EXTRAORDINARY INTERFERENCE

By The Papal Ablegate In The Political Affairs Of Canada--- A Sensation Produced By Publication Of The Facts.

Winnipeg, April 4.—Hon. Mr. Rogers, minister of public works, handed out today an official statement of the Manitoba government's negotiation with Premier Laurier and Mgr. Sbarretti, papal delegate, in relation to the boundary extension. That part of the statement which refers to the Ottawa interview follows:

"On Feb. 13 we received a formal invitation by telegram from Sir Wilfrid to come to Ottawa as soon as convenient. We left on Feb. 14, and arrived on the afternoon of the 16th, when we received a letter from Sir Wilfrid at the Russell House saying he would meet us at his office at noon on Friday, 17th. During that interview we presented the claims of our province as urgently and as strongly as possible.

"In reply, Sir Wilfrid said that if we would remain in Ottawa for three or four days he would again send for us and would then be in a position to give us an answer.

"Three days later, on Feb. 20, a letter was received from his excellency Mgr. Sbarretti asking for a conference. This invitation was accepted, and his excellency the delegate then presented the following memorandum, remarking that if we would place this on the statute book of our province it would greatly facilitate the early settlement of our mission, the fixing of our boundaries, which would be extended to the shores of Hudson Bay. His excellency further added that our failure to act in the past had prejudiced our claim for extension westward.

"Following is a copy of his excellency's memorandum containing his proposed amendments to the Manitoba School Act:

"Add to Sec. 125 (B), 'And when in any city or town there shall be thirty or more Roman Catholic children, and also thirty or more non-Roman Catholic children, or in any village more than fifteen of each of such classes, the trustees shall, if requested by a petition of parents, or guardians, of such number, of either such classes, provide separate accommodation for each of such classes.'

"Add to Sec. 4 (B), 'And when in any district there shall be fifteen or more Roman Catholic children, and fifteen or more non-Roman Catholic children, the trustees shall, if required by a petition of parents or guardians of such number of either of such classes, provide separate accommodation for each of such classes, and employ for them respectively, Roman Catholic and non-Roman Catholic teachers.'"

"Notwithstanding Sir Wilfrid's invitation and our interview, followed by his promise, of which he was reminded by our letter, strange to say, that up to this very hour, we have had no reply to ours of February 23. What more natural conclusion can be arrived at than that Sir Wilfrid is simply killing time, and making protests in order that the polite instructions of his excellency Monsignor Sbarretti, could be acted upon by Manitoba.

"In this way, of course, Sir Wilfrid thinks he can secure political advantage for his friends in this province. This is a palpable political trick which he is quite capable of understanding, with a view to force the local government to do something which would be resented by the people, and by this means he hopes to reinstate his liberal friends in power here.

"I, for one, promise to take no chances in allowing Sir Wilfrid or any person else, to take advantage of us by any underhand schemes of this sort.

"All I ask is that every citizen of the province should have an opportunity of expressing by his vote, as a protest against the continued delay.

"I deny the right of Sir Wilfrid Laurier and Mgr. Sbarretti to undertake to mix up the matter of separate schools with that of the extension of our boundaries, and I am sure that in so doing they do not reflect the wishes of either the Roman Catholic or Protestants in the province. It ill becomes the Globe to make this charge against the government of Manitoba, when the only persons affected are Sir Wilfrid Laurier and his excellency Mgr. Sbarretti.

"We have no desire in Manitoba for double dealing about this or any other question. This, however, appears to be the favorite course of Sir Wilfrid. For example, in 1896, he signed an official statement declaring himself to be entitled to the credit for the final settlement of the Manitoba school question, while immediately following we find from correspondence brought down in the parliament of Canada the following extract from a letter to Cardinal Rampolla, which he has never denied:

"'It is desirable, if not necessary, that the mission of Mgr. Merry del Val should be renewed or rather continued, and that he should be present in the mind of us for a more or less prolonged time as the accredited representative of the holy see.'"

"It will be remembered that Mgr. Merry de Val was appointed papal delegate by his holiness the pope on the petition of Sir Wilfrid Laurier and forty odd members of the parliament of Canada. The petition was presented to his holiness, by Mr. Fitzpatrick, and further urged by the Canadian legal representative in London, Chas. Russell, who was afterwards instructed to go to Rome as Sir Wilfrid's representative, and who on Nov. 26. 1897, addressed the following to his excellency, Cardinal Rampolla, secretary to the pope:

"I have just arrived in Rome once more at the quaint request of Catholic members of the government and parliament of Canada. My instructions enjoin me to again renew to your eminence the desire which I had already the honor to express to you, that his holiness will be pleased to nominate a permanent delegate to Canada, a representative of his holiness who will reside on the spot, but would be outside all local interests."

"So that by this plain arrangement a delegate was appointed who was regarded as necessary on account of the difference of opinion which existed at that time between Sir Wilfrid and certain of his followers as to his official signed statement declaring he was a party to the final statement of the Manitoba school question.

"Here again we have the hands of Sir Wilfrid engaged in double dealing in this matter, as is evidenced by his assurance to Cardinal Rampolla through Mr. Russell, the Canadian representative, who wrote to his eminence as follows in presenting Sir Wilfrid's side of the case at Rome:

"We do not solicit his holiness to sanction as perfect the concessions obtained, but that in his wisdom he will be pleased to regard them as the beginning of justice."

"Now this to my mind is conclusive that Sir Wilfrid in combination with Mgr. Sbarretti, had hoped by their present course to carry out the promise given their Canadian representative, Chas. Russell, in this underhand way.

"In view of the foregoing, I am sure that Sir Wilfrid Laurier owes it to the people of the province to at once give a reason why we are not entitled to immediate consideration and action, other than the flimsy excuse which he has already created in his invitation to Mr. Whitney to advance a claim to some portion of Keewatin, which did not form any part of old Canada.

"It is certainly idle for any person to assume that Mgr. Sbarretti, occupying the position he does, would presume to make the suggestion of the terms and conditions which he did without the full knowledge and consent of Sir Wilfrid Laurier and his colleagues. And, on the other hand, Sir Wilfrid's attitude carries with it evidence of full knowledge of the arrangement, as is evident by his creation of excuses of delay, as well as his failure to give a reason or cause for the same, and further, by his unfairness in bringing down one side of the case and attempting to secure pre-judgment from the people, without their having Manitoba's reply to his minute of council of March 21, which was recived by this government on March 28th and replied to March 31st."

Ottawa, April 4.—Sir Wilfrid Laurier today brought down correspondence between the dominion government, Manitoba and Ontario regarding an extension of the boundaries, but there is in it no reference whatever to Mgr. Sbarretti.

Ottawa, April 5.—It is stated here on good authority that the use of Sir Wilfrid Laurier's name in connection with the reported negotiations between the papal delegate, Sbaretti, and some of the Manitoba ministers as to the extension of the boundaries of the prairie province is entirely unwarranted and contrary to the truth.

Premier Roblin is said to have had some conferences with the papal delegate in Winnipeg and when Hon. Robert Rogers and Colin Campbell came here, it is stated that they called on Mgr. Sbaretti. There is no doubt Mr. Campbell did.

As for Sir Wilfrid Laurier it is stated that he in no way had anything to do with these conferences. The same thing may be said of his colleagues. It is said that Mr. Roblin has been carrying on these negotiations with the papal delegate for about a year.

Ottawa, April 4.—The dominion government has received a reply from the Manitoba government to the order-in-council passed by the Ottawa administration dealing with the boundaries, and presented to parliament yesterday.

The order does not meet the views of the Roblin government, and the reply, which is dated April 1 and reached here last night, is couched, it is said, in rather peremptory terms. It says that the decision of Sir John Macdonald in 1884 not to extend the boundaries does not meet the case today. At that time the province had 150,000 square miles of territory and today it has only 75,000 square miles. As for Ontario, it had not access to James Bay and therefore it ought not to be consulted.

The Manitoba government wants an immediate answer to its demands. It does not see any necessity for postponement. The letter will be brought down in parliament.

CONTRACTED BAD COLD. DOCTOR SAID SERIOUS!

Wanted To Send H m Three Hundred Miles To The Winnipeg Hospital.

Bottle and a Half of Dr. Wood's Norway Pine Syrup Cured.

Read what Mrs. A. G. Wheeler, Wasewa, Man., has to say about it:—"Please let me thank you for the great good that both my husband and my children have received from Dr. Wood's Norway Pine Syrup. One night when my husband came home from work he had contracted a very bad cold. He became so bad that he had to go to bed and send for the doctor.. When the doctor came he pronounced it a very serious case, and wanted me to send him to the Winnipeg Hospital. This, I would not do, as it is about 300 miles to Winnipeg. I decided to try Dr. Wood's Norway Pine Syrup and got four bottles of it. He only took one-and-a-half bottles before he was all right again and only lost a few days' work. I always keep it in the house for the children. Even the baby, seven months old, takes it and seems to like it, and as for myself I do not know what I would do without it. I think that every housekeeper should keep a bottle on hand, for I know it will save many a doctor bill."

Price 25 cents. Put up in a yellow wrapper and three pine trees the trade mark. Refuse substitutes.
