Local horsemen will be interested to learn that George Chamberlain's mare, "Nancy," by Messenger Prince, gave birth on the 18th of May, to a fine colt, "Loyalist," by Ned Gardo. On the 22nd followed a 2nd addition to the equine family at the same stables, when "Dewey," by Velvetine, gave birth to another fine specimen of horse flesh, also by Ned Gardo. Mr. Chamberlain is delighted with the new arrivals and reports that both are doing well.

THE EVERYDAY CLUB Enjoyable Entertainment Marks Club's Last Meeting Until After Summer Holidays.

There was a very pleasant gathering in the school room of Brussels street Baptist church last evening, the occasion being the last meeting, until after the summer months, of the Everyday Club. A fine programme was presented in which the following took part:—Walter H. Golding, phonograph selections; John Bond, Fred L. Tufts and Chas. H. Stevens, solos; and readings by A. M. Belding, W. P. Thompson and S. H. Riley.

During the evening Miss Warden, organist of the church, with Miss Annie Edwards, entered the room, and Miss Edwards delighted the club by singing several solos, the accompaniments being played by Miss Warden. Before the meeting closed, and while the members were partaking of refreshments, Rev. A. B. Cohoe spoke briefly, urging the members of the club to keep its aims and purposes in mind during the summer, so that in the fall the meetings could be resumed with enthusiasm. The members then formed a circle and sang Auld Lang Syne.

STEAM vs. SAIL

Nine Small Steamers In Commission—All Doing a Thriving Coastwise Trade With This Port.

This spring a large number of small steamers are trading between this port and ports in Nova Scotia and New Brunswick, all of which are doing a thriving business.

These small steamers are taking the place of sailing vessels or small schooners, which, according to present conditions, will in a few years be a thing of the past. These small steamers are giving quicker returns and dispatch to the city merchants here, who trade with Nova Scotia and other ports in the Bay of Fundy.

All the captains of the small steamers report good business with their ports of call. The following is the list of steamers now in commission: Steamer Aurora, 132 tons, Captain Ingersoll, calls at Campbell, Eastport and St. Stephen and other ports.

Steamer Brunswick, 72, Captain Potter, calls at Canaan, N. S., Wolfville, and other ports. Steamer Westport III, 49 tons, Captain Powell, calls at Westport, Yarmouth and other ports.

Steamer Bear River, 70, Captain Woodworth, calls at Digby, Bear River and intermediate ports. Steamer Beaver, 42 tons, Kinnie, calls at Hillsboro, N. B., and other places up the bay.

Steamer Granville, 49 tons, Collins, does a thriving freight business to and from Annapolis. Steamer Centreville, 32 tons, Captain Thompson, reports a good trade between this port and Sandy Cove. The steamer calls at other places.

Steamer Harbinger, 46, Captain Lockwell, calls at Harvey and other New Brunswick ports.

Steamer Mikado, 48 tons, Captain Lewis, has all the freight his vessel can handle between this port and Apple River and other places nearby.

All the small steamers make from one to two trips per week.

POLICE COURT

William Dixon Charged with Assault Allowed to Go on His Wife's Request.

After one drunk had been disposed of in the police court this morning, William Dixon was asked to answer the charge of aggravated assault upon his wife. The prisoner pleaded not guilty and elected to be tried before Judge Ritchie.

Mrs. Dixon swore that on Wednesday night her husband entered her house and knocked her down and kicked her in the side. He followed her up and struck her in the eye and on the head. Sarah Jane Moran was present at the time. Dixon offered the excuse that he had been drinking.

It appeared in court that a Mrs. Kennedy was the seed from which the Dixon trouble had sprung, as she had been living with Dixon. Mrs. Dixon said that she did not wish anything done with her husband if he would agree to live with her and keep away from the Kennedy woman, who is also of the African race. Dixon agreed to give up the company of Mrs. Kennedy and go to live with his wife in the North End.

Judge Ritchie pointed out to the prisoner that he had inflicted several injuries upon his wife and his life had been endangered. Dr. Berryman to examine the injuries of the woman. The doctor had reported that none of the injuries were serious.

His honor said that he would adjudge the prisoner guilty and would fine him \$100 or three months in jail. The judge said, though, that as Dixon's wife wished the sentence to be allowed to stand against him he would allow him to go. If, however, his wife complained again about his conduct or the police reported him the fine would be collected or he would go to jail for three months.

The judge also told Dixon that he could leave Mrs. Kennedy and him before him on a charge of adultery.

THE FINNEMORE BOYS AND ERNIE BOONE TO LEAVE MONCTON FOR THE CAPE BRETON TOWN.

MONCTON, May 29.—(Special).—Bert Finnemore and MacFinneman, baseballists of Glace Bay, are here looking for players. It is said they have secured George and A. Finnemore, who had engaged to play with the Trojans in the local league, and E. Boone, who was brought here from Fredricton to play with the Trojans.

The Glace Bay men left this morning for Fredricton to secure a couple more players for the Glace Bay Tartars. They are around with the necessary cash to secure players. Offers have also been made to some local players to go to Glace Bay. The departure of the two Finnemores will leave the Trojans in a weakened condition.

FAVORS AMENDED DECK LOAD LAW

Percy W. Thomson Says if Adopted it Will be Good Thing for St. John.

Percy W. Thomson, of Wm. Thomson & Co., said this morning, in speaking of the proposed amendment to the deck load law, that the change would be a welcome one to shippers, and he thought it would prove more satisfactory to underwriters and others interested. There has always been a difficulty in securing the deals on deck when the rails were say 4 or 4 1/2 feet high, while the deals were only allowed to be piled 3 feet, as there was little or no chance to lash them properly. He thought that as steamers are all now carrying all they wanted to in summer, sometimes 15 or 16 feet on deck, they should be allowed to carry half that amount, or say 6 or 7 feet in the winter months.

Many of the winter steamers leaving here carry cattle on the shelter deck, but those that did not would have a chance to make it up with the deals. He thought it would be a good thing for St. John if the law was amended as proposed.

SAYS HE WAS ROBBED

Daniel Daley states that last night about eight o'clock on Douglas Avenue he was robbed of \$14 by Hugh Connell and Daley has reported the matter to the police. Daley's story is to the effect that he and Connell were drinking together and the latter in the presence of others deliberately put his hand in his (Daley's) pocket and extracted therefrom \$14. This morning the complainant says that he went to Connell and demanded to be reimbursed. Connell, he says, refused and he immediately sought the aid of the police. No cognizance was taken of Daley's story this morning as he had not wholly recovered from his celebration.
