BASE BALL

F. M. A. DOWNED ST. ROSES.

After playing four innings of excellent ball Saturday evening, the St. Rose's went in the air and lost the game to the Father Mathew Association team in the fifth inning. Quigg was in the box for the Fairville team and for three innings the F. M. A.'s could not find him, but in the fourth and fifth the boys in green landed no less than six clean hits off him, and these, with loose playing, gave the city team a victory.

Moncton Wins Double Header.

Amherst, N. S., July 8—(Special)—Two of the best games of ball ever seen in Amherst were played here yesterday, when the Moncton Victorias defeated the Ramblers by a score of 4 to 2 and 2 to 1. Both teams played gilt-edge ball, and the Ramblers showed that they are in company with any provincial team.

St. Joseph's vs. F. M. A. Tonight.

In the society league series on the Victoria grounds this evening, the St. Joseph's and F. M. A.'s will play. A victory for the St. Joseph's will make them tie for second place with the F. M. A.

The Shamrocks, of the west side, defeated the pick of the church league on the Shamrock grounds on Saturday evening by a score of 9 to 6. Keleher and Sullivan were the battery for the Shamrocks, and Seeley brothers for the losers.

Flynn, Toronto's new first baseman, is only twenty-one years. He has overcome his nervousness and is playing sterling ball.

The laundry interests owe a vote of thanks to Harry.

THE OAR

BELGIANS' WIN NOT POPULAR.

LONDON, July 6.—The capture of the Grand Challenge Cup by the Belgian crew, representing the Club Nautique, provokes much newspaper comment and searchings of heart on the debatable question of British and foreign styles of rowing. The majority of rowing men appear to still pin their faith to the Eton swing, as against the Belgian short stroke, and are inclined to thing that had the Leanders been able to put in a representative crew to defend the cup, the Belgians would have been defeated. The Daily Graphic thinks the incident is likely to accentuate the anti-foreign agitation, and expresses the hope that if any change is made it will be in the direction of providing and endowing an extra national race at Henley and not for the exclusion of foreigners, adding that in any case if the proposal of Mr. Fletcher, the Oxford coach, that no further entries for the Henley regatta for any American rowing club be accepted should be adopted, it would be almost a national calamity.

The Times expresses the hope that the stewards will discover a less drastic way out of the difficulty than Coach Fletcher's harsh and invidious proposal to exclude Americans.

MAY SUTTON LOSES TENNIS CHAMPIONSHIP TO MISS DOUGLASS.

WIMBLEDON, Eng., July 7.—Miss May Sutton, of California, on Thursday lost the tennis championship of Great Britain, which she won last year, being defeated by Mias Douglass by 2—0. The scores were 6—3, 9—7.

The English player took the first set somewhat easily, but the American-British champion rallied and made a desperate effort to make up the lost ground and retain the British title. Both played almost entirely from the base lines; the only time Miss Sutton played near the net was disastrous, resulting in the loss of a point. Miss Sutton won the first

AMERICAN TEAM COMING HOME

LONDON, July 6—R. D. Little, Kreigy Collins and Beals C. Wright, the American Lawn Tennis team left London yesterday for New York. Mr. Little, in the course of an interview said the members of the American team were pleased with their enthusiastic reception in England. With regard to the English players, they were most impressed by Mr. Riseley's fine display against the Doherty brothers and would like to get him out to the United States, where he would be sure of such a reception as would last him his life time.

Mr. Little thought a deal of the sting had gone out of the Doherty attack. R. F. Doherty especially was not the same man as formerly.

"Mr. Wright's absence from the championship contests," Mr. Little added, "was our great mishap but our time will come. The Americans will not rest till they have captured the International championship, and fortunately we are not so badly off for rising players as England is."

ROLLER SKATING

In New York the popular amusement now is roller skating, and every available building is being secured. The latest thing out is now being put through by Wm. Brady, the big theatrical manager, and others, and that is to put roller skating in the Wistaria Roof Garden on top of the New York Theatre. The Wistaria Roof Garden has always been devoted to summer theatricals, but in order to meet the demand for roller skating, it has been decided to have a "roof roller rink." This will be the only glass enclosed roller rink in America. St. John will soon have roller iskating, as the St. Andrew's rink will open in a few days.

THE SENATE PASSED IT

N. B. Judicature Act Read Third Time in Upper House --- Some Opposition Over Ruled.

Ottawa, July 8.—At the Saturday sitting of the senate on the New Brunswick judicature act being offered for a third reading, Senator Loughead thought provision should have been made in the act for the reappointment of the judges according to seniority.

Senator Power thought it should be provided that the act should only come into force on proclamation. He offered an amendment to this effect.

Sir MacKenzie Bowell thought the government had given little consideration to the preparation of this act.

Senator Ellis supported Senator Power's amendment. The amendment was lost and the bill read the third time.

Theb ill to amend the deck load law was also given its third reading.

After some discussion the bill respecting the senate and house of commons was amended slightly and given its third reading.

PROHIBITION CANDIDATE

Boston, July 7—John B. Moran, who last fall was elected district attorney of Suffolk county, through his own nomination, tonight accepted the nomination as candidate for governor of Massachusetts on a prohibition ticket. In his letter of acceptance Mr. Moran says in part:

"Although for years a total abstainer, I believe 'local option' to be the best practical solution of the liquor question, and when laws regulating it are enforced, the nearest possible condition to absolute prohibition attainable."

Mr. Moran then reviewed his well known efforts as prosecuting officer in enforcing the liquor laws at several local hotels.
