Dress Shoes from $1.75 to $4.00.

We have only been in business a little over two years, but in that time our trade has outgrown its present quarters and we found it necessary to secure more room to successfully handle our growing business. We have secured a store, No. 23 Mill street, which we are fitting up and will open in a few days, where we will carry our stock for the outfitting of seamen.

THE COPPER BREAK ON WEDNESDAY

Iron Also Went Lower---The Metal Situation Marked by Weakness.

(New York Journal of Commerce, Thursday.)

There were two distinct movements in the stock market yesterday; industrial securities, under the leadership of the coppers, lost from 1 to 3 points, while the principal railroad issues closed fractionally higher. Sentiment was also torn by two opposing forces, namely, the decidedly better feeling engendered by the successful disposal of the city bonds and persistent rumors that Stock Exchange houses (named) having Boston connections were in trouble. Above these various cross currents, however, rose the fresh outburst of demoralization in the copper market. In London prices early broke £3 per ton, bringing spot warrants down to 14 3-4c., selections to 15 5-8c. and electrolytic to 16c.. The Metal Exchange followed with a cut of 1-4c., and the air was full of reports that the break is far from culminating, 12c. being now glibly named by consumers. So far each successive cut in price has served merely to convince buyers that the market is utterly demoralized, and they accordingly are refusing to make contracts. On the other hand, pig iron was more active yesterday than it had been in months; 55,000 tons changed hands. But here again transactions have been consummated at the expense of prices, basic having sold yesterday at $18.50 at the furnace, against $21 when the last big contracts were entered into. Apart from purely financial considerations, this acknowledged weakness in the metal trade is undoubtedly the overshadowing factor affecting stocks at this moment, and until producers and consumers arrive at an amicable settlement, the market will continue to be more or less disturbed.

The announcement that the bond issue had been over-subscribed five times created a good feeling in London, and our stocks were marked up there. Some investment buying occurred here, and the professionals joined in attempts to frighten the shorts. The list advanced fully a point, the railroads being conspicuously strong, but the excitement in the copper markets started a selling movement.

Mercantile agencies report considerable gain in retail trade following opening of fall lines.

THE LONDON MARKET.

London, 2.25 p. m.—The securities markets show a narrow and irregular movement. Americans had a ragged appearance at the opening, but became steady. The Harriman stocks and U. S. Steel shares were firmer and a decided covering movement developed in Canadian Pacific. Grand Trunk also hardened. Copper shares reflected the late rally in New York and Rio Tintos rose a point to 72½.

Foreign stocks were quiet; Russian 4s at 75¼ and the new 5s at 84¾ were unchanged. The Paris bourse closed firm, Berlin quiet.

St. Paul—It has been definitely decided not to pay a dividend on the preferred stock of the Chicago Great Western Ry. Co. for the past six months. It is understood that the earnings were equivalent to a part of the full rate which has been paid for several periods, but that the management decided that in view of the unsatisfactory conditions of the money market it would be the best policy to husband the resources of the company until money is obtainable on easier terms.

CODISPATTI NOW ALLEGES ROBBERY

Information has at last been laid against participants in last Sunday's riot among the Italians at Prince of Wales, on the N. B. Southern Railway.

Antonio Codespotti, the man who was most seriously injured, has laid informaion against. Antonio Saiechitani and Antonio Ouocteri, the other men who were injured, for shooting and wounding with intent to kill.

Codespotti will hardly be able to leave the hospital for several weeks.

The three men are at present under treatment in the public hospital, and Hon. H. A. McKeown, acting for the solicitor-general, attended at the institution yesterday morning for the purpose of taking Codespotti's statement. He was accompanied by Chris Nichols as interpreter, G. A. Henderson and Deputy Chief of Police Jenkins.

From Codespotti's statement it appears that he was in possession of $90 last Sunday. He alleges that when outside the cars the two men in question started to rob him. He claims they had been drinking and that they seized him, threw him down and shot and stabbed him in the neck. His son Carlos came to the rescue, he says, and fired at them, otherwise, Codespotti claims he would have been killed. They did not succeed in getting the money.

THE A. O. H. CADETS GIVE GOOD SHOW

Interesting Entertainment Given at the Opera House Last Night.

An unusually interesting and well organized musical and military entertainment was given in the Opera House last evening under the auspices of the A. O. H. cadets. The idea of dividing the programme into three parts entitled Peace, Cinderella in Flower Land, and War, gave an opportunity for an unusually large number of children and young people to take part, and lent a pleasing variety to the performance. There were as many as 180 participants, and their acting, singing and elocution reflected great credit on those who had the direction of the various sections.

A garden party at the Hibernia Hospital was the scene chosen to typify Peace, and formed the first part of the entertainment. Pretty nurses in caps and aprons were discovered seated at little tables, with a background of youthful but gallant cadets. Comedy was supplied by Lieutenant J. Dever and Pte. E. Henneberry. As black face comedians they cracked jokes and kept the audience highly amused in the intervals between the vocal numbers. The programme of songs was as follows:

Captain Baby Bunting, Pte. Leo Hill.
'Twill Help the Maple Leaf to Live, Corpl. F. Connors.
Put a Little Bit Away, Lieut. J. Dever.
Farewell Killarney, Pte. L. Callaghan.
And a Little Bit More, Pte. E. Henneberry.
Peggy Brady, Miss Florrie Kiervin.

The chorus to each song was taken up by the entire company and given with great effect. Hearty encores greeted each number. A. Chip, Ritchie, who had the direction of this part of the entertainment, had the youthful performers well in hand and is to be congratulated on their success. Miss Josie Quinlan acted as pianist in the orchestra.

The second part, consisting of the operetta Cinderella in Flower Land, gave an opportunity for many pretty effects in the way of flower decked costumes. Mrs. A. C. Wilson was responsible for the staging and direction of the piece, and had every reason to be satisfied with the result. The prologue and four scenes, especially the May Day Ball and The Shower, were artistically arranged and the acting, singing and intricate drill movements were worthy of all praise.

The following was the cast:

Cinderella (Daisy)...Miss Josephine Walsh
Proud Sisters (Hollyhock and Tiger Lily).. ..Misses C. Jeffrey Edna Creary and Emma Conlogue.
Bonnie Bee.... .. ..Miss Florrie Kiervin
Butterflies—Misses G. Walsh, J. Jenkins
Robin Red.. .. ..Miss Alice Morgan
Prince Sunshine.. .Miss Genevieve Brown
Guests at the Ball.

Blossoms—Misses J. Coughlan, G. Mahoney, A. Tierney, M. McMinamon, A. Dever, K. Foley, M. Grannan, G. Connors, M. Creary, R. Lawlor, L. Dryden, D. Kinsella, A. Stantiford, May Connolly.

Rain Drops—Little Misses L. Foley, E. Cosgrove, M. Dever, A. Hanson, H. Cotter, V. George, V. Conlogue.

Sunbeams—Little Misses M. Grannan, J. Prestly, C. Stantiford, C. Boyce, M. Boyce, M. Creary.

Pianist—Miss Mae Mullin.

In the intervals between the scenes the orchestra played a choice programme.

Owing to the numerous encores it was nearly 11 p. m. when the second part of the programme was concluded, and it was therefore decided that War, the remaining scene, should be omitted. The entertainment will be repeated at a matinee this afternoon and again this evening. The many novel and attractive features and the fact that, with the exception of four performers, all who take part are under sixteen, will doubtless ensure for the remaining performances an even larger share of patronage.

The entertainment is produced under the management of John A. Stanton, who has done much to ensure its success.

The executive request that all ticket returns will be made before the performance this evening.

For days nothing else was talked of but his wonderful painless method and one of the sights of Halifax was to see the crowds from all parts of the province gathering in front of his office doors. He has had five doctors busy from 9 a. m. to 9 p. m. trying to attend to the wants of patients.

Dr. Maher, who was the first to introduce painless dentistry into Canada and the first to give the public the advantage of good dentistry at reasonable rates is probably the best known dentist in Canada and has the reputation of being one of the shrewdest advertisers in the country.

He can present some of the best testimonials ever awarded. He has taken a diploma every exhibition for his display of artificial teeth and contemplates giving the people even lower rates, notwithstanding that teeth, like everything else, cost considerably more than a year ago. He is the largest buyer of dental supplies in Canada and has the largest practice.
