NEWS FROM NORTH END

The Ice Moving.

Reports from up river today state that the ice is beginning to move out at Woodman's Point. There is about three feet of water on the ice at some places. At the Devil's Back, where the ice is still quick thick, teams can cross. Every winter, this is the last place the ice moves out.

At Clifton, Moss Glen, Gondola Point, Rotheray, and Hampton, the ice is going fast, and it is expected to be all out by next week.

River Service.

The river service for the coming summer, will probably be the best ever known on the St. John and Kennebecasis. There will be ten steamers running, and these will make stops at all the villages of any importance on the river.

In former years, the inhabitants of small villages, were obliged to drive to the nearest wharf, at Lewis Cove, the farmers could not get on a steamer without driving to McDonald's Point, a distance of seven or eight miles. This summer, the steamers will make stops at all of these small places.

On the Kennebecasis river, Messrs. Mabee Brothers' new steamer, will probably make stops at Rotheray, Clifton, Moss Glen, and Gondola Point.

Minor Notes.

The wood-boat "Minto" arrived at Indian town from up river yesterday, in command of Capt. Buckley. She was loaded with wood for Tapley Bros.

Men are now employed in putting the last finishing touches in the "Crystal Steamer." She has been painted and renovated throughout, and is one of the prettiest boats on the river.

The steamer Springfield will leave her wharf on Wednesday, for a trip up river. She will try to reach Brown's Flat.

A CALL TO PRAYER.

City Ministers to Meet in Y. M. C. A. Parlor on Saturday Afternoon.

The following circular has been received from the Toronto Ministerial Association and explains itself:—

"Throughout the Christian world today there is a widespread feeling both of the need and expectation of spiritual revival. God has been graciously pouring out His Spirit in Wales and other places, and thousands of souls have been brought into the Kingdom of God.

"These things have led many to believe we are on the eve of one of the greatest spiritual awakenings the world has ever known. But this cannot come unless God's people are united in earnest and insistent prayer.

"The Great Britain and the United States the 15th day of April is to be observed as a special day of prayer for world-wide revival. We earnestly and respectfully ask the Canadian churches to join in this also, and to add Sabbath the 16th, on which day the importance of this may be urged from all our pulpits. From the closet, the family altar, the social meeting and the congregation, let there arise a united cry to God that He pour out His Spirit upon all flesh."

In accordance with the above the ministers of the city, and Christian friends, are invited to meet in the Y. M. C. A. parlor on Saturday the 15th, at 4 p. m., for special prayer.

A PLUCKY BOY.

Last evening while H. W. Machum and the older members of the family were absent, an unknown man entered his house on Canterbury St. At the time, only Mr. Machum's three young sons were at home, and the eldest boy, Aleck, hearing a noise went to the door, and found the stranger standing in the hall. The boy asked him what he wanted, but he vouchsafed no reply, and started to go upstairs. The boy immediately ran to his father's room, and securing his unloaded rifle he confronted the man and ordered him to leave, which he very quickly did. The police were telephoned for, but when they arrived, the intruder had disappeared. The lad deserves much credit for his pluckiness, and presence of mind.

KING STREET CHANGES.

Yesterday James Miles signed the contract for remodelling the fronts of the Ferguson building, King street, occupied by Waterbury & Rising and D. Mage's Sons. The new fronts will be most elaborate. The present breasted windows, or wooden work over the windows, and in fact all the woodwork in front, will be removed and replaced by metal. Prism glass, some of which is now used in Mage's windows, will be put in. The corner posts at the doors will be taken down, and bevelled glass will be substituted, the side windows running back to the door, five feet from the street line. Work will be commenced on May 21st. G. Ernest Fairweather is the Architect.

AFTER MORE BERTHS.

A deputation from the city, consisting of the mayor and three members of the board of trade—H. B. Schofield, (the president), Robert Thomson and T. H. Estabrooks—will leave this evening for Ottawa, to interview the government on the question of extra berth accommodation at Sand Point. An urgent request will be made for the use of the dredge Cape Breton, now at Sydney, in order that the work of deepening the slip may begin next month. The delegation will take with them plans, charts and details of soundings in the harbor, and before returning will make a stay at Montreal for a conference with the C. P. R. officials.

THE LATE MRS. McKIEL.

The People of Fairville Give Expression to Their Profound Sorrow.

The Church of the Grand Shepherd, Fairville, was filled yesterday by sympathetic people who came to see the last on earth of a true friend. The service at the church and grave was taken by the Rev. R. Mathers, an old friend of the family, assisted by the Rev. G. F. Scovill.

The Rev. Mr. Scovill was also celebrant at the Holy Eucharist, which was administered to the family in church at 11 a. m.

The Rev. Mr. McKiel and family return grateful thanks for the universal sympathy and love expressed by the congregation and the whole community. The floral offerings were:—

A cross, from husband, children and sister.

A wreath, from the grandchildren.

A flat bouquet from Mr. and Mrs. F. H. McKiel, St. John.

A flat bouquet from Mr. and Mrs. B. B. Ferguson, Chicago.

A flat bouquet from Rev. and Mrs. R. Mathers, St. John.

A flat bouquet from the Sunday school children.

Flowers from Miss Rosence, and from the congregation a floral piece consisting of star and crescent with bar on which were the words "At Rest."

She was borne to her last resting place by her three sons: Cecil, John Medley, and Rudolf; A. L. B. McKiel, of Greenwich; Dr. Morehouse, of Keswick, York; and Alexander Murray, of Kingsclear, York.

Rev. Mr. McKiel and family have received the following expression of deep sympathy in their irreparable loss.

Fairville, St. John, N. B., April, 1905.

To the Reverend Wm. Le B. McKiel.

Reverend and Dear Sir,—We, the members of the Church of the Good Shepherd, Fairville, desire to express to you and your family our deep sympathy in the severe loss you have sustained by the death of Mrs. McKiel.

We also wish to place on record the high esteem in which she was held for her ready and earnest sympathy with suffering and sorrow; her unflinching devotion and loyalty to her Master and His Church; and her exemplary conduct as a wife, a mother and a friend.

She "rests from her labours" and her works do follow her. Though dead to the eye of sense, she yet lives in our hearts and memories as an inspiration to be likewise "faithful unto death," that we also may receive to "the crown of life." That the God of all consolation may comfort you and yours in this hour of your very great sorrow, is the earnest prayer of your affectionate and faithful parishioners.

Thos. Stears, James Bryant, Mrs. G. Cowie, Mr. and Mrs. J. Cowie, Mr. Jackson, Mr. and Mrs. Shepherd, Mrs. Carvill, Mr. and Mrs. R. Duncan, and family, Mr. J. Reed, Mr. and Mrs. Wm. LAND BOOM IN MONCTON.

Pronounced Activity in Real Estate—Some Interesting Liquor Cases.

Moncton, April 12.—(Special).—The real estate boom in Moncton is being taken advantage of by quite a number of property owners to dispose of dwelling houses and lots. There is considerable activity along this line. J. U. Hall, manager of the W and B. railway has purchased from the late E. J. Trites estate a valuable corner lot on Church Street and intends erecting a residence this summer. The price paid for the land is said to have been in the vicinity of \$1300.

The residence of Con. John Hughes on Cameron street was sold at public auction Monday afternoon and bid in by J. B. Tingley for \$2,950.

Considerable interest is being taken in the Cormier Scott act case to come up in the police court today. This is one of the beer cases and it is said is being defended by a St. John wholesale liquor house, Scott E. Morrell being engaged as counsel.

It is rumored that an interesting case of alleged violation of the Scott Act against one of the city hotels will be heard the latter part of the week. The witnesses, it is said, to be called by the complainant, will include two police officers.

Leslie Chappell, who resigned the position of marshal of Shediac to accept the position of Scott Act officer on the Moncton force, went on duty yesterday morning.

A meeting of the Imperial Coal Co. was called by Dr. Van Hagen, vice-president, for yesterday, but when the meeting convened objection was taken by D. C. Welch that it was illegal, and an adjournment was made without transacting any business.

The Free Baptist church and second Moncton Baptist church have been formally united as the West End united Baptist church, and a meeting for the election of officers of the new church will be held Thursday night.

THE CIVIC ELECTIONS.

There is quite a stir around town over civic election affairs. Those aldermen who were lucky enough to get in by acclamation were being congratulated this morning by their friends, and between times they were shaking hands with themselves to think they got off so easy, and for another year would have the handling of that \$200, per.

Considerable interest figures in the contest in Dukes and Victoria, each ward having three candidates. It is expected that next Tuesday will witness some pretty close fights, as most of the new aspirants are working together to secure a good representation of new men at the board, while it is said that the aldermen who went in unopposed will work for their brothers who have opposition.

WATERWORKS TENDERS.

The water and sewerage board meets this afternoon to open and consider the tenders for the Loch Lomond extension. The prospective tenderers took a tour over the proposed line of work yesterday. It is reported that at least eight or nine tenders will be submitted to the council, but it is impossible to ascertain from whom.
