term. Mr. Hyde declares that scarcely any of the allegations contained in the complaint are sufficient to constitute a cause for action.

The New York Life

ALBANY, N. Y., Oct. 3.—Attorney General Mayer this evening received the letter of Wm. Hepburn Russell asking permission, in behalf of policy-holders, to sue the officers of the New York Life Insurance Company for the restitution of moneys contributed to campaign funds. Mr. Russell says:

"We are convinced that the only way in which the very grave public question involved in this matter can be satisfactorily disposed of is through an action in the right of policy-holders brought in behalf of the New York Life Insurance Co., to compel its delinquent officers and directors to account for their misuse of the corporate funds in their hands.

"We do not always believe that an action by attorney generals can reach this specific evil and we, therefore, ask you to consent to the institution by us, in behalf of our clients above named and other policy-holders as may join with them, of suit or action.

"We expect to show that relief through corporate action is impossible because the board of trustees are 'all tarred with the same stick' so far as the misapplication of the corporate funds is concerned; and action by the policy-holders collectively is practically impossible of attainment. The only relief therefore is through an application to the courts."
