THE SCARLET PIMPERNEL

BY BARONESS ORCZY.

(Continued.)

His face in the silvery light of the moon, looked positively ghastly with terror: his eyes were wide open and almost glassy, and his whole body was trembling, as with ague, while a piteous wail escaped his bloodless lips. The rope which had originally been wound round his shoulders and arms had evidently given away, for he seemed quite unconscious of this, for he had not made the slightest attempt to move from the place where Desgas had originally put him; like a terrified chicken which looks upon a line of white chalk, drawn on a table, as an enemy which paralyzes its movements.

"Bring the cowardly brute here," commanded Chauvelin.

He certainly felt exceedingly vicious, and since he had no reasonable grounds for venting his ill-humor on the soldiers who had but too punctually obeyed his orders, he felt that the son of the despised race would prove an excellent butt. With true French contempt of the Jew, which has survived the lapse of centuries even to this day, he would not go too near him, but said with biting sarcasm, as the wretched old man was brought in, full light of the moon by the two soldiers, "I suppose now, that being a Jew, you have a good memory for bargains?"

"Answer," he again commanded, as the Jew with trembling lips seemed too frightened to speak.

"Yes your Honour," stammered the poor wretch.

"You remember, then, the one you and I made together in Calais, when you undertook to overtake Reuben Goldenstein, his nag and my friend the tall stranger?"

"B...b...but...your Honour..."

"There is no 'but,' I said do you remember?"

"Y...y...y...yes...your Honour!"

"What was the bargain?"

There was a dead silence. The unfortunate man looked round at the great cliffs, the moon above, the solid faces of the soldiers, and even at the poor prostrate inanimate woman close by, but said nothing.

"Will you speak?" thundered Chauvelin, menacingly.

He did try, poor wretch, but, obviously he could not. There was no doubt, however, that he knew what to expect from the stern man before him.

"Your Honour..." he ventured imploringly.

"Since your terror seems to have paralyzed your tongue," said Chauvelin sarcastically, "I must needs refresh your memory. It was agreed between us, that if we overtook my friend the tall stranger, before he reached this place, you were to have ten pieces of gold."

A low moan escaped from the Jew's trembling lips.

"But," added Chauvelin, with slow emphasis, "if you deceived me in your promise, you were to have a sound beating, one that would teach you not to tell lies."

"I did not, your Honour! I swear it by Abraham..."

"And by the other patriarchs, I know. Unfortunately, they are still in Hades, I believe, according to your creed, and cannot help you much in your present trouble. Now, you did not fulfil your share of the bargain, but I am ready to fulfill mine. Here," he added, turning to the soldiers, "the buckle-end of your two belts to this confounded Jew."

As the soldiers obediently unbuckled their heavy leather belts, the Jew set up a howl that surely would have been enough to bring all the patriarchs out of Hades and elsewhere, to defend their descendant from the brutality of this French official.

"I think I can rely on you, citizen soldiers," laughed Chauvelin, maliciously, "to give this old liar the best and soundest beating he has ever experienced. But don't kill him," he added drily.

"We will obey, citizen," replied the soldiers as impudently as ever.

He did not wait to see his orders carried out; he knew that he could trust those soldiers who were still smarting under his rebuke—not to mince matters, when given a free hand to belabour a third party.

"When that lumbering coward had his punishment," he said to Desgas, "the men can guide us as far as the cart, and one of them can drive us in it back to

DREADFUL LOSS OF LIFE AND PROPERTY BY STORM

Hundreds Swept Away by Tidal Wave—Tempest Sweeps San Salvador—Cyclone Dea's Out Death in Cuba

Miami, Fla., Oct. 19.—The steamer St. Lucie, Captain Bravo, has sunk off the Florida coast.

One of the excursion steamers arrived in port tonight, bringing sixty wounded, who were taken to the hospital, and it is said there are twenty-eight dead bodies which will be brought up tomorrow.

It is believed now that a portion of the Florida Fish and Produce Company's fleet was destroyed. Manager Adams sent out one of their boats this morning to look for the men and boats, and on their return they reported no signs of the fleet. The fishing nets were found strewn upon the shore.

Captain Bravo says that he anchored on the lee side of Elliott's Key, 25 miles south of Miami, yesterday morning, and that soon after a tidal wave engulfed the island. He says there were 250 residents on the island, all of whom were lost.

The St. Lucie was crushed by the same wave and of the 100 persons on board, 25 were killed.

Captain Bravo was seriously injured.

A large containing 100 people is said to have been torn away from its moorings at Elliott Keys and afterwards picked up near the Bahamas, fifty of her passengers being reported drowned.

San Salvador, Oct. 19.—A tempest has raged incessantly for ten days throughout the republic, flooding the rich valleys, principally that of Matanzas and resulting in great loss of life and the destruction of cattle and crops.

The Salvadorean man of war Zalcio, was lost at Acapulco. The topography of various departments has been changed, buildings have fallen, burying their tenants and the iron bridges over the principal rivers have been carried away. Up to Wednesday 15,000,000 tons of water had fallen. The aqueducts and electric light

plants at Sonsonate and Salvador have suffered heavy loss.

Today the storm is abating. The railroads, telegraphs and commerce are paralyzed, but traffic is being restored in some towns of the republic.

The water mains at some places have disappeared. The rivers are bringing down the bodies of persons drowned in the storm and the carcasses of cattle and the sight of these tend to increase the terror of the people.

The losses are incalculable. The government has issued orders that assistance be given victims of the storm. Guatemala and Honduras also have suffered severely. It is said the losses there will amount to many millions of dollars.

Havana, Oct. 19.—The cyclone which began here Wednesday afternoon reached its full fury on Thursday morning. The greatest damage occurred on the harbor and along the docks. A number of smaller craft and lighters were sunk and some houses were blown down.

The total number of deaths was twenty, all Cubans of the poorer class. There are a number of sailors among the dead. Several scores of longshoremen and sailors were injured.

The torrential downpour of rain completely stopped the street car service, and the wind and rain made it next to impossible to get about the streets. Trees in the parks and along the shaded avenues were blown down in large numbers.

The cyclone was confined to the provinces of Havana and Pinar del Rio. Matanzas city escaped. All telegraphic communication was annihilated. Today the wind moderated greatly and the city is fast resuming its normal appearance.

It is estimated that the damage in Havana province will reach fully \$2,000,000. One hundred and fifty tobacco barns in the Almirante district have been destroyed. The recently planted tobacco crop also has been seriously injured. Enormous damage is reported from the Guira section, the centre of the banana and plantain growing district. These crops are said to have been practically destroyed. Many small farmers have lost their all, and are in great distress.

COULD SCARCELY WALK.

A Rheumatic Sufferer Cured by Dr. Williams' Pink Pills.

Rheumatism is rooted in the blood—that is a medical fact every poor rheumatic sufferer should know. Liniments and outward applications cannot possibly cure rheumatism. They are a waste of money, and while the sufferer is using them the disease is steadily growing worse—is slowly but surely taking a firmer grasp upon the entire system. Rheumatism must be treated through the blood. That is the only way in which the poisonous acid can be driven out. Dr. Williams' Pink Pills actually make new blood and thus always cure rheumatism. Every dose of these pills helps to make new rich, red blood which sweeps the poisonous acid from the system, loosens the aching joints and muscles and gives the rheumatic new health free from pain.

Among those who can bear witness to the truth of these statements is Miss Dorina Langlois, of St. Jerome, Que., for weary months she suffered from rheumatism and had begun to think she was incurable. "I could not straighten up," says Miss Langlois, "My limbs were almost useless, so stiff were they. For many months I endured such pain as only rheumatic sufferers can understand. Although only thirty years of age the suffering I endured actually made me look like an old woman. I used liniments and tried several medicines but got not the slightest help until almost by chance my attention was called to Dr. Williams' Pink Pills. I began taking them and in the course of a few weeks I could see they were helping me. Little by little the pain began to go, and the stiffness to leave my joints. I continued taking the pills for several months when every symptom of the trouble had disappeared. I have not felt a twinge of rheumatism since, and I bless the day Dr. Williams' Pink Pills came to my notice."

Dr. Williams' Pink Pills never fail to cure rheumatism because they go right to the root of the trouble in the blood. That is why these pills cure all the common ailments due to poor and watery blood, such as anaemia, headache, and backache, indigestion, neuritis, St. Vitus Dance, general weakness and the distressing irregularities that afflict women and growing girls. If you need a medicine you will save money by taking Dr. Williams' Pink Pills at once. See that the full name Dr. Williams' Pink Pills for Pale People is printed on the wrapper around every box. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

ed after she heard the cheerful song, "God save the King," which she believed to be the signal of death.

"I myself," concluded Chauvelin, "must now very reluctantly leave you. An revoir, fair lady. We meet, I hope, soon in London. Shall I see you at the Prince of Wales' garden party?—No!—Ah, well, an revoir!—Remember me, I pray, to Sir Percy Blakeney."

And, with a last ironical smile and bow, he once more kissed her hand, and disappeared down the footpath in the wake of the soldiers, and followed by the imperturbable Desgas.

ACTRESS DIES IN OTTAWA HOSPITAL

Ottawa, Oct. 19.—Miss Nannie B. Jordan, a promising young actress, died at the Water street hospital. She came to Ottawa with the Gingerbread Man Company on September 10th and took the part of one of the baker's boys of the chorus. She was taken ill during the week and had to be removed to the hospital.

Miss Jordan, whose stage name was Miss Howe, underwent three operations but medical aid, while giving relief, failed to effect a cure. Her mother came here from her home in Nashville (Tenn.), and a few days ago her brother also arrived. The deceased was but twenty-two years of age and was of a bright and jovial disposition. The body was taken to Nashville (Tenn.).

Rev. E. J. McAulay, of New Ireland, has returned home from a trip to Boston. Miss Helen Lockhart, of the Mount Allison Ladies' College, has been spending her vacation with her parents, Mr. and Mrs. C. B. Lockhart.

REV. DR. CRAPSEY'S

APPEAL NOW BEFORE COURT OF REVIEW

New York, Oct. 19.—Decision was rendered today on a motion to dismiss the appeal of Rev. Dr. A. S. Crapsey, rector of St. Andrew's church, Rochester, convicted of heresy, when the appeal came up today for a hearing before the Episcopal court of review for the second department, which sat at the diocesan house, Lafayette Place. It was agreed to withhold decision until the case should be heard in full.

The members of the court are: Bishop Scarborough, of New Jersey; Rev. W. R. Huntington, of this city; Rev. Dr. A. B. Baker, Rev. Dr. John R. Moes, Chas. Andrews, Frederick Adams and James Parker, the last three named being lay members.

It was found at the Rochester trial that Dr. Crapsey had denied the virgin birth of Jesus and impugned the doctrines of the Episcopal church. He was suspended.

John Lord O'Brien, of Buffalo, acted as church advocate, and Edward M. Sheppard and Representative J. B. Perkins, of Rochester, represented Dr. Crapsey. The day was taken up with arguments which will be continued tomorrow.

During the arguments Mr. O'Brien protested against admitting as evidence a statement of Dr. Crapsey's included in a brief by Mr. Perkins and touching upon the propriety of certain doctrines of the Episcopal church in which, the court had no jurisdiction. However, it was finally decided to admit all the evidence.

SAYS EXHIBITION

FIRE AT TORONTO WAS INCENDIARY

Toronto, Oct. 19.—Park Commissioner Chambers firmly believes the fire at the exhibition grounds was of incendiary origin. "After an incipient fire a few years ago, which we succeeded in extinguishing, I received an anonymous letter saying we had put out the blaze very cleverly but would not succeed in doing it the next time. I also want to say that the watchman saw me at my house shortly after 10 o'clock last night. He had just made his rounds so that that fire must have been set as soon as he had passed. He is a faithful watchman and has been there for some years."

Mr. Chambers' opinion regarding the cause of the fire coincides with that of the fire chief and exhibition authorities.

Dr. Orr says the original cost of the grand stand was \$108,000; transportation building, also totally destroyed, \$120,000, and stables, \$18,000. The insurance on the stand is \$54,000; transportation building, \$40,000, and stables, \$8,000.

Dr. Orr says no time should be lost in making good damage done by fire but advocated a better grand stand than the one destroyed.

Montreal, Oct. 19.—Sir William Macdonald, the millionaire tobacco manufacturer, whose benefactions to McGill already amount to more than \$3,000,000, is going to endow another chair at the university.

At a provincial convention of school teachers, it was tonight announced that Sir William had provided for a chair devoted to the art of educating.

The Pure Food Movement

Is very strong in Canada today. In no article of diet is purity so important as in flour, for flour is the basis of more than half your food. It is your duty, therefore, to see to it that the flour you use is pure.

"FIVE ROSES" FLOUR is made by a process which insures absolute purity. From the time the wheat enters the mill until the flour reaches the cook it is untouched by human hands. The grain itself is thoroughly cleansed before grinding, whilst the flour is sifted, time after time, through the finest silk cloth, in order to remove the smallest impurities.

These processes render "FIVE ROSES" an easy and satisfactory flour to use, and insure better results on Baking Day than can be obtained with any ordinary brands.

THE LUDLOW

On account of the Ludlow again grounding on Navy Island early yesterday morning, a number of passengers from the west side, who were on the boat, missed the Boston train. They were not sparing in their remarks at being hung up in a helpless condition in mid-stream.

A similar fate, it is said, befell those in the city who desired to proceed to points along the New Brunswick Southern. The suggestion was made yesterday that, as there is no indication of improving the conditions on the bar, the Ludlow should take a small boat in tow, which could be used to land passengers in such an emergency.
