IN A SAD POSITION

Pitiful Little Story Connected With Death of Frederick McNaughton.

News of the sudden death of Fred J. McNaughton, of this city, which occurred at Moosomin, Saskatchewan, yesterday, came as a great shock to his friends and relatives, but most of all it will be a severe blow to his fiancee, Miss Bertha Allen, who only arrived in the city this morning en route to Moosomin, where they were to have been married.

Miss Allen, who is a daughter of A. W. Allen, a former member of the firm of Haley Bros. & Co., and now in the lumber business in Middleton, N. S., left here about 5 or 6 years ago, when the family removed to Middleton.

Miss Allen left Middleton yesterday, intending to stay over here for a day and then go to Moosomin, where she was to be married to Mr. McNaughton. At Amherst she was met by Harry McNaughton, who is employed with the Rhodes, Curry Co., and he accompanied her to St. John, (where they arrived this morning) leaving it to relatives here, however, to break the sad news of Fred's death. She is stopping with Mrs. J. H. Murray, Orange street.

The young couple have been engaged for some years and it was the intention of Mr. McNaughton to have the wedding take place as soon as he had become settled in his western home. Needless to say the news of his sudden death came as a great shock to his bride-to-be, and the sympathy of the entire community will go out to her in her distressing position.

Mr. McNaughton was in St. John last summer, having returned for a visit of several months to his native city on the advice of his physician, owing to failing health. He returned to his western home much improved and as recently as Christmas good reports of him were received. He was until six years ago employed in the offices of T. McAvity & Sons. Then he went west and entered business with his uncle, R. D. McNaughton, at Moosomin.

Mr. McNaughton was thirty-one years of age, the son of P. W. McNaughton, of Joggins Mines, N. S., and grandson of the late Captain Jacob Fritz of this city. Besides his father he leaves three brothers, Harry and Robert of Amherst, and Percy at home. An only sister, Miss Jean, is at present visiting in this city.

Other relatives here are, Dr. H. D. Fritz, an uncle; Mrs. E. M. Sipprell and Mrs. J. H. Murray, aunts; and R. G. Murray, barrister, a cousin. A. G. Grey is a great uncle.

The body will be brought to St. John for interment, leaving Moosomin tonight and arriving here probably Tuesday or Wednesday of next week. R. D. McNaughton will accompany the remains.

Mr. McNaughton was a young man of sterling qualities, and news of his death will be received with regret by his many friends. Before going west he was a prominent member of the Brussels street Baptist church.

WEDDED ABROAD

Miss Blanche Collier Formerly of St. John Married in Scotland.

Friends of the late W. E. Collier will be interested in the following item taken from the Arbroath Guide for 30th December last. Miss Blanche Collier whose marriage is referred to is a granddaughter of the late Hon. Charles Watters, and a niece of Dr. A. F. McAvenney:

"There was a very beautiful wedding on Thursday in the Church of Our Lady of Good Counsel, Broughty Ferry, and the pretty building was profusely decorated with palms, plants, and white flowers for the occasion. The bride was Miss Blanche Munroe Collier, daughter of the late W. E. Collier, of St. John, New Brunswick; and the bridegroom Thomas H. B. Rorie, son of Dr. James Rorie, Dundee. The ceremony was briefly and appropriately solemnized by the Very Rev. Canon Phelan. J. A. Cox accompanied Mr. Rorie as groomsman; and Miss Collier was attended by six bridesmaids—Miss Helen L. Collier, Miss E. Freda Collier, and Miss Maisie B. Collier, her sisters; two cousins, Miss Munroe, of Kinloss and Miss Mackenzie, Harecraig; and Miss Peggy Caird, a cousin of the bridegroom.

HURT IN A SAW MILL

Bloomfield Man Had His Head and Arm Injured at Queen's Lake.

A young man with his head bound up and his left arm in a sling attracted some attention in the Union depot this morning. On enquiries being made it was learned that his name is Alva Williams and his home at Bloomfield. He has been working at Queens Lake, Queens Co. in a saw mill operated by W. J. Collicutt. On Wednesday last he was clearing away some sawdust from one of the machines when his coat became entangled in the machinery, throwing him up over the pulleys. His head was quite badly cut and his arm sprained but otherwise he was not badly hurt and considers his escape from more serious injury as very fortunate. He was attended by Dr. Dudley, of Hoyt station, and is improving rapidly. He arrived on the Fredericton express this morning and went to Bloomfield on the noon train.

DESERTERS SENT BACK

Mate and Sailors of Schooner Cora May Sent Back to the Schooner.

The mate and three of the crew who deserted from the St. John schooner Cora May, were captured and placed aboard at Portland, Me. but still refuse duty.

The above information was conveyed this morning to N. C. Scott, owner of the Cora May, in a telephone message to him from the British Consul at Portland, who while talking with Mr. Scott over the wire confirmed the report that the vessel having been examined was found seaworthy and otherwise came within the requirements of the British shipping law.

Mr. Scott advised the consul to instruct Captain Hogan to secure a couple of men to go with them as far as Vineyard Haven where the vessel reports for orders; and told the Times that at present he has no reason to suspect trouble and thought it quite probable that the crew would fall in line and complete the trip.

POLICE COURT

In the police court this morning Richard Adams, for drunkenness, forfeited a deposit of $8. Hugh McAdam was arrested last night on St. John street by Officer McNamee for being drunk. The prisoner, when arrested, was in a hopeless condition, and the policeman, with the aid of a citizen, had to carry him to the lock-up. This morning McAdam had a bad dose of "the shakes," and was remanded. Judge Ritchie commented on the fact that the prisoner was on the verge of having the "D. T.'s," and remanded him. His honor also enquired whether or not the police could ascertain who supplied the liquor to the prisoner, as the latter must have received liquor while in an intoxicated condition.

Lawrence Totten, John Barley, George Buckley and a boy named Crawford appeared in court this morning as the result of a report lodged against them by the I. C. R. police. They were charged with selling papers in the depot, and annoying the passengers there by on the 16th inst. Totten explained that he was not a newsboy, and was not connected in anyway with the others, and was allowed to go. The other three boys were adjudged guilty and were fined $20 each. They were taken below until their fines are paid. The I. C. R. police have received orders from the authorities to prosecute all such cases.

John Barry, hackman, reported for violating the regulations for hackmen at the I. C. R. depot did not appear in court to answer the charge.

BITHULITHIC PAVING

An error appears in the report of the board of works meetings, on another page, in which it is made to appear that the Bithulithic Paving Co. has laid 18,000 square yards of its pavement in Halifax. It has only laid 2,005 yards, but has closed a contract for 18,000 yards. It has laid over 32,000 square yards in Glace Bay.

TO ATTRACT TOURISTS

The Dominion Atlantic Railway Pursues an Excellent System of Publicity.

The Dominion Atlantic Railway is preparing, for the benefit of the hundreds of tourists who annually visit Nova Scotia, a booklet, to contain a detailed list of cottages whose owners are prepared to accommodate a limited number of boarders during the summer months. The booklet is intended to cover the principal towns and villages reached by the railway as well as those a few miles removed from the line, but having stage or other connections. To make the list as complete as possible, the company invites those having comfortable farm houses and cottages to communicate with the general passenger agent, giving the name of the town or village, name of house, name of proprietor, number of persons can accommodate, rate per day and week, nearest station on D. A. R. and distance therefrom, local attraction, such as boating, bathing, deep sea or fresh water fishing, golfing, tennis, interesting drives, historic attractions, etc.

The aim of the company is to open up the country districts to those tourists who desire to spend their vacation amid quiet, restful surroundings rather than in the larger towns, and who for want of the above information have been in the past seasons spending their summer outing in the country districts in New England.

The price subsequently rose to 152. In Missouri Pacific, 2,500 shares sold at 106 and 106½ compared with 105⅜ last night. Smelting and Colorado Fuel were up two points.
