COMMENT ON WALL STREET

H. L. Horton & Co.—Talk runs on another bad bank statement Saturday. Banks continue to lose money. Very little apprehension of a coal strike is felt in well posted quarters. The short interest is increasing again. Conditions in general are such that bear leaders may be encouraged to renew their attacks.

Dick Bros.—We think the market will continue narrow and erratic, and for the time being we do not look for any pronounced or extensive movement in one direction or another. As we have pointed out, a period of quiet will make for improvement later on, and we think purchases made on drives will prove profitable.

A. O. Brown—While the opinion prevails that prices will eventually go higher there is apparently a disposition in speculative circles to await developments in connection with pending legislation before taking a too aggressive stand.

Watson—It would appear as if the opportunity the past twelve months has offered to make profitable ventures in the sudden advances of certain specialties was over, for the time being at least, and one would hereafter have to operate more on a basis of dividends and earnings rather than take a chance in a gamble.

CANADA'S GREAT PROSPERITY

An interesting statement was made in the report just issued by the Canada Permanent Mortgage Corporation. In part, the report said:—

"This report concerns us as Canadians as well as shareholders, for it must be remembered that the greater part of the twenty-five millions we have invested has been lent to Canadian farmers, who are now probably in a more independent position than ever before in the history of our country. Never before have they paid interest and principal so satisfactorily, and never has there been less in arrear. Canada Permanent prosperity is, therefore, a synonym for Canadian prosperity."

EVEN RICH ARE OPPRESSED

(Saturday Evening Post).

Lawson, of Boston, first perceived that liberty was perishing when his own overflowing apple-cart ran into Mr. Rogers' two-horse dray. Mr. Hill, engaged in a tug-of-war with Mr. Harriman, plainly sees a public menace in the power of the Standard Oil crowd, which is backing his rival and Mr. Harriman has grave doubts, of a patriotic character, concerning the mighty Morgan, who is furnishing ammunition to the other side. From bootblacks to railroad presidents we are all oppressed.

GRAND TRUNK'S BIG GAIN

The Grand Trunk Railway shows an increase of $101,689 for the last ten days of January, the biggest it has shown for some time:

1906	$954,230
1905	852,541
Increase	$101,689

BIG MONTREAL CLEARINGS

Montreal clearings continue to show handsome increases over corresponding periods in previous years. The comparative figures follow:—

Total for week ending Feb. 8, '06	$31,778,287
Corresponding week, '05	22,106,661
Corresponding week, '04	17,373,774

AT THE OPERA HOUSE

"The Road to 'Frisco" will be repeated tonight at the Opera House by the Waite Company. Commencing Monday night, the company will present a repertoire of plays, "The Winning Hand," Monday night; "The Man of Mystery," Tuesday night; and "Dr. Jeykell and Mr. Hyde," Wednesday night. This will be the company's last appearance here this season, and a list of their best plays has been selected for their final week. A host of new specialties will be offered by the various members and the Japanese troupe and the Lawrences will still continue the feature acts.

ANY COLOR-SHABBY FROCKS

in your wardrobe?

Color-shabiness needn't mean the gown is done for.

So long as there's a dye as good as

DY-O-L-A.

Mrs. H. Johnston, Brundenell, P. E. I., writes:

"Dy-o-la is twice as good as any other dye I ever used." Mrs. A. Fletcher, of Ellershouse, N.S., says: "Dy-o-la is better to use than any other dye for wool and cotton together."

DY-O-LA colors any other fabric—no matter what. The one package will do for all mixtures. Its shades are impervious to wash-tub and sun.

EASY as washing. ECONOMICAL as ten cents.

Why not make the cast-offs good-as-new?

One package of DY-O-LA will do for one-and-one-half to three pounds. Costs 10c.

At your druggists.

AT THE YORK THEATRE

The New York Opera Company, close today their first week's engagement at the York Theatre, and a very successful week it has been.

Last evening, despite the heavy storm and very bad walking, the house was well filled, and The Girl from Paris was greatly enjoyed. The intensely amusing features of the piece kept the house laughing, while several of the catchy musical numbers were persistently encored. Jack Henderson, as the frisky but forlorn Mr. Honeycomb was irresistibly funny, and Mr. Mac Sweeney as the "butterfly" major, and Mr. Ebner as the landlord of the Spa Hotel were scarcely less amusing. Miss Florence, the "gay Parisienne" interpreted her role with a roguish and graceful abandon that captivated the audience as well as the stage victims of her wiles; while Mr. French, the fire-eating lover and accomplice, and the other principals in the piece did excellent work.

The bill for the commencement of the New York Opera Company's second week will be that great metropolitan success A Telephone Girl, which is replete with a new and sparkling score, and a libretto that fairly teems with up-to-date sayings and complicated comedy. It will catch on from the start. A large audience heard A Girl from Paris this afternoon and the sale of seats for tonight, when the same piece will be sung, is already large.

FRIVOLOUS BUT FULL OF TRUTH

A competitive examination for applicants for semi-clerical positions in the Boston Public library was held recently. One of the candidates was, no doubt, soon convinced of his inability to pass, and expecting no favorable outcome of his examination, he displayed a frivolity in his answers that was a severe jolt to the sense of propriety of the sedate person who conducted the examinations.

In part the candidate's paper read as follows:

Q.—How may the races of mankind be chiefly divided? A.—Into losers and winners.

Q.—What does the Indo-Germanic family include? A.—Indians and Germans; but in Kansas the combination is not an entire success.

Q.—Name in chronological order the various peoples that have inhabited England. A.—England has been inhabited by English only. Various foreign people arrived, but immediately became English.

Q.—What does the present British Empire include? A.—Everything it has been able to grasp, except the United States, Ireland, and a few of the surrounding planets.

Q.—What, in a few words, are transcendentalism, epicureanism and utilitarianism?

A.—The first means thinking on the roof while living in the basement; the second means living high on ten dollars a week; the third is the study of how to do so.

Q.—Describe a feasible course for the circumnavigation of the globe, mentioning all bodies of water which would be passed through. A.—In a balloon. No waters would be passed through.

Q.—Why is piracy now practically extinct? A.—Through change of name. Except in the book business, it is now called "diplomacy," "trusteeship," etc. — Success Magazine.

St. John Ladies Lost

Montreal, Feb. 9—(Special)—The St. Andrew's rink skipped by Miss Tuck was beaten by Montreal in the final of the granite competition in the ladies' curling bonspiel. The St. John rink only scored in four of the fifteen ends and were beaten 15 to 8. The ice was in good condition and the reversal of form by the St. John players was a surprise.

Montreal No. 2.	St. Andrews No. 1.

The ladies of the Montreal club also won the finals in the Irons competition, defeating the Ormstown rink.

THE RING

Herman and Herrera

Los Angeles, Cal., Feb. 9.—After fighting twenty rounds tonight ,the fight between "Kid" Hermann of Chicago, and Aurelio Herrera of Bakersfield (Cal.), was declared a draw.

A RUBBER CALENDAR

The Canadian Rubber Co. of Montreal Limited, have just published one of the finest trade calendars we have yet seen. The size is 22 inches by 15 inches and there is a sheet for each month. On every page is displayed engravings of some of the company's most noted rubber products, and this feature is very interesting, and quite novel so far as the rubber companies in the Dominion are concerned. The date figures in the calendar are very large, and the banking and other holidays are shown in red. The company has issued many thousands of these calendars, put up in cartons, ready for mailing, and any business firm in the Dominion can obtain one by simply sending a written request to either the Head Office, Montreal, or any of the Sales Branches throughout Canada.

FIREPROOF.

The old Negress was relatinb her troubles with a worthless husband to her sympathetic minister.

"Nothin' don't seem to do him good," she said, with a sigh.

"Well, sister," said the minister, "hab you eber tried heapin' coals of fire on his head?"

The Negress replied: "No, my dear pastor, but I've tried pourin' hot water ovah him, and it did no good!"—London News.

William Downie, general superintendent of the C. P. R. Atlantic division, returned last evening after an inspection trip in the north of the province.

THE WORLD OF SPORT

HOCKEY

Two Good Games

Mohawks, 7; Y. M. C. A. 0.

Rothesay, 7; Mohawks, 3 (intermediate).

The foregoing in short is the result of two fast and hair raising games in the Queen's Rink last night. There was a good sized crowd and plenty of the old time enthusiasm was shown. The surprise of the evening was the somewhat disastrous defeat of the "Y. M.'s." The score, however, does not properly tell the story of the game. The noticeable thing in the struggle between the Christian Association boys and the Indians was the roughness indulged in,it being necessary for Referee Macneil to request "Bing" Barnaby, of the Y. M. C. A. to decorate the side lines for two minutes and also to hand over "Doc" Nase to the timers for a like offence, and for the same length of time. The former did not check in what "Mac" thought was the legal way and the latter was twigged tripping.

Ken Inches, the Indians' cover, did some very heavy checking, Capt. Clawson of the Y. M.'s" being an especial victim. The "Cap," however, though not usually one to mix matters, managed to get one or two back at Inches. The game from the start was of the rip and tear style, never once did it lag. While the struggle was more in the Y. M. C. A. territory than usual it was traveling about the rink, from one end to the other at a lively pace.

For the Mohawks, Jack Roberts, who for only the second time played with the blues and white this winter, played probably the star game, being responsible for three of the seven goals. Capt Nase had two to his credit, while Mooney had one and "Ummer" Inches one. "Cy" Inches was also to the fore in the rushes.

In spite of the roughness of the game, there was some good combination work by both teams.

Capt. Clawson, for the Y. M. C. A., played his usual brilliant game and led many pretty dashes of the Association boys at the Indians' camp ground, but the defence of the "Red men" was strong—stronger than they had displayed before.

The Y. M. C. A. septette were weak last night in their defence. They did not display that stellar quality that they have shown on previous occasions. There are those that attribute their defeat more than anything else to their over confidence and consequent lack of care in their defence department. Others insist that the Indians have improved at least fifty per cent.

But which is actually the cause of the 7 to 0 score is a puzzle. In any case it has been decided to play a series of five games between the teams, last night's to count as the first. This is the best way to decide which is the better—that is to satisfy every one.

The second match was equally fast and was the cause of a lot of rooting, a big contingent of students and their friends coming in to see the game. Hockey sticks were pounded on the sides of the rink, college yells were heard and generally pandemonium reigned. Rothesay put up a fine exhibition of the game and showed the effect of condition and practice. The junior Indians were there, however, with the "material" and gave the boys from the pretty suburb a lively hustle. The play in this game was not so rough and Eric Macneil, who acted as arbitrator, did not have occasion to look severe. The game throughout was of an even nature.

After the matches, ex-Capt. Wm. Rising of the Mohawks, invited that team, together with Manager Donald and Capt. Clawson of the Y. M. C. A. team and Fred Jordan of the Sun, and H. C. Paisley of the Globe to White's to partake of the good things there to be found.

On the 14th an all-St. John team will cross sticks with Sussex and on the 16th the Mohaws will face Sackville, both in the Queen's Rink here, so some good hockey is in store for the coming week.

Would Play at St. John

Says the Fredericton Gleaner: "The decision of the Nova Scotia Hockey League on some recent protests gives the impression that the Fredericton club's protest of the Sackville game should mean another play off on neutral ice, and if so, St. John would probably be the place for the game."

Fredericton-Marysville

The fourth game between Fredericton and Marysville in the Gibson cup series will be played at Marysville Monday night and every thing promises a contest of a hurricane order. Two drawn games have been p.ayed so far and the third was won by Fredericton by a score of 1 to 0.

Marysville, 4; Sussex, 3.

Sussex, N. B., Feb. 9.—(Special)—A fair crowd saw the best hockey game of the season between Sussex and Marysville, not so much as a fine exposition of the game but as an even contest. Goals were scored alternately, thus keeping both teams hard at it and at the end of the second half honors were even.

Marysville scored first early in the game and things were mixed up in lively fashion. After ten minutes extra play the puck disappeared for a moment and presently was located in the Sussex net, making the score 4 to 3 in the visitors' favor. No bad feeling was in evidence. Coggon, of the home team being penalized for two minutes, in the second half and all other offences were treated considerately by Referee Howard of St. John.

New Glasgow Won.

NEW GLASGOW, Feb. 9—The twentieth game of the hockey league series was played in Arena rink tonight between the home team and the Wanderers of Halifax, the former winning by a score of 7 to 3. The ice was in perfect condition, and fully 3,500 people saw the game. Several hundred enthusiasts accompanied the visiting team from the city and added their shouts to the din of the local rooters. New Glasgow played without their captain, Dave Hay, who was injured in the recent Truro game, while Ross played for the Wanderers in Barclay's stead. R. Smith of Windsor was referee. The game was fast throughout and brimful of excitement.

CURLING

Gregory Tropies

The second of the series for the Gregory trophies was played last night in the Thistle rink, Skip J. S. Malcolm defeating Skip G. U. Hay 17 to 12.

St. Andrews Won by 4.

Moncton, Feb. 9—(Special)—St. Andrew's curlers tonight defeated Moncton by four shots. Three of the visiting rinks won out but the fourth lost by seven shots. Score by rinks:

Absolutely white flour makes the most beautiful white bread—the kind we all like.

But white bread is not necessarily pure because it is white. To be pure it must be made from purified flour.

There is only one method of making flour absolutely pure, and that is by electricity. No impurity can withstand the searching, purifying work of this electrical process.

The electrical method is employed by every big mill in the United States.

In Canada the only flour purified by electricity is

Royal Household Flour

therefore it is the only flour that can be considered as absolutely pure.

Say "Ogilvie's Royal Household" to your grocer—he'll do the rest.

Ogilvie Flour Mills Co., Limited, MONTREAL.

"Ogilvie's Book for a Cook," contains 130 pages of excellent recipes, some never before published. Your grocer can tell you how to get it FREE. 2

All-Steel Combination Rifle FOR BIRDS OR GAME

Boys have use for such a gun every minute, hunting in the woods, shooting at targets, drilling as soldiers. It is a strong, accurate shooter, safe, sure and harmless. Uses shot, slugs or darts. It is the very latest model, beautiful in design and finish, handsomely nickel-plated barrel, trigger guard and side plates, improved globe sights, pistol grip and polished walnut stock. All parts interchangeable. The best Gun in the world for boys, and it won't cost you a red cent. We'll make you a present of it if you'll sell only 18 Sets of our latest Comic Post Cards at 10c. a Set. They're all the craze now. Over a million sold in 3 weeks. People fairly snatch them away from you they're so eager to buy. Be the first in your town. Write to-day sure. Address—THE GEM NOVELTY CO., DEPARTMENT 525 TORONTO, ONTARIO
