SECRETARY SHAW'S AID ONLY A DROP IN THE BUCKET

(New York Journal of Commerce, Wednesday.)

Wall street needed no further stimulus to its drooping spirits than the knowledge that Secretary Shaw had a sympathetic ear for its troubles, proceeding to bid up stocks vigorously, even though not a cent of the $20,000,000 relief had found its way into circulation. Prior to the opening operations were conducted in London, which center after responding with a much higher range of quotatians for American securities bought heavily in the New York market. The campaign against the short interest disclosed a large bear party, whose covering operations were responsible for much of the activity. Pools embraced the opportunity to mark up their specialties, the usual grist of time-worn rumors of deals and melons making their appearance. The Hill group seemed under the influence of the proposed investigation by the government, showing less buoyancy.

Sentiment, of course, was encouraged by the easier tone of money, call loans being received at 9 per cent, the high for the day being 13 per cent. Time money, likewise, showed an easier trend, borrowers being less urgent in negotiating loans. It remains to be seen how much permanent effect Secretary Shaw's measures will have upon the market since resumption of wild speculation would inevitably consume the $32,000,000 aid like so much tinder. The Sub-Treasury transferred another $150,000 to New Orleans, and yet the banks had previously lost $3,461,000 since Friday, comparing with only 2,973,000 for the same period last week. With a deficit of $6,700,000 to make good it is little wonder that banking interests refer to the allotment of $1,500,000 deposits to New York as a mere drop in the bucket, particularly since January disbursements and trust company reserve requirements necessitate the accumulation of cash. England does not view the situation with pleasure, its discounts showing a firmer trend because of the fear of gold exports to America, though sterling was firmer here yesterday in sympathy with easier money.

In its typically light-hearted manner Wall street draws the inference that it is now out of the woods, believing that the assistance from the Secretary of the Treasury, differentiated though it may be, will tide over the money gap until the return of crop-moving funds from the interior. What with $10,000,000 in deposits, $10,000,000 for redeeming bonds and $12,000,000 for interest, that amount of money is put into circulation, and although only a small portion is directly disbursed in New York city, money, like everything else, follows the natural law, which means that it will flow to the metropolis, even should Secretary Shaw renew his fatherly admonitions to the Western banks against lending in Wall street.

Banking interests, especially those of a conservative type, however, do not share the sanguine views entertained by those long of stock pointing out that conditions are too stringent to be solved by Secretary Shaw's measures. As the president of one bank put it, the relief would be merely "a drop in the bucket," what with the heavy January disbursements and the preparations for the final instalment of trust company reserves. Moreover, the very renewal of pool manipulation, such as was evidenced yesterday, only intensifies the situation, since a bull campaign could easily consume 3,000,000 of dollars and leave the status just where it was before. In the long run liquidation is the only really efficacious remedy, though of course the larger interests, who in many cases are also bankers, being holders of securities, naturally prefer some other way out of the difficulty.

(New York Herald.)

Monetary relief measures designed, according to Washington advices, "to aid the cotton crop movement," were seized upon by Wall street to revive stock speculation yesterday, while, oddly enough, cotton broke from 60 to 70 points. There was, of course, no connection between the two—merely a coincidence. Wall street, of course, figured out that the public deposits scattered over the country would, as usual, find their way speedily into the stock market. Cotton broke in sympathy with the December estimate made by the Department of Agriculture as to the cotton crop, which was placed at 12,-546,000 bales, or from 300,000 to 500,000 bales greater than the trade estimate. These figures 'moved' cotton much faster than any outpouring of treasury money could.

The influence of the treasury relief measure yesterday was wholly sentimental and was confined to the call money market. Not a dollar, it was said, was added to the available money supplies yesterday, but call money declined from the extreme rate of 28 per cent on Monday to a maximum rate of 13 per cent yesterday, and the ruling rate fell from 20 to 25 per cent to 8 or 9 per cent. All of this shows how much hysteria influences call money rates. Time money was in as scant supply as ever, and rates there showed practically no change. Sterling exchange advanced about 25 points, but receded, closing only 10 points higher and at a rate which showed little real change in money, and the Sub-Treasury drained heavily from banks, as before.

THEY OPEN CHRISTMAS DAY

It is very pleasing to St. John theatre patrons to learn that the Robinson Opera Co., who made such a big hit when here last September, play a return engagement at the Opera House, opening Christmas Day. Many additions and changes have been made in the personnel of the company during the past two months, all for its improvement until today it can without question claim to be the best opera company that has ever come ot the Maritime Provinces. While the old favorites, Frank D. Nelson, Mae Kilcoyne, Essie Barton, John Moore, Frank V. French and Rudolph Koch have been retained in the cast, many additions have been made, noteworthy among them Jack Henderson, Esther Wallace and Daisy Howard. Jack Henderson needs no commendations in this city, as he is known to all and recognized as the cleverest comedian ever seen here. Miss Wallace, who was prima donna for the past three seasons with B. C. Whitney's big productions. The Isle of Spice and the Show Girl, is the possessor of a beautiful lyric soprano voice of marvellous range and sweetness and is an acquisition to the company that the management take great pride in offering to their patrons. Daisy Howard, the dainty soubrette, who was such a popular member of the Princess Chic Co., last season, will also prove a favorite here. With their excellent repertoire and beautiful new costumes and scenery, the engagement here is an assured success.

THE FIGHT PICTURES

The sale of seats for the Gans-Nelson fight pictures opened at the Opera House Thursday morning and many availed themselves of the chance of getting first choice. The pictures will be shown Monday, Tuesday, Wednesday and Thursday evenings at popular prices. Every round of the fight is an interesting feature of the show.

ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

To Prove What the Great Kidney Remedy, Swamp-Root, Will Do for YOU, Every Reader of St. John Evening Times May Have a Sample Bottle Sent Absolutely Free by Mail.

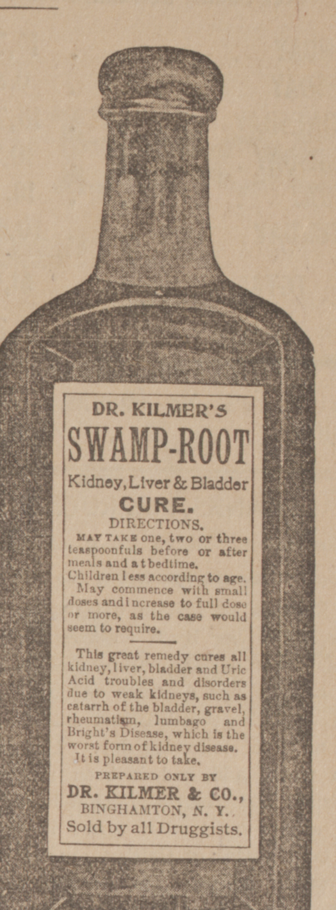
If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

DIDN'T KNOW I HAD KIDNEY TROUBLE.

"I was out of health and run down generally; had no appetite, was dizzy and suffered with headache most of the time. I did not know that my kidneys were the cause of my trouble, but somehow felt they might be and I began taking Swamp Root. There is such a pleasant taste to Swamp Root, and it goes right to the spot and drives disease out of the system. It has cured me, making me stronger and better in every way, and I cheerfully recommend it to all sufferers."

Gratefully yours,

MRS. A. L. WALKER, 331 East Linden St., Atlanta, Ga.



Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and many fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; make your head ache and back ache, cause indigestion, stomach and liver trouble, you get a sallow, yellow complexion, make you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

To overcome these troubles take Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that has yet been discovered.

How To Find Out.

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling or if small particles float about in it, your kidneys are in need of immediate attention.

EDITORIAL NOTICE.—So successful is Swamp-Root in promptly overcoming even the most distressing cases, that to Prove its wonderful merits you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonial letters received from men and women who found Swamp-Root to be just the remedy they needed. The value and success of Swamp-Root are so well known that our readers are advised to send for a sample bottle.

In writing to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say that you read this generous offer in the St. John Evening Times.

Swamp-Root is pleasant to take and you can purchase the regular 75c. and $1.25 size bottles at the drug stores in Canada. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
