FRENCH FORCE IS EXPECTED TODAY

Expeditionary Party Now on Way at High Speed TO CASABLANCA

Nothing More Will be Done Until French Commandant Arrives There—300 Killed and Wounded in Sunday's Fighting.

PARIS, Aug. 7.—The government expects that Rear-Admiral Philibert's squadron with General A. M. B. Druce, commanding the French expeditionary force, on board, which proceeded from Oran, Algeria, at the highest speed, will reach Casablanca this morning. Upon the arrival of the general at the Moroccan port, the subsequent action of the French forces will be decided upon.

Official advices estimate the number of Moors killed and wounded during Sunday's bombardment of Casablanca at 300. One French sailor was seriously wounded.

TANGIER, Aug. 7.—Upon the demand of the French Charge d'Affaires, Mohammed Torres, the representative of the Sultan here has reiterated the instructions he had previously issued to assure the safety of the steamer Anatole, which brought the news of the bombardment of Casablanca. She has been requisitioned by the French Charge d'Affaires, who will use her as a despatch boat. A guard to protect the French consulate will immediately be landed at Rambatt.

JAPAN LOOKING ABOUT

She is Sending Experts to the United States to Study Railway Conditions.

SAN FRANCISCO, Aug. 7.—In pursuance of its yearly custom to send representatives to foreign countries and the commercial and manufacturing centres of the world, the Japanese government sent to America this year several railroad engineers and managers to study the latest railway methods and improvements.

The Nippon Maru on Monday brought three Japanese railroad engineers, two railroad managers, one harbor engineer, from the financial department of the Japanese government and one steamship operating engineer.

The Japanese government, one of the engineers said, will shortly undertake the building of 6,000 miles of additional steam railways, making a total of more than 11,000 miles in operation in Japan.

BRITT AND GANS

They Were Matched Last Night to Fight for Lightweight Championship of the World.

SAN FRANCISCO, Aug. 7.—Jimmy Britt last night made a fight with Joe Gans, the lightweight champion of the world. The articles call for a fight under straight Queensbury rules, on a date not later than Sept. 30, at 133 pounds rindside. Three different promoters have already sent in bids for the fight.

FUNERALS

The funeral of the late Frances Bustin took place this afternoon at 2:30 o'clock from her father's residence, St. James street, Rev. H. D. Marr and Rev. Dr. Wilson officiated and burial was at Fernhill.

The funeral of George Roy Collins was held at 9:30 this morning from his father's home, 130 Rockland Road. Burial was in the Catholic cemetery.

CANADIANS DEFEATED

TORONTO, Aug. 6.—(Special)—The international cricket match was concluded today and resulted in the defeat of Canada by 80 runs, the score being, Americans 347, Canadians 267.

The third-class passenger service of the English railroads is constantly increasing in popularity at the expense of the other classes.

MONCTON AS A GAME CENTRE

Large Deer Made Things Lively on Main Street This Morning—Ran Through Crockery Store and Out Rear Window.

MONCTON, Aug. 7.—(Special)—The meteoric appearance and dramatic disappearance of a large deer caused a great deal of excitement on Main street this morning. The animal entered the city at the north end, crossing the width of the town, pursued by children, and finally found its way on to Main street. Baffled by this abrupt debut into the business life of the city the animal fell on the pavement and arising dashed into a china store. The latter was heavily stocked with

A PREACHER SOCIALIST

"Turn the Parsons Out of the Schools," Says Rev. R. J. Campbell of London, Eng.

LONDON, Aug. 6.—The Rev. R. J. Campbell, whose curious change in his theological views recently caused a sensation and offended a large section of his congregation, seems now inclined to enter the field of politics in the social labor interests. He has been formally invited by the labor party to contest the next vacancy in the parliamentary representation of Cardiff, but he replied that he could not at present say whether he would accept the proposal or not.

Addressing a political meeting just prior to this, Mr. Campbell declared his conviction that socialism is the practical expression of Christianity as he understood it. The land question, he said, was at the bottom of most social evils. The first need of the people, he continued, was to get hold of land and decrease the cost of transportation.

He also strongly advocated secular education and turning the parson, whether church or chapel, out of the schools, "for," said he, "the physical well being of the children is far more important than their religious instruction."

It is noteworthy that during the war in South Africa, Campbell was a strong imperialist, and he aroused considerable discussion by roundly denouncing the workingmen as idle and worthless.

MINERS WILL DROP DARROW

Haywood's Chief Lawyer Will Not Figure in Pettibone Case

DENVER, Colo., Aug. 7.—It was reported last night that the executive committee of the Western Federation of Miners will meet this week to determine on counsel for Geo. H. Pettibone, who will be tried in October at Boise, Idaho, on the same charge that Secretary Haywood was acquitted of. The report also has it that Clarence Darrow, of Chicago, who assisted in the defense of Haywood, will not be retained in the Pettibone case, but that E. P. Richardson, of Denver, also of counsel for Haywood, will handle it. Richardson has declared in published interviews that he would not, under any circumstances, again associate himself with Darrow and a morning paper prints an interview in which he is credited with reiterating the above statement.

It is intimated that Haywood and other federation leaders favor dropping Darrow, but that Meyer wishes him retained in the case.

Mr. Darrow arrived here yesterday, but said that he had not yet seen any of the lawyers. He admitted that there were no personal differences between himself and Mr. Richardson.

FINED \$50 AND COSTS

Magistrate Kay So Penalizes the Minto Hotel at Moncton.

MONCTON, Aug. 7 (Special)—Magistrate Kay this morning returned to the old system of Scott Act fines, when he fined the Minto Hotel fifty dollars and costs for violation of the Canada Temperance Act. The complaint had been laid by Mrs. Harkness, whose son got drunk and was arrested.

OLD HOME WEEK REUNITES SISTERS PARTED 48 YEARS

Separated When Orphans, They Lived Only 100 Miles Apart.

PROVIDENCE, Aug. 5.—Old Home Week, the first ever observed here, has united two sisters, who had not seen one another in forty-eight years, though they lived only one hundred miles apart.

The sisters are Mrs. May Jane Rice, of Providence, and Mrs. Susan Pike, of Springfield, Mass. They were left orphans when little children and placed in the Rockland street home, Boston, from which they were later adopted by different families. They met again in this city.

According to an official estimate made by the post office officials, there are now 6,000 Japs in Vancouver and sections immediately tributary doing business.

MODERN "GODIVA" HAD TO PASS MUSTER

A Special Commission Approved of Her Costume BEFORE SHE STARTED

Coventry, England, Revives Procession of Lady Godiva With a Vaudeville Actress in Stellar Role.

COVENTRY, Eng., Aug. 7.—Mounted on a white palfrey and decorously clothed in masses of hair, pink fleshings and clouds of gauze, a modern Lady "Godiva" this morning gave a representation of the historic ride through the city streets.

Coventry has been Lady Godiva mad for months. When a revival of the procession last witnessed in 1887 was first mooted there were many who desired a strict adherence to tradition even to the nudity of Lady Godiva, but the anti-modernists succeeded in effecting a compromise and a vaudeville actress, whose specialty is to display herself in groups of living statuary, was engaged to represent the historic benefactress of Coventry.

The actress, who is said to have complained that she could make half a dozen summer frocks out of the gauze she was compelled to wear, took an hour and a half to arrange her trailing hair and long draperies and then a special commission had to approve of her costume before Lady Godiva was permitted to take her place in the pageantry.

Lady Godiva, who flourished about the middle of the eleventh century, was the wife of Leofric, Earl of Chester, she was a woman of great beauty and the benefactress of many churches and monasteries. According to the legend, Lady Godiva begged her husband to relieve Coventry of a burdensome tax and he consented to do so on the condition that she should ride naked through the Market Place. This she did, covered only by her long hair, and thus won relief for the people. According to some versions of the story, the people were commanded to keep within their houses, while Lady Godiva passed, and only one man, "Peeping Tom of Coventry," disobeyed, and he was miraculously stricken with blindness.

SOLDIERS GUARD BELFAST STREETS

As a Result of Strikes and Police Insubordination That City is Now Under Military Control.

BELFAST, Aug. 7.—Troops took possession of the streets of Belfast this morning and strong guards were posted at Custom House Square and other centres. Thousands of citizens watched, with mixed feelings, the inauguration of military control of the city at a result of the strikes and insubordination of the police. The city has been divided into five divisions, each under control of a battalion of infantry.

The strike pickets turned out as usual this morning, but they were inactive.

LORD STRATHCONA AND SIR WILFRID

OTTAWA, Aug. 7 (Special)—Lord Strathcona has returned to Montreal after spending a few hours with Sir Wilfrid Laurier. The all red line was the principal subject of discussion. Sir Wilfrid stated afterwards that there was nothing new to announce with regard to the matter. Lord Strathcona will have another interview with the premier before returning to England.

A DESPERATE DEED

NEW YORK, Aug. 7.—Vainly seeking a reconciliation with his wife, who had left him, Victor Linde, a young man, fired four shots at his wife early today on the roof of her father's home, 66th street. Linde fled to the cellar of an adjoining house, where he committed suicide by hanging. Mrs. Linde was removed to a hospital in a serious condition.

AN AUTO ACCIDENT

MILWAUKEE, Wis., Aug. 7.—One man was instantly killed and three others probably fatally injured in an automobile accident at Brookfield Corners early today, the automobile containing the four men going into a ditch.

The dead man was former Alderman Joseph Kuschbert.

J. Fred Williamson, merchant, of north end, is to the forefront in the repairing of the "buggy wagon." He has completed a general overhauling of Dr. McVey's Locomobile and gave the machine a trial this morning to the great delight of an army of small boys.

Chairman McGoldrick, of the board of works, is now looking into the question of dredging the steamship berths at Sand Point. He will have soundings taken at the berths to ascertain the depth of water and will then ask G. S. Mayes for a figure as to what he will do the work.

ADDRESS TO EARL GREY

It Will Be Presented in the Opera House on the Afternoon of August 13.

It has been decided that the presentation of the address to the governor-general will be made in the Opera House instead of the council chamber at the court house.

The mayor said he had made the change in order that the citizens, who so desired, might have an opportunity of hearing the address read and also of hearing His Excellency's reply. It was thought that there would not be room enough in the council chamber, so the change has been decided upon.

The doors of the Opera House will be opened in time for the people to get in and secure seats for the function. The address will be given on the afternoon of the 13th instant.

MANITOBA HAS A BAD HAIL STORM

In Some Places the Hailstones Were as Big as Hen's Eggs Crops Ruined.

WINNIPEG, Man., Aug. 7 (Special)—Despatches from various points in this province report that the worst hail storm in the experience of the oldest settlers occurred on Sunday evening. Thousands of acres of splendid crops were destroyed near Sinclair in a bolt two miles long and fully ten miles wide. A Minto despatch says the hail which fell there was as big as hen's eggs and much damage was done to grain and glass. At Renton windows were smashed in every house in town, garden stumps pounded into the ground and grain reaching four or five miles on each side of the town more or less damaged. The crops in the Farnham district were badly damaged.

DROWNED IN THE KOOTENAY RAPIDS

Young Ottawa Man's Tragic Death in the Far West.

OTTAWA, Ont., Aug. 7.—(Special)—A telegram from Trail, B. C. to W. H. Noble of the marine and fisheries department, received today, announces the drowning of his son David Noble, through the capsizing of his canoe in the rapids of the Kootenay river on August 4th. The young man was 29 years of age and was a graduate of the Kingston school of mines. The body, if recovered, will be brought to Toronto for burial.

VENEZUELA WILL PAY

She Notifies Belgium That She Will Settle With Belgian Creditors.

CARACAS, Venezuela, Aug. 3 (Saturday), via Willemstad, Curacao, August 7.—Venezuela advised Belgium last Wednesday, July 31, that in recognition of the principle of arbitration, she would pay the disputed claims of Belgian creditors, amounting to \$2,000,000, in conformity with the decision of the Hague tribunal. This act on the part of the government strengthens President Castro in his refusal to open the matter of the five American claims against Venezuela, which have already been arbitrated. The national congress adjourned today after having abolished the cash shipping monopoly.

Last month Venezuela intimated very broadly that she would not pay the Belgian claims referred to in the above despatch, whereupon Belgium intimated that if Venezuela persisted in refusal, she would protest to the powers and also take up the matter with the United States.

THE I. C. R. TRAINS

Editor of The Times: Sir—In the interests of the travelling public may I be permitted to ask the I. C. R. management if some arrangement cannot be made whereby No. 5 train, known as the "Hague train," can be brought in on time or nearly so. This morning this train was an hour and twenty minutes late. The outgoing C. P. R. train for Boston, due to leave at 6:45 a. m. failed to wait for the incoming train, consequently some twenty-one through passengers were left all day in St. John, which means that most of them will have an all night journey in the first-class car. On making enquiry for cause of delay the statement was given out by those in charge of the train "that the engine had gone back on them." It is not the first time that engines and fuel have gone back on the I. C. R. Now that traffic on this road has assumed its present proportions it would appear to be time to dispose of the "pouy engines."

Yours,
"WAITING FOR THE TRAIN."

SONS OF ENGLAND

Marlborough Lodge, No. 207 Sons of England will observe their first decoration day on Sunday next.

The parade accompanied by a band, will leave Oddfellows' Hall, Union street, at 2:30 o'clock and proceed to Cedar Hill cemetery where a specially selected committee will perform a memorial service and the graves of departed brothers will be adorned with roses and flags. A committee will perform a similar ceremony at Fernhill cemetery on Sunday morning at 11 o'clock.

Replying to statements made lately, G. S. Mayes today said he had no high water dredging to do at the present time. His work was to be done early in the morning and late at night. The high water dredging is all in the other dredge's contract.

The body of James McLeod, who was drowned at Philadelphia some few days ago, arrived here this morning and was taken in charge by N. W. Brennan. It will be taken to St. Martin's tomorrow for interment.

MADE VERY FREE WITH THE CASH

Jack Francis and His Chums Had Royal Time ON STOLEN MONEY

Case Taken up in Police Court This Morning and Much Interesting Evidence Heard—Adjourned Until Friday.

Jack Francis, arrested recently in Halifax, by Detective Killen, in connection with the recent robbery of Wm. Lounsbury, and Mamie Ferriah, who is supposed to have stolen the coin, were both in court this morning, when after the story of the stolen \$400 had been told, counsel adjourned till Friday morning at 10 o'clock.

William Lounsbury was placed on the stand and told the story of the robbery. He had over \$400 when he arrived in St. John from Bath, Me. His story of the alleged robbery in the Sheffield street house of the French woman having offered him \$400 to say nothing about it, he had no special reason for stopping off here any more than to have a bit of a time and to see the town.

Asked as to the money produced in the Sheffield street house by defendant's aunt, witness said he would not state definitely what it was, but that it resembled it. Witness said it was about fourteen years since he last visited St. John.

Tom Williams swore that he had met the prisoner, Francis, on Wednesday. Witness was with a number of companions, and all were going to a ball game, but Francis said there was none. Francis asked witness if he could trust "over mind." Francis asked witness if he wanted to go away with him, and witness replied he did not think so. Later they both went into Garnett's and Francis handed the money over to Mr. Garnett and gave him a gold piece. They had a drink and went out and down Charles lotte street and at the corner of Duke street met Billy Burns, who asked him what was the matter. Witness replied "There's something up to me I don't want to do." Burns replied, "you look worried." Francis asked Billy Burns if he would go, and Burns said he would. Defendant said "we will take a trip to Amherst and then go to Halifax. They walked up the street and defendant went into Garnett's to get the money. Later, Burns told Bessie Hope, who was also with them, to go and pack her trunk, as Francis offered to pay her way.

"Bessie was to take the train here and meet Francis and the others at Coldbrook, where the men went later on, but were told by a man at the siding that the train did not stop there, and they came into the city, where they regaled themselves with drinks and chowders and at the suggestion of Francis went over to the Real Estate to have a game of pool till train time. Pete Williams, another colored man told him that some money had been stolen and advised him not to go with defendant. Pete asked him if he had any of the money. He replied that he had, and gave Pete \$8 which Francis had given him on the way out the road.

Detective Killen showed witness some notes and papers which he identified as having seen in the defendant's possession. Witness said he had seen Francis counting the money, and to the best of his knowledge there was over \$300. Francis had also given Billy Burns \$8. Pete Williams was also examined and told much the same story as the last witness, corroborating practically all his statements. Witness also told of meeting Detective Killen on Queen street, Thursday, and of procuring the pocketbook and papers (which were exhibited in court) at Hope's.

Garnett swore that on the day in question Francis asked him if he would hold some money for him till he returned. Witness said he would and saw the money counted. It contained, he thought, over \$300 in bills and a five dollar gold piece. Defendant returned for the money within an hour, and he handed it back to him. In reply to a query, witness said that Francis had on several occasions borrowed and deposited money with him and on the day in question, defendant had given him a five dollar gold piece for himself. This he handed over to Detective Killen.

Witness said he was not at all suspicious as to seeing so much money in Francis' possession. Defendant, he said, owed him three or four dollars.

Willie Burns was also placed on the stand and said he knew Francis. He told of having received \$3 from Francis to give to Bessie Hope, who had consented to go with them to Amherst.

In reply to a question from the court, witness said he was not living with his wife at present. He had had a drink at the One Mile House, and on the road defendant counted a number of ten and

TRAIN WRECK IN GERMANY

Many People Killed in Railway Disaster --- Twenty Bodies Already Recovered.

BERLIN, Aug. 7.—A passenger train was derailed last night between Posen and Thom. The two engines were overturned, 3 cars were demolished. Up to noon 20 bodies had been recovered from the wreck.

CAN'T MAKE BOTH ENDS MEET; MAYOR RESIGNS

Peculiar Situation Which Now Confronts Kansas City.

KANSAS CITY, Mo., Aug. 7.—Mayor Dudley E. Cornell, of Kansas City, Kas., last night resigned because the expenses of the city are greater than the revenues. The council refused to accept the mayor's resignation. The revenues of Kansas City Kas have been greatly reduced by the suppression of the liquor traffic and gambling.

LONG LIFE FOR ROCKEFELLER

His Physician Predicts That He Will Pass His 94th Birthday

NEW YORK, Aug. 7.—That John D. Rockefeller will live to be more than 94 years of age is the prediction of Dr. H. F. Biggar, his family physician, according to a Cleveland despatch to the American.

"He is the best trained athlete in the sixty year old class in the world today, and he is 83 at that," says the doctor. "I tell you, Mr. Rockefeller has been born twice physically, and he is only 14 years old now. He is growing up again, and is growing up scientifically, adding to his muscle, to his lungs, to his heartpower with every breath of fresh air he takes on Forest Hill." The doctor says it cost Mr. Rockefeller \$5,000,000 for his second life.

Mr. Rockefeller came to Cleveland in 1833, in the middle of the panic period, completely broken in health and spirit, too. "Doctor, I'm a sick man. I'm afraid I'm going to die. But, it is not on account of the financial situation that I am sick," he told the doctor, "it is through disappointment of my friends."

Dr. Biggar put him on a diet, forced him to take exercise and drop business for a month. The oil king complied and regained his health.

A HEAVY FINE

In the police court this morning David Hennessy, who was arrested last Friday for drunkenness and violently resisting the police, paid dearly for his actions. He is also charged with assaulting Patrolman Nelson who arrested him, and in default of payment of \$72, he went to jail for ten months.

Peter Deighan, who yesterday attempted to make his escape from the jail gang, was brought into court and remanded for sentence.

Frank Hopper, who yesterday morning paid a fine for drunkenness and was arrested again last night, was fined \$8 or two months in jail.

James Ramsey was fined \$8 or two months on a similar charge and Guy Davis and John Salmon were fined \$8 or thirty days each, also for drunkenness.

THOMAS DAY'S BODY

The body of Thomas Day, the north end man who was killed at Brownville Junction on Monday, was brought to the city today by his brother-in-law, Charles Kennedy.

Mr. Kennedy, in speaking of the affair, said as near as he could learn, Day was going between two cars in the C. P. R. yard when his right foot caught in the car wheel. He was pulled around and the wheels passed over him, cutting off the left leg at the thigh and the right arm at the elbow. He lived about four hours.

The funeral will be held tomorrow from his late residence, Sheriff street.

Marvin-Petes

A very pretty house wedding took place at 11 o'clock this morning at the home of Mrs. A. M. Philips, Queen street, when her daughter, Miss Marion J. Peters, was united in marriage to Harry A. Marvin, traveller for the Maritime Mail works. The ceremony was performed by the Rev. R. P. McKim, before the relatives of the contracting parties. The bride couple were unattended. The bride wore a travelling costume of light grey cloth and a picture hat. Immediately after the ceremony a wedding breakfast was served, and the newly wedded couple left on the noon train for a trip to Halifax and Sydney. They will reside in St. John.

The rooms where the ceremony took place were very handsomely decorated for the occasion.

A beautiful and costly array of wedding gifts attests the popularity of the young couple.

A biscuit factory involving the expenditure of \$150,000 is to be established at Edmonston.

twenty dollar bills into his hand. He gave them back to Francis and received from him \$8 to pay his fare to Amherst.

In Michael's Francis bought three bottles of whisky. On returning to the city he got the money back from Bessie and Tom and gave it back to Francis.

Bessie Hope told of meeting Francis and Billy Burns at the corner of Duke and Charlotte streets, where she consented to go to Amherst, as Francis offered to pay her fare, also her board for a week. She also stated she had received \$3 for the ticket, which cost \$2.60. She got the ticket, but later was told the money was stolen and she would not go. Billy Burns returned the ticket and got a refund.

THE LUMBERMEN ARE HAPPY NOW

Heavy Rain Makes a Big Freshet at Capital

FARMERS ARE GLOOMY

Much Hay Rotting in the Fields Because of Damp Weather and Miles of Marshland Flooded.

With a record freshet of nine feet at Fredericton the lumbermen are happy. Not for many years has there been so much water, for the summer season. It will mean a general clean up. Such big tow boats as the Flushing and the W. H. Murray are enabled to go right up to Fredericton. The Flushing which has been engaged in towing coal barges from Springhill will shortly be put on the river towing on account of the strike at Springhill. The Murray has made nine or ten trips already. Towing on account of the great quantity of water is much cheaper. Previously the larger boats got no further than Oromocto shoals, the smaller tugs meeting them there with the rafts. Then tow boats of the smaller draft are few in proportion to the demand.

If the lumbermen are happy, however, the farmers are correspondingly gloomy. Large quantities of hay that have been cut for more than ten days lie in the fields for want of warm dry weather. Large quantities of this hay will rot. Then it is reported at Indiantown that miles of marshland lay in the vicinity of Fredericton. The state of the weather has also tended to steady, if not stiffen the produce market. Not half the crop of blueberries has come down river as yet, and as a result the supply is likely to be short. Prices of the berries are now \$60, a large fall, where ordinarily at this time they have sold for not more than 50 or 60 cents. String beans and potatoes are scarce also.
