NEW BRUNSWICK LEAGUE SCHEDULE SUBMITTED

There has been considerable speculation since the meeting of the New Brunswick league delegates, on Thursday night last, as to how the league schedule would be framed up.

The schedule question was the principal one considered at the meeting and as the discussion lasted until 5.15 on Friday morning, it will be seen that considerable time was spent in threshing it out. The first decision reached was that the games on May 24 should be between the Portland and St. John teams in the morning, while the Tartars and the winner of the morning game should play in the afternoon. Afterwards as it became apparent that the schedule could not be finished at the meeting, a committee, composed of J. D. Black representing the Tartars, Cornelius Rogan of the Portlands and Joe Page of the St. John team, was appointed to consider the whole question and decide upon a schedule to be submitted to the secretary by May 12. The motion appointing the committee passed without a dissenting voice.

Mr. Rogan, representing the Portland team, called upon the league secretary this morning and presented the schedule which has been agreed upon by the local representatives upon the schedule committee. It is as follows, all games being played on the grounds of the last named club:

May 24—a.m., St. John vs. Portland.
May 24—p.m., Portland vs. St. John.
May 26—Fredericton vs. Portland.
May 27—Fredericton vs. St. John.
May 31—Portland vs. Fredericton.
June 2—Fredericton vs. St. John.
June 3—Fredericton vs. Portland.
June 7—St. John vs. Fredericton.
June 9—St. John vs. Portland.
June 10—Portland vs. St. John.
June 14—Portland vs. Fredericton.
June 16—Fredericton vs. Portland.
June 17—Fredericton vs. St. John.
June 21—St. John vs. Fredericton.
June 23—Portland vs. St. John.
June 24—St. John vs. Portland.
June 28—Portland vs. Fredericton.
June 30—Fredericton vs. St. John.
July 1—a.m., Fredericton vs. Portland.
July 1—p.m., Fredericton vs. St. John.

Note—Fredericton to have 40 per cent. of gross gate receipts of both July 1 games, or the choice of either local team to go to Fredericton on that day for two games. Choice to be made by June 1.

Signed Joe Page,
C. Rogan.

According to the above schedule one of the St. John teams will play in Fredericton every Wednesday, except holidays, during the season, while the games on the local grounds shall be played on Friday and Saturday, it being agreed that the local games shall be alternately played on the Victoria grounds and Shamrock grounds.

No schedule has as yet been submitted from Fredericton, but Mr. Black will probably be heard from before May 12.

ATHLETIC

Intercollegiate Meet

Concerning the proposed intercollegiate meet, Allen A. McIntyre of Acadia College writes to the Telegraph as follows:

"Present indications almost annihilate the possibility of having an intercollegiate track meet either in St. John or Halifax this year. As for us in Acadia, we are willing to compete in this meet either on June 3 or June 10. However, though the students are willing and indeed most anxious to compete on either of the above dates, the anniversary exercises of Acadia will begin on June 3, and the faculty have found it necessary, and rightly so, not to permit our team to be absent from these exercises, as several of the graduating class will be members of the track team. Therefore it is absolutely impossible for us to meet on June 3, thus making June 10 the only possible date for us.

"The other colleges will close a week earlier and, of course, June 3 is much more preferable for them. If these two colleges—U. N. B. and Mt. Allison—could compete on June 10, and I am quite sure they could, only in so doing they would of necessity be required to sacrifice one week of their summer's engagements.

"Perhaps it would be asking too much of them to do this, but it seems to me that rather than see the intercollegiate track meet fall through this year they should be willing to make this sacrifice."

Lavigne After Big Game

Young Lavigne, the featherweight scrapper, who had a couple of bouts in Winnipeg about two years ago, is travelling fast according to his manager Perry Queenan, and is looking for big game. Queenan writes to the Free Press from Medicine Hat as follows:

"A few lines in regard to young Lavigne who is now in my charge. He is training here under the direction of Tommy Burns, who is to fight Jack (Twin) Sullivan in Tacoma. Lavigne is to fight Johnny Murphy before the S. A. A. C., of Spokane, June 3, and if he wins, which I am sure he will, he is promised a go with Tommy Feltz.

"Lavigne is considered one of the best little men on the coast, now and he is attending strictly to business. He is laid up with a broken rib which he received from Kid P. Fredericks at Butte. He was lighter by 30 pounds but won the decision. He put Jack Scully out in four rounds in Nelson. Scully was in Winnipeg not long ago.

"I intend to go east with Lavigne this summer and I am in communication with a St. Paul club now as to a go for him with Kid Krant, Lavigne would like to meet some good man in Winnipeg at 110 or 115 pounds, on his way east for a side bet or a purse. I am willing to back him for any amount. (Winnipeg Free Press.

RUSSIAN LION DOWNS MAUPAS---HIS RECORD

Hackenschmidt, the "Russian Lion," is one of the greatest wrestlers that ever lived—perhaps the greatest. He is only 5 feet 8 inches tall, but he weighs 200 pounds. He is more muscular than Sandow and much stronger. In spite of his huge and knotted anatomy, Hackenschmidt is a clever tumbler and all-round gymnast. He is quick, like Frank Gotch.

During the past three years the Russian Lion has made a fortune on the mat. He went to England from the Continent at the time of the Coronation boxing tournament at the National Sporting Club. His intention at the time was to challenge Sandow to a weight-lifting contest, for this wrestling giant is an Atlas in that line. He found that Sandow was out of England at the time, so he went back to the mat. He hasn't yet been defeated, and his record of victories has made him a music hall idol in London.

Among the giants that have been thrown by Hack is Nouroulah, the big Turk, who came over here a few years ago and played with Tom Jenkins. The bout with Nouroulah was only a trial gallop for Hack. Afterward he wrestled the biggest Turk of all, Halil Adali. This gentleman's weight hovers between 300 and 400 pounds. Also he stands 7 feet in his Turkish slippers, which have no heels. His cigarettes are as big as stogies and he drinks coffee from a pitcher.

Adali gave Hackenschmidt something of a tussle and lasted more than an hour. But at last his shoulders were flattened out on a square rod or so of mat, and Hack began looking for another victim.

Karo Ahmed furnished a pleasant evening's exercise. Then came the last of the Sultan's giants, Ahmed Madrali. This fellow was a pigmy. He was only about as big as Jeffries, and, of course, he merely furnished a morsel for the Russian Lion. Madrali stands six feet two and weighs a trifle — sixteen stone, or 224 pounds. Like many of the Turks, he knew a lot of fighting tricks. In the home of the harem gouging, kicking and other gentle pleasantries are part of the game.

Hack was feeling ill on the night of his entanglement with Madrali. He had a headache. Also he was about to start for Australia, and the thought of a long sea voyage made him nervous.

So when Madrali in the first clinch thrust his fingers into Hackenschmidt's nostrils, bringing out a spurt of blood, the Russian Lion lost his usual spiritual calm. He took a firm grip about the Turk's waist and tossed him a foot or two, shifted for lower hold, swung Madrali up over and down head first to the mat. That was the end of the Turk. He was carried out with a broken shoulder.

Besides the havoc that he created in the Turkish array, Hack finished up a lot of other wrestlers with records and suggestive names. For instance, there were Constant le Boucher and Raoul le Boucher (Constant and Raoul the Butcher) of Belgium, and Omer the Biuillon (generally supposed to be Omer the Bull, but really Omer the Boiler). Then there were Antonio Pierri, the Greek; Paul Pons, the Frenchman; Jacobus Koch, the German; Tom Cannon, of England, and Tom Jenkins of America.

Quick Work for "Hack"

MONTREAL, May 9.— Hackenschmidt, the Russian, undertook to throw Maupas three times in sixty minutes, but 6,000 spectators saw the thing done in twenty-one minutes last night.

After the performance the Russian set down a challenge to throw any ten men in America in one hour, barring Gotch, Jenkins, and Maupas.

The falls tonight were as follows:—First, belt whirl, 7.39 minutes; second, head lock, 6.19 minutes; third, succession of Nelson's, 7.20 minutes.
