

Pure Gold Jelly Powders.
 For a few days we are having a demonstration of Pure Gold Jelly Powders. Our store has been thoroughly renovated and is now the neatest and brightest grocery in Carleton. Inspection is invited.
F. BURRIDGE, 255 King St., St. John West.

INSURANCE IN CANADA
Investment Policy of Dominion and American Life Companies --- A Timely and Interesting Summary--Important Holdings of American Traction Securities.

(Special Montreal Correspondence of Boston Transcript.)
 The Canadian superintendent of insurance has just issued an abstract of business in Canada of insurance companies during 1904. He announces that the figures are subject to correction, and that the revised report will be published later. In view of the recent criticism of the investment machinery of the big American life companies it will be interesting to see what information can be extracted from the abstract regarding the investments made by the American companies in Canadian securities and at the same time to take note of the investments by Canadian companies in American securities.
 On Dec. 31, 1904, the American companies operating in the Dominion showed among their assets in Canada: "Stocks, bonds and debentures, \$38,129,794." A year before the item stood at \$30,216,856. There was therefore during 1904 an increase of \$7,912,938. The total security holdings of the Canadian life companies amounted at the end of 1904 to \$44,252,768, as compared with \$38,830,428 at the end of 1903--the increase being \$5,422,340. Among the American companies the following are down for large amounts:
 Stocks, bonds and debentures held in Canada, Dec. 31, 1904:
 Equitable \$5,212,300
 Mutual Life 6,818,322
 New York Life 7,753,207
 Aetna Life 4,849,283
 Metropolitan 2,992,584
 The holdings of stocks, bonds and debentures by Canadian life companies, Dec. 31, 1904, were:
 Canada Life \$17,642,740
 Sun Life of Canada 28,984,882
 North American 4,489,066
 Confederation 3,086,201
 Manufacturers Life 2,973,011
 Mutual Life of Canada 2,897,496
 The abstract for 1904 does not give the particulars of the items composing the above totals. The information is not available until the full report is issued. But a fair idea of the investments favored by the different companies can be had by examining the report for Dec. 31, 1903. It is reasonable to suppose that the holdings of securities would not have changed their nature materially during the following twelve months. As a matter of fact the Equitable and the Aetna show practically the same amount at the end of both 1903 and 1904. Other American companies show increases in the latter year.
 Of the Equitable total no less than \$7,457,000 was in American securities, as follows:
 Par Market Value, Value
 United States Bonds, 4 p.c. \$40,000 \$68,000
 Mercantile Trust Stock 42,000 6,200,000
 St. Paul, Minn and Manitoba 500,000 538,750
 4 1/2 p. c. stocks 500,000 538,750
 The remainder, amounting to about a million and a half dollars, was in the shape of Canadian municipal bonds and debentures, the obligations of the Dominion being held, with a small amount of province of Quebec bonds and stocks.
 The Mutual Life of Canada, New York Life also have followed the policy of sending American securities over here rather than that of buying Canadian securities to deposit. The Mutual has deposited with trustees under the insurance act, \$300,000 par value Government Trust Stock, \$200,000 par value Sixties Mortgage and Trust Company, and \$750,000 National Bank of Commerce, the market value of the whole being set out Dec. 31, 1903, at \$2,768,750. The securities lodged by it with the Receiver general in Ottawa, amounting in value to \$2,342,065, are all of the Canadian variety--the whole excepting a block of about \$250,000 in railway bonds, and the bonds of the principal cities and of some of the provinces.
 The Equitable Life has deposited a good sized block of Commonwealth of Massachusetts 1898, \$1,610,000, about \$3,000,000 in high-class American railway bonds, and about \$1,500,000 in Canadian securities, which no less than \$973,333 are obligations of Mackenzie & Mann's Canadian Northern Railway, and the balance municipal and provincial government bonds.
 Turning to the Canadian companies, it is seen that the Canada Life has actually sold itself almost altogether to the Dominion in making its investments. It has a long list of city, county, town and township, school district and village debentures, covering practically the whole country from ocean to ocean. These, with the government bonds, aggregate nearly five millions. There are nearly four millions in steam railways and tractions, and about as many in miscellaneous companies, all practically Canadian. The company is also a heavy owner of bank stocks. The Sun Life, the other big security holder among the Canadian life companies, has followed a different policy. It also shows a good string of Canadian municipal bonds, but when its railroad, traction, gas and electric and miscellaneous bonds are reached it is seen that Americans largely predominate in the portfolio. There are also blocks of \$600,000 in Chicago & Milwaukee Electric Railroad bonds, \$445,000 in Indianapolis Northern Street Railway Company, \$410,000 in St. Louis & Springfield Railway Company. In stocks the same policy has been pursued. The company owns good sized blocks of Columbus, London & Springfield and Urbana Electric preferred and lesser quantities of other United States stock associations.
 No doubt the Canada Life has found its policy of confining its investments to home fields to be a help in increasing the insurance applied for. There has been quite a clamor raised here at different times regarding the placing of Canadian money in foreign countries. Banks and other corporations have been criticised for this equally with the insurance companies. It can be understood then that it would be an aid to popularity for a company to be able to point to a list of securities composed almost wholly of the products of the Dominion. Canada Life can do this. Quite possibly the same company has written a great deal of insurance at the points of this kind. There is to be considered, of course, the question as to whether or not there is a danger of investments of this kind being made when they are made from any other consideration than their investment value. But as a rule it can be said that the credit of the municipalities is good, and no many details are to be scored against them. The big American companies doing business in the Dominion are not likely to be the fact whenever they make important investments here. Some of them have invested considerable sums in the Dominion, and the fact that other important investments in the Dominion which do not appear in the Canadian Insurance Reports. Such bonds and stocks as they hold in New York do not come under the authority of the Ottawa officials.
 H. M. P. BOKARDT.

OBITUARY
John H. McLaughlin
 John H. McLaughlin, the Richmond street baker, died Monday evening and there are many who will read the announcement with regret. Mr. McLaughlin was probably the oldest baker in the city, both in age and in length of time in business and with the intermission of a couple of years had been more than half a century at the one stand, 45 Richmond street. He was born in Donegal (Ire.), seventy-six years ago and came to St. John in 1847 and here he had resided ever since. In every way he was a most worthy citizen and the summing up of his years is the writing of the record of a good life. He was always a prominent member of the cathedral congregation and had been treasurer and later president of St. Joseph's senior society.
 Mr. McLaughlin's health was good until two years ago when he suffered an attack of paralysis. Some days ago there was a second attack and since then he had gradually weakened. He is survived by his wife, two daughters--Mrs. John Henry J. Sheehan of this city, and Miss Emma--and two sons--Charles J. and John--who were associated with their father in his business. The sympathy of many friends will go out to the family in their bereavement.

Mrs. Hortense Emma Scribner
 The death of Mrs. Hortense Emma Scribner, widow of Dings Scribner, of this city, occurred Monday at her residence, 31 Sydney street. Mrs. Scribner, who was the youngest daughter of the late George M. Burns, was twice married and leaves three sons by her first husband--Duncan U. Watson of Boston, Geo. W. Watson of Lynn (Mass.), and E. P. Watson, manager of D. Scribner & Co. of St. John.

Fred J. dePayster
 Frederic J. De Payster, head of the De Payster family of New York, and a descendant of Abraham and Frederic De Payster, who were prominent in the early days of St. John, died suddenly Thursday in the Laurel House, Lakewood (N. J.). He was a descendant of Johannes De Payster, who was mayor of New Amsterdam (now New York) from 1600 to 1700. Two of the family, Abraham and Frederic, came here with the Loyalists. Abraham, in 1792, became provincial treasurer.

Mrs. Catherine Mullin
 The death of Mrs. Catherine Mullin, of Little River, occurred Monday in the General Public Hospital. Mrs. Mullin was eighty-one years of age, and had been a patient in the hospital for five months. She leaves two sons--Charles, of Little River, and Patrick, in British Columbia.

Capt. Wyman
 Capt. W. A. Wyman, son of Stephen Wyman, of Sandford, Yamouth county, died at Honolulu last month, aged fifty-five years. He was mate of the steamer Claudine, and was found dead in his berth. Death was due to heart disease. He had no family.

G. T. P. SURVEY
 Ottawa, May 15--(Special)--Two new trial lines are to be surveyed in New Brunswick in connection with the National Transcontinental Railway. One is from Chipman to Boies town, and the other between Chatham River and Moncton, north of the St. John division of the Intercolonial Railway.
 In the case of the line between Chipman and Boies town, the one already surveyed, is very circuitous, makes a wide detour and it is thought that a more direct route can be obtained. In the case of the other it is probable that a satisfactory line will be obtained which extends for some distance. The road will open up a fine agricultural country.

MORNING NEWS IN BRIEF.

Local
 Miss Lydia R. Hewitt, who has been lady superintendent of the General Public Hospital for some time, has resigned her position, and will relinquish her duties the last of the present month. A special meeting of the hospital commissioners was held yesterday afternoon and Miss Hewitt's resignation accepted. The appointment of a successor to Miss Hewitt is still uncertain. A lady to whom the position has been offered telegraphed the commissioners yesterday that she was ill at present, and may not be able to take up the work on the first of June.

Senator King and George McAvity, accompanied by an engineer, will make an inspection of the Central Railway on Thursday. On their return of their investigation will depend whether they will accept the government commissionership.

All mail matter intended for H. G. Hunter, G. G. Murdoch or others on the staff of the Loch Lomond extension, should be addressed as follows: "Loch Lomond Extension, St. John County, N. B.," when it will be left off at the office of the engineering staff.

Rev. Mr. Sandford, head of the Holy Ghost and Us sect, is reported to be still in the woods. He has been located on the Little South Branch of the Scogole River, and it cannot be learned when he is going to leave. His son, a lad about twelve years of age, is with him.

The annual meeting of the Maritime Nail Co., Ltd., was held on Wednesday last. The report of the auditor showed a prosperous condition of business and the usual semi-annual dividend was declared for the period in which the company has been operating since rebuilding. Eben Perkins was elected a director to fill the vacancy caused by the retirement of Jos. Allison, and the following officers were appointed for the ensuing year: James Manchester, pres.; R. C. Elkin, vice-pres.; Eben Perkins, general manager and treasurer; F. P. Elkin, secretary; F. E. Marvin, general superintendent.

The case of the Cumberland Coal Co., Ltd., vs. the St. John Pilot commissioners, which was to come up before Judge McLeod in the admiralty court yesterday afternoon, was postponed by mutual consent of the parties interested until the 20th inst. at 11 a. m.

Albert Wonnacott was injured while driving an omnibus early yesterday afternoon on the Westmorland road. The bus belonged to Belyea Bros., and the horse took fright at a passing automobile. Mr. Wonnacott was thrown from his seat, and the bus was considerably shattered.
 The board of health inspectors yesterday morning commenced their annual inspection of the city, which will occupy about two months' time. The inspectors are John P. McFarlane, H. J. McElroy, George Lavers, Samuel Stubbs, J. McKinney, sr., and R. H. B. Tennant. An inspection will also take place in St. Martins.

Rev. G. M. Young, of Fairville, last evening delivered a very interesting lecture to a large number of people in Censary church on the Beauty Spots of Europe. Dr. George A. Melvin occupied the chair. Mr. Young has a pleasing voice, and an impressive delivery. He moreover clothes his thoughts in glowing language, which carries his audience with him. The beauty spots described included Naples and its bay, with Vesuvius; Venice, with its gorgeous palaces.

Provincial
 Rev. John Cameron, bishop of Antigonish, was given a grand welcome yesterday, on his return from the Holy Land. The demonstration was the greatest in the history of Antigonish.

General
 Despite the fact that legal opinion was presented to the Montreal council yesterday, that the action of the council in extending the gas franchise of the Montreal Heat and Power Co., by a simple resolution, and not by by-laws provided for in the city charter, was illegal, that body by a vote of twenty to fifteen, decided to override the mayor's vote, with the consequence that the company gets the franchise extended, unless the matter is taken into the courts.

A Montreal man has placed the sum of \$5,000 in the hands of Dr. Wilfrid S. Grenfell, superintendent of the Labrador Medical Mission, that a hospital be erected on Canadian Labrador. Dr. Grenfell has decided to have the hospital built at Mecatina, a district which has hitherto been without medical facilities.

Dr. J. W. Daniel, M.P., is steadily pressing St. John's claims at Ottawa for harbor matters. He was unofficially assured by Mr. Emmerson last night that the West India contract would be renewed on the old lines, and that tenders for dredging operations in St. John harbor would be called for at the earliest possible date.

Thomas Fyche, of Montreal, it is understood will take a position on the board of directors of the Bank of Nova Scotia shortly after he retires from the position of general manager of the Merchants' Bank of Canada. Mr. Fyche will retire at the general meeting next month.

CHOICE CREAMERY BUTTER
 People say that Choice Creamery and Dairy Butter is scarce. It is no more. We have tons to offer at lowest cash prices.
 Received this day:
30 Cases Fresh Eggs
 Also in stock choice Smoked Ham and Shoulders, Flat and Round Bacon, Maple Sugar and Maple Syrup.
 We also carry a full line of Picnic, Lunch and Delivery Baskets, Birch and Bamboo Splint Baskets. Fifty pairs pure Lard just received.
W. A. CATHERS & CO.
 156 Prince Wm. St.
 Tel. 1577.

DEATHS
 SCRIBNER--In this city, on May 15th, Hortense Emma Scribner, widow of Dings Scribner, and youngest daughter of the late Geo. M. Burns, aged 62 years. Funeral from her late residence, 31 Sydney street, tomorrow afternoon at 2:30. Friends and acquaintances please accept this, the only intimation.

Chatham, May 14--James Kelly, of Loggieville, who was injured in a street car accident in St. John some months ago, died at his home on Tuesday. He was twenty-six years old, and son of the late James Kelly.

MESSRS. PALMER WON THE GOLD MEDAL FOR
Unsurpassed Hammocks

A RAGGED HERO
George F. Hall at the Opera House in a Happy "Tramp" Show.

There was not as large an audience to witness the presentation of "A Ragged Hero" at the Opera House last night as the merits of the play should draw. George Hall, who plays the stellar role, as a favorite in St. John, and in his particular line of work, the interpretation of the genus "hobo," he has few equals. When he first appeared on the stage last night he created a laugh, and the laugh grew and became a roar before the final curtain. Certainly Hall is very funny, and as "A Ragged Hero" he has a first-class chance to exploit his fun making abilities. The play has practically been written around the character of "Willie Wildflower" and as a natural consequence he has all the laughs and the centre of the stage all the time.

Outside of Mr. Hall probably the best work of the evening was done by Messrs. Sidewell, Roberts, Sanders and Walsh, in parts of the "Reuben" type. Mr. Sidewell and Mr. Sanders especially did well as Zeb Judkins and Rufe Stone. The "heavy" Mr. Westford, played only one act of the piece, when his place was taken by another member of the company. Miss Lucie Rogers, as Lettie, had the principal part among the ladies, and while she played well at times, she showed a slight tendency to rant, which detracted considerably from the effect. In the prison scene this was especially noticeable, as she spoke her lines altogether too loudly. On the other hand, Mr. Grant, who played Allen Preston, did not speak loud enough, and even those in the front rows had difficulty in understanding him. Mr. McMurtrie was manly and pleasing as Bob, while Miss Rena Sanders, as Mrs. Preston, and Miss Miss Scherr, as Dot, were very good. Mr. Hall, as usual, contributed a number of songs and parodies that caught on with the audience.

The piece will hold the boards up to and including Wednesday evening.
 Blossoms produce apples, apples give us cider, and cider produces blossoms. Herein we see the beauty and completeness of Nature's methods.

LA GRIPPE
 One of the worst of Bronchial Diseases, because it has the worst after-effects. The first symptoms are Cough, Fever, Cough, Sore, Inflamed Nose and Throat, Pains in the Limbs, should not be neglected.

 (PRONOUNCED SI-KEEN)
 prevents and cures LA GRIPPE, Pneumonia, Bronchitis.
 For sale at all drug stores. Dr. T. A. Slocum Limited, 179 King St. West, Toronto. Sample free.

THE FREDERICTON LIGHTING CONTRACT
 Porter and O'Donnell's Offer to Do the Work for \$1,600 Accepted.

Fredericton, N. B., May 15--(Special)--The city council met this afternoon and awarded the contract for operating the street lighting plant to Mitchell Porter and William O'Donnell, of Chatham, for \$1,600. There were five tenders submitted, the others being W. H. McGinn, late superintendent, \$1,780; Denis Moloney, St. John, \$1,800; and L. W. Barker, Chatham, \$1,600. The committee reported in favor of Porter and O'Donnell, and the tender was accepted. Porter was recommended by W. B. Snowball as being a qualified electrician, and the council appointed him superintendent of the lighting system. Ald. Stockford and Hanlon were the only members of the council who refused to endorse the committee's recommendation.

W. H. McGinn, late superintendent of electric light station, will test public opinion on the action of the city council in dispensing with his services by offering for the vacant seat in St. Ann's ward. His papers were filed this afternoon, after the council had declined to accept his tender. The other candidate is Joseph Walker, and the contest promises to be a lively one.

Salmon have struck in very plentifully at Springhill, and large numbers are being taken by the fishermen.

ST. DAVID'S CONCERT
 This evening in St. David's church school room Miss Mary Ballie, reciter of Original Productions, will give an entertainment, assisted by Miss Carrie Ballie and DeWitt Cairns. Programme as follows:--

 For France Original
 Deaf-mute Pantomime.
 God Save the King.
 (Words sung by Mr. Cairns.)
 Deacon Jones--"Do you consider Mr. Pious a Christian?"
 Deacon Pettibone--"I most certainly do."
 Deacon Jones--"Perhaps you don't know he made his money by questionable practices?"
 Deacon Pettibone--"I know he always puts something handsome into the plate."

Scientists and Smokers.
 Scientists say that the rainbow shows what constitutes a perfect ray of light. Smokers say that Rainbow Cut Plug shows what constitutes a perfect smoking tobacco.

THE EIGHT-HOUR LEAGUE
 A change has been made necessary in the programme for Friday night's meeting of the Eight Hour League in the York Theatre.
 Several of the intending speakers will be unable to be present on that occasion and it has been decided to postpone that part of the proceedings until a later date, but a public meeting for organization purposes will be held on the 19th in the assembly rooms to which all men interested in this movement are invited. An opportunity will be given to any who desire to become members to do so. The provisional secretary and others will address this meeting.

Treated by Three Doctors for a Severe Attack of Dyspepsia.
 Got No Relief From Medicines, But Found It At Last in Burdock Blood Bitters.

Mrs. Frank Hutt, Morrisburg, Ont., was one of those troubled with this most common of stomach troubles. She writes:--"After being treated by three doctors, and using many advertised medicines, for a severe attack of Dyspepsia, and receiving no benefit, I gave up all hope of ever being cured. Hearing Burdock Blood Bitters so highly spoken of, I decided to get a bottle, and give it a trial. Before I had taken it I began to feel better, and by the time I had taken the second one I was completely cured. I cannot recommend Blood Bitters too highly, and would advise all sufferers from dyspepsia to give it a fair trial."
