Financial and Commercial

THE WALL STREET MARKETS REVIEWED BY J. S. BACHE & CO.

The Panic---What Saved the Day---The Bargain Hunter---The Money Situation---A Last Word---The Market.

NEW YORK, March 22—The security market has been through one of the most distressing periods in its history. For a precedent to the conditions existing on Wednesday, Thursday and Friday of last week, we must delve into the misty past even to the stirring times of the memorable "Black Friday," in 1869. Although we have progressed wonderfully since those memorable times in financial strength, systematic handling and operations of the machinery of Wall street, still, for severity of liquidation, extent of fall in prices, and extensive demoralization, few panics can equal the days of last week. The causes which brought about the panic are hidden in a veil of mystery. The fact that the best financial writers, together with high banking and stock market interests disagree as to the actual causes of last week's "debacle," leads to the designation of the episode in financial history as the "Mystery Panic of 1907."

WHAT SAVED THE DAY.

After prices had closed Thursday, demoralized at the low levels without a ray of hope left to the long holders of stock, the critical situation demanded immediate and emphatic action on the part of the powerful banking interests both here and abroad. This concerted action came the next day. Unlimited buying orders were placed in London the next morning and individual interests united in a common cause to protect their securities and stay the wave of hysterical liquidation then in full flood.

At the same time the new Secretary of the Treasury, Mr. Cortelyou, took action toward relieving the financial strain at this and other money centres of the country. The combined action of all the great powers of politics and finance stemmed the tide and the situation was safe for the time. The action of Friday's market was exciting and absorbing, but in marked contrast with Thursday's quotations. The bears were eager buyers, and security holders who had been on the brink of awful financial sacrifice in Thursday's last half hour, had their confidence restored and their property held for them intact.

THE BARGAIN HUNTER.

Not alone was support given by the powerful and the wealthy, but the discriminating seekers after bargains came down to the street in pairs, groups, and by the thousands. Their discrimination was marked and decided. Dividend paying railroads and industrials showing from 5 to 7 per cent yield at current prices were picked up with avidity. The insatiable thirst of the public for such investments has been the wonder of the street during the week. Transfer offices of railroad companies and industrial corporations have been swamped with orders for the transfer of odd lots of securities. This fact is an illustration of the wonderful resources of the great American public, and attest the generally prosperous conditions of the business world outside of the confines of Wall street. The market has moved within a radius of 10 to 15 points since the great panic and its resultant rebound. But the feverishness is gradually disappearing and there is a tendency toward a more normal state of activity and movement.

THE MONEY SITUATION.

The bank statement Saturday was a surprise, inasmuch as, according to the known movements of currency a heavy decrease in reserves and a resultant loss in cash was expected, but the enormous liquidation of stocks brought about heavy reduction in the loan account, with an actual increase in the surplus reserve account. Since Friday the banks have gained heavily in cash. Through the action of Secretary Cortelyou the public have availed themselves largely of his offering to anticipate payment of the short term 4's due July next, to the amount of seven millions of dollars. This, together with the deposit of government customs in the banks in cities which have no sub-treasuries, has increased largely the available funds in the banks. The Bank of France advanced its discount rate on Thursday, but the Bank of England's rate remained unchanged. Foreign exchange had declined to a point to attract gold from the other side, but fear of endangering London's bank position deters our foreign bankers from initiating gold importations.

A LAST WORD.

With the approach of springtime comes the question as to the future of the growing crops. The crop statistician, H. Jones has just issued a report on winter wheat. He states that an ideal condition exists in Kansas, Oklahoma and Texas. Upon the crops depend our real national prosperity and development, and for a long pull we believe prices will follow closely the conditions of the growing crops.

THE MARKET.

The low level to which prices have fallen in our opinion discounts the very worst that can happen in the way of decreased earnings due to shrinkage of general commercial activities and to cancellation by the various large railroad corporations of their contemplated improvements. The investment yield of the majority of our better class of stocks, even in some instances where there is a possibility of a decrease in the dividends declared, has reached a point where in time they will be steadily absorbed by the investor.

While the market will probably continue nervous for some time to come, and perhaps in some instances where the ultimate outcome of the property is in question values may decline, our opinion is that conditions make for a general increase in values for the better class of industrial and railway shares, even though little speculation is to be expected until the future of the money question is more definitely settled.

Yours very truly,
J. S. BACHE & CO.

UNREQUITED LOVE LEADS TO SUICIDE

Young Shoe Factory Employe Shoots Himself in a Maine Hotel.

AUBURN, Maine, March 23—Ambrose Hayden, a shoe factory employe, committed suicide by shooting in his room in the Maine Hotel tonight. Friends say he had been brooding for a week over a disappointment in an affair of the heart, and that this probably led him to take his life. His body was found lying on his bed with a bullet from a revolver newly purchased, in his right temple. He was 25 years old, formerly living in Skowhegan.

Rheumatic sufferers can have a free sample of Dr. Shoop's Rheumatic Remedy with book on Rheumatism by simply writing Dr. Shoop, Racine, Wis. This book will explain how Dr. Shoop's Rheumatic Remedy successfully drives Rheumatism out of the blood. This remedy is not a relief only. It aims to clear the blood entirely of Rheumatic poisons, and then Rheumatism must die a natural death. Sold by Druggists.

MARINE NOTES

The Head line steamer is now at her berth.

South African steamerMelville is berthed at the new city wharf.

Donaldson line steamer Marina has moved to No. 4 berth, West End, to take in her outward cargo.

Allan line steamer Ionian, Captain Nunan, sailed direct for Liverpool from this port Saturday with passengers and general cargo.

The Norwegian turret steamer Stiklestad, now in port from Louisburg (N. S.), will be inspected today by Messrs. Olive and Dalton, the dominion inspectors of hulls and boilers.

The vessel ashore at Musquodoboit is the bark McKinley (Nor.), Jorgensen, from Barbados for Ingram (N. S.), not bark Maggie as supposed.

Captain John McInnis, of Parrsboro, has purchased from Captain Fred Roberts one-quarter interest in the Diamond of that port and will go in her as engineer.

The Nova Scotia ship Timandra, Captain McQuarrie, arrived at Buenos Ayres March 21, from Boston, making the passage in 51 days.

The schooner Harry Lewis, which was erroneously reported lost in a recent dispatch from Sydney (C. B.), arrived at Fortuna Bay, (Nfld.), a few days ago after a favorable passage from Boston.

The steamer Calvin Austin arrived yesterday morning at 1.30 o'clock from Boston and Maine ports, having been detained by the recent storm. She sailed again to return about 10 a. m.

MAKE EASTER SELECTIONS EARLY IN THE WEEK

SPECIAL EASTER SALE. MISS BOWMAN'S ART STORE, 111 Princess street. 3-25—3t.

ROTHESCHILD SEES NO DANGER

LONDON, March 25 — "There is absolutely no danger," was the reply of Lord Rothschild, when questioned today by a reporter of the Associated Press in respect to the fears that the settlement would result in trouble.

"There may be a few small failures" Lord Rothschild, continued, "but the reports that any big financial houses are in difficulties or any serious trouble anticipated, are sheer inventions. The London holders of Americans have been induced to sell through fear that President Roosevelt contemplates taking steps towards nationalizing the railways or at least enacting legislation which may curtail the roads' earning capacity. For the same reason German holders of American securities have been selling in London. Then, of course, there are large demands for money from all points, but I have every confidence in the ability of the market to outlive the difficulties. One thing is certain, there is no panic, and there is no danger of a panic in London.

In spite of predicted trouble and further fall in prices in New York Saturday, the stock market here today opened calmer and with less nervousness than during the closing days of last week. Americans opened at about parity, some a little above, and others below, but after the carrying over had been arranged there was an all-round improvement, the features being Union Pacific, which opened at 134 and advanced to 136 1-2; and Can. Pac., which went up from 164 1-2 to 168 1-4 Paris began selling, but this was soon stopped when the market became steadier. The growing investment to low level prices also had a good effect. One small failure, that of a broker, was recorded early in the day, but this had been anticipated.

THE WAY OF THE CROSS

Lichfield Mercury:—"Contains some effective solos and some excellent choruses. Organists and choirmasters in search of something new and really effective should at once secure a copy of this really beautiful cantata." Will be given at St. David's church, March 28, Thursday.

There will be a full rehearsal tonight. Every member is requested to attend.

New York, March 23—This was the warmest March day in New York since the weather bureau was established here. The temperature began to rise early this morning and continued to go up steadily until the 85 degree mark was passed. This was one degree warmer than the record on March 23 two years ago, which made a new mark for March heat.

Stmr. Clare, in charge of Pilot Boyd, of Yarmouth, arrived here Tuesday night from Yarmouth with wrecked material for St. John and is still in port.—Digby Courier, March 22.

FATAL HASH

Old Soldiers Suffer From Ptomaine Poisoning After Breakfasting on "Boarding House Mystery."

LEAVENWORTH, Kas., March 23—More than one thousand veterans of the National Soldiers' Home here are suffering from ptomaine poisoning the result of eating meat hash at breakfast this morning. The first symptoms of trouble were manifested a few hours after eating. Soon the home hospital was crowded with sick veterans and the ambulances were rushing in from the barracks with loads of them. There was an apparent effort on the part of the officers to suppress the real condition of affairs which did not become known until late this afternoon.

HIGH PRICES INDICATED

Iron Trade Review Says Carnegie Steel Co.'s Purchase is Significant.

CLEVELAND, March 22—The Iron Trade Review says:—The purchase of 8,000 tons of Bessemer iron by the Carnegie Steel Co., for March delivery at $22 furnace, is significant of continued high-pressure opinions.

The Cambria Steel Co has contracted for 36,000 tons of Bessemer, for equal deliveries in April, May and June, the price to be fixed monthly. The flood in the Pittsburg district resulted in the temporary banking of 38 furnaces and a production loss of approximately 50,000 tons.

Throughout the east there has been a decided revival of activity in the pig iron demand, and southern prices for the last half have advanced 50 cents a ton.

Thus far this month the American Bridge Company has booked contracts for 20,000 tons of structural material, and addition to the plant of the General Electric Co., will take 3,000 tons, and two San Francisco buildings 1,100 tons. Rail contracts total 12,000 tons, and an order for 125,000 tons of riveted pipe for southern California is pending.

NEW BOWLING LEAGUE

Great interest is being manifested in the bowling league which will begin on Black's alley, Thursday night next.

The following is the schedule:
March 26—Beavers v. Electrics.
March 28—Thistles v. Stars.
April 2—Electrics v. Stars.
April 4—Beavers v. Thistles.
April 8—Electrics v. Thistles.
April 11—Beavers v. Stars.
April 16—Electrics v. Beavers.
Apdil 18—Stars v. Thistles.
April 23—Stars v. Electrics.
April 24—Thistles v. Beavers.
April 30—Thistles v. Electrics.
May 2—Stars v. Beavers.
Prizes will be awarded the winners and a consolation prize will also be donated.

The Weymouth river is again open to navigation. Stmr. Westport towed the schr. Eddie Theriault to sea Tuesday, but she put back Wednesday owing to the heavy gale. She has been loaded with lumber for Porto Rico since Feb. 16th.—Digby Courier, March 22.

ITEMS OF INTEREST

Typewriting Bureau, 20 Canterbury St.

This sale commences Wednesday morning and is to continue for two days only. Among the stock are some English velvets, Brussels and tapestry and rare snaps will be given to every purchaser.

ANOTHER POSITION

Miss Lena Ward, of Union Street ,has been selected by the Employment Bureau of the Currie Business University, Ltd., to fill the position of stenographer for the St. John branch office of The Fidelity & Casualty Co., of New York.

NOTICE.

I beg to announce that I am no longer connected with the firm of Izzard and McCullough, bakers, and will not be responsible as a partner of said concern after this notice.
(Signed) JAS. A. McCULLOUGH.

FIRE SALE.

Commencing tonight Messrs. A. B. Smalley & Son will put their entire stock of damaged goods on sale at 89 Prince William street, next door to the old stand, consisting of rings, brooches, chains, field glasses, opera glasses, silverware, cut glass, clocks, etc. Open every evening for the balance of this week until 9 o'clock. This is a rare chance to secure fine goods at low prices.

The ladies of Brussels street Baptist church will serve best Easter tea yet tomorrow evening, commencing at 6 o'clock. Plenty of room; prompt service. Tickets 35 cents.

THE THEATRES

N. L. JELENKO COMING

The management of the Opera House announce that the Lyceum Stock Company, a splendid stock organization, has been secured as the attraction for the spring stock engagement, commencing at the Opera House on Monday, April 8th, and continuing during the spring season. The Lyceum Stock Company is conceded to be the best stock company that has been sent out from New York this season. The selection of the cast has resulted in a company, numbering players who during the winter season have been identified with the principal Broadway successes. Frank Powell, who will play the leads, is admirably adapted to romantic parts, while Miss Eleanor Hicks, who will play the leading feminine roles is, by reason of her former conection with James K. Hackett, E. H. Sothern and other stars, well qualified for this important position. N. L. Jelenko, who will play the heavy roles, is a favorite with St. John audiences, having scored a personal hit during his engagement here with the Daily Stock Company several seasons ago. Harry G. Hockey and Juliette Atkinson, are also popular in this city, having been identified with a local stock company several seasons ago. The cast also includes John Stepping, Thomas G. Emory, Walter D. Nealand, Wililam Bowman, H. C. Aiken, Grace Goodall, Margaret Lee, and Jeanne Hollis. The opening bill will be David Belasco's socitey drama, "The Charity Ball," which will be given a magnificent production with magnificent scenic environment, etc. The bill for the remainder of the opening week will be a superb production of "Blue Jeans." The company comes direct from New York city for the engagement here.

AT KEITH'S

A singing dog is the latest novelty, and will be heard and seen at the Keith Theatre today. An entirely new list of features is on the bill, and the programme promises to be of an interesting and diversified nature. Miss Kitty Stevens is a European transformation dancer. The lady appears in no less than six costumes of different nationalities, and executes some clever dancing illustrative of each.

Clever performers on the wheel never fail to interest and amuse, and the great Chick is stated to be America's greatest bicycle rider. Leonard and Lester are a clever eccentric duo. There will be a unique comedy sketch by Shorty and Bob Desmond, whilst Humes and Lewis will furnish a comedy, acrobatic and singing sketch. There will be some beautiful illustrated songs, and an entirely new series of animated pictures on the bioscope.

KEEP OUT OF WALL STREET

(Toronto World.)

The world will not undertake to advise the Canadian who is in Wall street to get out; he must be left to decide for himself. But the World does advise the Canadian who is not now in Wall street to keep out of it, and it advises the Canadian banks who have any spare money to let to limit their operations chiefly to their own country. Nobody knows what is ahead of Wall street, and the safe man these days is the man who has not to bear the responsibility of finding it out.

We Offer $1,000

For a Disease Germ That Liquozone Cannot Kill.

This offer goes out with every bottle of Liquozone. Do you suppose we would do that if any known germ could resist it?

Liquozone is for those who believe that a germ disease calls for a germicide; that the germs must be killed before the trouble can end. You have doubtless tried the old ways, and you know the results. We ask you to try the new way; to try it at our expense. Use what millions have used and learn what they know about it. You are not fair to yourself until you do that.

What Liquozone is.

Liquozone is a tonic-germicide, the virtues of which are derived solely from oxide gases. No alcohol, no narcotic, nothing but gas enters into it. The process of making requires large apparatus, and consumes 14 days' time. The object is to so combine the gases with a liquid as to carry their virtues into the system.

The result is a germicide so certain that we publish with every bottle an offer of $1,000 for a disease germ that Liquozone cannot kill. It destroys them because germs are of vegetable origin. But to the body Liquozone is exhilarating, vitalizing, purifying.

This is its main distinction. Common germicides are poisons when taken internally. They are impossible, for they destroy the tissues as well as the germs. That is why medicine proves so helpless in dealing with germ diseases. Liquozone, on the contrary, acts as a remarkable tonic.

We Paid $100,000

For the rights to Liquozone, after thousands of tests had been made with it, after its power had been demonstrated for more than two years in the most difficult germ diseases. Conditions which had resisted medicine for years yielded at once to it, and diseases considered incurable were cured.

That was five years ago. Since then millions of people in every part of the world have shared in the benefits of this invention. Nearly every hamlet, every neighborhood, has living examples of its power. Now we ask you to let it do for you what it did for them.

Germ Diseases.

Most of our sickness has, in late years, been traced to germ attacks. Some germs — as in skin troubles — directly attack the tissues. Some create toxins, causing such troubles as Rheumatism, Blood Poison, Kidney Disease and nerve weakness. Some destroy vital organs, as in Consumption. Some—like the germs of Catarrh—create inflammation; some cause indigestion. In one of these ways, nearly every serious ailment is a germ result.

Such conditions call for a germicide, not for common drugs. Liquozone does what other means cannot accomplish. And it is wrong to cling to old ways when millions of people know a way that is better.

50c. Bottle Free.

If you wish to know what Liquozone does please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you; to let the product itself show you what it can do. In justice to yourself, please accept it today, for it places you under no obligations whatever.

Liquozone costs 50c and $1.

CUT OUT THIS COUPON

Fill it out and mail it to The Liquozone Company, 458-464 Wabash Ave., Chicago.

My disease is .....

I have never tried the new Liquozone, but if you will supply me a 50c. bottle free I will take it.

.....

.....

.....

325 Give full address—write plainly.

We are now putting out an improved Liquozone, based on five years of experience. And even old users may accept the above offer, to learn how much better the new product is. Liquozone is guaranteed under the new Pure Food Law.

Any physician or hospital not yet using Liquozone will be gladly supplied for a test.
