CENSURED CAPTAIN AS WELL AS PILOT

Commander Spain Gives Decision in Collision of Allan Liner Pomeranian With Father Point Wharf.

MONTREAL, Que., Aug. 31 (Special)—Judgment was rendered yesterday by Commander Spain, wreck commissioner, in the case of the collision between the Allan line steamer Pomeranian and the wharf at Father Point, which occurred on June 10th last.

The commander in his decision attributed the primary cause of the casualty to the fact that the fog horn at Father Point was not in operation. At the same time he held that this did not exonerate the master and pilot of the ship, and in the opinion of the court these gentlemen were deserving of censure for maintaining such a high rate of speed and steering such fine courses in the existing conditions of weather. The court held that passing the Rimouski buoy so closely and not seeing Father Point light or the wharf should have been sufficient warning to induce those in charge of the ship to reduce speed and haul the vessel out. As a consequence Captain James Harrison and Pilot Arthur Paquet were censured by the court and warned to be more careful in future.

LOG RAFTS FOR PANAMA

Sites for New Enterprise on the Fraser River.

The Vancouver Province says: "It is the intention of Captain Robertson and associates to immediately proceed with the construction of log rafts on the Fraser river. British Columbia timber not being exportable, Captain Robertson intends to purchase his logs on Puget sound, tow them to the Fraser and make them into rafts there for exportation to California and Panama. It is essential that these rafts should be assembled in fresh water, and that is the reason the Fraser river has been chosen.

Two oil-burning steamers are now being built on the Atlantic coast to engage in the towing of these immense log rafts on this coast, and they will come here early next year. Contracts for logs and piling in connection with the United States government canal works at Panama have been secured, and the outlook for the log rafting business is so good that the construction of these steamers for towing purposes has been made possible. Both vessels will be equipped with special towing apparatus, and when they go into commission no more rafts will be lost at sea to the menace of coast navigation. Heretofore the rafts lost have been in tow of steamers not equipped for this strenuous work.

Captain Robertson has just returned to the coast from a visit to his old home in Nova Scotia. He is manager of the Robertson Raft Company of Portland. In his venture on the Fraser river Captain Robertson has enlisted local capital. Rafts of a capacity of fifteen million feet of logs have been successfully built and towed down from the Columbia river to California.

PLEADED GUILTY TO ABDUCTION CHARGE

Montreal Women Who Stole Young Girl From Ontario Villiage Forced to Give Her up.

MONTREAL, Aug. 31 (Special)—Maggie Darragh and Mary Darragh yesterday pleaded guilty to a charge af having abducted Anna Darragh, niece of the former and sister of the latter. The charge was preferred by Mrs. J. Webb, of Courtright, Ont., who adopted Anna a little over a year ago. With the help of a constable in Courtright the girl was taken away from her foster mother on August 17th last, brought to Montreal and at the home of the aunt kept under close surveillance until this morning, when, after a day's fruitless endeavor to communicate with the girl, Mrs. Webb secured from the court a warrant for abduction and keeping the girl a prisoner against her will. The accused were allowed away on suspended sentence; Anna returned home with her foster mother.

Houses for Artisans

TORONTO, Aug. 30. — Mayor Coatsworth and Property Commissioner Harris propose to make an investigation into a scheme for erecting houses for artisans in Toronto. They claim that if cheap workmen's houses were to be obtained it would attract industries to the city. Controller Hubbard strongly opposes the scheme, claiming the citizens' money should not be invested in that way.

A despatch from Pensacola, la., states that a three-masted Nova Scotia schooner passed that place last Sunday with sickness on board, and no person on board capable of navigating the vessel. The steamer Nellie has gone to her assistance, and is now towing her to Ship Island.

M. Etter's horse, with light wagon attached, started away from the corner of Waterloo and Union streets yesterday afternoon and collided with W. A. Porter's express. The light wagon was overturned and thus was hauled out Waterloo street by the startled animal. Another express was struck and this righted Mr. Etter's wagon. The horse was caught soon after and the damage was slight.

A LIFE STORY IN CLASSIFIED ADS

THE CLASSIFIED EXCHANGE

CHAPTER XX

All men are born traders, in this you'll agree;
We all like to trade when a bargain we see.
If you wish to exchange anything you possess,
We'll tell you a way that will sure bring success.

Do as our hero did, read over with care
The Times Want Pages—you'll find bargains there;
Or, put in an ad telling what you will trade
And what you desire—good exchanges are made.

There is no want on earth, be it great, be it small,
That we cannot supply, for we satisfy all,
The proof of the pudding is in chewing the string;
Results are the proof Times Want Ads will bring.
