CALGARY! The World's Most Progressive City, According to the Clearing House Returns . . . . . .

Her Increase Last Week Was 30 Per Cent. Higher Than Any Other City in America.

Expansion of Calgary.

The expansion of Calgary surpasses that of any other point in North America. This is plainly shown in the clearing returns of last week. The increase in the clearing returns last week was 118 per cent. over the same week in the previous year. That was the increase in the business that was done.

That is an increase of 30 per cent. higher than any other city in America. That is a record in expansion. The city which comes next to Calgary is Vancouver, which had an increase of 88 per cent. Next comes Helena which had an increase of over 74 per cent. Here it may be interesting to point out that though Helena has a much greater population than Calgary, its clearing returns are about one-third of a million less than Calgary's.

The next greatest increase was in Portland, an increase of 64 per cent. After that came Ottawa, 52, and Victoria 51 per cent.

The increase of the whole of Canada was 38.2 per cent. and the increase of United States was 6 per cent.

These are the solid facts. There can be no misconstruing them. Money talks. It tells of a great increase at this time.

To the Citizens of St. John.

From the City Clerk of Calgary.

This is to certify that the property offered for sale by J. A. Driscoll is within the Corporation Limits of the City of Calgary, Alberta, and is high and dry, free of stone, level, and has good soil. It is situated fn the vicinity of the reservoir (gravity system) and can be freely supplied with water. It lies southwest of the most fashionable residence district in Calgary.

Immediately to the east Elbow Park lots have sold at $235 each (25 feet frontage), to the north lots are held for $150. One half mile to the northeast lots are selling for from $450 to $700 each, owned by the Canadian Pacific Railway.

It is not claimed that a large profit can be made in an immediate turn-over, but within one mile of here lots that sold three years ago at $60 each, are now worth $900 investment value. According to present prospects of Calgary the purchasers of this property should realize a profit of 400 per cent. in two years.

According to present Calgary prices the value of this property runs at $75 per lot (25 feet frontage).

H. E. GILLIS, City Clerk.

We, on the 12th Inst, put on the St. John Market, Nine Hundred and Ninety-four Lots, Out of Which we Have Four Hundred and Thirty-one Left. This Sale Will Continue 7 Days More. Office Open in the Evening Till 8.30.

J. A. DRISCOLL, MANAGER,
WESTERN LAND CO., Personal Owners,

LOOK FOR DULL BUSINESS IN THE STOCK MARKETS

Treasury Action Gives Satisfaction---Rumors of Poor Collections---The Condition of the Money Market---More Investigations.

(New York Herald, Thursday.)

It became known in Wall street banking circles yesterday that the secretary of the treasury has decided to withdraw $30,000,000 of public deposits from the banks, the date of the withdrawal being not later than July 10. This operation follows the redemption of the short four per cent bonds, due July 1, so that by this fortunate expedient the money market will not be disturbed by the withdrawals. The news was received with satisfaction by local bankers, who had feared the drain upon their resources coincident with the heavy semi-annual payments. It is understood that about $50,000,000 or thereabouts of the short fours remain to be redeemed on July 1, and such bonds as are presented on that date will be paid off by the treasury without drawing in its money now in the national banks. Having paid off all the bonds presented, the treasury will partially reimburse itself by drawing $30,000,000 of its deposits on July 10.

LOOK FOR DULL BUSINESS.

Announcement made overnight that the department of justice purposed attacking the anthracite coal roads, or a great number of them which are supposed to be vulnerable, did not cause any decided impression in financial circles, judging by the effect of the news on the stock market. The incident served to indicate, however, that the policy of investigation and prosecution by the federal authorities will be followed out in the coming summer and fall. During this time it is believed that the investigations will cause a reduced buying power or demand for stocks. The fact seems to be more distinctly imprinted upon Wall street that the unsettled condition of the investing world will probably continue under these activities. Meantime, bear operations are narrowing at the recent price level established, and no bulls are found who care to take the risk of operating extensively with adverse conditions confronting them.

RUMORS OF POOR COLLECTIONS

There was much discussion yesterday in Wall street regarding reports of collections being made by the car equipment and other manufacturing companies. According to the statements on this matter, notes have been taken from railroads and other customers for which, upon their maturity, extensions have been generally asked. In this connection Wall street had a rumor of difficulties in uptown mercantile circles which was as vague as it was interesting. None of the great mercantile banks was aware of any difficulties.

MONEY MARKET CONDITIONS

Call money was in slightly better demand and the rate touched three per cent The supply at that price was liberal. In the time money market the rates established on Tuesday were maintained. There was a disposition on the part of borrowers to take on a more liberal amount of time money for periods ranging from five to six months. Loans of this character were made at 4 3-4 and 5 per cent. The slightly firmer tendency was due to the improved demand. In the operations of the banks with the Sub-Treasury the banks gained $260,000 on Tuesday, reducing the amount lost to the Sub-Treasury since Friday last to $4,011,000. Customs receipts amounted to $640,603.

While no gold engagements were reported yesterday, neither was there a decline in the price of demand exchange on London. The tone of the market was slightly easier, but exchange rates still hovered at a point where slight fluctuations would mean shipments at a profit.

THE AGONIES OF RHEUMATISM

Of all ills to which mankind is heir Rheumatism holds a sadly conspicuous place. One person out of every ten or twelve, almost, has suffered or is suffering from its twinges in a greater or less degree. Dr. Scott's White Liniment, when used intelligently, is a sure alleviator and ultimate banisher of all rheumatic pains. Sold by all good druggists at 25c. per big bottle.

After July 1 nearly all the barbers will charge 25 cents for a hair cut. Some make that charge now. An agitation is on to make a uniform rate commencing the first of July.

WILSON'S INVALIDS' PORT

refreshes and invigorates the tired body and brain.

SOLD BY ALL DRUGGISTS.
