ONLY A SUGGESTION

But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat and digest and that food should be albuminous or flesh-forming food, like eggs, beefsteak, and cereals; in other words the kinds of food that make flesh are the foods that form the greater part of our daily bills of fare.

But the trouble is that while we eat enough and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the flesh-forming beefsteak, eggs and similar wholesome food.

There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs.

If such persons would lay their prejudices aside and make a regular practice of taking after each meal one or two of Stuart's Dyspepsia Tablets the food would be quickly and thoroughly digested because these tablets contain the natural peptones and diastase which every weak stomach lacks, and by supplying this want the stomach is soon enabled to reach its natural tone and vigor.

Stuart's Dyspepsia Tablets digest every kind of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.

Invalids and children, even the most delicate, use them with marked benefit as they contain no strong, irritating drugs no cathartic nor any harmful ingredients.

Stuart's Dyspepsia Tablets are the most successful and most widely known of any remedy for stomach troubles because they are the most reasonable and scientific of modern medicines.

Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada as well as Great Britain, at 50 cents for complete treatment.

Nothing further is required to cure any stomach trouble or to make thin, nervous, dyspeptic people strong, plump and well.

SEAMEN'S INSTITUTE

The report of the Seamen's Institute for 1904 has been completed. It shows a very encouraging state of affairs, and Manager Gorbell says that each year more interest has been taken in this organization.

Last year the total attendance of seamen at the Institute was 29,000, and the number this year already exceeds it. During the past summer Manager Gorbell has been kept very busy, not because there was more shipping in port, but on account of the seamen taking a keener interest.

More reading matter has been sent abroad this year, and many packages containing gifts for the seamen were distributed.

A new feature of the work done this year by the Seasen's Institute, was the decoration of the sailors' graves.

There were 2,000 visits to ships this year, and much good was accomplished by these visits.

Two hundred shipwrecked and destitute seamen were looked after and given beds and food in the Institute.

The ladies' auxiliary have recently purchased a [illegible] for use in concerts.

A rummage [illegible] will be held on November 7th by the ladies.

The auxiliary has [illegible] a series of ten cent concerts, to be held on Monday nights.

The Christian Endeavor Society will hold meetings during the winter on Tuesday nights at the Institute, and the W. C. T. U. will conduct temperance meetings on Thursday nights.

Manager Gorbell, in speaking of the proposed new building, said that the quicker one was got the better, for the Chipman house is not suited for the purpose.

He went to Carleton last week, by request of the C. P. R. line, and looked at a number of buildings said to be available for an institute.

Mrs. Mary E. Roper, of West River (P. E. I.), was in the city yesterday en route to her home from Cambridge. (Mass.)

Loss of Power To Digest Food

AMONG THE FIRST INDICATIONS OF EXHAUSTED NERVES— THE CURE IS

Dr. Chase's Nerve Food.

The most important function of the organs of the body is the digestion and assimilation of food, and in this process is consumed an enormous quantity of nervous energy.

As the result the moment disorders of the nerves arise, digestion is impaired and the very source of health, strength and vitality interfered with.

To prevent physical bankruptcy the nervous system must be built up by outside aid such as the use of Dr. Chase's Nerve Food, a preparation composed of the very elements of nature which go to form new blood and nerve cells.

Besides this restorative influence on the whole system Dr. Chase's Nerve Food has an immediate and direct effect on the digestive system.

It stimulates the nerves of taste and induces a good flow of saliva to aid digestion. It excites the glands of the stomach and produces a plentiful supply of the gastric digestive fluids. It sharpens the appetite and arouses hunger.

Especially where appetite and the ability to digest have diminished, as in nervous exhaustion, anaemia, the result of sickness, overwork or worry, Dr. Chase's Nerve Food is by all odds the most effective treatment that can possibly be obtained.

It ensures good digestion, regular, healthful action of the liver, kidneys and the bowels and the building up and revitalizing of the whole system.

Mrs. D. R. McLauchlin, 75 St. Patrick street, St. John, N. B., and whose husband is a ship carpenter, states: "My daughter was a victim of nervousness and acute indigestion. Hearing of Dr. Chase's Nerve Food I decided to get her a box of it. We found the food a great nerve builder, and it has entirely cured her of indigestion. We have also used Dr. Chase's Kidney-Liver Pills in our family for liver and kidney trouble and think they have no equal."

Dr. Chase's Nerve Food, 50 cts. a box, at all dealers, or Edmanson, Bates & Co. Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.
