VOL., II NO. 251.

ST. JOHN, N. B., FRIDAY, AUGUST 3, 1906.

ONE CENT

**"BEWARE RED PERIL"
WILLIAM'S WARNING****Striking Statement by the German Emperor to a Parisian Journal --- The Kaiser Fraternizes With French Naval Officers -- His Conciliatory Remarks.**

NEW YORK, August 3.—A cablegram to the Sun from Paris says: The Matin publishes an interview had by its Berlin correspondent with Emperor William, in which His Majesty said that the yellow peril was not the sole danger threatening the world, there being also a red danger. "The heads of states," the emperor added, "whether of absolute or constitutional monarchies or republics, hourly risk their lives. President Fallieres runs the same risk as the Czar and President Roosevelt, the same risks as King Alfonso. Those aiming at the abolition of all authority and order by government are thoroughly agreed while those charged with the duty of making order respected are unfortunately disagreed."

The Kaiser enforced his remark by a genial laugh. Speaking to another French naval officer the Kaiser said: "I am pleased when I learn that some fresh scandal has broken out in the French army. It is absolutely false. We Europeans live too closely together and our national lives are too intermingled for us not to feel an evil occurring to any single member. Any harm befalling the French army fills me with uneasiness. Anti-militarism is an international pest. The nation rejoicing that it resembles a city rejecting an outbreak of cholera in a neighboring town."

**CANADIANS
DOMINATED****In the Proceedings of the
Chambers of Commerce of
the Empire.**

MONTREAL, Aug. 3 (Special).—Frank G. Morley, secretary of the Toronto Board of Trade, one of the first Canadian delegates to return from the congress of Chambers of Commerce of the Empire, held in London recently, passed through Montreal last night on his way to Toronto.

A feature of the congress, Mr. Morley said, was the way in which the Canadian delegates dominated the proceedings, in fact the good natured manner in which the Englishmen permitted the Canadians to have a free hand and present what resolutions they liked was noticeable.

Throughout Britain Mr. Morley found the keenest interest in Canada and Canadian affairs, and the delegates from the dominion were deluged with questions regarding the resources of the country.

**LOST \$125,000
IN SPECULATION****And It Was Other People's
Money—Now He is in Jail**

PITTSBURGH, Pa., Aug. 2.—Clifford S. Nixon, 28 years old, a bookkeeper for the Union Trust Co. of this city, is in jail charged with embezzlement and bail is fixed at \$20,000. Nixon is said to have made a confession in which he says his speculations will amount to about \$125,000. He says he speculated in the stock market. Another employee is implicated in Nixon's confession and another arrest is imminent.

FUNERALS

The funeral of the late Lawrence McGill took place this morning at 8 o'clock from his late residence, corner of Golding and Rebecca streets. The body was taken to the cathedral, where requiem high mass was celebrated by Rev. Fr. McGill, of Carleton Place, son of the deceased. The pall-bearers were relatives of the deceased, and a large number of friends followed the body to its last resting place in the old Catholic cemetery. The funeral of Mrs. Alice S. Pope was held this afternoon at 2:30 o'clock from her late residence, 97 Hazen street. The funeral services were conducted by Rev. W. O. Raymond, and interment took place in Fernhill cemetery.

EQUITY COURT

The case of Simonds vs. Coster, which was to have been continued in the equity court at 11 o'clock this morning, was indefinitely postponed owing to Judge Parker's absence from the city.

Holmes and Taylor, the deserters from the Halifax garrison, are still at Central station. Chief Clark received word today that a guard would be sent over for the men.

**FOUR EMPTY BOTTLES
AND ONE HALF FILLED
IN ROOM OF SUICIDE**

CHARLOTTETOWN, P. E. I., Aug. 3.—(Special).—Hattie McSwain, of Summerside, a patient admitted yesterday to Falmouth Insane Hospital, committed suicide last night by strangling herself with a sheet tied to the window guard in her bedroom. She had been suffering from suicidal mania.

BOSTON, Aug. 2.—Walter C. Hook, a broker, with offices in this city, killed himself at his home in Brighton, yesterday. Hook had been in poor health for some time. Today he stood before a mirror in his bedroom and sent a bullet through his brain.

SEATTLE, Aug. 3.—E. A. Gage, said to be a son of former Secretary of the Treasury, Lyman J. Gage, shot himself through

the heart at the Tourists' Hotel in this city yesterday. The Seattle acquaintances of Mr. Gage say that they are not surprised at the suicide as he had been acting strangely for some time. The only cause for the suicide last night of Eli A. Gage, son of former Secretary of the Treasury Lyman J. Gage which can be assigned was drinking. Gage reached Seattle from Chicago on July 7. Aside from a new revolver of large calibre and a dagger, also new, there was nothing in the room except four empty whiskey bottles and quart flask half full of liquor. On his person was found a bank book showing that he had deposited more than \$1,000 when he arrived in Seattle. On July 24 his bank balance amounted to \$211.

**UNHAPPY CZAR HAS
YIELDED ENTIRELY TO
THE REACTIONARIES****Today's News that the Bureaucracy Still Holds the Whip
Hand--- Sveaborg Mutiny Suppressed, but Trouble is
Brewing in Other Quarters---The Czar Depends on
Armed Force.**

ST. PETERSBURG, Aug. 3.—
340 p. m.—Premier Stolypin has
gone to Peterhof, with the intention,
it is believed, of tendering
his resignation.

ST. PETERSBURG, Aug. 3, 2:35 a. m.—
On the heels of the other bad news comes
the startling statement that the emperor
has flatly refused to accept the conditions
to which Premier Stolypin agreed in his
negotiations with Count Heyden, Alexander
Guchkoff, Prince Nicholas Lvov, Paul
Vingomoff and Senator Koni for the re-
organization of the cabinet.

There is increasing apprehension that
the emperor propose to take the final step
of turning the country over to the military
dictatorship of Grand Duke Nicholas. The
streets of St. Petersburg again are filled
with patrols.

It Is Confirmed

ST. PETERSBURG, Aug. 3.—The report
last night that Emperor Nicholas had
flatly refused to accept the conditions to
which Premier Stolypin agreed in his
negotiations with Count Heyden, Alexander
Guchkoff, Prince Nicholas Lvov, Paul
Vingomoff and Senator Koni for the re-
organization of the cabinet, turns out to be true. Official
confirmation came this morning in a one line
announcement as follows:

"The reports that the non-bureaucratic
elements will enter the cabinet are un-
true."

Count Heyden and his conferees have
now washed their hands of the government
and all M. Stolypin's promises of
"strong handed reform" have not material-
ized. At his first encounter with the in-
fluences at court he has been worsted and
the predictions of the liberals that the dis-

solution of parliament would inevitably
lead to a dictatorship appears to be on the
point of realization. There is no doubt
that the panic created at court by the
mutiny at Cronstadt, within earshot of
the emperor, made the victory of the Con-
servationists easy. In the opinion of the lib-
erals M. Stolypin cannot now remain in of-
fice.

The guard regiments which were sent
back to their camp at Krasnoye Selo at
the end of last week when the government
believed that the country had accepted
the emperor's plan, are again returning to
the capital. They have been marching in
at night. The patrols in the streets have
again been reinforced. All the public
buildings are heavily guarded by troops
and the number of domiciliary visits and
arrests have been redoubled. The search-
lights of a cruiser stationed in the lower
reaches of the Neva and similar lights on
the roof of the Baltic works were placed
last night on the river as if St. Peters-
burg was besieged by a foreign foe.

The Reich has been confiscated, and even
such a high toned paper as the Ravit-
va (Quality) and Professor Kovalon-
sky's Ekstra have been suppressed. Only
the Novoe Vremya and the Svet of the
unofficial papers seem to be immune
from seizure.

The Russian incendiary fires did not
spread, giving relief to those who feared
the whole city might be set on fire.

Sveaborg Mutiny Quelled

HELSINGFORS, Aug. 3, 1:34 a. m.—The
entire Sveaborg fortress is now in the
hands of the government. The prisoners
are being hurried over to Skutudden Is-
land.

In the Sveaborg mutiny seven compa-
nies of artillery were concerned, and of
the fortress steamers, the Vixen, Pakur, Ra-
botshi, Ingenier and Mars were in the
hands of the mutineers, while the Bombs,

Opit and Sveaborg remained loyal. The
Opit was furiously bombarded by the mu-
tineers yesterday and the latter threat-
ened to sink the Bombs at the first oppor-
tunity, even if she hoisted the red flag.
During the Skutudden Island mutiny
only one, the Finn, of six vessels stationed
in the North Harbor fired on the marine
barracks, occupied by mutineers, the others
remaining passive.

Mutineers at Reval

REVAL, Aug. 3.—The cruiser Pamjat
Azova has arrived in the roadstead here
in the possession of the loyal portion of
the crew. One hundred and fifty of the
mutineers have been sent ashore and im-
prisoned.

The loyal men gained the upper hand of
the mutineers at sea. When the ship
came in here they asked for a detachment
of troops to aid them in handing over the
mutineers to the authorities. Three offi-
cers, whom the mutineers had placed in
irons, are on board the vessel. The re-
mainder of the crew has been disarmed.

Reval is the capital of the government
of Estonia and is situated on an arm of
the Gulf of Finland, 20 miles southwest
of St. Petersburg. It is one of the chief
ports of the Baltic for the export of corn,
flax, hemp, etc. It is a naval station of
the second class.

Another Revolt

WARSAW, Russian Poland, Aug. 3.—
The artillerymen in the summer camp at
Rembertoff, near Warsaw, have mutinied.
Infantry and Cossacks have been despatched
to quell the revolt.

Guarded By Troops

ST. PETERSBURG, Aug. 3.—All the
stations of the Finnish Railway between
St. Petersburg and Viborg, as well as the
entire length of the coast which the line
skirts, have been occupied by troops.

**THE LOSS IS FROM
\$40,000 TO \$50,000****The Fire at St. George is
Under Control—No Engine
Needed.**

Today's reports from St. George say
that the fire which raged there last night
has burnt itself out, though the lumber
piles will probably smoulder for two or
three days yet.

The loss is estimated at between \$40,000
and \$50,000 and so far as can be learned,
there is no insurance.

Practically all the lumber, estimated at
1,000,000 feet has been destroyed.

Last midnight a telephone message was
received from St. George by Ald. Mc-
Goldrick, chairman of the board of works,
asking that a fire engine be sent down to
their assistance.

Ald. Vanwart, chairman of the safety
board, could not be communicated with
last night, but this morning he was not-
ified by Alderman McGoldrick and im-
mediately set out to make arrangements
for the sending of the apparatus. Every-
thing had been arranged and No. 1 en-
gine was ready to start when at 7:15 a. m.
a telephone message from Mr. Deane at
St. George stated that the wind had
changed and they expected to be able to
cope with the conflagration without out-
side help. He expressed thanks for the
prompt offer of assistance and said if
help was needed he would arrange for a
special train to take the apparatus down.

Factory Inspector McMullin told the
Times this morning that he had inspected
the mills of the St. George company about
two weeks ago and cautioned them about
having better fire protection. He told the
management that in his opinion from the
way things looked, he would not be sur-
prised if they were visited by fire any
day. Mr. McMullin said there was prac-
tically no protection from fire. The huge
piles of lumber were stacked all along the
railway line and the company's fire fight-
ing apparatus was simply useless.

Great interest is being taken in the race
between "Bud" Nice and Coates, which
takes place tomorrow at one o'clock. The
course is from the Long wharf to the Bal-
last wharf and Coates' followers feel sure
that their man will redeem the defeat ad-
ministered to him by Nice at Fredericton.
Nice's friends, however, have great confi-
dence in their man, since his great show-
ing at the capital during carnival week.

George L. Harris passed through today,
on his way to Moncton.

THE TIMES NEW REPORTER

The hazy aspect of the western sky is
due to the clouds of dust rising from
Douglas Avenue.

SLIGHTLY INDISPOSED.

The Times new reporter is not feeling
well today.

He was one of the newspaper men who
saw Earle Reynolds perform certain
clastic, acrobatic and balancing feats on
roller skates on Tuesday afternoon, and
permitted himself to believe that the thing
was easy. He tried it himself.

Now the new reporter, before he had
discovered his literary bent, was an ac-
tivist of no mean reach—Long Reach, in
fact.

He was not aware of dangers that lurk
in the polished floor for the man on rol-
ler skates, and rashly assumed that he
could immediately strike a gait combining
speed with ease of manner and grace of
motion.

Having donned a pair of rollers, there-
fore, he immediately struck out with
what was meant to be a long and curving
stroke after the manner of the days when,
as he says himself, he was teaching all
the other boys the art of skating on ice.

There is a conflict of testimony regard-
ing what happened during the next min-
ute and a half, but the doctor says the
injury is not permanent, although there
may be several scars.

One eye-witness declares that the new

reporter combined the inside and outside
edge with a grapevine and a handspike,
and also described the scissors and sev-
eral other difficult figures, using alterna-
tely his feet, hands and head. The young
man himself is extremely modest in
speaking about it, and appears to be
very much averse to any discussion of the
subject.

A tourist created a mild sensation at
the Tourist Bureau this morning. He
said he had perused the various booklets
made of the fact that the steamers on the
St. John river are floating palaces. The
omission will be remedied in the
next edition.

**DR. HARRISON AND
PROFESSOR BAILEY****Will Share in the Carnegie Pension Fund
--Their Early Retirement Predicted--
Results of the Normal School Ex-
aminations Announced Today.**

FREDERICTON, Aug. 3 (special).—Al-
though the University of New Brunswick,
being a state aided institution, is debarred
from sharing in the Carnegie Pension
Fund, it is understood that the trustees
have decided to make an exception in the
case of Chancellor Harrison and Prof.
Bailey, and admit them to the pension
list. Prof. Bailey has been a teacher for
forty-five years, and the Chancellor has
been thirty-eight years' service.

The early retirement of these gentlemen
from the university staff may be looked
for.

The result of the recent examination
for teachers' license was given out at the
Education Office at noon today.

The number of candidates who present-
ed themselves for examination was 211,
divided as follows:

Grammar school, complete or partial,
24; class 1, and superior, 68; class 2, 149.
The following completed the examination
for grammar school: A. Grosvenor Purdie,
Fredericton; E. C. Squires, Harland;
Alice B. Sterling, Fredericton; D. R.
Smith, St. Martins; Martin J. Wallace,
Chatham.

The following passed for First Class Su-
perior: C. Walter Clark, Fredericton;
Edna P. Simmt, Apohaqui; Lottie E.
Vandine, Fredericton.

Miss Mary E. Graham, of Milltown, led
the candidates in class one, and Miss Ellis

B. Dixon, of Hopewell Cape, led in class
two.

The following statement given out today
by Manager Bliss shows the quantity of
logs taken by the Fredericton Boom Co.
up to July 31st:

Rafted at boom—Spruce, 60,233,642 feet;
pine, 2,000,310; cedar, 7,908,521; hemlock,
41,525; total, 70,263,988 feet.

Rafted at Springhill—Spruce, 9,427,032
feet; cedar, 287,490; total, 9,714,531.
Grand total—79,978,529.

This is more than the total quantity rafted
last season. Manager Bliss estimates
that there is still forty million to be rafted
this year.

An automobile containing W. Slocum
and wife, Boston; T. Slocum, Providence,
and Miss Dora Davis, Cambridge,
arrived here this morning in tow of a span
of horses attached to the two front wheels
of a sleigh. The party left Boston three
weeks ago and crossed the boundary line
at Fort Fairfield, near which point they
broke the shaft of the machine. They
made temporary repairs and managed to
get as far as Hawkeshaw. Here they were
obliged to engage a farmer to haul them
to Fredericton. They leave for St. John
by boat tomorrow, and return to Boston
by steamer.

A. E. Hanson lost two valuable truck
horses yesterday in a peculiar manner. One
fell in an old well in a pasture field here,
and the other was poisoned near Plaster
Rock, where it had been sent to work in
the hay fields.

**OBITUARY
Capt. Dingee**

Word was received at Indian town this
morning that Captain Dingee, of Gage-
town, had died this morning at six
o'clock.

The deceased captain was well known,
being for many years captain at different
times of practically all the river steamers.
Of late years, owing to ill health, he was
unable to pursue the duties of his calling,
but his immediate death was not antici-
pated until yesterday morning, when he
took very ill.

The last steamer that the deceased cap-
tained was the Olive, and prior to that
he was on the Acadia.

Captain Dingee resided about three
miles back of Gagetown, and is survived
by a large family.

Inflammation is said to have been the
cause of death.

E. V. Hunt

E. V. Hunt, who for many years had
conducted the "Delmas" Grocery, at the
corner of Delmas avenue and Grant street,
died last evening from apoplexy. Mr.
Hunt had a large circle of friends, with
whom he was justly popular. Mr. Hunt
was 56 years of age and was a native of
Canada. He came to this state fifteen
years ago. He was an active worker in
the first Methodist church, and belonged
to a number of fraternities. He is sur-
vived by a widow and three children.—
San Jose, Cal., Evening News, July 24th.

San Jose, Cal., Evening News, July 24th.
He carried on business at the corner of
Leinster and Sydney streets. His widow
is a daughter of G. B. Hunt, who was in
the organ and piano business some years
ago on King street.

Miss Mary Hogan

MONCTON, N. B., Aug. 3 (Special).—
Mary Hogan, aged about 15 years, daugh-
ter of Mr. and Mrs. J. P. Hogan, former-
ly of St. John, died very suddenly about
nine o'clock this morning. She had been
in poor health, suffering with her heart,
but rose as usual this morning. While
dressing she took a fainting spell and died
before a doctor could be summoned.

POLICE COURT

Robert Burns, a common drunk, plead-
ed guilty; but received mercy at the
hands of justice. According to his own
story he had been away for two years and
returned a couple of days ago, when, to
use his own words, he "got tight" and
was arrested. He was sentenced to a fine
of \$4 or ten days. A friend arranged for
his liberty and he got off for less money.

Another part of the machinery in Stet-
son & Cutler's mill broke down yesterday
afternoon and will not be in running order
for some time. Only the other day a part
of the machinery became impaired and
was fixed up yesterday morning.

An elderly man, named Charles Mc-
Carthy, fell overboard from the D. A. R.
wharf about 1:30 today. A rope was
thrown to him, to which he clung until a
boat came.

**GALLANT RESCUE BY
HAROLD MCKINNEY WHO
SAVED HIS BROTHER**

News of a narrow escape and a gallant
rescue comes from Welsford, where Har-
old McKinney, aged 17 years, yesterday
saved his brother Edward, aged 14 years,
from death by drowning.

They are the sons of James McKinney,
Jr., whose family is spending the summer
at Welsford.

Eddie, with two brothers and two other
boys, was swimming in Neperep Creek. He
had just lately learned to swim, and was
perhaps over-confident. At all events he
tried a deeper hole than usual, and went
beyond his depth. He said afterwards
that he felt something dragging him
down, but this was doubtless due to sud-
den fear. He went under.

Two other boys were in a boat, but
did not realize his danger on the instant.

But his little brother, aged ten, called out
to Harold, who was just about to enter
the water that Eddie was asking.
"Harold, with swift strokes, reached the
spot, and dove for the drowning boy. He
reached and brought him to the surface,
but was unable to make way with him
to the shore. With perfect coolness he
gave his brother a great push toward
shore, and in the effort went under
again himself. Eddie was fortunately
propelled far enough so that when he
went down again he touched bottom and
was able to raise his head above water.
Harold meanwhile rose to the surface,
swam to his side, and assisted him to the
shore. He was utterly exhausted, but af-
ter a time recovered, and today is little
the worse for his mishap.
