ENGINEER HUNTER WILL RETURN TO POSITION TODAY

The council will meet this evening at 7.30 for the purpose of giving permission to the chamberlain to call for tenders for the new 4 per cent loan of $721,000. It is hoped that arrangements can be made to have the tenders in by the end of May. Only $207,000 of the amount to be authorized is an increase in the civic debt, the remainder is to retire debentures hypohecated with the Bank of New Brunswick and $23,386 of 6 per cent debentures of the old city debt now falling due. A subsidiary loan will probably be required in July or August to meet certain claims for land damages and expropriation in connection with the water extension and to provide for payments to the contractors of their 15 per cent now retained under the contract.

It is understood that the petition to the council for the retention of R. H. Cushing, director of public works, has been extensively signed, and as Mr. Cushing's engagement with the city will expire in less than three weeks it is likely that the petition will be presented to the council tonight.

There is some talk of affecting a compromise in the present attitude of the council. Mr. Cushing may be asked to continue at his present salary with the understanding that if his work under the new rules affecting the appointment and dismissal of employes proves satisfactory he will receive an increase at a later date.

Notwithstanding that the council has now fixed the salary of the new wharf inspector the position remains vacant. Director Cushing, when asked yesterday with regard to the matter declined to give any reasons. It is reported, however, that the director is not satisfied with the definition of the inspector's duties as laid down by the council.

Some doubt was expressed at city hall yesterday as to whether the official result of the election next Tuesday will be made known before Wednesday morning. The number of voters this year is greater than ever before, and it is thought the returns from some of the wards will not come to hand until the early hours of Wednesday. Should the vote in Carleton prove heavy it is regarded as likely that the boxes will have to be brought over by a special trip of the ferry, sent round by the bridge or retained on the west side until the morning. The act relating to the matter requires that the official returns should be in the hands of the common clerk not later than 10 a. m. on the day following the election.

It appears that if a citizen is nominated without his consent and fails to withdraw his name before the time the nominations close he must run his election whether he wishes to or not, and if elected must serve his term or forfit $200 to the city. The point has arisen in the case of S. S. de Forest whose nomination for Dukes ward was handed in at 3.30 p. m. on Tuesday.

Mr. de Forest told a newspaper man yesterday that he jokingly replied to some friends who asked if he would run that he would "for anything" and although he thought no more about the matter he found he had been taken seriously and was in the field against Ald. Vanwart. Asked what he would do, Mr. de Forest said there was nothing for it to do but allow events to take their course. He was now in the hands of his friends and if they liked to work for his election he could not prevent it, but personally he was not going to undertake any active campaign.

There seems to have been some unusual recklessness in the matter of nomination papers this year. One alderman discovered to his surprise on inspecting the document handed in by a rival candidate that the name of a prominent business man appeared on it—a man whom he had always considered one of his own staunch supporters. Inquiry proved that the signature was genuine but the gentleman in question could not account for its appearance on a nomination paper. He said yesterday he was asked to sign something in a store up town and did so, that was all he knew about it. A curious feature of the case is said to be the fact that the paper was not the official form issued by the common clerk and had merely a type written heading. It was, however, found to be in order when presented at city hall and was therefore accepted.

Wireless Message Caught at Sand Point by Tunisian.

The Marconi wireless installation on the Allan liner Tunisian has recently been remodeled, and excellent results were obtained on the voyage out from Liverpool, with F. S. Close in charge. The French liners La Savoie and La Touraine, bound east and west respectively, were both talked to at a considerable distance south. On the 5th, the Cunarder Lucania was communicated with at 180 miles. Sable Island was first caught on April 5, at 105 miles, and messages exchanged, and later on Halifax was opened up at 100 miles, and on approaching the coast the Dominion cruiser Canada was talked to for four hours. Whilst coming round to St. John, Cape Sable station was in touch for ten hours until the Virginian's signals were received and answered for six and a half hours. The station at Partridge Island was heard from at seventy miles. While the Tunisian has been lying in at Sand Point this week, certain alterations have been made to the arrangement of the aerial, and yesterday signals were received which showed they proceeded from Nantucket Island. This is a great distance under the circumstance, and is regarded as interesting.

FREDERICTON FREIGHT RATES

FREDERICTON, April 11.—(Special)— Wm Lemont, while in Ottawa recently, waited on Judge Killam, chairman of the railway commission, and protested against an arbitratory freight rate which prevails on all goods shipped west of Montreal. A memorial on the subject was forwarded to the commission some months ago by the Fredericton Board of Trade, and Chairman Killam assured Mr. Lemont that the matter would be carefully investigated in due course.

$100 REWARD, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

FINE RENDERING OF PASSION MUSIC

Stainer's Crucifixion Sung in Stone Church Under Direction of D. Arnold Fox.

Stainer's "The Crucifixion" is by no means new to the ears of a St. John audience, and a description of the work sung in St. John's church last night would be unnecessary, yet it is to be questioned whether a more effective or expressive rendering has been heard here than that given by the choir of the church under D. Arnold Fox's direction. Particularly noticeable was the unanimity of expression characterizing the choruses with their opportunities of light and shade, which were taken advantage of, the singers keeping admirably in touch with the changes of expression as indicated at the keyboard.

Under conditions such as these, a conductor is superfluous. The soloists acquitted themselves excellently. This was the first opportunity afforded the St. John public of hearing Judge Willrich's fine voice and interpretative ability in a work of any importance, and the general opinion seemed to be a very favorable one, and the fervor of his rendering of the part of the Redeemer was much appreciated. The U. S. consul is certainly a great acquisition to musical circles of the city.

W. J. Bambury, as the narrator, was in grand voice, and sang effectively, and the minor parts were well taken by A. G. Burnham, H. Conyers and W. Holder. Mrs. Carter, Mrs. Otto Nase and Mrs. E. J. Porter were heard to advantage in quintettes, being joined by A. G. Burnham, and S. J. McGowan. D. Arnold Fox played the Church Scene from Wagner's Lohengrin with effect, and there was a very large congregation.

THAT OVER WORKED, PLAYED OUT FEELING AMONG WOMEN

There are thousands of females all over our land who are broken down in health and dragging out a miserable existence, overburdened with diseases peculiar to their sex, apparently growing old while yet young. Often they have pale or sallow complexion, hollow, sunken eyes, with a lifeless look; the face has a pinched and haggard appearance; they are weak, weary and trembling, often extremely nervous, starting at every little noise. Many are low-spirited, and some are fretful. Some are apparently bloodless, with cold hands and feet, while others are flushed by an unequal circulation of the blood, dizziness, and sometimes dimness of vision, loss of memory, and often loss of appetite and sleep, and are wearied with terrible dreams.

Palpitation of the heart, nervous prostration, smothering and sinking spells, shortness of breath and the sensation of pins and needles are all indications of a weakened condition of the heart or nervous system, and should any of them be present we would strongly advise the use of

MILBURN'S HEART AND NERVE PILLS

They bring health to the broken down, energy to the weakened constitution, tone up the tired, overstrained nerves, and strengthen the weak heart.

Mrs. Edward Jackson, Hall's Bridge, Ont., writes: "For a year I was greatly troubled with nervousness and loss of appetite, and could neither sleep nor eat. After taking a few boxes of Milburn's Heart and Nerve Pills I was completely cured and can recommend them to all sufferers."
