

THIS PRETTY CANADIENNE

Saved From Terrible Kidney Disease
By "Fruit-a-tives."

MASSON, P.Q., Nov. 16th, 1904.
"I have much pleasure in reporting to you the great benefit I have received from taking 'Fruit-a-tives'—and I feel that I cannot say too much in favor of a medicine which has done me so much good. I was a martyr to that distressing complaint chronic constipation accompanied with severe headache, backache, sick stomach and all the symptoms of dyspepsia. I had also a dreadful complexion, yellow in the extreme and black under the eyes. I had every symptom of kidney irritation and I had been told by physicians that my kidneys were affected. I consulted a number of physicians and took various remedies but received very little benefit. Last May I was advised to try 'Fruit-a-tives' and when I began to take them I had little faith of getting anything to give me permanent relief, but after I had taken half a box of 'Fruit-a-tives' I began to feel better and before I had finished one box the constipation was relieved, the headaches left me, the pain in my back was better and I could sleep as soundly as when I was child. Also, my complexion began to clear up again, all the sallowness disappeared and the black circles under my eyes went away. The pain in the back gradually left me and all signs of kidney disease disappeared by the first of August after I had taken three boxes. Since then I have continued to improve and now I have none of my old symptoms and my appetite is good, digestion splendid and my complexion as clear as when I was a young girl. Also the constipation from which I had suffered so long has been entirely cured and it is not necessary for me to take the 'Fruit-a-tives' now as I am quite well in every way. I took no medicine but 'Fruit-a-tives' but I followed faithfully the directions as to diet etc., given in the pamphlet which accompanies each box of 'Fruit-a-tives.'"
(Sgd.) FLORENCE JAMISON.

Every part of the body is constantly decaying and being renewed. The dead cells, or tissue waste, should be removed by the skin, kidneys and bowels. When these organs do not act regularly, this poisonous matter stays in the system—is taken up by the blood—carried to heart, liver, stomach, brain and nerves all over the body—and poisons everything it touches.

"Fruit-a-tives" keep each organ clean and healthy. "Fruit-a-tives" act on the skin, stimulating the millions of minute glands and opening the pores so the waste can escape. They act on the liver sending more bile into the bowels and making the bowels move regularly and naturally every day. They act on the kidneys, strengthening and invigorating these organs and curing all kidney disorders.

At all druggists or sent postpaid on receipt of price—
one box or 6 boxes for \$2.50.

M. SIO. OLIVE,
Secretary.

FITZGERALD IS ELECTED

As Mayor of Boston—Beat rothingham 8380 Votes— Other Election Results.

Boston, Dec. 12.—The Democrats were victorious in Boston today, the municipal election resulting in the election of former Congressman John F. Fitzgerald, in a field of four candidates. Mr. Fitzgerald's plurality over his nearest competitor, Louis A. Frothingham, speaker of the Massachusetts House of Representatives, the Republican nominee, is 8,380.

The vote for mayor follows:
John F. Fitzgerald (Dem.).....44,316
Louis A. Frothingham (Repn.).....35,935
Henry S. Devey (Ind. Repn.).....11,637
James A. Watson (City and Ind. Dem.).....515

The vote today was unusually heavy for a city election, more than 90,000 votes being cast out of a total registration of 114,000.

It was evident tonight that Mr. Fitzgerald did not receive as full party vote. This was particularly noticeable when the returns were received from ward 8, a Democratic stronghold, which gave Mr. Frothingham an overwhelming plurality. The eighth ward is the home ward of Martin M. Lomansky, one of the best known Democratic leaders in the city, but who is one of Mr. Fitzgerald's political enemies.

In the South Boston district, the home of Congressman William S. McNary, another Democratic leader, who is opposed to Mr. Fitzgerald, Mr. Frothingham received an unusually large vote for a Republican candidate.

Mr. Fitzgerald's plurality is 3,257 less than the vote cast for Judge Devey. It is known that Judge Devey was popular among a certain element of the Democrats and it is believed that he also received substantial support from Republican voters.

The city declared in favor of licensing the liquor saloons at a special election. Boston, Dec. 12.—Municipal affairs for the coming year were settled today in eighteen Massachusetts cities outside of Boston, by the election of legislative bodies and a choice in sixteen of them of chief magistrates, mayors in two cities having two year terms.

In the national political line were regarded in all but two of the cities, the Republicans carrying ten and the Democrats four.

Nine mayors were candidates for reelection but only five succeeded in having their administrations endorsed.

There was only one change in the sentiment regarding the sale of intoxicating liquors, the city of Salem, after several years of hard work, voting by a small majority of 21 in a total vote of over 6,800, in favor of closing of the saloons.

The following is a partial list of election results:

City.	Mayor.	License.	Yes.	No.
Boston—John F. Fitzgerald (D.)	Yes	2,725	2,643	
Cambridge—C. H. Thurston (D.)	Yes	2,725	2,643	
Chelsea—Edw. E. Willard (R.)	No	2,725	2,643	
Chicago—Albert E. Taylor (R.)	No	2,725	2,643	
Everett—T. J. Boynton (Ct.)	Yes	2,725	2,643	
Fair River—(No mayor elec.)	Yes	2,725	2,643	
Holyoke—Nathaniel F. Ayer (R.)	No	2,725	2,643	
Lowell—Jas. B. Casey (D.)	Yes	2,725	2,643	
Lyons—C. C. Newell (R.)	No	2,725	2,643	
Malden—Chas. G. Warren (R.)	Yes	2,725	2,643	
Medford—(No mayor elected.)	Yes	2,725	2,643	
Methuen—Chas. E. Warren (R.)	No	2,725	2,643	
Newburyport—Wm. F. Houston (Mun.)	Yes	2,725	2,643	
Newton—Edgar W. Warren (R.)	No	2,725	2,643	
Salem—Thos. G. Binneke (R.)	Yes	2,725	2,643	
Somerville—Chas. A. Grinnon (R.)	Yes	2,725	2,643	
Woburn—(No mayor elected.)	Yes	2,725	2,643	
Worcester—John Dugas (D.)	Yes	2,725	2,643	

THE VALUE OF BEER

The Essentials of Quality and Healthfulness.

Experience has shown that the prime requisite of a really Good Beer are three in number—superiority of the materials, treatment in the brewing and proper maturing or ageing before marketing.

Perhaps first of importance is the nature and character of the materials used. The Anheuser-Busch Brewing Ass'n., whose product, BUDWEISER, has come to be considered as a standard from which Beer-Quality is to be judged, have found that materials of the very highest quality only can be used, if really Good Beer is to result. They have found also, that of all materials permissible in brewing, only the best quality Barley-Malt, the choicest grade of Hops, superior quality Yeast, with perhaps a small percentage of the best Rice can be depended upon to produce a Beer of the highest degree of quality, flavor and palatability.

This association confirms what is generally admitted among brewers that to produce a Beer of excellence, expensive modern methods of brewing must be followed and the most rigid sanitary precautions observed at all stages. Cleanliness, purity and careful sterilization are considered vitally essential by them in common with all good brewers.

Anheuser-Busch also contends that the exquisite flavor and acknowledged healthfulness of Budweiser is to be attributed, to a great extent, to their extreme care in maturing and aging. Their storage capacity of over 600,000 barrels makes it unnecessary for them to market their product until perfectly aged, and in consequence it possesses to the greatest degree the quality, mellowness and flavor which has caused Budweiser to be termed by those who know, 'The King of Bottled Beers.'

OBITUARY

Mrs. George Wilson

Mrs. Wilson, wife of George Wilson, of Britain street, died on Monday. The funeral will take place on Thursday. Besides her sorrowing husband, Mrs. Wilson is survived by one son, Stanton, in Chicago, and three brothers, in California.

William Sinclair

Chatham, Dec. 11.—The unexpected death of William Sinclair, of the I. C. R. repair works, occurred at his home, Duke street, on Friday afternoon. Although ill for some time his death was a great shock to his friends, who hoped for his recovery.

The late Mr. Sinclair was connected with the I. C. R. for twenty-three years and was insured with that association for \$1,000; he was also insured in the Canadian Life. He leaves a wife, two daughters, Misses Edith and May, and one son, Gordon M., in the insurance business here, all of whom are at home. The family have the sympathy of the community and were deeply bereaved. By his death Chatham loses a good citizen and his family a loving father. The funeral was held this afternoon, and considering the weather, was largely attended. Service at the house was conducted by Rev. James Strothard, assisted by Rev. J. Morris McLean and Rev. J. B. McLean. St. Luke's choir was present and rendered the hymn, 'Asleep in Jesus and Abide With Me.' The pallbearers were Samuel McLean, S. U. McCully, James Loggie, Robert Wall, James Curran and Charles Gunn. Interment was in the Riverside cemetery.

THE TIMES' WASHINGTON LETTER

(From our regular correspondent.)
WASHINGTON, D. C., December 8.—The fifty-ninth Congress is at last in session. It is the Congress that was elected from thirteen to eighteen months ago. Neither the world nor the United States have stood pat since this Congress was elected. "The times change, and we change with them," but this Congress was elected on promises, pledges and platforms that are now at least in a measure, old, but assuming that it is measurably up-to-date, the legislation which this Congress was elected to pass has been compelled to wait more than thirteen months for its initiation. Yesterday, across the seas, in the country from which our language, laws and institutions have been in part derived, the government under Mr. Balfour resigned, and in less than a week a new government under Sir H. Campbell-Bannerman will be formed and in operation. There is no doubt but that a government by cabinet, as in England and France, has great advantages in nobility and adaptability over a government like ours.

Those who have followed during the long summer and fall the unusually voluminous discussions relating to proposed railroad rate legislation, are surprised now that Congress has assembled to see the question so near apparently to a harmonious conclusion. The president in his message to Congress is to all appearances by no means so rigid and rock bound in his views as his journalistic friends had represented him to be. His message is an indication that he will accept with thanks any bill that may approximate his views with reference to federal control and the general consensus of Congressional opinion is to the effect that a compromise measure, something between the Esch-Townsend bill and the Foraker bill will be passed by both houses of Congress at an early day.

Considerable surprise has been expressed at the announcement of the Pennsylvania railroad that it will positively and entirely discontinue the issuance of free passes after the first of January, 1906, stating that there will be but one exception to this rule and that in favor of the president of the United States, basing this exception on the fact that there is no legislative provision for the protection of the president, and that the road, through its management, must regard itself responsible for his personal safety in his progress over its lines, and to this end, it will always provide him with a private car. If all the roads of the country would announce a discontinuance of free pass tickets to members of Congress, judges, legislators, clergymen and other dead weight and follow further the example of the Pennsylvania road in the discontinuance of rebates there would, of course, be no occasion for railroad rate legislation. The Esch-Townsend bill, as well as the Senate bills, that have been presented, would be defeated in a most unexpected way.

A bill was presented on the first day of Congress appropriating sixteen and a half millions of dollars (\$16,500,000) for the continuance of the work on the Panama Canal and it will doubtless be passed by both houses of Congress and receive the signature of the president before the adjournment for the holidays. A few Democrats have been predicting that they will compel the Republicans to go into a detailed investigation and give an itemized account of all expenses at the isthmus of Panama, but a majority of Congress and even a majority of the Democrats in Congress are opposed to a debate at this time and to investigations that will interfere with the continuance of the work, which it is now understood is for the first time fairly under way.

The policy of the president with reference to San Domingo is sure to come up for discussion, but probably not before February and until the railroad rate bill has been passed. There is also sure to be, sooner or later, a Cuban question. It seems impossible for that "ever faithful" as the Spaniards were wont to call her, to behave herself. Before receiving her freedom and receiving autonomy at the hands of the United States she was required to make it a part of her constitution that she would not contract debts without the approval of this government.

LAKE LATIMER

City Will Allow It to Go Ahead and Do as It Pleases.

The city will take no action with regard to lowering Lake Latimer. It was decided at the adjourned meeting of the water and sewerage board yesterday that it would not be wise to interfere between the contractors and that until the lake can be lowered from section 2 on completion of the work matters must remain in statu quo. Several other matters were dealt with at the meeting. The mayor occupied the chair, and Ald. Hamm, Tilley, Sproul, Holder, Christie, Frink, MacRae, Baxter, Vanwart and McArthur were present, with the superintendent, director and common clerk.

The chairman reminded the board that the meeting had before them two suggestions—to take the work at the outfall on section 3 off Messrs. Mooney's hands, or to take no action.

An application from Engineer Hunter for leave of absence for Christmas was granted.

A bill from Mr. Hunter for \$80 against
