SECOND GAME ON SATURDAY

Marathons and St. Josephs to Meet on Victoria Grounds to Continue Series.

The second clash on Saturday between the Marathons and St. Josephs on the Victoria grounds for the city championship, is creating all kinds of interest among the fans. The result of last Saturday's game was a surprise to a large number. The St. Josephs boys, however, express their determination to whip the Marathons on Saturday, and their followers insist that they are capable of doing so. A large amount of money is said to have changed hands as a result of the last game, big odds being given on the St. Josephs. The wise ones are at a loss as to how things should be figured out for Saturday. Both teams have been taking advantage of what fine days there have been to get in shape, and while both can't win Saturday's contest they can, and will, for a certainty, furnish the fans with the very fastest kind of ball. The season gives every impression of a whirlwind finish.

BANGOR LEAGUE OVER.

The Bangor league team wound up the baseball season of 1907 Monday by taking two games from the strong Biddeford aggregation, and by so doing finished considerably ahead of the second best team which was Biddeford. There is no question that the Cubs are entitled to the mythical pennant and if the Queen City is represented by a nine next year, it will have the honor of being designated as "the champions."

There is quite a possibility that the Preque Isle nine will be seen in Bangor Friday and Saturday. The question will be finally settled up river Tuesday and if the games are played the surplus over and above expenses will be given to the Bangor players, who, it is felt, are deserving of some kind of a testimonial for their good work.

LONGBOAT GOT HIS BUMPS

Buffalo Amateurs Put Him to the Woods in Relay Race.

The colors of Tom Longboat, the famous Onondaga runner, of Toronto, Ont., were lowered at Kenilworth Park, Buffalo, on Tuesday afternoon by a relay of three Buffalo amateurs. The distance was three miles, which is not to the liking of the runner. The Buffalo two were R. Hadley, R. Coward and C. Kewson. R. Hadley left the course very heavy. Hadley was the first man of the relay, and Longboat led him by 200 yards at the wire. Coward then took up the baton, and cut down Longboat's lead to ten yards. Kewson had little difficulty in overtaking and passing the Indian in the last mile, winning by seventy-five yards.

DANGEROUS LONG LEAPING AND HIGH JUMPING CONTESTS

An act that has always proven of absorbing interest to the patrons of a circus is the long leaping and high jumping contests that brings the entertainment to a close and Norris & Rowe have paid special attention to this feature this season and promise odd contests of a most exciting nature. The sight of men flying from a spring-board over the backs of horses, camels, dromedaries, llamas and elephants, is always spirited and interesting. It shows the courage and physical perfection of the trained athletes and that is what young America glories in. The clowning and antics of a burlesque of their flights through the air and this supplies abundant fun for the children. The leaping tournament has been revived this season by the Greater Norris & Rowe show upon a scale in keeping with their all new circus. Many leapers, vaulters and high jumpers, famous in Europe as well as in this country, have been engaged to take part in the tournament. A contest on the same order has been arranged for the acrobats and gymnasts in which the Banvard troupe, the Leffel troupe, the Avalons troupe and the Montrose troupe will take part. There is considerable rivalry between the acrobats and the professional leapers, and the most amazing and spirited feats of skill are being accomplished. To increase the interest, a corps of lady gymnasts and physical culture experts have been added. Norris & Rowe will give a purse of gold and a diamond medal to the one who shows the most grace, skill and daring in successfully leaping the high barriers and clearing the backs of animals and obstacles.

Norris & Rowe will exhibit at St. John Saturday, Sept. 14th.

THORNTON CASE OFF TILL FRIDAY

Evidence Against Man Accused in Hartland Fire is Now All In—Defence Opens Friday.

Hartland, N. B., Sept. 4.—The examination of W. F. Thornton today brought out little new evidence and the case for the prosecution is closed. Witnesses not hitherto called were H. H. Smalley, Birdsel Cox, Fred Stevens, S. Hayden Shaw, Mrs. Dennison.

The evidence generally went to show where the fire originated and this matter has already been thoroughly established. The large crowd of spectators showed signs of excitement when the next witness, G. W. Green, was called. Mr. Green has figured already rather prominently and it was expected that he had very important evidence to give. However, he only repeated the evidence given at the investigation.

Mr. Carvell questioned this witness sharply and to him Green said: "I came from Portage Lake in June. I never was charged with stealing \$10 from Marshall Kelly, of Bristol, nor \$5 from Issachar Boyer, of Bristol, nor was I arrested for holding up a man on the Bangor & Aroostook Railway. I never was in jail and never failed in business."

Mr. Carvell produced a letter from Geo. H. Moore, a former deputy sheriff of Ashland (Me.), which said that Green was a very bad sort of a man. This letter was not admitted as evidence.

Mr. Carvell—"Were you not at Deputy Sheriff Foster's house one night a short time ago?"

The witness said he was and described the circuitous way he reached there. He did not attempt to enter the house.

Mr. Carvell—"Are you not the man whose hair Mrs. Foster pulled?"

"I am the man whose hair she tried to pull."

Thus a parley waged much to the merriment of the crowd.

Mr. Carvell said his honor could not but dismiss the case as no evidence had been adduced that pointed toward a substantiation of the allegations made in the information.

Mr. Hayward maintained that the circumstances plainly pointed to the man's guilt and while the evidence was perhaps not sufficient to warrant a commitment, yet he did ask that the prisoner be put on his defence.

On motion of Mr. Carvell the case was adjourned to Friday when witnesses for the defence will be forthcoming.

WOMAN KILLED IN FALL FROM BRIDGE

Mrs. Daniel Urquhart of York County Fell Off Nashwaak Bridge and Broke Her Neck.

Fredericton, N. B., Sept. 4.—Letters patent have been issued incorporating Henry Chestnut, W. T. Chestnut, Harry G. Chestnut, Willard Kitchen, of Fredericton, and E. H. Murchie, of St. John, as the Chestnut Canoe Company, Ltd., with a capital of \$48,000.

On Sunday evening last, while Mrs. Daniel Urquhart, of Covered Bridge, was returning home from church, she had occasion to cross a bridge over a small stream running into the Nashwaak between Covered Bridge and McGivney's, and while at about the middle of the bridge she met a team.

In attempting to get out of the way of the team, Mrs. Urquhart is thought to have caught her foot in a hole in the bridge and to have fallen over the side of the bridge to the bed of the stream below. In falling, Mrs. Urquhart apparently went head first, for her neck was broken by the fall. The distance she fell was not more than eight feet.

The unfortunate woman only lived a short time after the accident, and the affair has cast a gloom over the entire section of York county. Mrs. Urquhart was a widow, about 75 years old. The people living at Covered Bridge have been much

stirred up by the sad fatality, which was caused by the bridge being allowed to get into such a dangerous and dilapidated state, and the family of deceased will likely take action to recover damages, as there was no protection on the side of the bridge.

The Ideal Laxative for Children

Mothers cannot be too careful in what they give children to move the bowels. Calomel, cascara, senna, salts, cathartic pills, castor oil, and purging mineral waters irritate the bowels—upset the stomach—and eventually lead up to chronic non-action of the bowels—Constipation.
