A NECESSARY ADJUNCT.

Sapphedd—I shall not be able to go to Smith's donkey party tonight.

Miss Cutting—No? Well, I guess Smith will have to postpone the party, then.

DREDGING IN BOSTON

Wants $1,400,000 to Dig Channel 35 Feet Deep and 1,000 Feet Wide.

BOSTON, Nov. 14.—That the citizens and business men of Boston shall enjoy the advantages of a ship channel 35 feet deep, with a mean width of 1,000 feet, General Mackenzie, chief of engineers, U. S. A., has asked for an appropriation of $1,430,000. This sum is asked to aid him in completing the line of work that, since 1899, has been under way and which under its present stage towards completion, has aided materially in increasing the trade between this and foreign cities.

The annual report submitted to the government officials for the year 1905 by General Mackenzie, asks for $930,000 to continue the contract work, the balance to be used for contingencies and further improvements to the channels.

When finished Boston harbor will rank as one of the best landlocked harbors on the coast.

In filing the report General Mackenzie says regarding the progress made:

"To June 30, 1906, the amount expended, not including outstanding liabilities, was $1,503,745.77, all for improvement, with which 5,789,522 cubic yards of mud, sand, gravel and clay, and 13,976 yards of boulders have been dredged from the upper main ship channel, and 752,973 cubic yards of mud, sand, gravel, clay, hardpan and cobblestones have been dredged from the Broad Sound channel.

"All the dredging authorized is contracted for, and about 67 per cent. of it has been accomplished, exceeding the average rate of progress necessary for the completion of the dredging in the contract period. No continuous channel with the depth of 35 feet at mean low water has yet been obtained."

By the opening of the new Broad Sound channel the entry of big ships is made easier, owing to the lack of suction that ships of heavy draught experience when passing through the Narrows, which, in itself is only 1,000 feet wide.

In the work of clearing the channel way an immense quantity of rock has been encountered, the cost of which has led the government to pay $16 per cubic yard for its removal aside from the $20 for the removal of clay, sand and mud.

To verify the depth of water, officials are daily engaged in sweeping the channel after the work of the dredgers, and thus leave no hillocks on the floor of the dredged surface.

KIDNEY DISEASE COMES ON QUIETLY

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some form of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or supressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes.

On the first sign of anything wrong

Doan's Kidney Pills

SHOULD BE TAKEN.

They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Petty, Massey, Ont., writes: "After I arrived in Canada from New Zealand, a couple of years ago, I suffered very much from kidney trouble. I tried several remedies, but they did me no good. Finally my back became so lame I could scarcely work. I was advised to try Doan's Kidney Pills and after taking them I felt like a new man.

Price 50 cents per box or 3 boxes for $1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

Cannes, Nov. 14—Mrs. Charles A. Strong, daughter of John D. Rockefeller, died at 3 o'clock this morning in the Hotel Du Parie.

Mrs. Strong had been ill for some time and suffered a paralytic stroke on Nov. 12, after which she sank slowly until the end. The body will be sent to America the end of this week.

Hamilton, Ont., Nov. 14—The strike situation took a decided change early this afternoon and there is now some hope that a settlement may be reached. Mayor Biggar brought A. B. Ingram and President Theaker, of the union, together and arranged for a conference this afternoon to try and effect a settlement. The company had made all arrangements to operate their cars but at the request of the mayor deferred action till after the conference.

Harry L. Beaman, of Digby, is spending a few days in the city.
