CHURCH UNION**Rev. Dr. Gates Speaks of the United Church in Moncton.**

Rev. Dr. G. O. Gates arrived home yesterday morning from Moncton, where he preached the first sermon in the newly formed United Baptist church of the railway town. In speaking to a Telegraph reporter last night, he said, "Moncton has the distinction of having the first United Baptist church in the maritime provinces, and therefore leads the movement towards the amalgamation of the Baptist and Free Baptist denominations in the lower provinces."

The United Baptist church of Moncton has for its pastor Rev. E. B. McLachlan, formerly of Sackville, the congregation being made up of both Baptist and Free Baptists. Dr. Gates says that many of the members of the First Baptist church living in the vicinity of the United church, have asked for a dismissal, so that they may lend their efforts towards the up-building of the new church. The newly formed congregation, Dr. Gates says, intend expending from \$5,000 to \$6,000 in improvements. The church, which now seats about 400, will be enlarged so that it will hold about 700. He also says that the meeting house at Lewisville, outside of Moncton, in connection with the first church, has been created a church in regular standing with Rev. I. W. Baird, formerly assistant to Rev. D. Hutchinson in the first church in charge. The formation of this church will necessitate the withdrawal of some members of the first church, who live in Lewisville.

"In all," said Dr. Gates, "the first church, which had about 1,100, will lose about 300 to the two churches, but which leaves it still the largest Baptist church in the maritime provinces." Dr. Gates, who was pastor of the Moncton church from 1880 to 1888, says he met a number of people whom he welcomed into the church in his pastorate, some of whom he baptized.

It is understood that Rev. W. B. Hinson, of California, who was previously pastor of the First Baptist church in Moncton, will supply for a month during the summer, and it is not thought improbable that he will receive a call.

MARRIAGES**Ring-Harrington**

Walter J. Ring was married Thursday afternoon to Miss Bridget Harrington. The ceremony was performed by Rev. J. J. O'Donovan. Mr. and Mrs. Ring left for Montreal, where the groom is employed on the C. P. R. The young couple were the recipients of many beautiful presents.

MacAfee-Doherty

John McAfee was married Thursday evening at the residence of Rev. A. H. Foster to Miss Maud Doherty. Rev. Mr. Foster was the officiating clergyman. The bride is a daughter of Mr. and Mrs. Jas. Doherty, Waterborough, Queens county. A reception was held at the residence of the groom's parents, Mr. and Mrs. Oliver McAfee, Bellevue avenue, attended by friends of the bride and groom. The bride received a goodly number of beautiful gifts. Mr. and Mrs. McAfee will reside in the city.

Gibson-McCart

Rodney Merritt J. Gibson was married at 3.30 Thursday afternoon in Holy Trinity church to Miss Helen Beatrice McCart, daughter of the late James McCart. The ceremony was performed by the Rev. J. J. Walsh. After the ceremony, luncheon was served at the home of the bride's mother, Mrs. J. A. Montague, St. David street. Mr. and Mrs. Gibson will reside at 40 Marsh street.

ROOSEVELT SAYS PEACE**But Cassini Thinks Russia Can Afford to Go On.**

Washington, June 2.—The president today struck a blow for peace in the Far East. In a conference at the White House with Count Cassini, the Russian ambassador, the president presented the earnest hope that Russia would forthwith conclude peace with Japan. Prolongation of the war, he believes, will not result in victory for the Russian arms and can only serve to increase Japan's demands and render more difficult the drafting of a treaty of peace which the Czar as well as Mikado can sign.

Having received no word from his government since the annihilation of Rojstevsky's fleet save the brief official despatches telling of the engagement, Count Cassini was unable to do more than give the president his own personal opinion on the situation. The ambassador was deeply touched by the sincere cordiality of his representation and frank and friendly manner in which the president spoke. He could see, however, that there was anything in the present situation, unfortunate as it undoubtedly was, for his government, which necessitated Russia's suing for peace. As to territory, he pointed out that China and not Russia had been the loser, for even Port Arthur was held only under lease. On the sea Russia had nothing more to lose, he said.

It was the ambassador's firm opinion that this was not "the psychological moment" in which to discuss peace with Japan. Whatever might be the ultimate decision of his government, he took the ground that Russia could lose nothing either by waiting or by continuing the war on hand. There was hope yet of a victory for the Russian arms, and in any event Russia had not yet lost one foot of territory, nor was the Russian frontier endangered.

The ambassador pointed out that there was not the slightest official intimation from any source as to Japan's probable terms and that these demands, as stated unofficially, were "altogether impossible." If Japan's terms would prove anything like as severe as they have been reported, it was the opinion of the ambassador, that Russia could advantageously continue the war indefinitely and eventually win a victory on land. That his government would so decide he did not wish to predict, but at least accounts the emperor for a continuation of the war.

FATAL PLAY AT HANGING

Brookville, Ont., June 2.—(Special)—Robert Baird, a thirteen year old lad of Hoptown, was found dead in his mother's barn today hanging by the neck.

He had been practising a game where the rope was put around the player's head and the player hanging longest without becoming dizzy was declared the winner.

The game had become very popular with the boys at school but it will probably never prove so fascinating now.

Baird was dead when his mother made the gruesome discovery.

NEW BERTHS DISCUSSED**General Committee Will Meet and Consider Question.****New Ferry Steamer Moved—Some Talk About Sewers—New Corporation Cup—Two Appointments.**

At the monthly meeting of the common council yesterday the reports of the boards already reported were adopted almost without change. The question of calling for tenders for the harbor improvements will be discussed by the general committee and not by the board of works, and the question of the shape of the new wharf will be reconsidered with the steamship people. The new ferry boat was given the name "Ludlow." The mayor occupied the chair and Ald. Hamm, Bullock, Vanwart, Lewis, Millidge, McArthur, Holder, McGoldrick, Christie, Tilley, Baxter, Frink, Pickett and Sproul were present with the common clerk, Marshal Coughlan was in attendance.

On the report of the water and sewerage board, Ald. Christie moved that the matter of a new catch-basin in Delhi street be referred back to the board as he understood there was no gutter at the spot. This was agreed to.

Ald. Millidge moved that the whole section referring to catch basins be referred back. He said it was supposed that the director inspected the whole of the city, but he saw nothing recommended for Dufferin ward and very few in the North End.

Ald. Bullock warned the council that the appropriation for sewerage construction would be used by requirements already voted and he hoped no over-expenditure would be made.

Ald. Christie said he was glad to see Ald. Bullock as the new chairman of the treasury board becoming a strong apostle on keeping to the estimates, but the laying of sewers was provided for by the issue of bonds and not from expenditure.

The section was referred back for any changes desirable in number or position of the catch basins and the remainder of the report was adopted.

On the report of the board of works, Ald. Bullock said that a crossing at Roberson's Lane and Nelson street, which was recommended by the board had been omitted and he moved its addition. Ald. Christie objected and moved crossings be placed in Simonds, Portland and Harrison streets.

The mayor reminded the aldermen that they were out of order and the report was adopted without amendment.

The reports of the board of safety and ferry committee were adopted.

Ald. Baxter in respect to a letter from the rifle corps asking for a new corporation cup, moved that the mayor be authorized to purchase a sterling silver cup, the price not to exceed \$100.

The mayor mentioned that the last cup was given in 1873 and it had therefore taken thirty-two years for a competitor to win it permanently. The motion was carried.

Olof D. Turner was appointed lumber surveyor, he to comply with the necessary requirements.

The mayor, referring to the harbor improvements, said he had little doubt now that the government would do the dredging and he thought the board of works should take up the matter of calling for tenders at once. He had been informed since the council decided on a straight wharf that a number of steamship people differed from this opinion and he was therefore in favor of a meeting between the interested parties and the board of works to further discuss the matter.

Ald. Baxter suggested a committee of seven from the board of works.

Ald. Millidge moved that the matter be dealt with by the general committee so that the whole council could be included. Carried.

Ald. Bullock gave notice for the issue of debentures of \$300 each for the water extension and other matters, a total of \$435,500 at 3 1/2 per cent, payable half-yearly.

The mayor suggested that the issue should include \$1,000 and \$5,000 bonds, as he understood that many people objected to the bulk of the smaller amount. The matter will be considered.

Ald. Christie moved the appointment of Charles McLaughlin as temporary assistant in the water office at a remuneration of \$125. Carried.

Ald. Baxter moved that a separate special account of the expenditure on each street be kept so that data might be obtained to determine the advisability of permanently constructing the roadbed in such locality. Carried.

Ald. Frink moved that the new ferry boat be named "Ludlow."

Ald. McGoldrick—"I am much surprised at the ingenuity of the ferry committee in going back a hundred years to find a name. Why not call the boat the City of St. John?"

The Mayor—"That's more than 100 years old."

Ald. McGoldrick—"Yes, but it's still alive. Mr. Ludlow may have been a great man and all that, but—"

The Mayor—"The only thing I know against him is that he was mayor."

(Laughter.)
Ald. McGoldrick—"I move an amendment to call the boat The City of Saint John."

Ald. Lewis in seconding the motion said he thought Mr. Ludlow had been dead too long.

Ald. Tilley moved an amendment to the amendment to name the b- at The Loyalist. Ald. McArthur seconded this.

A few remarks were made by Ald. Baxter in favor of "Ludlow," which was adopted in the honor of the first mayor of the city and a man of distinction.

Ald. Bullock wanted the full name—Gabriel G. Ludlow, so that no mistake could be made.

The amendment to the amendment and the amendment were lost and "Ludlow" was unanimously adopted.

The council then adjourned.
