EBEN PERKINS WILL BUILD NAIL FACTORY

It will be in Canada But He Will Not Say Where---St. John Should Try to Get it.

Eben Perkins, former manager of the Maritime Nail Works, leaves tomorrow for Bridgewater (Mass.), where he will superintend the construction of machinery for a horse-shoe nail plant in Canada. The machinery was invented and designed by Mr. Perkins, and will, he says, be superior to any cold process machinery now in use.

When asked where the new factory would be located, Mr. Perkins said he had not yet decided, and could say only that it would be in Canada.

That Mr. Perkins was popular among the employes of the Maritime Nail Works is evidenced by a pleasant event which occurred about midday today, when Samuel Kirk, on behalf of the employes of the establishment, presented Mr. Perkins with a handsome dress suit case, and in a few well chosen words expressed the esteem of his fellow-workmen.

Mr. Perkins, who was quite taken aback made an appropriate reply, in which he assured the men of his appreciation of their good will, the token of which he would always prize most highly.

A VISITOR FROM ST. PIERRE

Dr. A. Coste, of St. Pierre, Miquelon, with a party of friends, passed through the city this morning on the early train en route to New York to take the steamer to France. Dr. Coste had intended going to England on the Virginian from Halifax, but was delayed in coming from St. Pierre and missed the boat, so it was decided that the party would go to New York and sail from there. Dr. Coste will return in the spring and will be accompanied by his wife, who is at present residing in Paris.

Dr. Coste, who is one of the leading men in St. Pierre, was asked for his views concerning the proposed annexation of Newfoundland with Canada, but he smilingly remarked that he thought he had better not discuss it. Much could be said both for and against it, but at present the question had been allowed to drop in the island colony.

CONCERT IN FAIRVILLE

The grand musical and literary entertainment to be given in the Orange Hall, Fairville, tomorrow evening promises to be of unusual interest and should draw a crowded house. IT WAS A SUCCESS

The social and supper held in Douglas Avenue Christian church on Tuesday, December 5th, was a decided success. The Success Club, under whose auspices the entertainment was given, met on Monday evening and found, when all returns were handed in, and when all expenses had been defrayed, a good substantial margin remained. Both vessels report heavy weather while approaching the Nova Scotia coast.

The Mount Temple brought from Antwerp and London 245 steerage passengers, consisting of English, Germans, Swedes and Russian Jews, all bound for the Northwest. The Temple is a very large ship, her net tonage is 6,661 tons. She will dock at No. 3 berth, West End, this afternoon to land her passengers and a large general cargo.

The Concordia is now at the new city wharf, where she will discharge the following cargo from Glasgow:

6,931 bags hard coal, Schofield & Co.; 95 casks whiskey, 30 cases do., John O'Regan; 251 cases whiskey, R. Sullivan & Co.; 11 casks whiskey, order, P. M. O. The steamship Athenia, now on her way to Liverpool and Antwerp from this port, took away a full cargo, including 120,106 bushels of wheat and 529 cattle. The total value of her cargo is $246,919.

Donaldson line steamship Saladin, Captain Mitchell, left Glasgow last Saturday for St. John direct. She will bring a large general cargo for this port and the west.

Manifests for the following United States goods were received at the custom house today for shipment by the winter port steamers to the United Kingdom:—14 cars pork, 9 cars lard, 1 car meats, 1 car air compressors, 1 car butter, 2 cars provisions, and one car pine lumber.

Captain Black, of the steamship Concordia reports heavy weather for the whole trip. The steamer was off Cape Sable Island in last Sunday's storm, where it blew a gale, with the sea running mountain high.

POLICE COURT

Fred King is in Serious Trouble on a Charge of Assaulting Madeline Peters.

In the police court this morning Timothy O'Brien, given in charge by his father for breaking a door in the latter's house on St. Patrick St., was fined $20 or two months in jail with hard labor. The prisoner said that he had been drinking hard for some time and did not remember anything concerning the offense. The complainant informed the court that he wanted his son to keep away from his house in the future.

Frederick King was arrested yesterday afternoon by Sergeant Caples as a result of information won out by Miss Madeline Peters, a domestic in a family, who reside in a flat over King's residence.

Yesterday afternoon King was brought into court and remanded to jail. This morning he was charged with assault and pleaded not guilty. The young lady stated that she went down to her wood-house to obtain wood, and while there the prisoner assaulted her. She told the court that she did not wish to press the charge but the judge said it was a case of The King vs King, and asked the prisoner if he wished to be tried in the police court or go up and have the benefit of a jury. King, however, wished it disposed of in the inferior court and on being asked said that he had nothing to say. The magistrate before remanding him to jail told him that the penalty for such an offense was very heavy and he did not know whether under the Summary Convictions' Act he could punish him sufficiently. He told the prisoner that he might decide to send him to a higher court.

Thomas Williams, Joseph Jordan and Walter Armstrong were fined $4 each for drunkeness.

Death.

MARINE NOTES

Reports are coming in from disaster by the recent gale. Twenty seven boats went adrift at O'Neil's Harbor, C. B.

Wentzell & Company received a tlegram last night from the captain of the schooner Basil M. Gilbert, stating that his shooner which left here on Sunday with a cargo for Bay of Islands, Nfld, is a total wreck at Owl's Head; crew safe, Strachan & Co had $300 insurance on the freight.

Schr Ida M. Shaffner, ashore at Isaac's Harbor, is a total loss crew saved. She was 189 tons, and built three years ago at Bridgewater; she was purchased last year by Capt. Hopkins, of Jeddore, with Crowell Brothers of Halifax, part owners. The schr was valued at $8,000 and was insured for $7,000. She had coal from Sydney for Halifax.

Schr Lake Queen, belonging to Halifax, broke her chains at Isaac's Harbor and went aground. Stmr Strathcona will attempt to float her.

News from Gibraltar is to the effect that Prince Louis of Battenberg's flagship, the Drake, made the voyage from New York to Gibraltar in seven days, seven hours and ten minutes, the average of the vessel having been 18.504 knots an hour. This beats all previous records for war ships by an average of half a knot per hour.

The Bedford broke down in crossing and is believed to have put in to the Azores.

The Basil M. Geldert, a schooner owned by Captain Cann, of Louisburg, and chartered by a Gloucester firm, ran ashore at Owl's Head in the big gale on Sunday last. The schooner is a total wreck, but the crew all succeeded in getting ashore. The news of the disaster was received this morning by H. W. Wentzell Co., who fitted the schr out recently. The Basil M. Geldert is insured by a Montreal firm, and Grant Oxley and Company carry $500 on her cargo.

THE VICTORIA RINK

Today's soft spell has somewhat shattered the fond hopes of skating enthusiasts, but it is only a temporary change; the air will brisk up again and the grand old Victoria Rink will be open and in full blast in lots of time for Christmas. So there need be no delay in purchasing season tickets—particularly the kind that are to go on the Christmas tree.

QUEEN'S RINK OPENING

The ever popular Queens Skating Rink will open for the season Christmas day, under the management of F. G. Spencer. The Artillery Band has been engaged, and during Christmas and New Year's weeks will play no less than five programmes a week. The season ticket sale has already started in briskly, as for the past few years nothing has been more popular for Christmas gifts.

I. C. R. CONDUCTOR IN SAD TROUBLE

Warrant Issued in Shediac for His Arrest---He Has Disappeared.

MONCTON, N. B., Dec. 13.—(Special).—For some days sensational reports have been in circulation here connecting the name of a well-known I. C. R. conductor, running between Moncton and Campbellton, with a very serious criminal offence. The matter was inquired into by the S. P. C. A. officers and the chief of police, but the facts gleaned were not considered sufficient upon which to start proceedings. Other parties seem to think differently, with the result that a warrant has been issued for the arrest of the conductor in question. The charge is rape upon an eleven or twelve year old girl in the west end of the city.

The warrant was issued by a Shediac justice of the peace, and is now in the hands of a Moncton Constable, who, so far, has been unable to locate the party charged with the serious crime. It is stated that the conductor has left town. Efforts have been made to stop the proceedings being taken, as it is claimed by some on inquiring into the case that there is no ground for the charge upon which the warrant has been issued.

The steamer Northumberland still continues on the Point du Chene-Summerside route, but it is expected the next cold snap will close navigation between these points.
