WINTER PORT NOTES

The C. P. R. steamship Lake Erie arrived in port this morning from Liverpool with 31 cabin, 72 second cabin and 1080 steerage passengers. The vessel had a good passage out and nothing of interest occurred on the trip across the Atlantic. The big ship arrived at her berth about 10 o'clock this morning and then commenced to land the passengers, most of whom are English and Irish. Among the steerage passengers are a fine lot of young children who are going to the great north west. The trains which will carry them to their destinations are now being made up and by midnight most of them will be away for different points along the C. P. R. route.

The next steamer to come will be the Lake Michigan, expected to arrive any moment. She has on board over 2,100 passengers from London and Antwerp.

The turbine steamship Victorian will sail tomorrow for Liverpool.

The Donaldson line steamer Concordia will also leave port tomorrow bound for Glasgow.

C. P. R. steamship Montcalm will sail for Belfast on Sunday with a very large outward cargo.

FUNERALS

The body of John Mahony, a former St. John shipbuilder and stevedore, arrived on the noon train today from Cambridge, Mass. The funeral cortege went directly from the depot to Fernhill where service was conducted by Rev. A. B. Cohoe.

The funeral of the late Joseph Wills was held this afternoon at two o'clock from his late residence at Blue Rock. The burial services were conducted at St. Jude's church by Rev. Mr. Scovil. The pallbearers were relatives of the deceased and interment was in Cedar Hill.

FOUNDRY IRON IS IN DEMAND

CLEVELAND, O., April 20—The Iron Trade Review says: "Pig iron consumers have entered the market in increasing number, and sales of good tonnages are fairly numerous. Orders are noticeably larger, and in many instances deliveries are specified well into the third quarter. Buying is general and apparently is to continue so.

"Foundries in the Chicago district took 50,000 tons during the week; the Cambria Steel Company purchased 10,000 tons of Bessemer from the Shenango Furnace Company, and another sale of 5000 tons of basic and 5000 tons of Bessemer is reported. A sale of 10,000 tons of No. 4 Southern iron is reported at $13, Birmingham. The recent insistent demand of melters has enabled furnaces to clear their yards of considerable "off" and special irons.

"The only marked exception to the improved situation is the quotation by two large producers of No. 2 foundry at $16.50 Valley, though certain furnaces have shifted from Bessemer to foundry owing to inability to secure the former ore.

"Ore navigation on the lakes has been formally opened. Ore sales of the past week include one of 65,000 tons Bessemer, a few of 25,000 tons and some scattered lots. Bessemer ore is unobtainable, and the remaining tonnage of other grades is small.

"The coal strike has begun to make itself felt by furnace interests. Four or five anthracite furnaces in the Lehigh and Schuylkill districts have been closed, and two or three stacks in central Pennsylvania using bituminous fuel have been banked.

"The scarcity of crude steel continues, and it now appears that one large Western interest will be unable to care for several large billet buyers, as expected. Sheet bars are extremely difficult to secure, so much that the leading sheet and tin-plate interest is planning to curtail operations in the near future."

MARKET HAS BRAKE ON.

(Boston Transcript.)

Prices must be getting down to attractive levels in many cases, considering the great business activity back of values, but money uncertainties and labor troubles and investigations and the frightful calamity in California are too much for the market, a market with little public support and with brokers by no means anxious to extend speculative commitments in view of banking interests' attitude. This is a market with the brakes on.

ROLLING MILLS SOLD.

The Belleville Rolling Mills, which have lain idle for many years, have been sold to J. Wardrope, of Ottawa, who is said to have been acting for a syndicate. It is understood that new and up to date machinery will be installed, and that the plant will be put in operation. There is $30,000 of the city's money in the bank here, waiting to be earned as a bonus to whoever operates the mills.

WINTER EXPORTS ARE NOW OVER $21,000,000

And There are Still Fifteen Cargoes to Hear From --- A Detailed Statement of the Cargo Values to Date, With Some Comparisons.

The winter port business is about drawing to a close. Six steamers in port, and six to arrive, will finish the record season of 1905-6. Three steamers already on their way to the United Kingdom have not made their returns at the customs house, which makes fifteen to hear from. This will practically close the winter season. The Concordia, Victorian, and Montcalm will probably sail this evening or on Sunday.

The following is a list of steamships that have made returns of their outward cargo at the customs house up to date; showing the valuations of each cargo:—

Wheat shipments in the above steamers amount to 5,023,225 bushels, against 1,099,527 bushels for the whole season of 1904-5. This does not include corn, barley and other grains, which, if added to the above would bring the grain shipments to over six million bushels.
