LOCAL NEWS

Mr. S. McKiel will open a first-class bakery on Wall street on Wednesday next, where he will handle a full line of high class bread, cakes and pastry.

Mrs. Robert Hamilton and family wish to thank their friends for their kindness and sympathy with them in their sad bereavement.

The schooner Arthur H. Wight, Captain Wamback, arrived in port yesterday from Mayaguez, Porto Rico, with a cargo of 297 packages new molasses for Percy B. Evans.

The Newman Brook Quoiting Club will hold a smoker at their rooms on Adelaide street next Monday evening. It is the intention at this smoker to consider the possibilities of forming a quoiting league, to be composed of teams from the city and West End. The Newman Brook Club has just received from London, Eng., twelve pairs steel quoits, which are pronounced by the members of their club to be superior to any quoits that they have used. Any parties interested in the formation of a league are cordially invited to attend the above smoker.

If Travelling in Japan

Or any civilized country, you can procure Laxative Bromo Quinine from any druggist. All nations use it. E. W. GROVE'S signature on box.

Who is Your Laundryman?

Does he tear your clothes?

Does he make them yellow?

Does he 'saw-edge' your collars?

Does he "blister" your shirts?

Does he jumble your linen?

NONE OF THIS AT

Dominion Steam Laundry,

TELEPHONE 1727.

MANY IMMIGRANTS CAME YESTERDAY

Yesterday and Saturday were the banner days for the arrival of immigrants at Sand Point, West End. No less than 3,183 souls came on board the two C. P. R. steamships.

The Lake Erie had 1,038 passengers, and the Lake Michigan had 2,145 people on board which is the largest number that has come in any one steamer this season. There were four births and four deaths on the trip. Twins were born to a Galician woman and two Polish women also gave birth to children. One mother is but 17 years old; her child lived but a short time. One of the twins also died. A Galician girl, two years old, and a four year old boy also died. The two latter succumbed to pneumonia. All the bodies were buried at sea.

Captain Webster of the Lake Michigan has the distinction of wearing a South African medal, won in the recent Boer War.

In answer to a question as to whether or not he was glad that this was his last trip here this season, "No," said the genial commander of the Michigan, "I would just as soon come here all the year round." Capt. Webster is evidently not an admirer of the St. Lawrence river for navigation purposes. He has been in command of fourteen steamers sailing the St. Lawrence route, and can speak with some authority, and he says the he believes the St. Lawrence dangerous for navigation of big ships. "No matter how many times you sail it," said he, "you always find something new, something you did not find before."

The quarantine officials took 87 people to the Island, seven of whom have measles.

MARINE NOTES

The motor, which cost $800 was placed in the schooner by a Toronto firm and will be of great service at any time when there are no winds.

The schooner "Gypsum Queen" cleared at Parrsboro last week for New York with 1,325 pieces of spruce piling. From New York she goes to Bay Chaleur to load cedar ties for New York.

Another steamboat line between St. Stephen and St. John, calling at intermediate points, is among the possibilities of the near future. Connors Bros., who conduct a big canning business at Black's Harbor, N. B. are considering the advisability of onaugurating such a service.

The output of coal from the Dominion Coal Co's mines for the month of March was 310,226 tons, which is a phenomenal one for the month. For the same month last year it was only 173,595 tons. The shipments during the month amounted to 178,182 tons. This month's output will, it is expected, be considerably larger.

Many citizens visited the Market slip yesterday morning to see the schooner "Try Again," owned by Capt. Ingersoll of Grand Manan. The schooner last week was equipped with a gasoline motor and was taken down along the shore by means of the newly installed power yesterday afternoon.

The Canadian Pacific steamer Monteagle arrived at Hong Kong, April 15, on a around the world trip. She left St. John, N. B. on January 20, and called at Cardiff and Durban. The total distance she travelled was nearly 18,500 miles. The Monteagle is to be placed in the Canadian Pacific's service between Vancouver and China and Japan.

A Glasgow correspondent writes: With the departure of the Donaldson liner 'Concordia" from St. John, N. B. the winter season between the Clyde and Canada is brought practically to a close, and attention is now being directed towards the opening of the St. Lawrence. The first sailings to Montreal and Quebec will take place on April 14, when the Allan liner "Ontarian" and the Donaldson liner "Marina" sail. Last year the first sailing was on April 15. The vessels to be used in the service will, for the most part, be the same as last season. The "Parthenia" will however, replace the "Salacia" aafter her first trip, nd the "Numidian" will be put on instead of the "Ionian," which is on transport service. Last season the trade to the St. Lawrence from Glasgow was an improvement on that for the three preceding years, and there are hopes that 1906 will provide a further improvement.

THE PROVINCE WINS AN IMPORTANT SUIT

FREDERICTON, April 23—(Special)—The province won an important suit in the Supreme Court Saturday afternoon, when it was decided that the estate of the late George H. Lovett, of Yarmouth, must pay succession duties on $90,000 deposited in the Bank of B. N. A., in St. John, at the time of his death. Attorney General Pugsley acted for the province, and H. A. McKeown, K. C., for the defendant. Messrs. McKeown and Pugsley are to argue the amount for which judgement is to be entered. The sum involved is between $3,000 and $4,000.

Argument was finished in the case of the Eastern Fruits Company vs. the Cushing Sulphite Fibre Company. Dr. Earle supported appeal from the order of Judge Barker. Pugsley, Hazen and Ewing not called. Appeal dismissed.

ANOTHER POSITION

A. C. Oulton, of Dorchester, has been selected by the Employment Bureau of the Currie Business University, Limited, to fill the position of bookkeeper for the City Fuel Co.

OUTLOOK PROMISING

Fine Prospects for Atlin and Yukon Districts This Season.

The Skagway Alaskan in a recent issue said: J. H. Rogers, traffic manager of the White Pass & Yukon railway, states in an interview that the coming season will be one of unparalleled activity in the Yukon and Atlin districts. He said the White Pass already has in sight many hundreds of tons more freight than it had this time last year and that the railway's river boats and connecting steamship lines will be kept busy handling the traffic from the opening to the close of navigation. "The Guggenheimer's," continued Mr. Rogers, "will operate exclusively both in Atlin and the Yukon. They will ship three gold dredges, three steam shovels, three locomotives, 3,800 tons of steel piping, 700 tons of wood piping. This already has been ordered. Many miles of flumes and ditches will be laid and miles of piping put in."

Another thing that will contribute to the activity in the North this year will be the construction of the Klondike Mines railway. It will be extended to Sulphur this summer, a distance of 22 miles. The rails for the completion of the undertaking have been ordered and they will soon be pouring through Skagway. Besides, there will be a thousand tons of material and other general supplies forwarded in connection with the same work.

DOMINION STEEL

(Montreal Star.)

The earnings of the Dominion Steel Co. for the month of March were $467,000.

This compares with about $150,000 in February and $120,000 in January.

The charges for March, including bond interest, sinking funds and interest on loans, total about $85,000 leaving a surplus for March of $82,000.

The preferred dividend if paid would amount to about $30,000 a month, so that the amount towards the common stock would be $82,000.

At this rate, therefore, the company will show over $600,000 a year on the common stock, although the way the company is going ahead now, the figures will be much better than that.

The total earnings will run well over $2,000,000 for the next twelve months at the present rate of increase.

It begins to look now as if the next twelve months will not only bring about a sweeping reduction in the floating debt, but will bring earnings sufficient to provide some needed working capital.

MONTREAL CLEARINGS OFF

April will show quite a decrease in Montreal clearings, as last week's figures were also below last year, the third decrease in succession. The comparative figures for the week were as follows:

	Clearings.
Total for week ending April 19th, 1906	$20,625,346
Corresponding week, 1905	24,280,327
Corresponding week, 1904	17,978,326

SACKVILLE

SACKVILLE, April 20—A young man from Bayfield by the name of George Mitton, was found to be mentally deranged, and papers were issued for his arrest and handed to Constable Thos. L. Wood, who left for St. John where he will be placed in the asylum.

A. E. Wry has purchased the beautiful residence on Bridge street from W. C. Milner.

Edward McDonald met with a painful accident recently. He was tearing down an old building, when a beam fell striking him on the neck, breaking two bones. Since the accident his throat has been paralyzed so that he has great difficulty in taking nourishment. He is a brother of J. W. McDonald of Sackville.

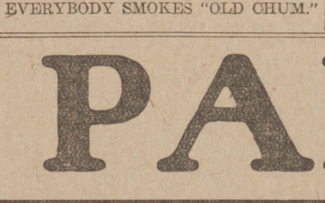

Rev. Mr. Watson, of Mt. Allison University faculty, has purchased the desirable residence from the University, on York street, now occupied by Thomas Murray.

R. E. Powell of Sackville passed with honors at McGill Medical school recently.

The Chas. Fawcett Manufacturing Co., of Sackville has re-elected the following officers: President, Chas. Fawcett; vice-president, Fred Ryan; manufacturing manager, Chas. W. Fawcett; secretary, Walter Fowler; treasurer, H. E. Fawcett. The company has decided to erect a building 120x60 feet to the moulding shop.

Allisonia, No. 3, for the current collegiate year, was issued recently and is an interesting and valuable number. Notable among its contents is Dr. Allison's "Reminiscences of Public Men Seen and Heard in Lingley Hall" which was reported for Allisonia by young ladies of the shorthand class.

The Free Kindergarten committee will meet at 4 o'clock tomorrow afternoon in the W. C. T. U. rooms. A full attendance is requested.

EVERYBODY SMOKES "OLD CHUM."

REPORTS, DISASTERS, &c.

NEW BEDFORD, April 18—Word just received from the steamer Whaler Belvedere, before reported frozen in at Baillie Island, near Cape Bathurst, Arctic Ocean, with the steam whalers Herman and Beluga, came near being wrecked October 24. They made Baillie Island that date and made a harbor on the east side of the island. A gale rose that night and landed all three on the beach amid drifting ice. The steam whaler Narwhal held on her anchorage, and the next morning all three were pulled off by the Narwhal, and inside of twelve hours all were frozen in solid.

HAWKESBURY, April 20 — Government cruiser Constance came in from north this morning.

Schr Minnie Heckman came in yesterday from Newfoundland. She could not get to Louisburg on account of ice being along the coast up to Green Island.

Fourteen fishing schooners are anchored in this harbor bound north for bait.

Reports today from the Magdalens say Pleasant Bay is full of ice, no traps out yet and no bait.
