A rummage sale in aid of the Free Kindergarten will be held in the St. Andrew's rink tomorrow, Thursday and Friday. Parcels will be sent for by telephoning 1400.

At a meeting of the congregation of the Mission Church of S. John Baptist, held last night, Hurd Peters, C. E., and H. B. Schofield were chosen delegates to the diocesan synod; Colonel Sturdee and C. H. Lee, substitutes.

The L. M. Frask Co. have opened an office and show rooms at 69 Dock street, where they will carry in stock a full line of American gasoline engines, for portable, stationary and marine work. They will also furnish gasoline expert at short notice. Telephone 1774.

At a meeting of the Ship Laborers' Society last evening in Carleton, Joseph Smith was re-elected president, John Campbell, secretary, and the other officers as before. They report eighteen new members making a total of 175. The society announces willingness to work at the thirty-five cent summer rate, and that a large share of the summer business has been promised its members.

That St. John is rapidly coming to the front as a grain shipping port there can be no doubt, as the amount each year shows an increase over the preceding one. With the facilities here for the shipment of grain, there is every reason to believe that the increase from year to year will be more marked. The total for the season just closed reached the large figure of 7,-082,828 bushels, a very considerable increase over the previous season.

The board of health milk regulations will go into effect today. Three veterinary surgeons—Doctors Manchester, Johnston and Simon—have been authorized by the board to make the necessary examinations of the milk dealers' herds in St. John and Kings counties, and so far no reports of disease have come in, and neither are there any protests from the milk dealers. Although nominally the regulations will go into effect today, the board will allow quite a latitude to the surgeons and dealers. Quite a few of the latter have expressed themselves as strongly in favor of the course being taken by the board.

SACKVILLE

SACKVILLE, April 28—Mt. Allison violin class gave their last concert this year, in Lingley Hall last evening under the leadership of Dr. Archibald. The orchestra, composed of twenty instruments with the addition of two pianos and a pipe organ, gave six selections.

Messrs. Jakeman, Wood, Smith and Hallet pleased the audience with two violin quartettes. A violin solo by Miss Jennie Redden was heartily encored. Miss Foster completely captivated the audience with her singing; she sang two solos, Elsa's Dream and The Erl-King, both of which were loudly applauded. This was Miss Foster's last appearance before a Sackville audience. Altogether the concert was a pronounced success, and much credit is due Dr. Archibald for his unremitting and enthusiastic labors in training the performers and conducting the performance itself.

Rev. Wilfred Gaetz, of Amherst, and Rev. Charles Flemington, and wife, from Point de Bute, attended the concert last night in Lingley Hall.

While employed in the stone quarry at Rockport Arthur Thurston had his right foot badly jammed. He will be confined to his bed for some time.

During the absence of Prof. and Mrs. Hammond in the vacation, Mrs. Stark and her daughter will take charge of the homestead.

Rufus Seaman has about finished sawing at Green Creek and intends moving his mill at Wood Point next week to saw for Willard Barnes.

Rev. Mr. Stoddart, of Moncton, will occupy the pulpit of the Middle Sackville Baptist church to-morrow. Mr. Steeves is about to start a series of special services, and Mr. Stoddart will assist.

A gymnasium is being fitted up in the third flat of the High School.

THE OZONATED AIR CURE

Physicians and patients alike are pleased with the prompt action of "Catarrhozone," which destroys catarrh by the action of ozonated air.

No medicine is required, no stomach dosing, or cocaine sniffing.

Simply inhale the soothing vapor of Catarrhozone and cure is sure and quick. J. A. Hammill, of Greenmount, P. E. I., experienced instant relief from Catarrhozone and writes:—"No one could have worse catarrh than I. It caused partial deafness, bad taste, upset my stomach, made me sick all over. Catarrhozone cleared my nostrils, stopped the cough and gave me a clear feeling in my breathing organs. I am absolutely cured."

You can be cured also. One dollar buys two months' treatment. Sample size 25c. All dealers or by mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

CURRENCY MOVEMENT

Loss of $5,821,800 Indicated ----Gold Imports Partially Offset Pacific Coast Losses.

(Wall Street Journal, Saturday)

The reported movements of currency this week indicate a loss in cash held by the banks of $5,821,800. Owing to the complicated transactions between the banks and sub-treasury and the manner of receiving special United States deposits and returning such deposits from receipts of imported gold, the analysis of the statement issued by the sub-treasury is made unusually dificult.

The banks received from the interior $7,719,100, and sent to the interior $23,-593,200, of which $11,931,300 was transferred through the sub-treasury to San Francisco, $1,200,000 to Chicago, $675,000 to Denver and $100,000 to New Orleans. Shipments to the interior include also $3,-615,000 currency sent by mail and express to the Pacific coast and $2,035,000 national bank notes sent to Washington for redemption. The loss to the interior was $15,874,100.

Receipts of new gold were $8,631,100, of which $8,115,600 was imported gold, $491,-500 on New York assay office checks and $24,000 on Seattle assay office-checks.

Extraordinary disbursements by the sub-treasury were special United States deposits of $8,370,000 in banks against gold engagements. Extraordinary receipts were the return of $7,100,000 special deposits to the sub-treasury by the banks from the receipt of imported gold. Ordinary sub-treasury disbursements were $22,671,900.

Payments by the banks to the sub-treasury for customs, internal revenue, 5 per cent. redemption fund, etc., were $22,-520,700. The gain on sub-treasury operations proper was $151,200.

The total loss, to the interior $15,874,-100 and United States deposits returned $7,100,000, was $22,974,100. Deducting from this the total gain $17,152,300, consisting of $8,631,100 in new gold $8,370,000 special United States deposits and $151,200 from sub-treasury operations proper, the net loss was $5,721,800.

The feature of the interior movement was the extraordinary shipment direct and through the sub-treasury to the Pacific coast necessitated by the earthquake and fire at San Francisco. The receipts from the interior were larger than in the preceding week, indicating the usual flow of currency to New York at this season on mercantile remittances.

Sub-treasury operations proper, aside from the transfers of currency to the Pacific coast, and receipts and disbursements incident to the changes in special United States deposits showed a small gain, which was due to purchase of foreign exchange by the post office on money order account, and to a decrease in customs collections, which were $3,519,000, comparing with $3,849,300 in the preceding week. Pension payments fell off to $1,456,-000, comparing with $3,291,000 in the preceding week.

The sub-treasury received from banks and sent to Washington for redemption $2,692,000 mutilated currency.

BACHE & CO'S. LETTER

NEW YORK, April 27.—Dear sir:—The market has been alternately weak and strong throughout the past week. The trend seems still to be downward and sales on strong spots have proven quite profitable. The Consolidated Gas dividend was cut to a 4 per cent basis and preceding the dividend meeting the stock reached the lowest price in several years. As a general proposition in Wall street stocks decline when good news comes out and advance when the announcement of unfavorable developments is made. Whether directors of a company are justified in using information beforehand to the detriment of other stockholders is an unsettled ethical question. At any rate such is the practice of Wall Street and the result is the seeming paradox of stocks advancing on bad news and vice versa. It would seem therefore that the chances of an advance in Consolidated Gas were fairly good and that it is a reasonably safe purchase around the present level.

The bond market during the week was generally at recessions and under the influence of selling pressure supposed to be for the account of Insurance Companies. Japanese issues were soft and speculative issues such as Colorado Industrials, Brooklyn Rapid Transit 4's, Erie Convertibles, etc., etc., reflected quite closely the stock movements. Steel seconds 5's were in good demand and held well.

Southern Pacific has been one of the strongest stocks on the list all through the recent weakness. The stock has not had a strong speculative movement and seems to have been left pretty much to look after itself. Throughout the general list the buying in spots has been fairly good. In other shares the selling at times has looked equally good. Large blocks of securities came out on the declines and this was particularly true of the Hill stocks. Some investors have become timid and liquidated investment shares. On the other hand there are a good many bargain hunters in the Street picking up standard railroad dividend payers on breaks. These conditions make for a trading market. The short account is large but at present is very powerful. Bullish confidence is by no means enthusiastic. We can scarcely see room for a genuine bull campaign this spring. At present the outcome seems to favor a trading market with the tendency slowly but steadily downward.

Yours truly,
J. S. BACHE & CO.

ANOTHER POSITION.

Miss Edith Cuming has been selected by the employment bureau of the Currie Business University, Ltd., to fill the position of stenographer for the Fidelity & Casualty Co., of New York.

Henry Crawford who had the contract for cleaning and grubbing at the Robertson's Lake, has made arrangements with C. I. Keith of Havelock, to saw the logs which he cut in that district last winter. Mr. Crawford expects to cut about one million feet. Mr. Keith's portable mill will be taken out to Loch Lomond some time in May.

Adam H. Bell left for Montreal Saturday to engage cigar makers for his factory.

Rheumatism

Ought to be called by its right name—Kidney Disease. Uric Acid gets in the blood, because the Kidneys are too weak to filter it out. "Blood purifiers" —"salts"—only relieve temporarily. Strengthen the kidneys to do their work, and there will be no more excruciating rheumatic pains. And until you do cure the kidneys you will suffer with Rheumatism.

GIN PILLS

cure Uric Acid Rheumatism by curing the Kidneys. They clean and purify the Kidneys—make them strong enough to do nature's work as it should be done.

We have such implicit confidence in the remarkable virtues of GIN PILLS that we authorize druggists to refund the money if they fail to cure.

At all druggists, 50c box, 6 boxes for $2.50 or we will send you a free trial box if you will write mentioning this paper.

MARINE NOTES

Batle line steamer Arcola cleared yesterday from Philadelphia for Pugwash, N. S., to load deal for the other side.

The barkentine Golden Rod, which arrived yesterday from New York is consigned to Arthur W. Adams.

The hull of the bark St. Peter, ashore in the Petitcodiac River, was sold last Saturday at auction for $30.

Stmr Orinoco left Bermuda at 4 p. m. on Saturday for this port. She has on board 550 puncheons of molasses to be landed here.

Six immigrants who have been confined in the detention hospital, West Side, were deported by the steamer Lake Michigan, which left port yesterday for London and Antwerp. There are at present about 130 or 140 immigrants in the detention building at the point. These will be kept there until they are ready to go forward to their destination. In other years it has been the practice of the officials to transfer the immigrants, who happened to be detained after the close of the season, to Montreal or Quebec, from whence they would be forwarded. Fourteen person were given their liberty yesterday.

On her maiden transatlantic voyage the new French line steamer La Provence succeeded in making the fastest passage that has been made between Havre and New York, establishing a new record of five days, 23 hours and 10 minutes, and landing her pasengers in New York before dark last Friday. Heretofore the record has been held by the steamer La Lorraine, which made the pasage in six days, 9 hours and 19 minutes.

MONTREAL, April 28—Andrew A. Allan has positively denied the published report that this firm had abandoned the wrecked Bavarian (still perched on Wye Rock) to the underwriters. No action, he said, would be taken until Mr. Armie, the English expert wrecker, had made his report, which would not be for some time, as the water was yet too cold for diving operations. The position of the Bavarian was rendered much more precarious by the loss of her rudder, but at present there were considerable hopes of getting the big boat safely into the water again.

SPORTING

BASEBALL

ST. JOSEPH'S COLLEGE, April 27-'06—The day to which many of the students were looking forward with great pleasure arrived yesterday, and a merry group of seniors, juniors, etc., gathered near the base-ball campus yesterday afternoon to witness the first game of the season.

At 2.30 o'clock two teams representing the senior and junior students passed through the gates headed by the college band and amid the cheering and applauding of the spectators, the players proceeded to their respective positions. A "raised-ball" was delivered across "the pan" by Rev. Dr. L. Guertin and thus opened the ball.

Despite the fact that the teams showed want of practice at times they played fast ball and the outlook for a good team is encouraging. The game ended Seniors, 3; Juniors, 1. The batteries were for the Seniors, Manning and Dunlop and for the Juniors, Gaudet and Champagne.

Manning, our crack catcher, showed his old-time form, while "Buster" McCourt did some of his fancy work at second. Jim Dunlop fanned many of the sluggers. Messrs Boyle and Landry showed up well.

National League.

Boston, April 30.—Hard hitting gave New York an easy victory today over the local team. The visitors made a daring exhibition of base running and established a stolen base record for the two leagues so far this season. Score:

New York, 8; Boston, 2. Batteries—Ames and Merles; Pfeffer and O'Neil.
At Brooklyn—Philadelphia, 6; Brooklyn, 2.
At St. Louis—Chicago-St. Louis game postponed, wet grounds.
At Cincinnati—Pittsburg, 4; New York, 0.

American League.

New York, April 30.—Boston defeated New York today at American league park, 13 to 4. The home team was outplayed after the fourth inning. The batting of the visitors was unusually vigorous. In the final winning, the Boston's made nine hits off Newton and they were good for as many runs. Score:

Boston, 13; New York, 4.—Batteries—Graham, Tannehill and Winter; Chesbro, Delehanty, Newton and Kleinow.
At Cleveland—St. Louis, 4; Cleveland, 3.
At Chicago—Chicago, 1; Detroit, 2 (ten innings).
At Philadelphia—Philadelphia, 6; Washington, 3.

ATHLETIC

Americans Won at Olympic Games.

Athens, April 30.—America's athletes again have had a day of remarkable success, Pilgrim, Lightbody, Friend, Leavitt and Bonhang securing the honors. The American team is considered here as being probably the best all-round combination in the world.

The first event, the 400 metre race, was won by Paul H. Pilgrim, Pastime A. C., in faultless style. Another fine race, that of 1,500 metres, was won by James D. Lightbody, Chicago University. In the 1,500 metre walking match, George N. Bonhag, Irish American A. C., won; Spiegler, Austrian, and Wilkinson, English, who were leading, being disqualified for running.

The running high jumps were dragged out at greath length and eventually adjourned until tomorrow.

THE RING

Nearly Defeats Briggs.

Chelsea, Mass., April 30.—Charlie Neary, of Milwaukee, was given a decision over Jimmy Briggs, of Chelsea at the end of their 15 round bout before the Lincoln Athletic Club tonight. Neary was floored for the count in the second round but came up strong and gave Briggs a bad beating, Briggs being very weak in the last round.

C. J. Milligan, the new manager of the exhibition, assumed charge yesterday and moved the office furniture into the new quarters in the Canada Life building. No move has yet been made to engage an office staff. There will be a meeting of the directors after the prince's visit.
