"THE LATE TENANT"

By GORDON HOLMES

(Continued)

"Anything ghostified," she snapped, sitting with her chin on her palm, her face poked forward close to David's while the sleeve fell away from her thin forearm. She had decided that he was an interesting young man.

"I have seen no ghost," he said. "I don't believe I ever shall see one."

"There are ghosts," she said; "so it's no good saying there are not for my old Granny Price has been chased by one, and there's been a ghost in that very flat. My servant Jenny saw it with her own eyes."

"It is always some one else's eyes which sees the invisible," said David.

"Jenny's eyes are not some one else's, they are her own. She saw it. I tell you, but perhaps you are one of those people who cover under the sheets all night for fright, and in the daytime swear that there are no ghosts."

"What? You know so much of me already?"

"Oh, I know my man the moment I lay eyes on him, as a rule. You know Australia—I can tell your twang—and you have come to England to look for a wife. Can't very well get along without us, after all, can you?"

"There is some truth in that. What a pity you didn't see the ghost yourself!"

"I heard it; I smelled it; I felt it."

"Really? What did it smell of?"

"Violets!"

David started, not wholly because he thought Miss L'Estrange would be flattered by this tribute to her forcible style. "And I'm not one of your fanciful ones either," she went on, smirking at the effect she had made.

"How often did this thing happen to you?"

"Twice in three months."

"Daytime? Night-time?"

"Dead of night. The first time about two in the morning, the second time about three."

"To me this is naturally fascinating," said David. "Do tell me."

"The first time I was asleep in that front bedroom, when I suddenly found myself awake—could not tell why, for I hadn't long been in bed, and was tired. I found myself listening, heard some creaks about, nothing more than you can generally hear in a house in the dead of night, and I was thinking of going to sleep again, when all at once I seemed to hear a faint, low, steady hum, as if it had been brimstone, as you said, I could not have been so overcome as I was—something so solemn and deathly in that hum of violets visiting anybody in the dark in that fashion. As I knew that Owen Barnes was in the flat, I was sure that very room was fond of violets—for I had seen her both on and off the stage several times—you can guess whether I felt rummy or not. Pop went my little head under the bed-clothes, for I'll stand up to any living girl you care to mention, and send her home all the worse for it; but the dead have an unfair advantage, anyhow. The next minute I heard a bang—it sounded to me like the lid of one of my trunks dropping down—and this was followed by a scream. The scream did for me—I was upset for weeks. It was Jenny who had screamed; but like a fool, I thought it was the ghost—I don't know what I thought; in fact, I just heard the scream, and lay me down and died. When I came to myself, there was Jenny shivering at my side, with the light turned on, saying that a tall woman had been in the flat."

"Was Gwendoline Barnes in the flesh a tall girl?" asked David.

"Pretty tall; one would have called her tall."

"And Jenny was certain she had really seen a woman?"

"Quite certain."

"In the light?"

"No, in the dark."

"Ah, that's not so good. And as to your trunk, had you left it locked?"

"No, I don't think. It's certain anyway that something or somebody was at it that night; for next day I found the things rummaged."

"Sure now? I don't imagine that you are very tidy."

Poor, Pale, Anaemic

There is no beauty in pallor but plenty of weakness. Any exertion makes your heart flutter, your back and limbs ache, and altogether you feel the need of something to make you strong—Ferrozine will supply it.

First of all Ferrozine gives you an appetite and improves digestion. Rosy color comes in your cheeks. The thinness that makes you angular, and the tiredness that has taken place of your old time brightness disappear.

Ferrozine quickly makes you feel alive, it makes you want to do things. Ferrozine can help you do things without getting tired, because the new rich blood has nourished the nerves and strengthened your tired body. Use Ferrozine and you will be rosy, strong and happy. No tonic gives surer results. Sold everywhere in 50c. boxes.

THIS STYLE HAS A LONG HISTORY.

This illustration depicts one of the most attractive models among the fall arrivals. It has some extremely unique and attractive ideas. It is made in a combination of two shades of one color and also two tones of blue just a shade apart, each of them quite dark and containing a good deal of black are the chosen colors; the fabrics are a broadcloth for the lighter tone and a silk for the darker. The skirt, which is demurely cut in the pattern at the top, this of the lighter blue

documents, I thought to myself, 'Here comes'! Of course, I had to tell him that I was busy searching for that man peering me so, you wouldn't believe. He never actually came to the flat, for some reason or other; but night after night, when the theatres opened in September, there he was, waiting to know if I had found anything. If I had probed the cushions with hat-pins, if I had looked under the carpets, and the rest of it. At last I began to treat him a bit off-handedly, I admit, and before the third month was up, he says to me one night that if I didn't find something at once, he would have to cut off the allowance for the rent. I told him that he had put me there for six months, that I had made all arrangements, and that he was an idiot. If he didn't know his mind, I knew mine. Oh, we had a fine set-to. I can tell you. He said that since I had proved useless to him, I should have to pay my own rent, so, what with ghosts and all, I wouldn't stay in the place another two days; and in going I gave it hot to that Mr. Dibbin, too.

"What had Dibbin done?" asked David.

"He hadn't done anything; but still I gave him a piece of my mind, for I was wild."

"Poor Dibbin! he is still shaky from it. He has mentioned to me that you went off with a noise like a cat's paw-wheel. But you never found any papers at all in the flat?"

"No—except one, or rather two, and those Strauss never got."

"How was that?"

"Because I didn't find them till the day after we had the row, when my trunk was ready packed to go, and I wasn't going to give them to him then, for his check. Besides, they didn't concern him; they were only a marriage certificate, and the certificate of a birth which fell out of a picture."

MONTHS OF AGONY

Severe Case of Rheumatism
Cured by Dr. Williams' Pink Pills.

A Severe Case of Rheumatism Cured by Dr. Williams' Pink Pills. "For many weary months I suffered untold agony. I could not walk, I could scarcely raise myself to a sitting posture. I was under medical care, but in vain. Finally I tried Dr. Williams' Pink Pills and they have restored me to my former healthy condition."

This strong statement was made to a reporter recently by Mr. Charles S. Koddey, formerly of Kingston, N. S., but now living at Port Maitland. Mr. Koddey is a carpenter by trade, and is now able to work every day. He adds: "I cannot speak too highly of Dr. Williams' Pink Pills, as they cured me after other medicine failed. While I was living at Kingston, N. S., I was seized with rheumatism in its most violent form. I was compelled to take to my bed and for months was unable to get up. It was so weak that it was difficult for me to raise myself to a sitting posture. It is impossible to tell how much I suffered day and night, week in and week out. The pains were like piercing swords. I had medical attendance, but it failed. Then I tried medicines advertised to cure rheumatism, but with the same result—money wasted. One day when hope had almost gone a friend advised me to try Dr. Williams' Pink Pills. I told him my experience with other medicines, but he assured me that these pills would cure rheumatism, so I sent for a supply. After using a few boxes I was able to leave my bed, and from that time my restoration to health was rapid. I am now as well as ever I was, and have not had the slightest touch of rheumatism since. The change they have wrought in my case is simply miraculous, and I can strongly recommend Dr. Williams' Pink Pills to cure one suffering from any form of rheumatism."

Rheumatism is rooted in the blood. Rubbing the aching limbs with liniments and outward remedies cannot possibly cure it. You must get the rheumatic acid out of the blood and Dr. Williams' Pink Pills is the one sure medicine to do this, because they actually make new blood. That is why these pills cure anaemia, headaches and backaches, neuralgia, indigestion and the secret ailments that make miserable the lives of so many women and growing girls. Sold by all medicine dealers or by mail at 50 cents a box or six boxes at \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

LONDON'S PERILS.

To elderly timid people London is no longer a pleasant place of residence. The streets have become a labyrinth of horror and difficulty, a region of hideous sounds and foul smells. With motor buses toppling over on the sidewalk, and private motors knocking down lamp posts and impinging on the shelter, the unfortunate citizen knows not whether to wear his trembling steps.

The Natural Cure For Rheumatism

"Fruit-a-tives" remove from the blood the poison which causes Rheumatism.

Rheumatism means poisoned blood. The kidneys, bowels and skin should rid the system of waste matter. If either of these vital organs become weakened or diseased, the body cannot throw off this waste fast enough.

One of these body poisons is UREA, which is eliminated both by the kidneys and skin. If the skin action is poor—if the kidneys are inflamed—urea stays in the system—is changed into uric acid—carried by the blood to the nerves and joints—and causes Rheumatism.

"Fruit-a-tives" cure Rheumatism because they eliminate urea, by increasing the action

of bowels, kidneys and skin. This is the only possible way in which Rheumatism can be cured to stay cured. And "Fruit-a-tives" is the only remedy in the world that completely eradicates the disease from the system.

"Fruit-a-tives" are fruit juices in which the natural medicinal action of fruit is many times increased by the process of combination.

Then tonics and antiseptics are added and the whole made into tablets, 50c. a box—\$5 for 25 boxes. At all dealers or from Fruit-a-tives Limited, Ottawa.

"Fruit-a-tives" will cure almost any case of Rheumatism, Sciatica, Neuralgia.

GOOD ADVICE TO INVESTORS

Put some of your money into the new gold fields of Larder Lake, Northern Ontario.

It is going to make more money for investors than any gold district ever before known in the history of gold mining.

Don't wait or put it off another day, **DO IT NOW.** Every dollar you invest at the present time will return to you a hundredfold, buy and hold, follow our advice, buy shares of the **HIGHLAND MARY GOLD MINES, LIMITED**, of Larder Lake, at the present price, 10c per share. If you buy now at this price you can never be called upon to pay anything more, as the shares are fully paid and are forever non-assessable. The shares of Highland Mary will never sell for less than the present price, but every share you buy now will, we believe, eventually be worth a hundred times more.

Our previous advertisements have stated that the Highland Mary Gold Mines were situated at Larder Lake, the new gold fields of Northern Ontario, and consist of thirty well-located, forty-acre gold claims, 1,200 acres in all, located on the north-east arm of the Lake, in the same locality as the Dr. Reddick properties—The Proprietaries Gold Fields Company, the Lucky Boys and the Blue Bell Companies—and that there were no indebtedness or encumbrances; that many great gold-bearing veins were found on the property; that engineers and miners estimated that there were many thousands of tons of ore that would produce millions of dollars in gold available, and only waiting for the installation of the stamp mills that are to be installed.

We have also stated that when we advise investments in Highland Mary, and make the statements regarding that Company and the Larder Lake district, that we know what we are doing. We have been all Summer with our engineers and assayers in the Larder Lake Gold Fields, making thorough examinations; we have spent thousands of dollars in the last three months in this manner for the purposes of satisfying ourselves, beyond any doubt or question, that the Larder Lake district is what is claimed for it; and, further, we have spent this money and satisfied ourselves in order that we might not mislead our clients, who rely upon us and make investments through our advice.

We have done everything in the way of ascertaining facts that could be done or that could be desired of us by our clients. Our business is to select good, profitable investments that we can recommend without reservation. Thousands of letters from satisfied clients testify that our efforts are successful. That has been the principle and policy of the house of Law and Company for the past seventeen years. "Be sure you are right, then go ahead," has been our motto, and the results from the investments made by thousands of clients is a standing recommendation as to whether having followed this policy and motto has proven profitable to the investors.

We have heretofore made this statement, and we now make it again: Any investor who has invested money through Law and Company, since their house was established in 1890, through any misrepresentations or misstatements, can, by making such fact known to us, receive the return of the amount invested, together with interest thereon. We have never been called upon to return a single dollar, and have never had such a claim made, and we do not believe there
