Sutherland of Norwood, a victim of typhoid fever, was sent to Fredericton, N. B. yesterday for burial. Mr. J. H. Dunphy, the bereaved husband accompanied the body east.

POLICE COURT

The Magistrate Had a Weary Group Before Him This Morning.

A weary looking group, five in number, graced the bench at this morning's session of the police court.

William Harding, charged with wandering about Britain street and being unable to give a satisfactory account of himself to the police, was remanded.

He claimed he was a rate-payer and thought he had a right to be on the street and was informed that he was accountable to the police if on the street after nine o'clock at night.

James Lowell, charged with fighting on Mill street in view of the police, was also in court this morning. He said he had acted merely in self-defence, and was remanded.

According to the evidence the quarrel arose out of a previous dispute and when the police appeared on the scene Lowell's opponent disappeared. Some of Lowell's relatives were in court, and are very anxious to have the matter disposed of at an early date. The case will probably come up this afternoon.

George Goldsmith, charged with drunkenness and profanity, was found guilty and fined $4 or ten days on the first charge and $8 or thirty days on the second.

Walter Scott and James Shea were fined $4 or ten days each for drunkenness, and Elizabeth O'Brien, charged with a similar offence forfeited a deposit of $8.

A LIQUOR CASE

W. J. Cunningham Fined $50 For Keeping "the Ardent" For Sale.

William J. Cunningham's restaurant on Britain street was raided Sunday and a quantity of liquor found on the premises. Cunningham was before the magistrate this morning. He pleaded guilty and was fined $50, or six months in jail.

Cunningham had been conducting a restaurant for some years past, and claims to have kept the liquor partially for his own use.

Officer Marshall visited the premises referred to on Sunday last and discovered two large barrels of whiskey, four of the same size partly full and three flasks, also full of whiskey. The goods were seized and brought into court this morning.

The charge laid against Cunningham is: Unlawfully keeping liquor for sale on Sunday, the 7th inst. He was provided with a beer license last year, but that has expired, and, so far, has not been renewed. His honor observed that under the law, strictly speaking, persons holding a beer license must not keep liquor on the premises at all. They were liable to a fine, and the license may at the discretion of the proper authorities be withdrawn.

It is not known whether or not Cunningham will be granted a beer license. He informed the court that the liquor was not found in the store but in an adjoining room. His honor said it must not be kept on the premises at all.

NEWS FROM NORTH END

H. T. Giggey's Death

Much regret was felt by the North End merchants yesterday at the death of Hiram F. Giggey of Millidgeville.

Mr. Giggey was well and favorably known in the North End.

One particularly sad thing about his death is that he was preparing to take a trip to the south, on account of his health.

He had never been seriously ill before, and the news of his death came as a great shock to his friends.

Taken Ill on the Street

Wilfred Carpenter, son of Ira Carpenter, of Hampstead, was taken suddenly ill on Kennedy street this morning at 10.45 o'clock. Young Carpenter came to the city yesterday, to attend to some business for his father. He put up for the night in a house occupied by a Mrs. Stewart Buchanan on High street. He rose early this morning, and was on his way to a store on Kennedy street, when he fell to the sidewalk. Bystanders rushed to his assistance, and carried him to a doorstep. The young man soon revived, and stated that he had been seized with a fainting spell. He was soon strong enough to return to his boarding house.

Minor Notes

William Arnold, who has been visiting Mrs. Tufts of Main street, left this morning for Halifax, where he has accepted a position as clerk in a wholesale grocery firm.

IMPRESSIVE OBSEQUIES

Funeral of the Late George K. McLeod Held This Afternoon.

The funeral of George K. McLeod took place this afternoon from his late residence, 81 Orange street. It was very largely attended.

An impressive burial service was conducted at the house by Rev. E. A. Wicher.

He spoke upon the life of Mr. McLeod, and drew attention to the fact that his many good works would live after him.

Many floral tributes were sent out of respect to Mr. McLeod. Among them were: Large wreath of ferns, trimmed with white ribbon, from the ladies' committee of the Protestant Orphan Asylum; anchor of white and scarlet carnations, from Mr. and Mrs. Fred E. Sayre; wreath of polished ivy with violet base, from Mrs. George K. McLeod; cross of roses and carnations, trimmed with white ribbon, from the Misses Smith; handsome wreath of carnations, roses, and sweet peas, from the Cliff Club; bouquet of carnations from Mrs. Isaac Burpee.

The funeral procession left the home on Orange street at three o'clock, and proceeded to Fernhill cemetery by way of Sydney and Waterloo streets.

The Cliff Club, of which Mr. McLeod was a member, attended in a body.

The following gentlemen acted as pallbearers: Chief Justice Tuck, Judge Barker, Thomas Gilbert, Howard D. Troop, Wm. E. Vroom, and Dr. A. F. McInerney.

Last Wednesday Bradford Patten of Boston passed through the city on the Atlantic express, on his way to Colchester county, N. S., where he is looking after the interests of a Boston company, who are working the copper mining industry. He reports a good deposit of the metal, which starts from the sea shore and runs inland for a depth of one to twelve feet. He says that there is also another company working the same industry in that district.

The ore is to be taken to Pictou, where it is to be smelted in the old smelter, which has been rebuilt by another company. He predicts quite a boom for that part of the country in the near future.

MUNICIPAL COUNCIL AFTER THE CORONERS

Declare They Have Held Twenty-Five Unnecessary Inquests --- Want Power to Appoint Almshouse Commissioners --- Card Playing in the Jail --- The Assessments.

The following reports were submitted at this afternoon's meeting of the municipal council:—

To the Warden and Council of the Municipality of the City and County of Saint John:

The special committee appointed to consider the internal management of the jail, and also the quality of the supplies used therein, beg leave to report.

The committee after due consideration decided that the matters complained of were within the jurisdiction of the grand jury. The committee therefore requested the honorable attorney general to ask his honor, the judge of the county court, to call the attention of the grand jury thereto.

Your committee find that in one instance a youthful prisoner was placed in a cell in the jail with older prisoners, but they also find that this was entirely within the discretionary power of the high sheriff, and not inconsistent with law.

The committee further find there is card playing carried on occasionally by the prisoners, but this also comes within the discretionary power of the high sheriff.

The committee not having been able to investigate the matter relating to the quality of food supplies request that they be allowed time to make a further report.

The committee on finance and accounts beg leave to report as follows:—

They recommend that the following assessments be made upon the city and county for the several services and purposes named, and in the same proportion upon the city of Saint John and upon the parishes of Saint Martins, Simonds, Lancaster and Musquash in the county of Saint John, and with the same allowance to assessors and collectors as last year, namely:—

The committee upon investigation of the coroner's bills are of opinion that twelve views held by Coroner Berryman, eleven views held by Coroner Roberts and two views held by Coroner Kenny were unnecessary, as it appears that in each case the person died from natural causes, without any suspicious circumstances attending their death. They therefore recommend that these views be not paid.

The committee recommend that the commissioners of the Alms House and Work House file in the office of the county secretary a detailed statement of all expenditures for Out Door Relief, so called, before payment of the same.

The committee further recommend that the lieutenant governor-in-council be memorialized to pass an act at the next session of the legislature to vest in this council the power to appoint the board of commissioners of the Alms House and Work House in this municipality.

BAD BLAZE AT TATAMAGOUCHE

Three Stores and an Office Burned With Their Contents This Morning.

AMHERST, N. S., May 9.—Special)—A very serious fire occurred at Tatamagouche, Colchester county, this morning, when three stores and an office with most of their contents were destroyed. The fire started at 1.30 in the rear warehouse of George Clark, and within twenty minutes the whole premises were a mass of flames. The butcher shop of D. Menzie, on the west, caught and was soon consumed, while the fine store of D. Nelson, on the east, also caught. Part of the goods from the lower flat were saved.

A small office belonging to the estate of the late Dr. Roach was between Nelson's store and that of D. Chambers, and here the fire was stopped by the almost superhuman efforts of the citizens.

Chambers' stock was badly damaged by smoke and water. Nelson's loss is about $2,500, with $1,100 insurance. Clark's is $6,000, no insurance. Menzie's shop, owned by Alexander Fraser, was insured for $300. Considering that the only fire appliances were a hook and ladder and bucket brigade, the citizens deserve great credit for confining the fire to the burned buildings.

POLICE REPORTS

There is a dangerous hole in the sidewalk on Haymarket Square.

A coat and vest found outside Isaac Williams' store on Dock street, are at police headquarters.

The police report a dangerous hole in the sidewalk, near Rankines' on George street.

The police extinguished a bon fire on Richmond street last night.

WATERWORKS EXTENSION

Good Progress Being Made--- Camps to Accommodate 170 Men.

Superintendent Murdoch visited the scene of operations for the new waterworks extension yesterday, and reports that work is progressing favorably.

The right of way between Robertson Lake and Lake Latimer is cleared. The right of way to Robertson Lake has now been cleared and the men have been put to work. A party of men are also digging on the right of way to Lake Latimer, which is about half cleared. The right of way to the dam is now entirely clear and digging operations are in progress.

The camp of Mooney's at Robertson Lake and that of McArthur & McVey at Lake Latimer have now been completed. The former offers ample accommodation for about one hundred men, the latter provides shelter for about seventy. McArthur & McVey's camp is necessarily smaller, as in that section the population is more numerous and quite a number of men can procure accommodation from the farmers. In both camps the bunks are built two tiers high, and the dining table provides room for about a hundred men in either camp.

Four engineers are employed, viz.: a consulting engineer, in Boston; one resident and two district engineers.

SACKVILLE GETS CHEAPER RATES

SACKVILLE, May 9.—(Special)—Peter Clinch, secretary of the Board of Fire Underwriters, arrived in town last night, and this morning tested the water pressure and fire alarm systems. He found the same satisfactory, and granted a reduction of twenty per cent. on all Sackville risks paying over one per cent. The reduction goes into effect today. Business men are naturally much elated.
