Local News.

Steamship Ororo, Captain Lesley, is expected to arrive tomorrow from the West Indies with a large cargo.

Steamship Indrani, of the Donaldson line, will sail tomorrow evening for Baltimore and Newport News.

Capt. John Pratt, of the tug Frederick A., was removed to the Geenral Public Hospital yesterday afternoon suffering from paralysis. He was stricken while on board the boat, which was lying at the South wharf. About 11.30 o'clock last evening the hospital authorities reported that Capt. Pratt was improving.

H. Lovell, M. P., of Coacticook (Que.), is at the Royal. Mr. Lovell is on a pleasure trip only, and this is his first visit to the provinces. He has been to Halifax, and tomorrow will go by steamer to Fredericton, thence home by way of the Canada Eastern. He seemed pleased with his trip and what he had seen of the country.

Thos. B. Capperton, of Maria Capes (P. Q.), and W. P. Walker, manager of the W. K. McKean Lumbering Company, of Maria, registered at the Royal Saturday. Mr. Clapperton reports that the crops throughout the county of Bonaventure have a splendid appearance, and the fishing, which was poor in the early part of the season, is daily improving.

C. B. Foster, C. P. R. district passenger agent at Toronto, who left here last evening on his return west said the travel westward in the course of a few weeks will be very heavy. The usual fall rush to the wheat fields will create a decided increase of business, also the travel to the Toronto exhibition. The first harvesters' excursion from here will be Aug. 19.

A valuable horse belonging to Thomas Balmer, of Oak Point, was seriously injured on Saturday under peculiar circumstances. The animal, which was a very spirited one, was loosed from his stall by a child, who did not realize the danger. When freed, the horse cavorted around an open field, finally jumping on to a sharp stake and inflicting a fearful wound. Veterinary aid was rendered, and the horse will be saved.

Rev. H. A. Cody, Anglican clergyman, who is home from Yukon Territory visiting relatives and friends up river, will not return to his new charge at White Horse alone, for on Sept. 19 he is to be married to Miss Jessie Flewelling, daughter of Albert Flewelling, Oak Point. Miss Flewelling is one of the fairest and most popular young ladies on that side of the river, and has been active nearly all her life in Sunday school and church affairs. Rev. Mr. Cody is also much respected in his old parish, his departure from which was much regretted by the people.

POLICE COURT

James Connors Fined $8 for Assault.

Business was of a brief nature in the police court this morning. Two drunks were fined $4 each, and one $8.

James Connors was arrested by Officer Scott, charged with assaulting James E. Fueray between twelve and one o'clock this morning. Connors was defended by E. S. Ritchie. Officer Scott swore that he was an eye witness to the alleged assault. He stated that he saw the complainant coming down King street and the defendant grab him by the shoulder. Mr. Fueray jumped clear of Connors and the latter used a very offensive expression. Fearing retaliation by the complainant, he separated the two men and arrested Connors.

The plaintiff substantiated the officer's statement, and Connors admitted using the expression, but his counsel stated that he caught hold of Mr. Fueray in a non-malicious manner. He was asked to pay $8.

WEDDINGS

Byers-McDonald

A quiet wedding took place at the Church of the Assumption on Tuesday, when Miss Olivetta, second daughter of George W. McDonald, was united in married to Marks Byers of Chatham, the ceremony having been performed by Rev. J. J. O'Donovan.

The bride was gowned in white crepe-duchene, with bridal veil, and carried a bouquet of roses. Miss Sadie Donnelly of Sussex, cousin of the bride, acted as bridesmaid, and wore a becoming costume of cream voile, with picture hat to match. The groom was supported by Thomas Sutton of Chatham.

The bride was the recipient of many costly and beautiful gifts.

HARBOR DREDGING

E. T. P. Shewan has now in hand the plans and specifications for the dredging to be done by the dominion government for the new deep water berths to be built by the city, and the successful tenderer will probably be known about Sept. 1. Tenders will close on the 15th inst. The tender requires that no alien labor be employed, the wages must be the prevailing figures for the work performed, and the dredged material must be deposited between Shag Rocks and Sheldon's Point. The dredge to be used must be registered in Canada.

LANDLADY WAS SHARP

As One Young Man Who Failed to "Settle" Learned to His Cost.

A young man who was on the point of leaving the city a day or two ago, with his board bill unpaid was followed to the train by his landlady, who by a shrewd trick prevented his departure.

The young man had been for a time in the employ of a prominent business establishment here and was, so it seems, some $13 to $18 behind in his board bill. His landlady became rather uneasy and felt that she should make some effort at least to get her money. Accordingly, she wrote a short note reminding him that it would be a good idea to settle up, and placed it in a conspicuous place in her boarder's bedroom.

On returning, he noticed the missive, opened it, and after a careful perusal of the contents was not long in deciding on a plan of action.

He arose the next morning earlier than usual, carefully packed his valise and "piked" for the Union depot, where he purchased a ticket for Houlton, Me. He then boarded the west-bound train, evidently congratulating himself that all was well. He had been seated in the car but a short time, however, when his boarding mistress, who had not been long in discovering his absence from the house, hurriedly boarded the train, and on finding her former boarder asked:

"What does this mean?"

"O, I'm just going to Houlton for a few days. I'll be back."

"But what about that little bill?"

"Why, that will be all right; I'll pay you when I come back. If you want any security, here's my watch. You can take that." He produced the timepiece, which he placed in her hand.

"Have you got your ticket?" she asked.

"O, yes."

"Let me see it."

The young man produced the "cardboard" which, quick as a flash, she snapped from him; and he must now remain in the city, at least until his board bill has been paid.

BODY FOUND IN SHOE BOX

And Now Eliza McNeil, of Cape Breton, Must Answer a Charge of Infanticide.

SYDNEY, N. S. Aug. 8—(Special)—The crown issued a warrant today charging a young girl named Eliza McNeil, belonging to one of the country districts with infanticide. Information against the girl was laid upon the strength of a verdict returned by the coroner's jury and the facts elicited in connection with the investigation. The child was found by a woman with whom the McNeil girl lived. It was wrapped up in a shoe box and hidden in a trunk room.

ST. THOMAS' CHURCH WRECKED BY FIRE

Stately Edifice in the Centre of New York's Richest District Burned Yesterday.

NEW YORK, Aug. 8—St. Thomas' Episcopal church at 5th avenue and 53rd street, one of the most richly furnished religious edifices in America, was wrecked by fire today. Within a block of the burned church are the homes of half a score of the country's wealthiest men. On Fifty-fourth street, directly in the rear, is the city residence of John D. Rockefeller, and nearby are the homes of H. McKay Twombly, Col. J. J. McCook and the home of the late Daniel S. Lamont. The Hotel St. Regis is scarcely one block away and scores of the finest city homes in America are in the section of which St. Thomas' church was practically the centre. The fire was confined to the church.

A STRIKE ORDERED

Cleveland, Aug. 7—The Plain Dealer tomorrow will say:

"Orders were issued Monday afternoon from the headquarters of the International Association of Bridge and Structural Iron Workers by Secretary J. J. McNamara for a general strike against the American Bridge Company from to California.

"It is estimated that between 15,000 and 20,000 bridge and structural iron workers will quit work. Bridge work will be tied up in many parts of the country and a number of big building projects will be delayed. The strike of the iron workers when it comes will affect thousands in the building industry.

THE BISHOP'S PICNIC

Eight Hundred Happy Children Were in the Procession this Morning---Pleasant Outing.

This is, indeed, a happy day for the Roman Catholic children of this city. The bishop's annual picnic is being held at Torryburn and many hundred children and grown-ups are enjoying themselves to the utmost.

At nine o'clock, the juveniles gathered at St. Malachi's Hall, corner of Sydney and Leinster streets, and, headed by the City Cornet band, marched to the depot. About 800 children were in the parade. The following priests and officials also marched: Rev. R. J. Coughlin, Rev. J. W. Holland, Rev. A. W. Meahan, P. O'Leary and James Sugrue.

At the station great excitement prevailed. The cars were not open when the firs of the picnickers arrived, but shortly before 9.45 there was a rush, and the boys and girls had everything their own way until they were all seated in the cars.

The older people waited until all the children had been made comfortable, then they boarded the train, and soon all were on their way to the scene of the day's outing.

At the picnic grounds the boys will have a chance at the "bean bag," the "hit the dolls," and the merry-go-round, while the girls will enjoy ice-cream, peanuts, candy, and lemonade.

A shooting gallery is in operation, and some good prizes are up for the best shot.

The "spin the wheel" man, as usual, is in attendance.

Trains will bring the picnikers back to the city at 6 and 8 p. m.

DAME FASHION'S ENVOYS

St. John Ladies and Gentlemen in American and European Cities Getting the Latest Style Notions.

Miss Vaughan, superintendent of the retail custom hat making department of Manchester Robertson Allison's, Ltd., and Miss Hoyt, head maker for the wholesals millinery interests of the big house, have left for New York to spend several weeks among the leading millinery establishments viewing new shapes and trimmings, and carefully considering the best headwear for St. John ladies.

Very little information has been given out yet concerning the new millinery styles for fall and winter, but it is presumed colors will be largely in solid, or plain, effects, with shapes small and medium sized. Coque feathers are predicted as a certainty.

In less than a month these new styles will be on the market, and early in September wholesale millinery openings will probably be held, at which hat modellers from all parts of New Brunswick, Nova Scotia and Prince Edward Island will come to St. John to get the new notions.

Miss Smith, of Brock & Paterson, Ltd., is at present in the great American metropolis and Mr. Clark of that company is to leave for the same city in a few days. Other local houses are soon to send their millinery experts away.

Arthur V. Branscombe, chief of the millinery section, Manchester Robertson Allison, Ltd., has been home for a few days from London and Paris. He was absent two months.

W. L. Robson, also of Manchester Robertson Allison, Ltd., is also back from Europe, where he bought fall jackets, winter coats, silks, novelties, etc. W. G. Smith, of the same house, is at present abroad buying for next spring, as is Alex. Macaulay, of Macaulay Bros. & Co., and M. McFarlane, of Brock & Paterson's establishment.

Misses Vaughan and Hoyt, of M. R. A., Ltd., heads of the manufacturing departments in millinery, have gone to New York to look up fall and winter styles.

TOURIST TRAFFIC

Incoming Steamers Bringing Large Numbers of Summer Visitors.

Eastern Steamship Company's steamer Calvin Austin, Captain Pike, is still bringing large numbers of passengers to this city from Boston and other United States cities out of the hot weather. This morning at 9 o'clock she arrived with 431 passengers, which does not include the children, of which there must have been at least over two hundred.

The steamer St. Croix, due to arrive this evening, has another large passenger list, including a Raymond & Whitcomb party of tourists. Among the Calvin Austin's passengers this morning was a number of New York tourists going north. There was also a large number for P. E. Island and Nova Scotia, while over two hundred put up at the different hotels in this city. The passengers complain that the weather in the United States this season is very hot, and the cool breeze while on the voyage to this port was most agreeable. Some of them enjoyed the dry fog which was very thick all along the New England coast.

The Austin has become a great favorite with the travelling public. Passengers coming this way are well looked after by the popular officers of this steamer. Purser Smith says the travel will continue well into the fall, and that large numbers already are returning by their boats to Boston.

A great number of tourists have called on Mrs. Rupert Eaton Olive, secretary of the Tourist Association, where they get all the different points of interest mapped out to them. The reversible falls and the trip up the St. John river are the chief points asked about; also the fishing grounds of the North Shore.

WHEN WOMEN LOVE

There was a very large audience at the Opera House last evening when the Frank Nason Company produced "When Women Love." While the company is not especially strong, yet it is well balanced, and even, and every portion of the performance runs with an exactness that tells of many rehearsals and a complete knowledge of their parts. Joseph Gillow as Harold Young, the lover of Madge Carleton (portrayed by Miss Greenhalgh) is perhaps the best actor, though Theo. Rannie as the detective did some really clever work and was freely applauded. Miss Greenhalgh has ability but poor delivery, though she is the best among the lady members of the company. Little Dorothy, as Ruth Carleton, is a bright child, and did her part very well indeed, and to the thorough satisfaction of the audience. Applause was frequent, and the play appeared to please everyone. It will be repeated this evening.

THEATRICAL MAN HERE

Mr. and Mrs. George H. Murray, of New York, arrived in the city yesterday.

FARM LABORERS' EXCURSION

The farm laborers' excursion to the Canadian Northwest will be run this year as usual by the C. P. R.

The date set from points in Cape Breton and Nova Scotia east of New Glasgow, is August 18th, and from all other points in Nova Scotia and from points in New Brunswick and P. E. Island, August 19.

Full particulars are given in an advertisement which appears in another column of the Times.
