COMMENT ON THE STOCK MARKET

No Demand for Time Money, and Call Money is Very Low.

(New York Herald, Thursday)

Stocks were irregular yesterday under a somewhat restricted volume of business. Prices in most instances closed above the lowest, and several issues, chiefly those in which pool and clique activity has been resumed, scored inprovement. The action of the market was disappointing, however, though its failure to make general response to the really favorable factors, such as the further relaxation of money and the more healthful demand for railway notes and bonds. There were, however, unsettling factors, the chief of which appeared to be the influence both abroad and at home of the Roosevelt-Harriman imbroglio. The impression created by this incident upon the European markets has been highly unfavorable. That it was a real factor in the markets of the world yesterday, influencing stocks adversely, is not to be seriously questioned.

NEWS AND MARKET FACTORS.

News was varied in character yesterday. The over night announcement of the government refunding and retiring of the 4 per cent bonds of 1907 was favorably received and contributed something to the further relaxation of money rates, and probably also to the price improvement in railway notes and bonds. It was void of influence in the stock market, however. The chief factor there seemed really to be the further disturbance to confidence occasioned by the Roosevelt-Harriman controversy. Advances in the dividend rate to a 6 per cent basis for Atchison common stock was followed by a decline in that issue, and the payments of an initial dividend of 4 per cent on Kansas City Southern preferred was without market effect, except upon the issue concerned. The Bank of Germany made a poor statement, which somewhat depressed foreign markets, which were adversely influenced also by a break in the price of copper and a decline in copper shares. Reports of the iron and steel industry were adversely influenced by the resignation of Mr. Hill as president of the Great Northern road.

Foreign markets were generally dull and lower. London was directly influenced by the Roosevelt-Harriman inquiry and also by the break in copper metal and shares which adversely affected Paris also. Berlin was depressed by a poor bank statement. London prices for Americans were variably changed, and foreigners were considerable sellers of the international list.

MONEY MARKET AFFAIRS.

Call money loaned as low as 1 per cent yesterday and ruled at 2 1-2 per cent. Loan brokers reported that there was practically no time money market, due to the retirement of borrowers from the loan market. Call money was quoted at 5 per cent "offered" for sixty days, and at 5 1-4 to 5 1-2 per cent for all other periods up to nine months. The condition in the money market is, of course, abnormal. Loanable supplies are not, according to reports, very extensive, and this is indicated by rates for commercial paper, which rule around 6 1-2 per cent, and by the money rates quoted at other important centres, like Boston, Philadelphia and Chicago, where call rates are quoted at 6 to 8 per cent and time money at 6 to 7 per cent. The demand for time money at New York, however, has practically disappeared, influenced by liquidation and lack of security business and by the very low call rates which prevail.

Miss Giene Horseman has returned, after spending a pleasant week with friends in Woodstock and Houlton (Me.)

DUN AND BRADSTREET ON TRADE CONDITIONS

New York, April 5—R. G. Dun & Co.'s weekly review of trade tomorrow will say:

Trade responds to seasonable weather, distribution of spring merchandise fully equaling sanguine expectations, and country merchants purchase liberally from wholesalers at leading centres. Reports from principal cities are uniformly favorable, active business being accompanied by further improvement in collections.

Primary markets for textiles are more quiet but there is no diminution in the output of mills, except where labor cannot be secured. Most cotton goods producers have orders covering output so far into the future that the lightest pressure is helpful. Jobbers are still selling goods purchased below the present level and the future of the market cannot be determined until unfilled orders are placed at the highest prices.

No assistance is anticipated from the export department until fall, especially as regards China. Demand is vigorous for light weight cottons for the bag trade, converters being poorly prepared for requirements,which are usually very large in July. As to woolen goods, slight improvement in the men's wear division is found in larger duplicate orders, but clothiers have not been able to determine the trend of demand from salesmen's returns.

Footwear factories are still busy, and bids for fall goods at slight concessions are rejected by producers, who do not anticipate any readjustment of quotations. Increased activity is expected within the next two weeks after jobbers have taken inventories showing the extent of Easter trade. Jobbing business continues brisk at the east, the forwardings from Boston are well maintained. Demand for sole leather has improved, and on Friday it was reported that 400,000 sides had been taken out of the market, which should materially strengthen all departments of the industry. Harness leather has again declined and glazed kid is dull and weak but the easier tone has not produced any general fall in quotations. Country hides declined sharply and some further concessions have occurred in packer hides because of the indifference of tanners, yet the tone is better on account of the easier money market. A fair absorption of receipts prevents any material weakness in foreign dry hides.

Commercial failures this week in the United States are 179 against 197 the corresponding week last year.

Failures in Canada number 25 against 18 last year.

Bradstreets state of trade tomorrow will say:

Something like a lull in retail trade is shown this week in Canada, causes for this being reaction from Easter activity, a cold snap and bad roads. Business done before Easter on spring account was good, however. There is still some complaint as collections, though these have slightly improved in the northwest.

COPPER PRICES LOWER

NEW YORK, April 5.—Various metal authorities now agree that the price of copper has been reduced fractionally, despite the fact that the leading selling agencies of copper are quoting prices unchanged. It is generally believed that the going price for electrolytic copper is now 24 3-4c. a pound. A further break was reported in the price of copper in London yesterday, and on the Metal Exchange electrolytic copper was quoted at 24c. to 24 1-2c. a pound. These prices are the equivalent of copper prices of comparatively low grade in London. Little business is being done in actual copper on the Metal Exchange, as its quotations are more suggestive of London market conditions than of the local market.

Ordinary Corn Cures Are Dangerous

Because they contain acids, but Putnam's Corn Extractor is entirely vegetable in composition. It is perfectly painless, safe, and sure to cure.

Salvation Army immigrants may take positions with the local lumbering firms. Adjutant Alfred Jennings of the army immigration department, was in the city yesterday, in conference with E. Tiffin of the I. C. R., in reference to handling 1,200 immigrants expected at Halifax on Sunday by the army's chartered steamer Southwark. The Lake Champlain is expected here Monday with 100 immigrants. The Kensington, due at Halifax the same day, will have an equal number. Some of the Southwark's passengers may enter the employ of Randolph & Baker and Murray & Gregory.

THE THEATRES

It is estimated, and the estimate is based upon personal observation and actual figures, that a representative of almost every family in the city has witnessed the performance at the local vaudeville house this week and it is expected that today's matinee will break all records and test the capacity of the theatre to the utmost.

In selecting the bill for next week the management have aimed at the highest standard of excellence, which will include a first-class travesty sketch by Earle and Bartlett; the one and only Mardo, the famous clever juggler; Boston's premier dramatic baritone, Thomas E. Clifford; Walsh and Thorne in a hilarious episode entitled Our Country Neighbors; a real treat in musical comedy by Dale and Belmont; Valding and Davis, the acknowledged kings of the double trapeze and cabinet posing; the latest illustrated songs; and an entirely new series of animated pictures on the bioscope will complete a bill of unexampled excellence.

THE LYCEUM STOCK CO.

The Lyceum Stock Co. left this morning on the 7 o'clock train for Calais, Me., where tonight a performance of "The Charity Ball" will be given for the first time. This preliminary performance was arranged as a dress rehearsal and will serve to round off the rough edges of the production to be given at the Opera House on Monday night. The performance at Calais will ensure a smooth performance here on Monday night. The company was unable to take their splendid production with them owing to the fact that the scenery could not be removed from the local stage.

Monday night will be an important event in local theatrical circles, as it marks the debut of the Lyceum Company here. "The Charity Ball" is regarded as the greatest play that David Belasco has ever produced. Briefly told, the story concerns the career of Dick Van Buren, a prosperous broker, who has fallen in love with Phyllis Lee, a friend of his family. Van Buren moves in the best of society, and becoming infatuated with the mad swirl of the stock exchange, allows his greed for gold and ambition to blind him to the love of a pure girl, whom he has rushlessly betrayed. To further his schemes he has planned to win the heart and fortune of Ann Cruger, the beautiful daughter of Franklyn Cruger, the rich magnate, who is Van Buren's bitterest rival. The night of the Charity Ball, when confronted with the girl he has wronged, and who, even then, out of the great love she still has for him, refuses to upbraid him, Van Buren's villany is unmasked by Ann Cruger. Rev. John Van Buren, his brother, makes an eloquent appeal to his manhood, and finally the man's better nature asserts itself and he rights the grevious wrong.

The play is in four acts. Frank Powell will be seen as Rev. John Van Buren, and Mr. Jelenko, always a favorite, here, will be seen to advantage in the role of Dick Van Buren. Miss Atkinson will play the role of Phyllis, and Miss Eleanor Hicks will be Ann Cruger. Incidentally Miss Hicks will have opportunities of displaying her magnificent wardrobe. Miss Jeanne Hollis, as Bessie Van Buren, will show her versatility in girlish roles, and Miss Lee will add to her laurels as Mrs. De Peyster, the match-making society woman. John Steppling will play a difficult part, that of Judge Peter Guerney Knox, and the role is admirably adapted to his talents. The gorgeous scenic environment which has been painted especially for this superb production, will form an effective setting, and the entire presentation will be staged upon a scale equal to any $2 Broadway production.

ITEMS OF INTEREST

Typewriting Bureau, 20 Canterbury St.

Now is the time to have your carpets renovated before the rush. Ungars do it thoroughly, harmlessly and cheaply.

The rummage sale of things new and old at 23 Brussels street will be continued Monday morning at 10.30 a. m.

The special window display of Men's suits at $9.98 is a great money saving opportunity to keen buyers. A glance at the Union Clothing Co.'s windows in Charlotte street, will prove interesting. They offer $12.50 suits for $9.98 for today and next week. Union Clothing Co.; see ad on page 2.

At the entertainment to be given by the Young Men's Association of Exmouth St. church, a popular programme of solos, readings, choruses, drills, marches, club swinging, etc. is to be given and as this association is noted for the first-class quality of its entertainments, a good time is promised all who attend. Thursday, April 11th. is the date.

CLOSED MONDAY AND TUESDAY

Wait for the opening day, Wednesday, April 10th. at 10 a. m. when Henderson & Hunt's door will again be thrown open to the public, and the Manufacturers' Outlet Co's much talked of sale positively commences.—Rain or shine, don't miss it. Look for the Big Black Sign, Cor. King and Germain streets.

CARPET NEWS.

The numerous readers of the Times should read the advertisement of Amland Bros., Ltd., Waterloo street. They have a beautiful stock of English velvets, Brussels, and tapestry carpets at prices that should attract every good housekeeper. Intending buyers should select their carpets early and have them made up before the rush.

A. B. Smalley & Son will continue to offer their entire stock of watches, diamonds, jewellery and clocks at SPECIAL PRICES for the balance of this month.

PROVINCIAL LEGISLATURE

FREDERICTON, April 6—The Fredericton sewage bill was defeated in the house last night by Speaker Osman's casting vote. Two members who voted for the bill when it came up before absented themselves from the house last night, without pairing.

Mr. Hill's resolution affirming the principle of a level tax rate for property and income in Fredericton, was adopted by a vote of 31 to 4.

At the afternoon session the question of Provincial Hospital expenses was brought up. Mr. Hazen said the cost per patient had risen from $114 in 1902, to $151 in 1906.

Hon. Mr. Pugsley announced that the grant to the N. B. Tourist Association would be increased by $500.

Discussion on the Fredericton sewage bill was taken up in committee and the bill recommended by 16 to 15. When the bill was presented to the house, however, the vote of 16 to 16, and the speaker voted against it.

The house then went again into committee of supply and discused the rebuilding or repairing of the Burton court house wharf.

WILL HAVE OWN FORCE

Canadian Pacific Railway To Have Its Own Detective Force All Over Canada.

TORONTO, April 6—(Special)—It is understood that the Canadian Pacific Railway are establishing their own private detective agency to cover every part of the Dominion of Canada, doing this, it is believed, under the name of the Canadian Detective Bureau, Limited, which was recently organized in Toronto with Mr. Walsh, formerly of the Northwest Mounted Police as superintendent.

Inspector Alfred Cuddy of the Toronto force has accepted the position of manager of the Toronto office at a salary of $2500 a year and reports connect other city police officers with positions with the company. The name of Chief Silas H. Carpenter, of the Montreal detective department is connected with the position of superintendent for the province of Quebec.

With reference to the above despatch, a Times man called at the office of the Canadian Detective Bureau, Ltd., in the Pugsley building, on Church street. This branch was opened here on December last, under the direction of a Mr. Williford. He, however, was succeeded by the present superintendent, H. E. Johnston, who was for some time years with the C. P. R. detective department. At the time of the longshoremen's strike, last year, Mr. Johnston was a frequent visitor here, accompanying the strikebreakers. He has been in charge of the local branch for about six weeks, and has a staff of four men, who have been kept constantly engaged in the work of the bureau.

Regarding the report that the Canadian Detective Bureau, Ltd., was under the direction of the C. P. R., Mr. Johnston said he felt satisfied that such was not the case. So far as he knew the C. P. R. had nothing to do with it. It was a separate organization entirely. He stated, however, that the local bureau has been engaged to do the work of the C. P. R. company here.

IMPORTS

From Bristol, ex stmr Montfort:—1 brl casings, J Hopkins; 5 crates stoneware, Dolan Bros.; 200 brls linseed oil, order; 17 cases, 96 bdls iron, W H Thorne & Co; 1 mare and foal, C W Sayles; 18 horses, 2 dogs, A C SMith Co; 80 sheep, 10 lambs, 34 pigs, 4 sows, with litters; 5 dogs and pups, 2 crates fowls, and ducks, W S Caider; 332 bdls galv. sheets, McClary Co; 197 boxes tin, Connors Bros; 1 pcl china, Hon W Gibson.

REPORTS, DISASTERS, ETC.

London, April 4—Bahia telegraphs that bark F B Lovitt (Br), Landers, from Yarmouth, N S, for Buenos Ayres, has put in leaky, having encountered very heavy weather. She jettisoned deckload.

Philadelphia, April 4—Schr Roger Drury, from St. John, N. B., with laths, reports March 24 in Block Island Bay, lost part of deckload and split mainsail during a northeast gale.

Philadelphia, April 4.—Schr Anna, from St. John, N. B., with laths, reports off Cape Cod March 12 and 13, encountered a northeast gale, during which lost part of deckload.

Mobile, Ala., March 31—The hull of schr King of Avon (Br), which turned turtle in the lower bay in the September hurricane, and was afterward righted, has been brought to the city and will probably be repaired. She is badly damaged, but the hull below the water line seems to be in good condition.

Vineyard Haven, April 5—Schooner Virginia (Br), Lunenburg for New York, at this port, experienced violent northeast gale morning of April 2, off Georges Bank and a portion of her deckload of laths were washed overboard and lost.

RECENT CHARTERS.

Schooner Eva Stewart has been chartered to load spruce lumber at Apple River for Boston at $4 per thousand.

Schr Corinto has been chartered to load at Port Greville for New Haven, Conn., on spruce lumber at $4 per thousand.

Schooners Leo and Klondyke, have been chartered to load lumber at Eatonville for Boston at $3.90 per thousand.

The Cumberland Railway and Coal Company have chartered the Norwegian steamer Ring, to carry coal from this port for the coming season and she will be commanded by Capt. Jensen of the Hird, which boat will go into the Amherst plaster trade.

MARINE NOTES

The St. John barke Hornet, Captain Miller, sailed from Pascagoula, Miss., last Thursday for Havana, Cuba, with a cargo of pitch pine timber.

The Lunenburg schooner Narka before reported abandoned on fire at sea, 40 miles south of Bermuda, was insured at Halifax, N. S., in Daly & Corbett's office.

The schooner W. H. Baxter, Capt. McBride, has been chartered to load at Bridgewater for Cuba. They have also fixed her for return business, Savannah to Seven Islands.

C. P. R. steamship Mount Temple, Captain Boothby, sailed from Antwerp for St. John via Halifax April 3, with passengers and general cargo.

Steamship Manchester Importer, Capt. Perry, arrived in port yesterday morning from Manchester via Halifax. She has on board a large general cargo for this city and the west.

The steamer Senlac did not sail on her regular time Thursday evening on account of making some repairs to her propeller. She sailed last night for Nova Scotia south shore ports.

The Canadian Pacific Railway has just completed arrangements for the acquisition of a new dock for the accommodation of its Atlantic fleet at Liverpool. The dock is one of the finest properties of its kind at that port and will lenable the company to concentrate the whole of its fleet there. There will also be plenty of room for the erection of new buildings which the expansion of trade may make necessary. Among other buildings to be erected is a cold-storage plant to cost $25,000. The same company has just increased its fleet of freighters on the Upper Lakes by the addition of two steamers which will be placed on the route between Owen Sound and Fort Whliam.—Bradstreet's.

Skin Disease is Blood Disease

"Fruit-a-tives" clean the blood of all Impurities and clear the Complexion.

Pimples and Blotches—Redness—Boils—Eczema and other inflammations of the skin—mean Impure Blood.

A person with a bad complexion always suffers from poor digestion — non-action of the bowels (or Constipation) and often the kidneys are weak.

These unhealthy organs cannot rid the system of the waste matter. It is this waste—taken up by the blood and carried to the skin—that ruins the complexion.

"Fruit-a-tives" cure all skin troubles because they cure the kidneys and bowels.

"Fruit-a-tives" cause the eliminating organs to do their proper share of the work of ridding the system of waste. This purifies the blood — and instantly the pimples and blotches disappear, and the complexion clears.

"Fruit-a-tives" are a wonderful cure for Pimples and Blotches on the skin.

"Fruit-a-tives" cure skin troubles when everything else fails.

"Fruit-a-tives" are fruit juices, intensified, and combined with valuable tonics and antiseptics.

They are without doubt the greatest blood purifier in the world. 50c. a box—6 for $2.50. At all druggists.

Fruit-a-tives (OR FRUIT LIVER TABLETS.) 110
