SOCIAL AMENITIES AT THE ZOO

The ostrich yawned.

Kangaroo (highly offended)—Does my conversation tire you?

Ostrich—Not at all. On the contrary, I am greatly interested. That yawn started five minutes ago, while I was talking with that tiresome baboon, and didn't get all the way up till just now.

JOHN H. McROBBIE IS THE NEW PRESIDENT OF THE BOARD OF TRADE

Considering the inclement state of the weather there was a fairly good attendance at the annual meeting of the St. John Board of Trade yesterday afternoon. John H. McRobbie was elected president and W. C. Foster, vice-president. The board of arbitration was re-elected and the following were named members of the council for the ensuing year: W. H. Thorne, D. J. McLaughlin, W. F. Hatheway, W. S. Fisher, T. H. Estabrooks, W. M. Jarvis, H. B. Schofield, G. E. Barbour, J. A. Likely and John Seely. They will add to their number.

The annual report of the secretary, W. E. Anderson, dealt with the matters brought up during the past year by the board and council. He also submitted the financial statement, which was certified correct by the auditors, D. J. McLaughlin and W. H. Thorne. This showed total receipts of $3,861.56, with expenditures of $2,325.18. This balance on hand, together with estimated assets, showed a surplus of $2,736.38.

Mr. Anderson also read a communication from James Kinley, secretary of the Franco-British exhibition, which is to be held in London in 1908, asking that the name of the president of the St. John Board of Trade be put on the committee.

On motion this was laid over for consideration till the January meeting of the council.

The election of president was then proceeded with. J. H. McRobbie's name was the only one in nomination and he was declared elected for next year. In vacating the chair the retiring president delivered his annual addresss.

In delivering his annual address the retiring president referred to the preparing of a report by a joint committee of both councils on the nationalization of the port of St. John. He also stated in it that three things agitated, at the beginning of the year, the minds of the council members, viz: 1. Development of power at the falls. 2. Establishment of new industries. 3. Technical education.

Referring to No. 1 the retiring president said that it had been ascertained that the cost of such a project would be too great. He said, however, that he was pleased to note that it is proposed to bring power for manufacturing purposes from Grand Falls within a short time. The second question brought forth a number of propositions, some of which may possibly be of sufficient interest to be established in this city.

The successful issue of the question of technical education, the retiring president said, was due to the indefatigable efforts of the committee in charge of the matter.

Mr. McRobbie, on assuming his seat, thanked the members for the honor done him. He said he appreciated the honor, because his name would be associated with those of citizens who had worked so hard for and had faith in the future of the city. He went on to speak of the membership of the board and said that something would have to be done to increase it so that the organization might have the influence in the city it was entitled to. Turning to winter port matters, Mr. McRobbie thought that the city would have to wake up in order to provide facilities as quickly as they needed them. He urged the board to use their full influence to have the new assessment act for the city become law and prophesied that in five years time so great would be the measure of success attending the new plan that they could at the end of that time fall in with views of the taxation committee of the board and exempt personal property altogether.

The new president's remarks were received with great enthusiasm and at the conclusion W. S. Fisher, in a brief speech, endorsed Mr. McRobbie's views and moved that the board pass a vote of thanks to the retiring president for his efforts while in office.

W. F. Hatheway seconded the motion, which was passed unanimously. In the course of his remarks Mr. Hatheway referred to the fact of the Allan turbiners leaving the mails at Halifax. He thought the board ought to look into this matter and try to get them to carry out their contract. Other things which he thought ought to be done right away were the calling for tenders for the second new wharf and instituting inquiries as to steamers subsidized by the dominion government making the city of Portland their terminal.

After Mr. Schofield had briefly returned thanks the election of the rest of the officers was proceeded with and resulted as given. The only other business was the election of a new member, Horace A. Porter, proposed by W. S. Fisher. Those present were: W. F. Hatheway, W. M. Jarvis, D. J. McLaughlin, W. S. Fisher, F. A. Dykeman, S. S. Hall, J. Hunter White, W. E. Vroom, T. H. Somerville, W. E. Foster and G. Fred Fisher.

NO LINIMENT CAN CURE IT

That pain between the eyes isn't neuralgia. Many think so, but it is catarrh, plain ordinary catarrh that needs attention right now. Your proper lead is to use "Catarrhozone." Doctors recognize it as a cure that surpasses all others. Sure, because it does reach the trouble; safe, because no drugs to take, you breathe its healing vapor direct to the course of the trouble, and cure is guaranteed. Two sizes, 25c. and $1.00. Sold everywhere.
