D. C. CLARK WILL GET IT

General Committee of Council Recommends Acceptance of His Tender for the New West Side Wharf--Prince Louis' Visit.

The general committee of the city council decided yesterday afternoon to recommend that the tender of D. C. Clark & Son for building of the new West Side wharf be accepted.

Three tenders were received, viz.:—D. C. Clark & Son, $145,337; G. S. Mayes $149,000, J. Simeon Armstrong, $150,000.

The first tender opened was signed by J. Simeon Armstrong and offered to construct a concrete wharf for $150,000. The communication set forth that the wharf would consist of concrete pile and reinforced braced concrete tressle work with solid concrete deck, the piles and pillars to be spaced nine feet apart. The advantages of such a wharf were said to be the use of a subway for loading cattle at low water from the cars, the construction of an elevator, the permanent and fireproof nature of the construction work, the accessibility for inspection and repair, the increased strength, the ease with which it could be widened or extended and the provision that could be made for deepening adjoining berths. Reference was made to the impossibility of anyone other than the party doing the dredging being in a position to tender on exact terms as regards time of completion. The work would be completed by August 1 on the assumption that the dredging surface was completed by April 1 and free access was given from that date. It was added that as certain details of construction were patentable they were not available for publication, but a detailed plan would be submitted in confidence to a committee. Mr. Armstrong's partners, it was said, would appear and ample securities given for the completion. No deposit cheque was enclosed, and as the tender did not conform to the specifications it was laid on the table.

The tender of D. C. Clark & Son amounted to $145,337, the price of extra piles was placed at $20. A certified cheque for $7,300 was enclosed.

The tender of G. S. Mayes amounted to $149,000. Exception was taken to using 12x12 red pine posts and 10x12 red pine fenders as Mr. Mayes considered it impossible to get red pine in those sizes. He proposed to use spruce or sapling pine in the round with a diameter of 12 inches. Mr. Mayes added that he had on hand 3,000 tons of birch timber which had been surveyed by S. K. Wilson and was ready to start work at once. A certified cheque for $7,800 was enclosed.

In reply to Ald. Baxter, the city engineer said he had estimated the cost at $151,000.

There was considerable discussion over the tenders. Some of the aldermen held that they should be considered by the board of works instead of a general committee.

Finally Ald. Tilley moved that the committee recommend the acceptance of the lowest tender. This carried.

The mayor, referring to the approaching visit of Prince Louis, said the local government proposed to entertain him in Fredericton. It was his intention as mayor of the city to personally entertain the prince and his immediate suite, but he wished the council to consider what form the city's entertainment or reception should take.

Ald. MacRae moved that the council be recommended to appoint a committee to arrange for some form of reception including an address for Thursday, 26th inst.

Ald. Baxter thought the entertainments outlined by the local government and the mayor were sufficient. Nothing had been said about something being done for the jack tars and marines. They were of course glad to see the prince but they didn't ask him to come and he was coming at a time they didn't want him. No doubt from the government downwards everyone would have been just as pleased if New Brunswick had been passed by. In any case, nine of every ten people who would attend tht reception could afford to pay their own expenses.

Ald. Lewis recalled the visit of the king when Prince of Wales in 1860. He thought the presence of the admiral should be recognized out of compliment to the British government which stood behind Canada and gave her the protection of the navy.

A telegram from Ald. Frink to the effect that he thought the city could afford to entertain the men who protected the interests of Canada everywhere was read.

Ald. Pickett suggested doing something for the citizens. Bands might be engaged for all the squares.

The mayor thought it would be too cold to stay out listening to bands at that time of year.

Ald. MacRae mentioned that Prince Louis had visited the city about 26 years ago when a midshipman.

Ald. Baxter moved an amendment that some form of entertainment should be provided for the men of the squadron.

Ald. Sproul did not think the city should spend $1,000; they could not afford it. He favored a smoking concert.

Ald. MacRae said it was his intention to include in his motion the civic recognition of the men as well as the admiral.

Those in favor of the amendment were Ald. Pickett, Sproul, Baxter and McArthur—4. Against, Ald. MacRae, Lewis, Tilley, Hamm and Holder—5. The original motion was then carried.

The director, in reply to Ald. Pickett, reported that the dredging at No. 2, 3 and 4 wharves at Sand Point would be completed before the winter season opened.

The committee then adjourned. A meeting of the council will be held tomorrow afternoon to deal with the matters that were discussed.

'Walk Into My Parlor," Said the Spider to the Fly.

This invitation has been urgently extended to the ladies of the Maritime Provinces by makers of crude and adulterated package dyes.

The foundation of the invitation is a misleading and dangerous one. It asks our women and girls to use imitation and weak dyes, based on the false statement that any color of these common dyes will color wool, silk, cotton or mixed goods equally well.

The world's brightest and brainiest color chemists who have devoted years of study to all that pertains to dyestuffs, are agreed that it is utterly impossible to properly color animal and vegetable fibres with the same dye. Ladies; please note this important fact, and do not be deceived.

DIAMOND DYES, the only perfect home dyes in the world, have special colors for wool and silk, cotton and mixed goods, thus insuring perfect results to every home dyer.

The DIAMOND DYES are the only package dyes which have carried profit and pleasure into the homes of Canada for twenty-five years. Our grandmothers and mothers used them with success and profit, and today, wise women will not tolerate any other make of package dyes.

All dyes introduced within recent years have proved to be very poor imitations of the popular DIAMOND DYES. Never be misled by the false statements of merchants who sell weak and crude dyes, which are sure to injure and destroy your valuable materials. Ask for DIAMOND DYES, and take no others.

SUSSEX

SUSSEX, N. B., Oct. 12.—Dr. Gamblin gave a very interesting lecture last evening in the Methodist church, subject, "Why Saturday should not be kept for the Sabbath." He left this morning by the early train for Chipman, where he will speak tonight.

Miss Charlotte Teakles is very ill at her home with pneumonia. Dr. Ryan is in attendance.

The many friends of Miss Margaret Arnold will be sorry to hear of her continued illness.

Mrs. Clark Teakles is quite ill.

Dr. Leigh and Mrs. Langstroth are spending a few days in Sussex at the doctor's old home.

Mrs. S. H. Langstroth went to St. John yesterday.

Mrs. Stone, formerly Miss Cough of Worcester, Mass., who has spent the last month here, returned to her home yesterday. She was accompanied by Miss Carrie Roach (nurse).

The Misses Elsie Hayel and Vera Moore have returned from St. Martins, where they have been for a month.

Douglas McAulay is spending a few days at Newtown with his friend, Mr. Venning.

The Sussex Rifle Club, which was organized a short time ago, have taken for club rooms the brick flat on Main street owned by F. W. Fowler.

The town council met last evening, but nothing came up except routine business.

THE IRISH GUARDS' BAND

Yesterday Manager Gleason received from a prominent citizen a request to Bandmaster Hassall of the Irish Guards Band, asking that Handel's Largo be one of the numbers on the evening programme. This will be handed to Mr. Hassall when he arrives here. There was a steady demand for seats for the concerts yesterday afternoon. Orders were received by mail and telegraph from St. Stephen, Woodstock, Sussex, Hampton, Fredericton and elsewhere, and in these places parties to attend the concerts are being arranged. Special rates will be granted by the railways to all parties of ten or more.

PROBATE COURT

Interesting Evidence in a Disputed Will Case.

Martin Ring died in Carleton on March 6, 1905, leaving about $1200 personal property and $1500 real estate; and four children—Bridget, now Mrs. McCafferty, of Chipman, Queens Co.; John, of West St. John; Julia, wife of James Donahoe, Halifax; and Mary, wife of Michael Danaher.

In February, 1900, the deceased made a will giving, it is alleged, everything to his son, whom he made sole executor. Soon after his father's death the son petitioned for probate of the will in solemn form, but Mrs. Donahoe had filed a caveat, thus delaying probate. Judge Trueman granted time for the filing of allegations, and Mrs. McCafferty put them in by her proctor, M. G. Teed, K.C. They were answered by John Ring by the proctor of the estate, John Willet, K.C., and the hearing commenced yesterday.

The son has produced an unregistered deed, by which he claims that the real property always belonged to him.

M. G. Teed yesterday argued that the stage of the proceeding had not been arrived at for the hearing of viva voce testimony. Judge Trueman ruled otherwise, though he remarked that this was the first case of its kind with which he had to deal. He thought Mr. Willet's answers were sufficient.

John Ring was the witness yesterday, and his statements were shown to be somewhat at variance with the stenographer's reports of his evidence at the last hearing, namely in regard to an amount drawn from the Savings bank by him, and as to statements of his father to him. At the previous hearing he swore that he had saved all of $700 which he drew from the Savings bank, and yesterday he said that his father gave him $300 of it. At the previous hearing he swore that on the night his father made the will he called the witness in and said, "What do you think; do you want a will made?" Yesterday the witness stated that his father had said nothing of the kind. In his affidavit at the time of the petitioning of the will he swore that the personal property of the deceased was only $576, and admitted yesterday that he did not include in the affidavit $300 which was in the Savings bank.

Mr. Teed will continue examing the witness on Monday at 11.30 a.m.

$100 Reward, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

STEAMSHIPS SOLD

Big Prices Paid---Another Addition Made to the Battle Line.

The British steamer Lake Simcoe (ex "Ems"), 4,933 tons gross, 2,864 net, built and engined by Messrs. J. Elder & Co., Glasgow, in 1884, and owned by Messrs. Elder, Dempster & Co., Liverpool, has been sold to Italians for £14,000.

The British steel steamer Bardistan, 2,599 tons gross, 1,651 net, carrying about 4,245 tons deadweight on 19 feet 6 inches, built at West Hartlepool in 1897 and owned by the Anglo-Algerian S. S. Co., London, has been sold to Messrs. Wm. Thomson & Co., St. John, N. B., for £19,500, with No. 2 survey passed.—N. Y. Illustrated Shipping.

Important Local Life Insurance Investigation.

The Sun Life Assurance Co. OF CANADA

Requests the Public to inspect its list of fifteen and twenty year dividend policies which have matured in the New Brunswick agency during 1905.

The profits paid on these policies exceeded promises made when policies were issued.

These results are splendid examples of what is being daily accomplished throughout Canada by this prudently managed and prosperous Company.

The Sun Life of Canada

commenced business in 1871, and its Reserve Fund is largely in excess of the amount required by Government standard.

The Company also issues Very Attractive Guaranteed Dividend and Annual Dividend Policies.
